Adviser	Mrs. Anne K. Parker

"Orange High School is not just the place I come to become educated, but the place I can learn to work, to be with others, and to consider other's ideas above my own." --Donna Allen

"Some of the teachers have helped students understand more of what is going on in the world today." Lou Ann Hicks

"I am getting the feeling of excitement, because I can't wait to get out of school." --Janis Heath

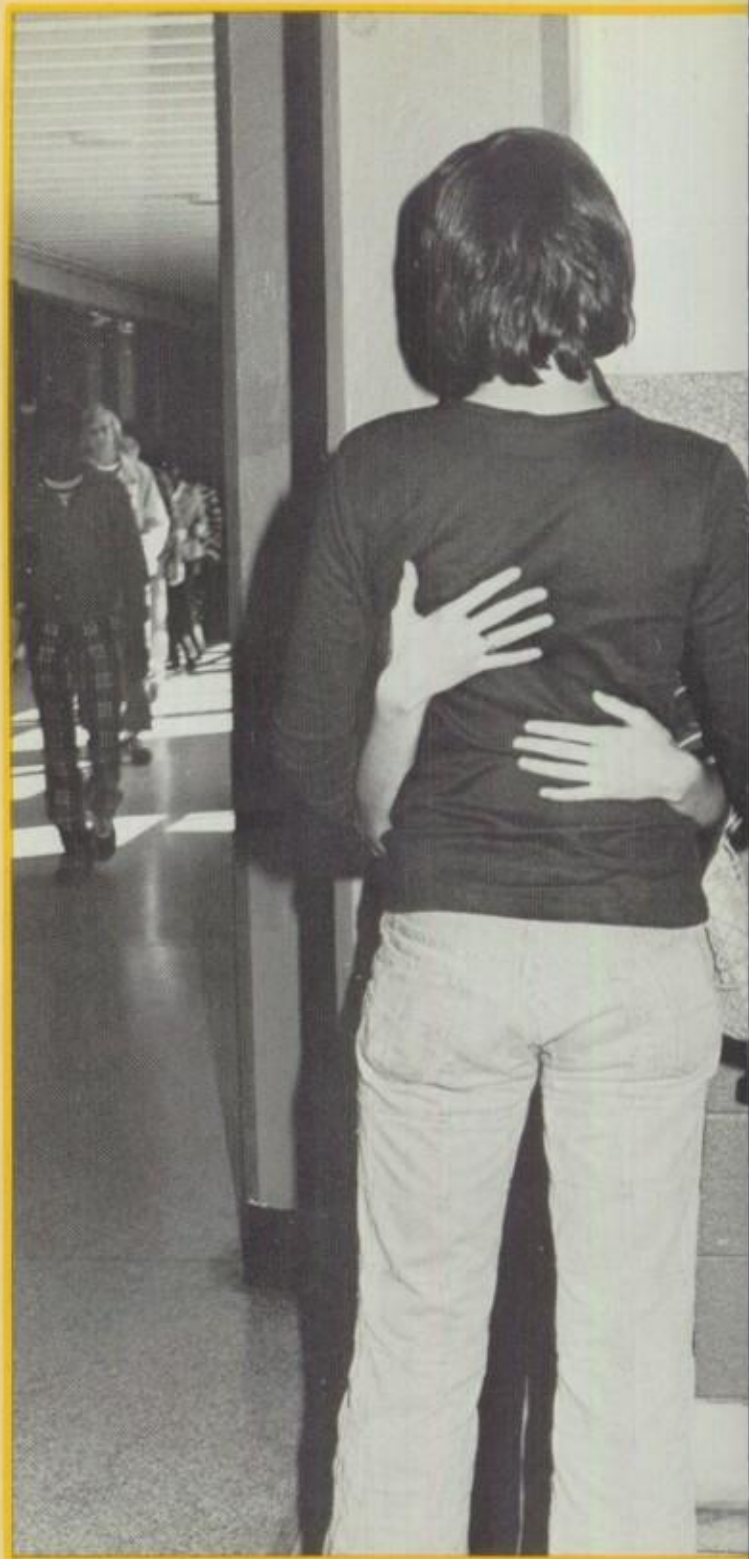

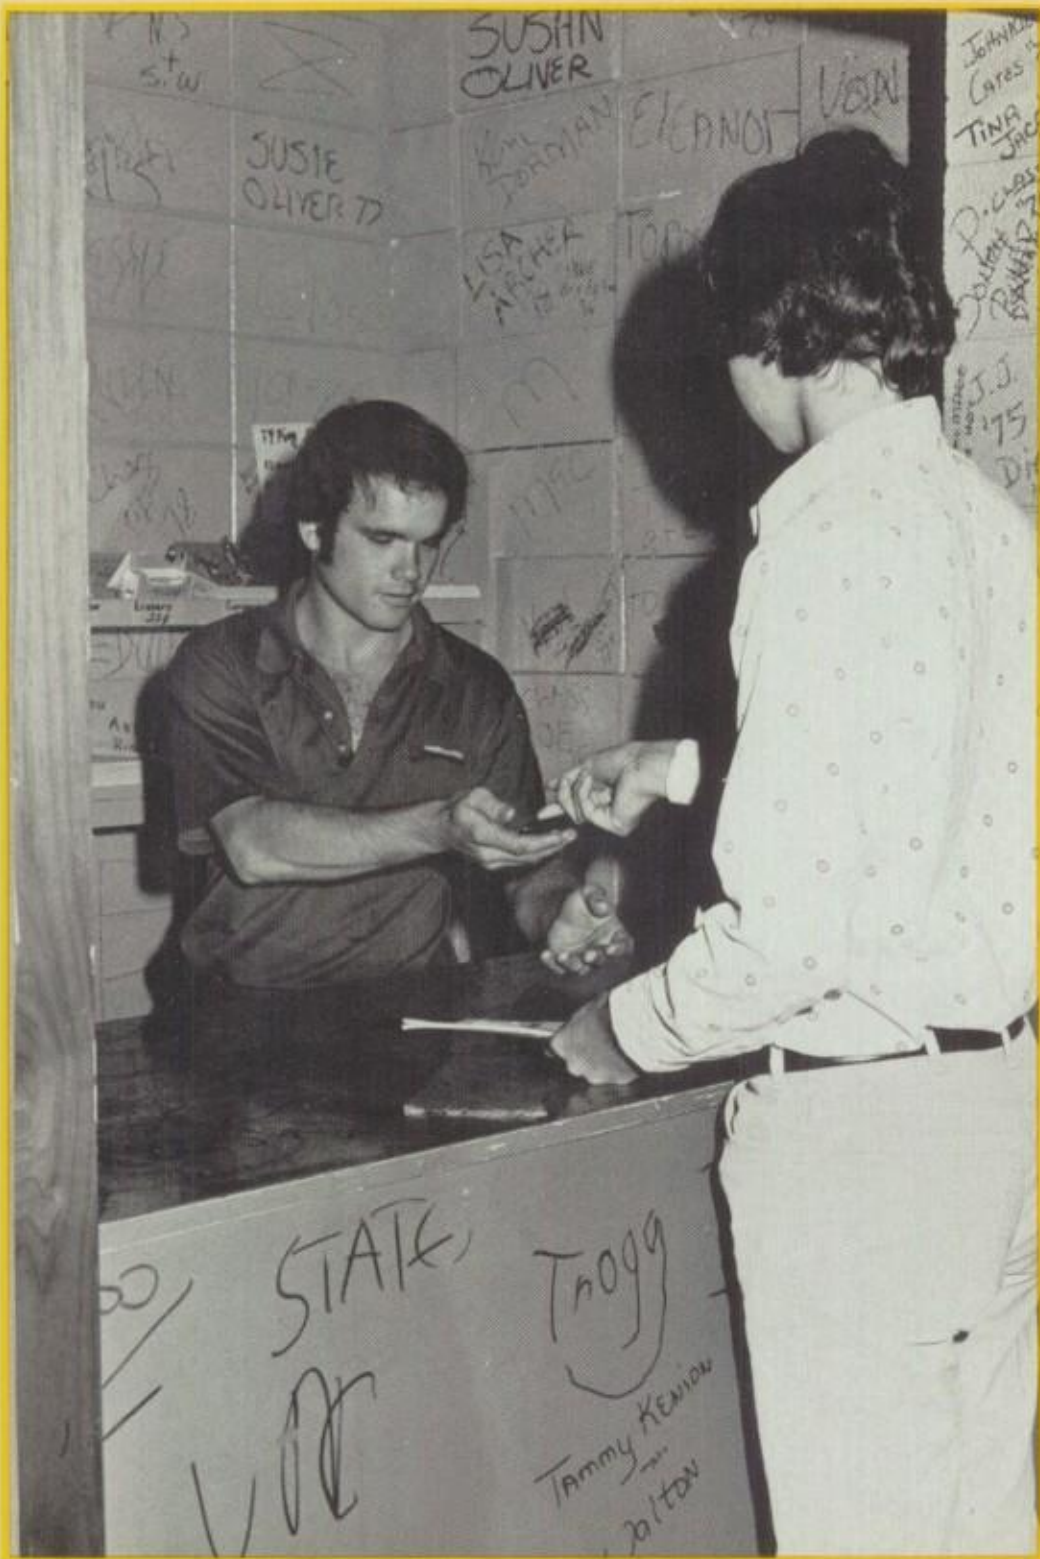

"I have met many new friends this year. I enjoy being at Orange High. The classes may be a little harder, and I have more homework, but I seem to be learning more than I did last year. I also enjoy the variety of clubs at Orange. Right now, I am a Thespian apprentice, and it's great learning things I didn't know last year." --Susan Hackett

"People make every moment outstanding, and each moment is an experience in itself. Memories of special people and the joy of getting to know a new friend are important." --Vickie Walters

"At first, I thought Orange would be a real challenge, not only to me, but to all the Sophomores. I guess it is only what you make it, and I am making my first year at Orange a good one. It was hard at first, but I've gotten to know a lot of new people and to me it's really great." --Vic McFarland

"My favorite spot at Orange is the hall where the big windows are. I like this place because it is so big and bright, and it doesn't give you the feeling of being closed in." --Cindy Privette

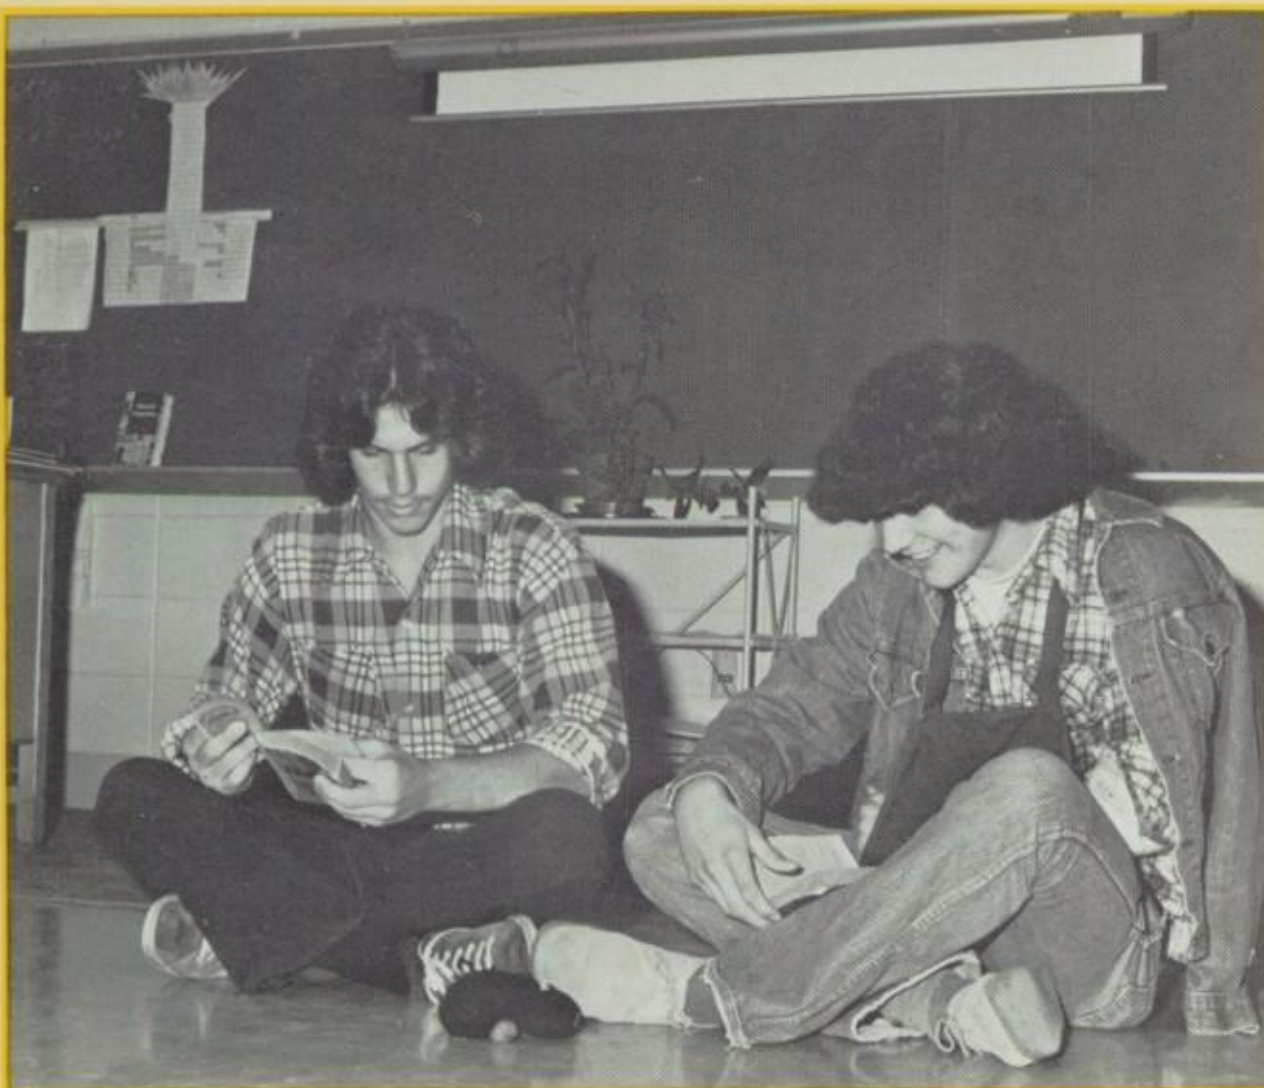

"My favorite place at OHS is the classroom. That is where I learn everything and learning is what counts. In these rooms teachers are willing to help you learn. But, of course, you have to play your part in learning. The classrooms are the best places for everyone." -Jennifer Johnson

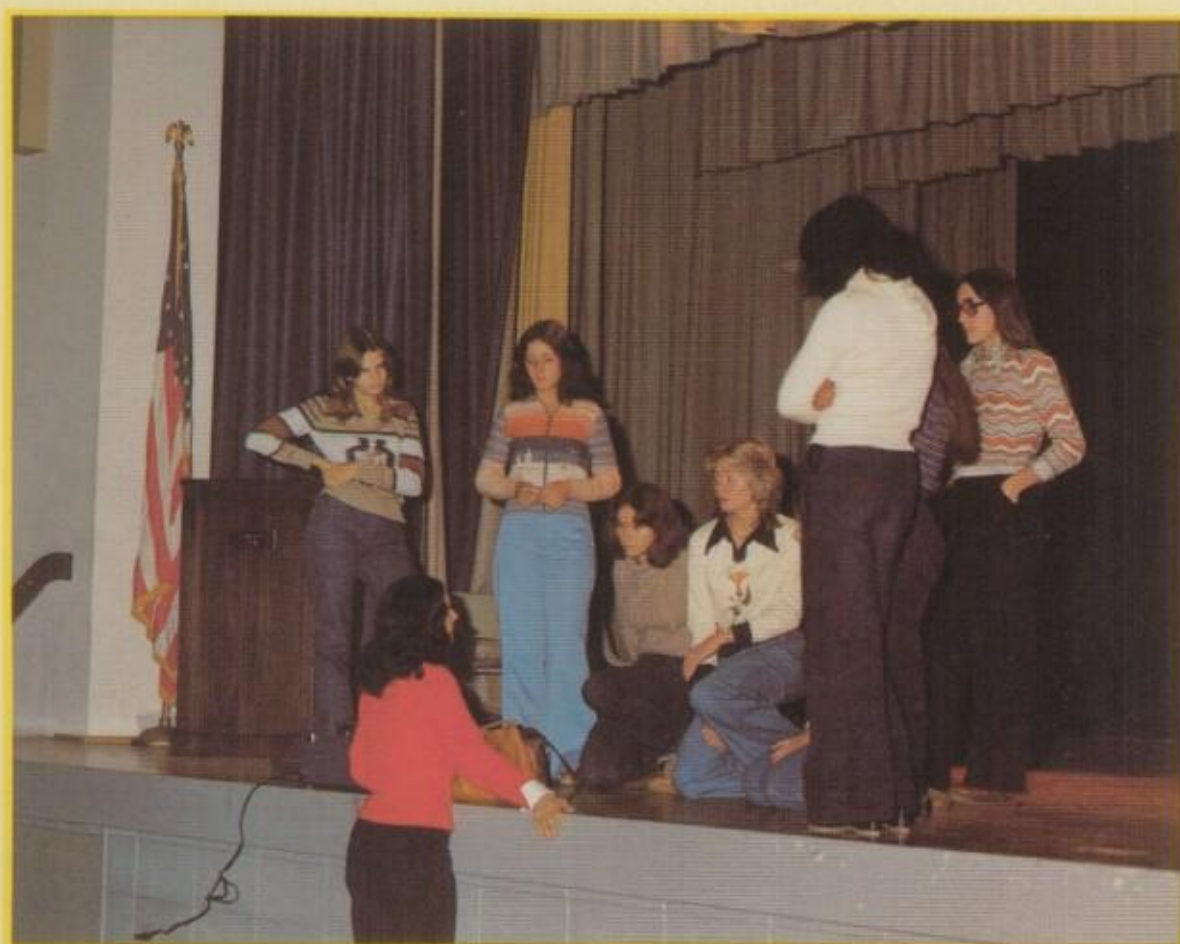

"An interesting class to be added to the curriculum would be a Magic Class." -Jerry Miles

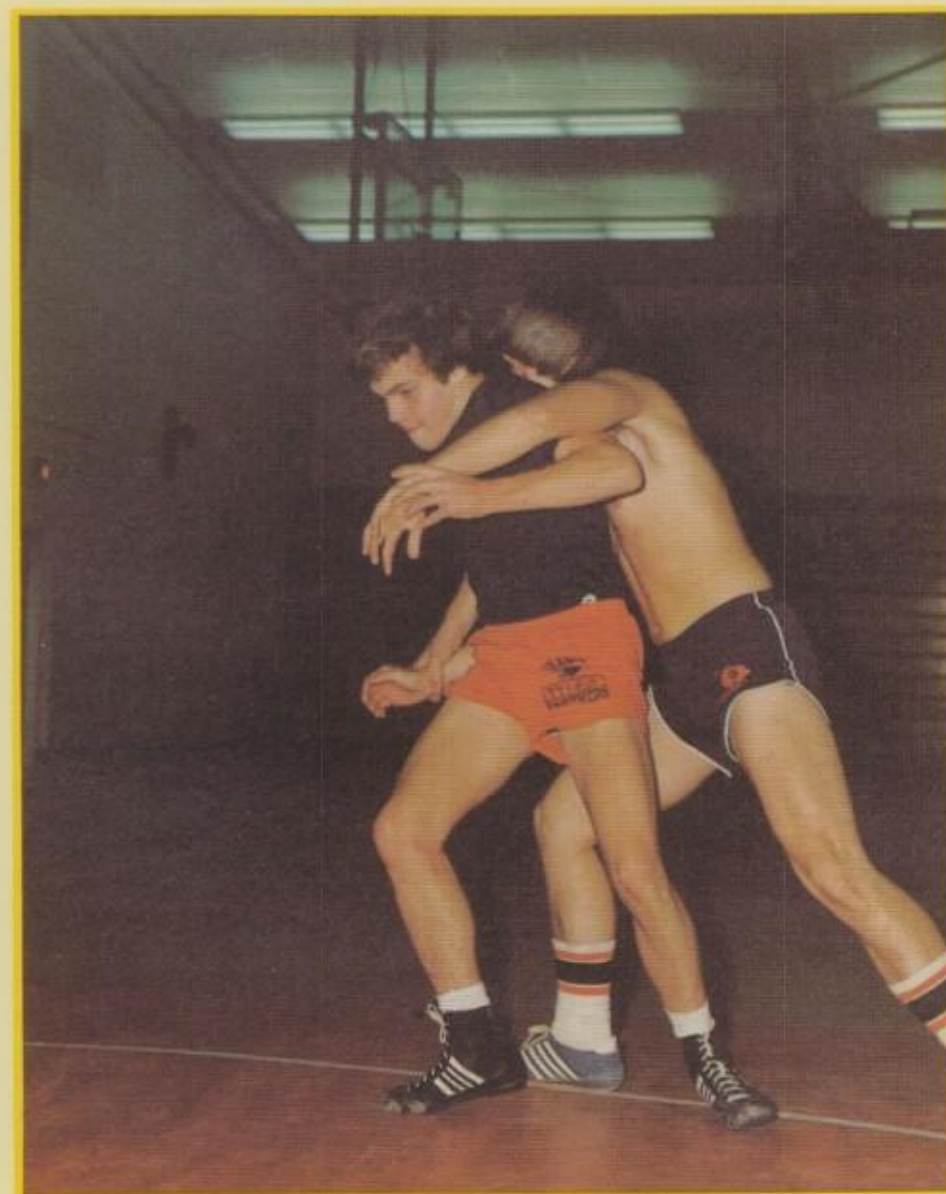

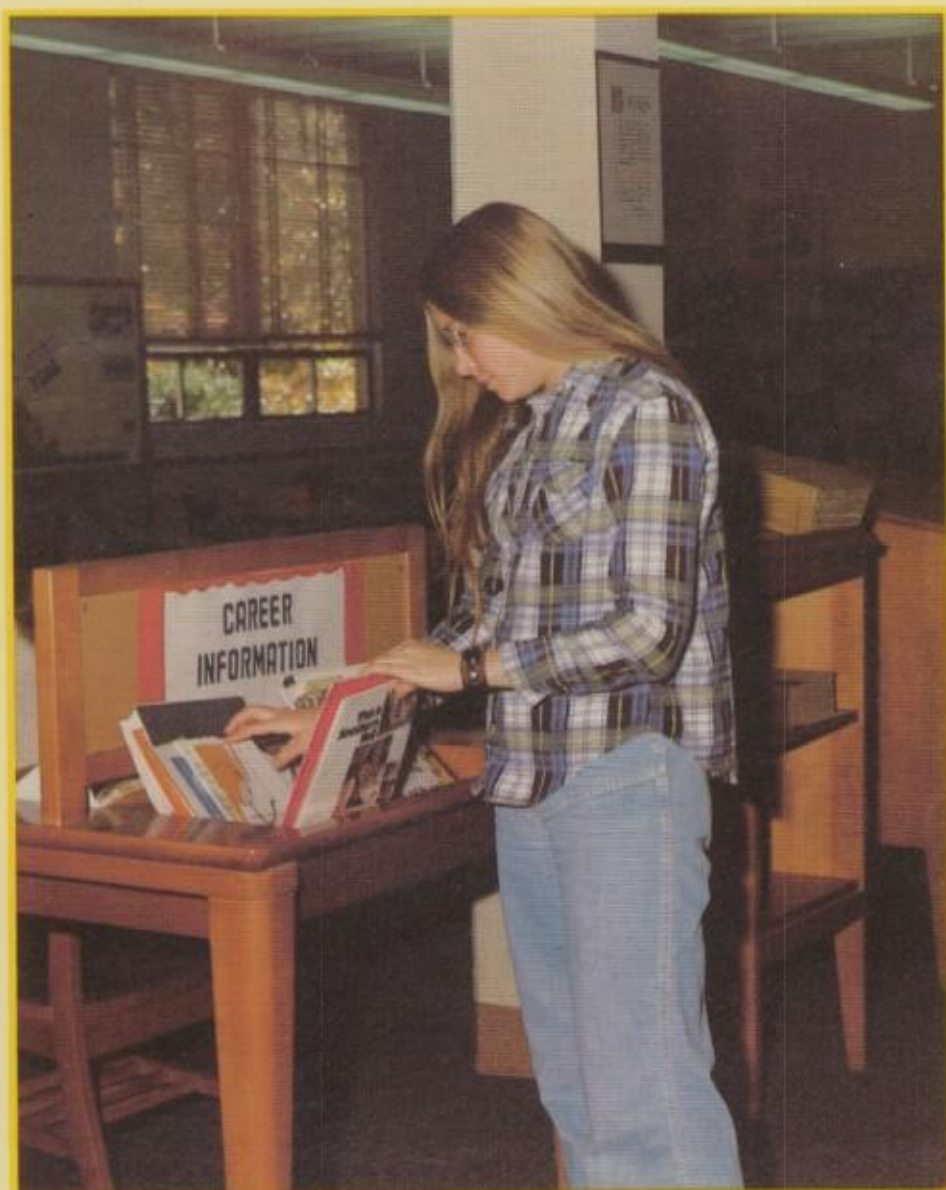

"I like Mrs. Lunsford's class; I have her two times a day and I really like it in her room; she's the nicest teacher I have." -Carol Gentry

"The most memorable experience for me has been working with a wonderful cast as stage manager for the fall production, '76." -Linda Cates

"Working in the school store is a privilege to me, and I enjoy it very much. The school store is run during lunch and in the morning. While running the school store, I have met many people. The main reason for working the school store is because I want to do as much for our Student Council as I possibly can. By working at the school store, I have gained a sense of pride for Orange High and our Student Council." -Mark Mills

"This year I joined the wrestling team. It has helped me gain strength and learn how to work with a team." -David Schaub

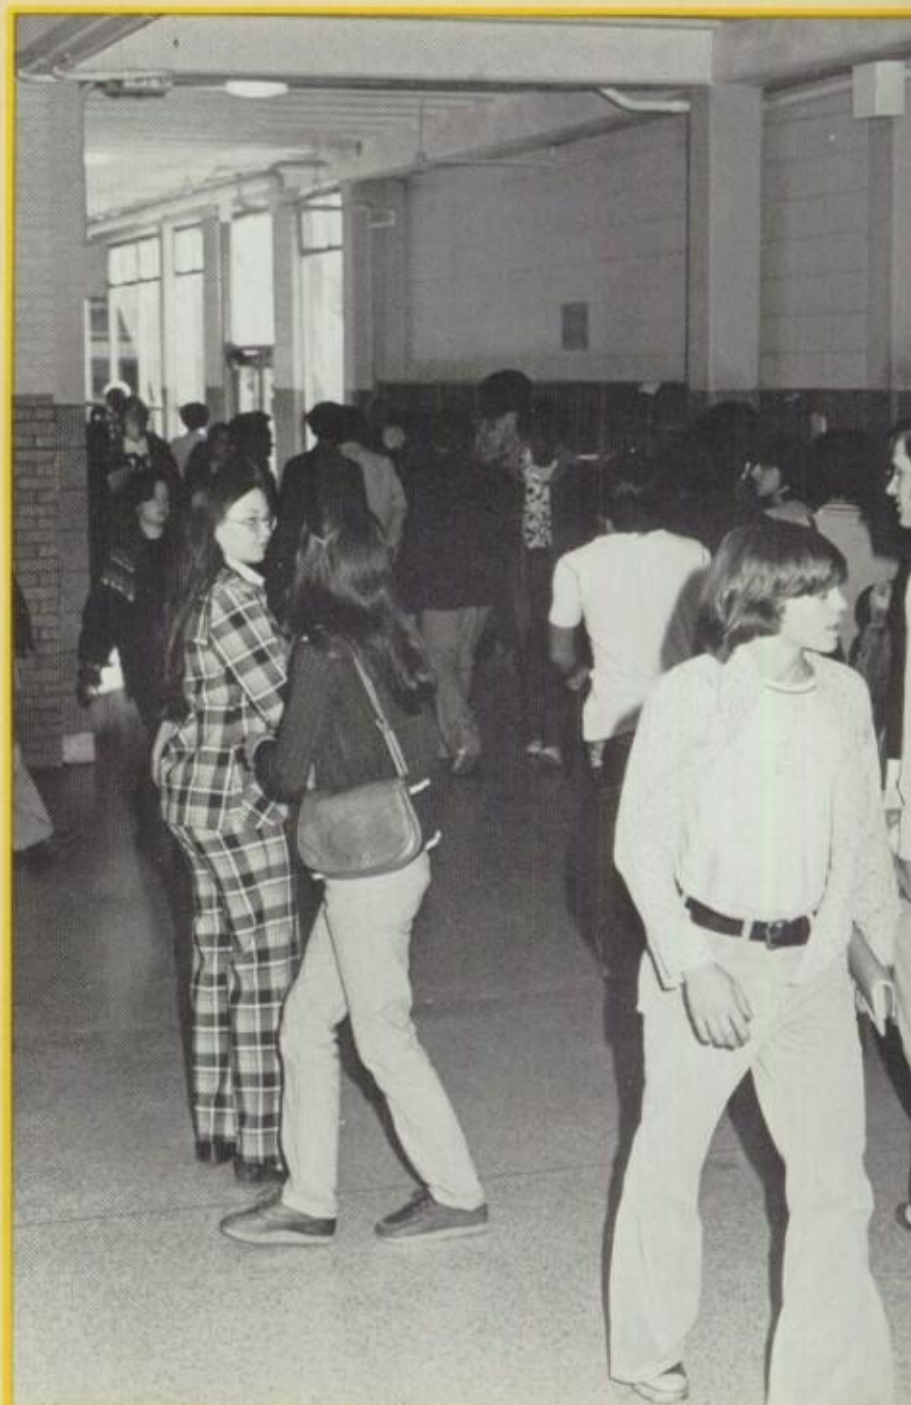

"In the year of '74-'75, the administration brought many culture oriented assemblies to Orange. Before they had a chance to teach the student body how to appreciate and enjoy this special kind of education, they took it away from us. Hillsborough needs culture, OHS can give it to us." -Leslie Lynn

"I go to the library to look at magazines and gossip a lot." -Gwen Johnson

"Participating in the Junior Miss Pageant was the most memorable experience during my senior year." -Cheryl Hill

"Wrestling holds many thrills, but pinning someone is probably the most exciting moment of all. The ultimate goal of every wrestler is the pin. Pinning often makes you look good in front of your peers. It also gives you a feeling of satisfaction in knowing that you did your best." -Randy Tyler

"I enjoy drama productions, the Science Club, and working on the log cabin." -Tommy Landis

"I would like to be able to eat in the halls during lunch."
--Jackie Wheeler

"The lunchroom should be changed because it is not big enough to hold everybody. Every time you turn around, you run into someone." --Lora Lane

"I enjoy lunch because you get to see all your friends." --Angelia Kenion

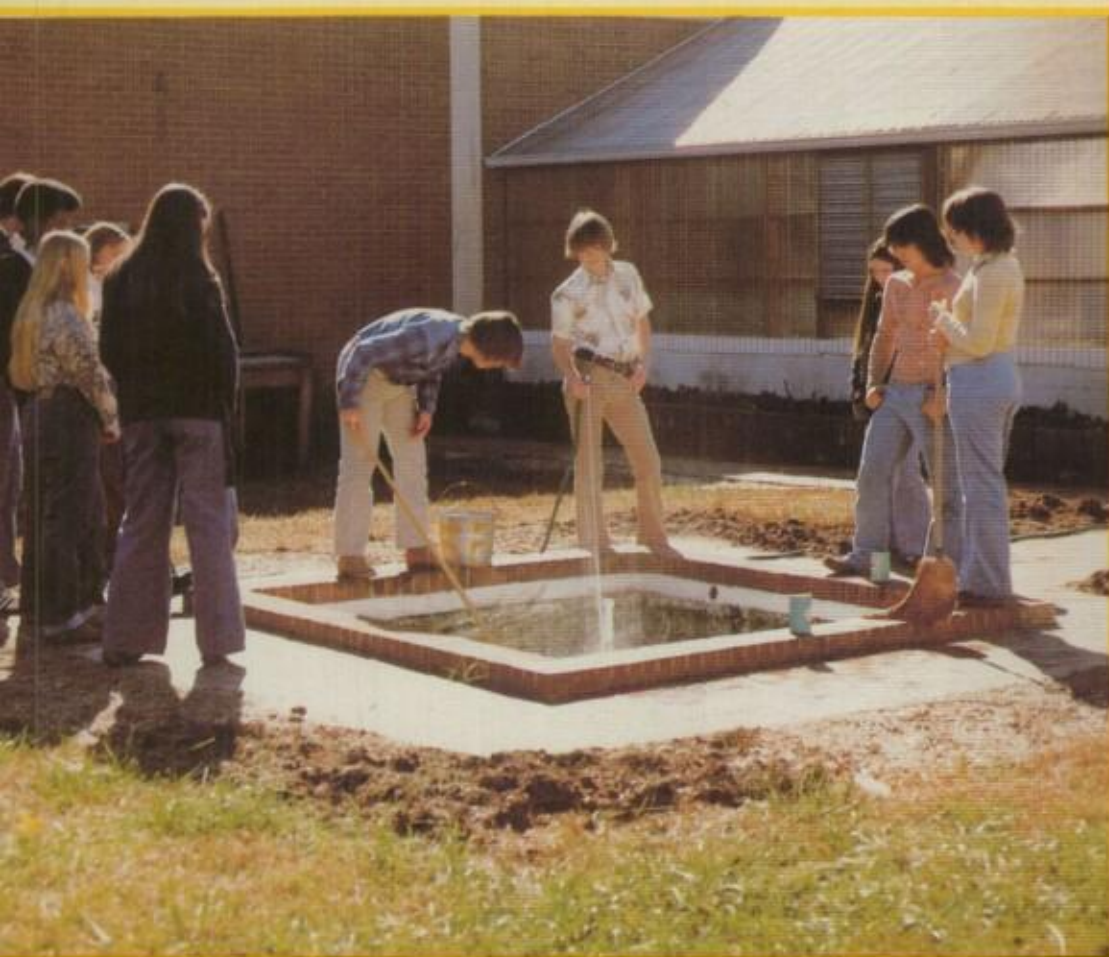

"The break is just great and the cafeteria has a large selection of food to choose from." --Anthony Parker

"I wish we could have a longer lunch period." --E.B. Rogers

"I would change the length of lunch period. Many people have quit eating or have to gulp their food because there is not enough space or time." --Jane Wilson

"I would like to change the four minutes between class to five or six minutes." --Vickie Williams

"Cleaning out the pool is one of the daily activities that I help with in Horticulture II; we work with projects that we have designed and maintained." --Danny Brown

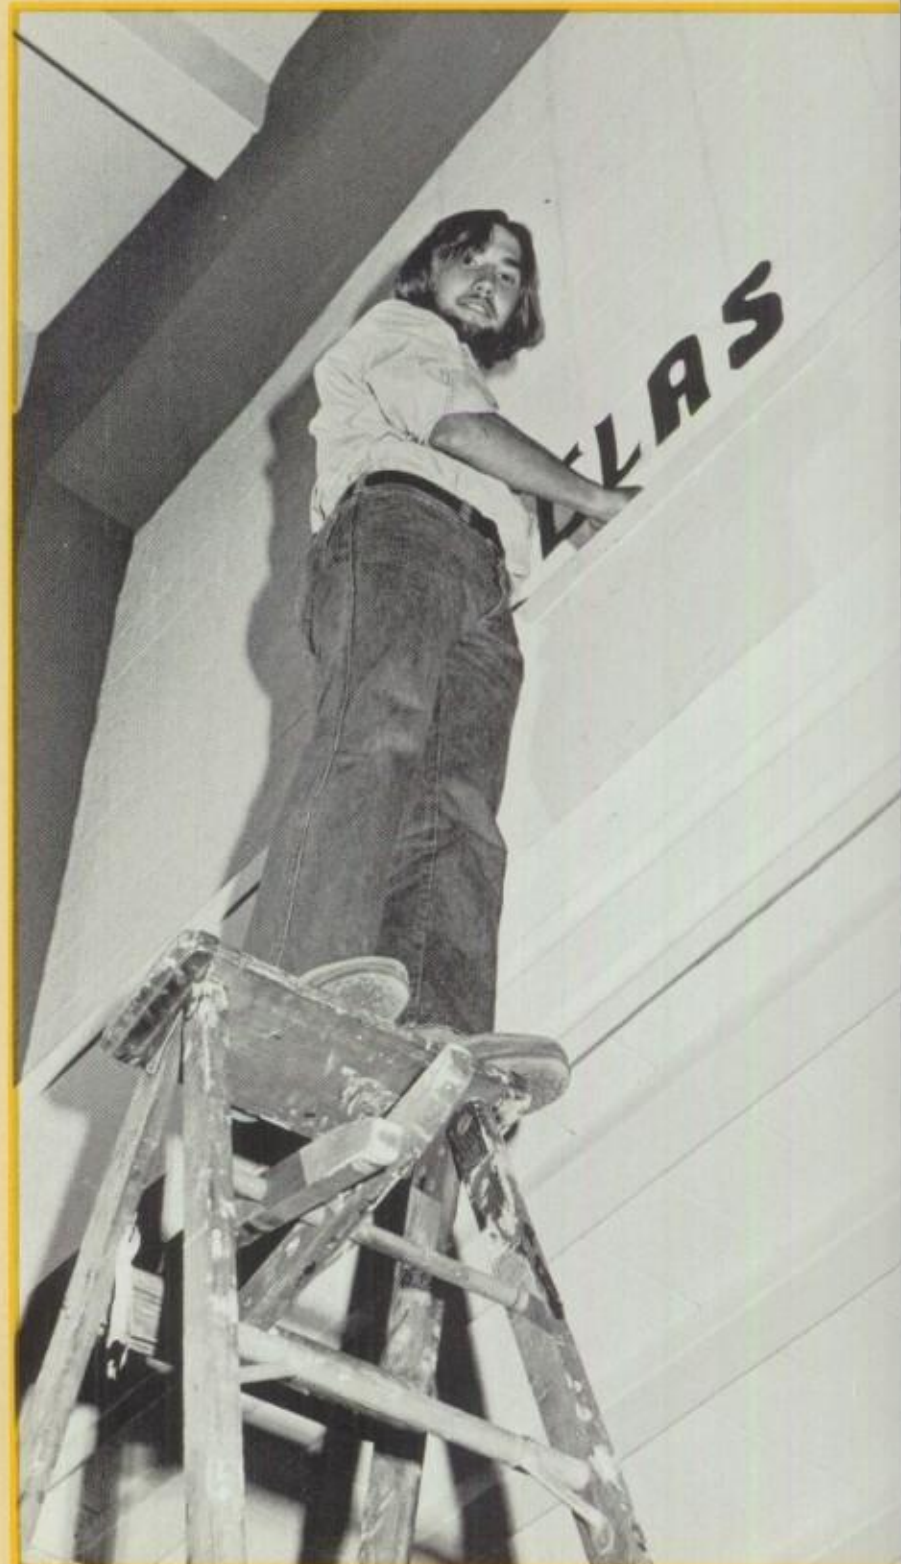

"I spend my spare time trying to help others and reading my BIBLE." -Stephen Yates

"OHS is 'very different', teachers understand you more. You have more privileges, but you still have to work harder if you want to graduate." -Ellen Snipes

"Actually I have two favorite places. The student area is one and the part outside between the 1st and 2nd wings is the other. I like both of them because they're outside and you can go there and be sort-of alone if you want. Also, they're pretty peaceful (unit I get out there). I think there are a lot of good places to go, but those two are my favorites." -Susan Mandelin

"I like to eat outside because the lunchroom is much too crowded and I enjoy the fresh air." -Sandra Morris

"I eat lunch outside because it is the only time of a hectic school day that I have to get away from it all. The birds singing makes it easier to catch up on assignments than the noise in the cafeteria -they also enjoy my leftovers" -Darrell Crabtree

"The smoking areas should be changed because they smoke almost anywhere." -Mike Bordeaux

"Talking to friends, studying, and getting impatient for the bell to ring - that's how I spend my spare time." -Pat Icenhour

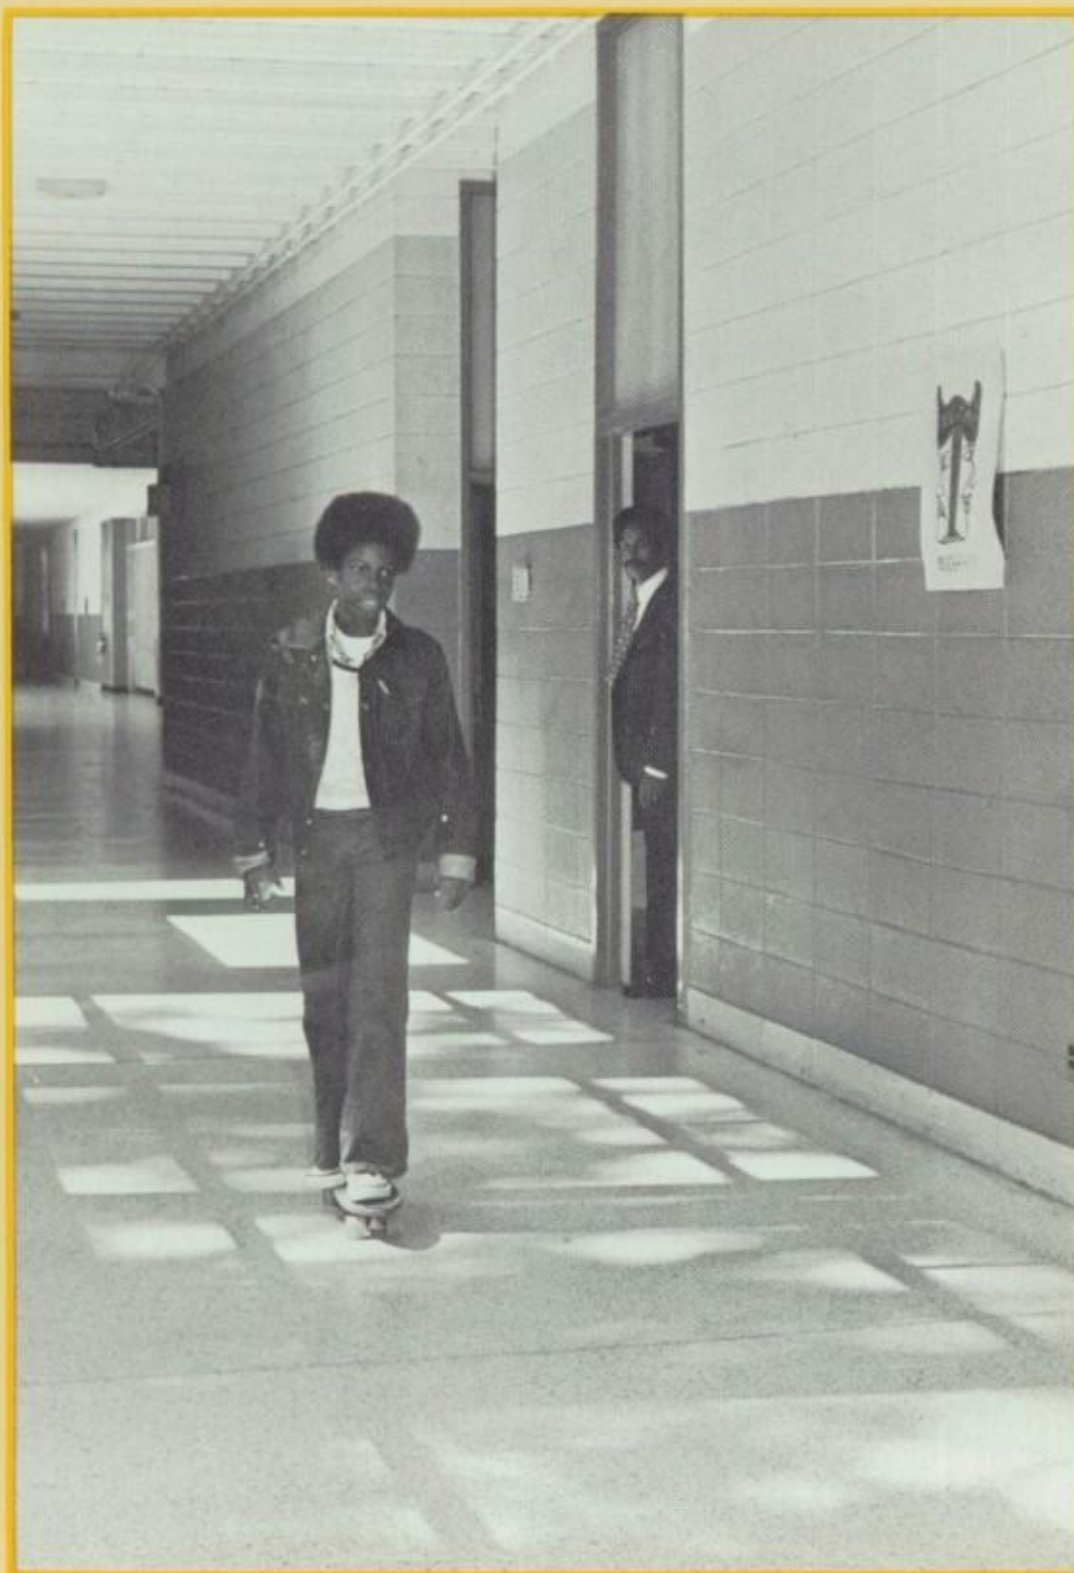

"My favorite spot in O.H.S. is the main lobby. It gives you a place to gather with friends." -Susan Trammell

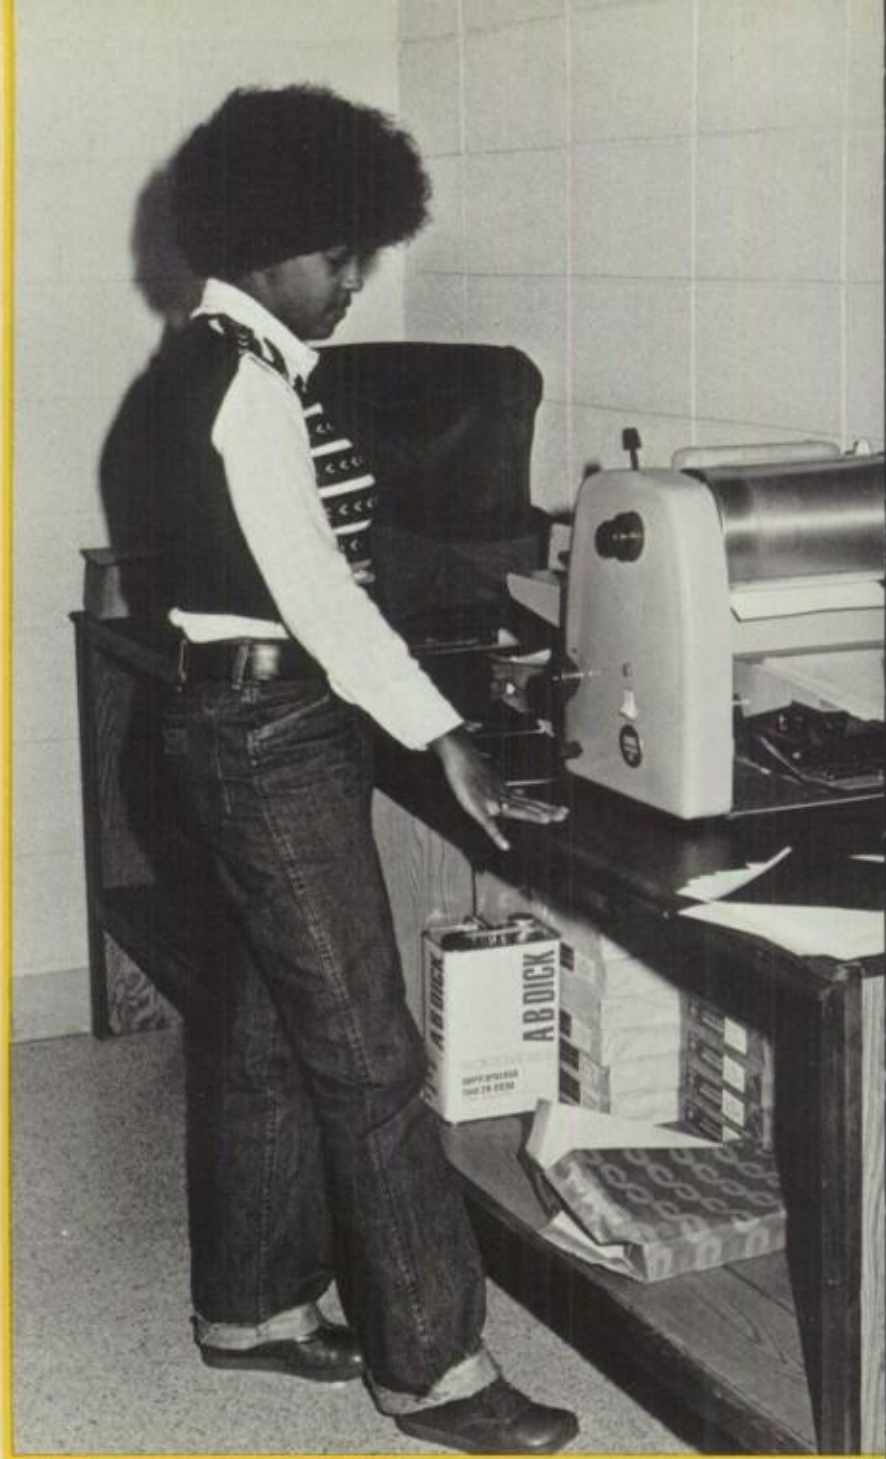

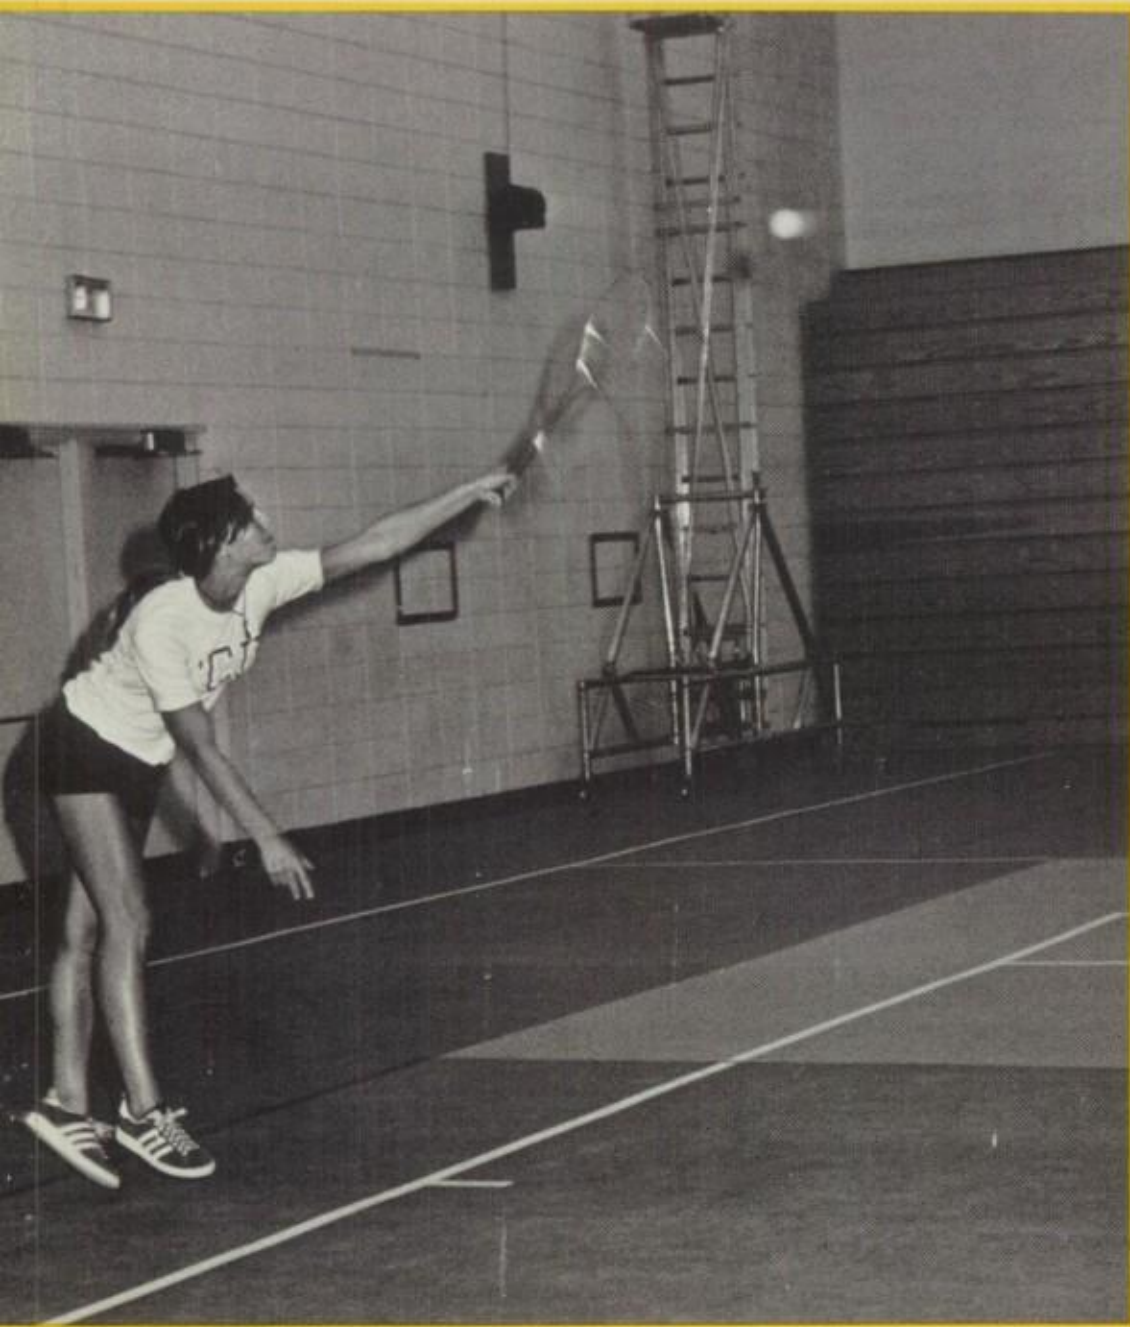

"My favorite time at Orange is in Mr. Maske's home-room before the long day of work begins." -Pamela Wright

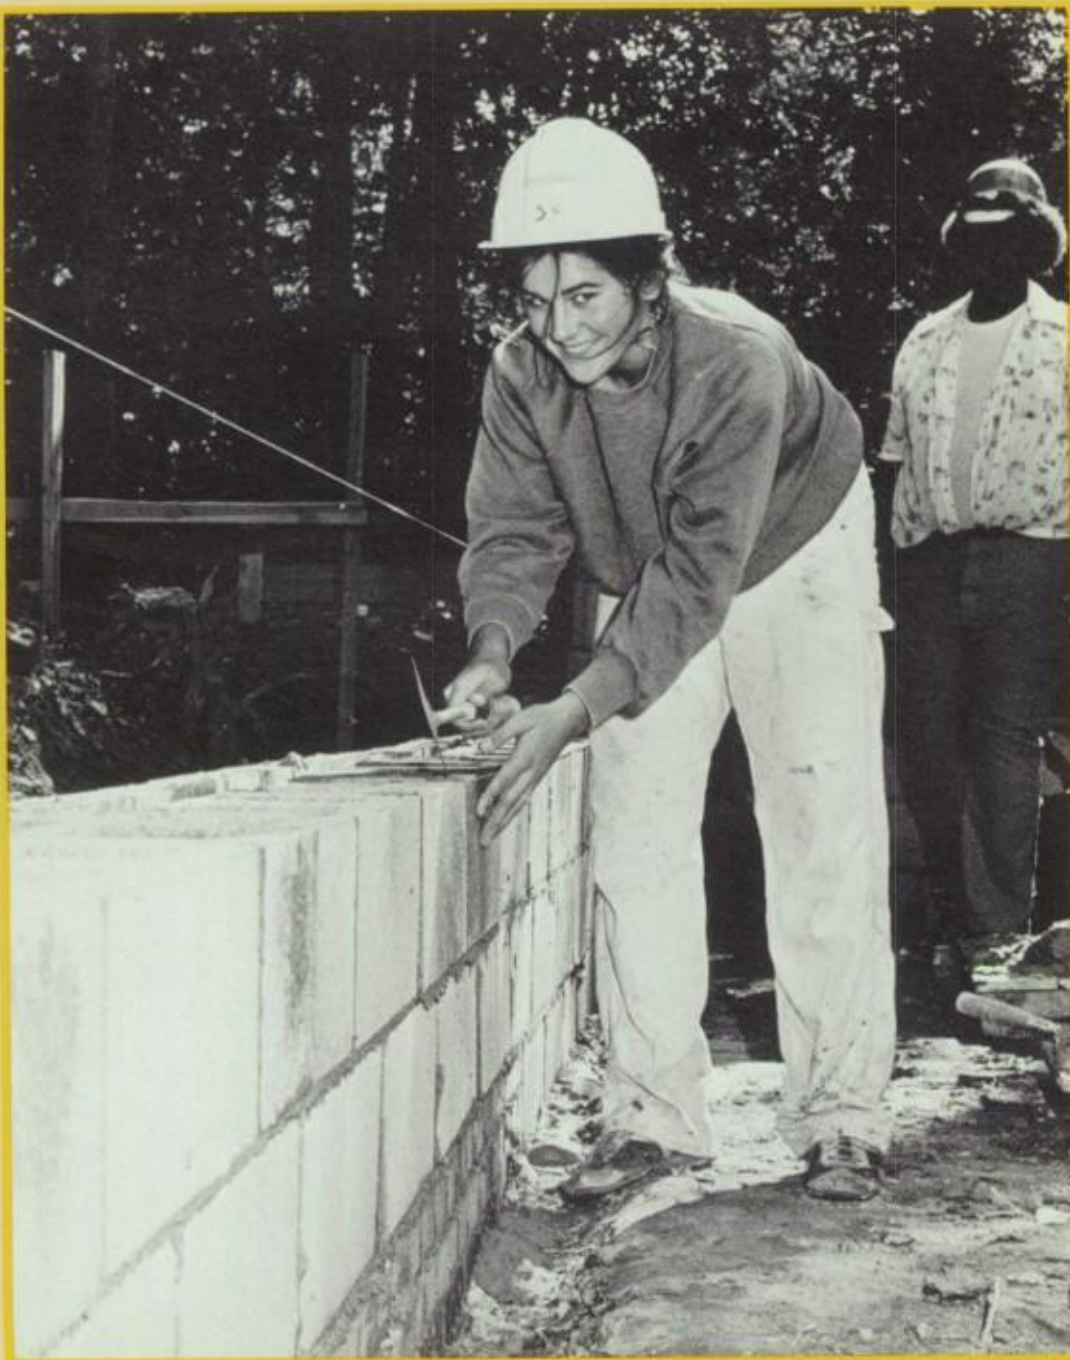

"Young people, if they feel what they're doing at the time is right, they keep doing it. Students are starting to speak out and do what they feel is right." -Becky Jean Marquard

"Nothing ever becomes real till it is experienced-even skating in th hall." -Mr. Vernon Copeland

"My favorite things at O.H.S. are the activities, such as clubs and intramural games." -Kelly Akins

"Mortar, bricks, and any material you can use to construct useful projects have always fascinated me. I like to work with my hands and use my imagination. In Bricklaying I, I saw an outlet for energy that gets pent up sitting down in my morning classes. I also appreciate my teacher, Mr. 'Mac'. In a class like this you need strict discipline and a goal to work to constantly. I wish more girls would be interested in bricklaying because they don't know what they're missing." -Holly Coleman

"I've enjoyed my activities in the Thespian Club and mixed chorus. There is a lot of spirit in these organizations and a great group of people, too." -Sarah Thompson

"The things I like most at OHS are the clubs and other activities at lunch, like ping pong, tennis, and basketball that give you something to get involved in instead of sitting around doing nothing." -Danny Brown

"There should be other specialized courses in certain fields like math or biology so people can get a start in their college majors. There should also be tennis and soccer teams." -Rusty Williams

"Participating in 'A Funny Thing Happened On The Way To The Forum' in my 10th grade year was my most memorable experience." -Ricky Crabtree

"I like to play tennis because it is a fun sport. What really got me interested was watching tennis on T.V. Winning is no big deal. The breaks just go your way when you win. But, it is fun all the same. Playing just came easier to me than to my other friends. That's all, I guess, just luck! I think having a tennis tournament is going to be really good these next few years. A lot of good playing comes out of the matches." -Crystal Summey

ON FOCUS

What Is Special About Orange High?

"Orange High School is kind of special. The teachers here, for the most part, are very friendly and do not hold themselves aloof from the students. And, after all, that HAS to be considered pretty special. Right?"

-Mike Tuck

"Orange High is a very special place to me because that's where I have made most of my closest friends. We have lots of nice people at Orange!"

-Kay Dickey

"I am a new student at OHS, and I am learning everything about the school. The people here are terrific, and the school spirit is fantastic. Orange High could make anyone feel at home, and I am proud to be a student here."

-Debbie Dwiggin

"I guess the most important thing about Orange is the people. There are so many different personalities here, and it is fascinating to meet as many people as you can. Some of the friendships I have made are very dear. People are special, and that is what's nice about Orange."

-Susan Oliver

"Orange High School has some mighty fine looking ladies!"

-James Lee McPherson

"Orange has a variety of English courses so we don't have to sit in one English class an entire year."

-Linnette Pounds

"I would not trade this student body for any other. Over all, they are a great group of kids . . .

"The faculty members are sincere, and they care about the welfare of our students as individuals."

-Principal Fred Claytor

"The students make Orange High a nice place to attend. We are individuals, not a number on file. This is something all the seniors who plan to attend college will miss. When you have a friendly atmosphere, it makes school a lot easier, and certainly more enjoyable."

-Barry Hicks

"I enjoy having the freedom of using any teaching method I wish as long as it is successful."

-Mrs. Hazel Lunsford

"The administration of Orange High School makes this school special. Mr. Claytor, Mr. Copeland, and Dr. Halkiotis, as well as the teachers, really try to make Orange a first-rate school."

-Ernest Peay

How Do You Get Around?

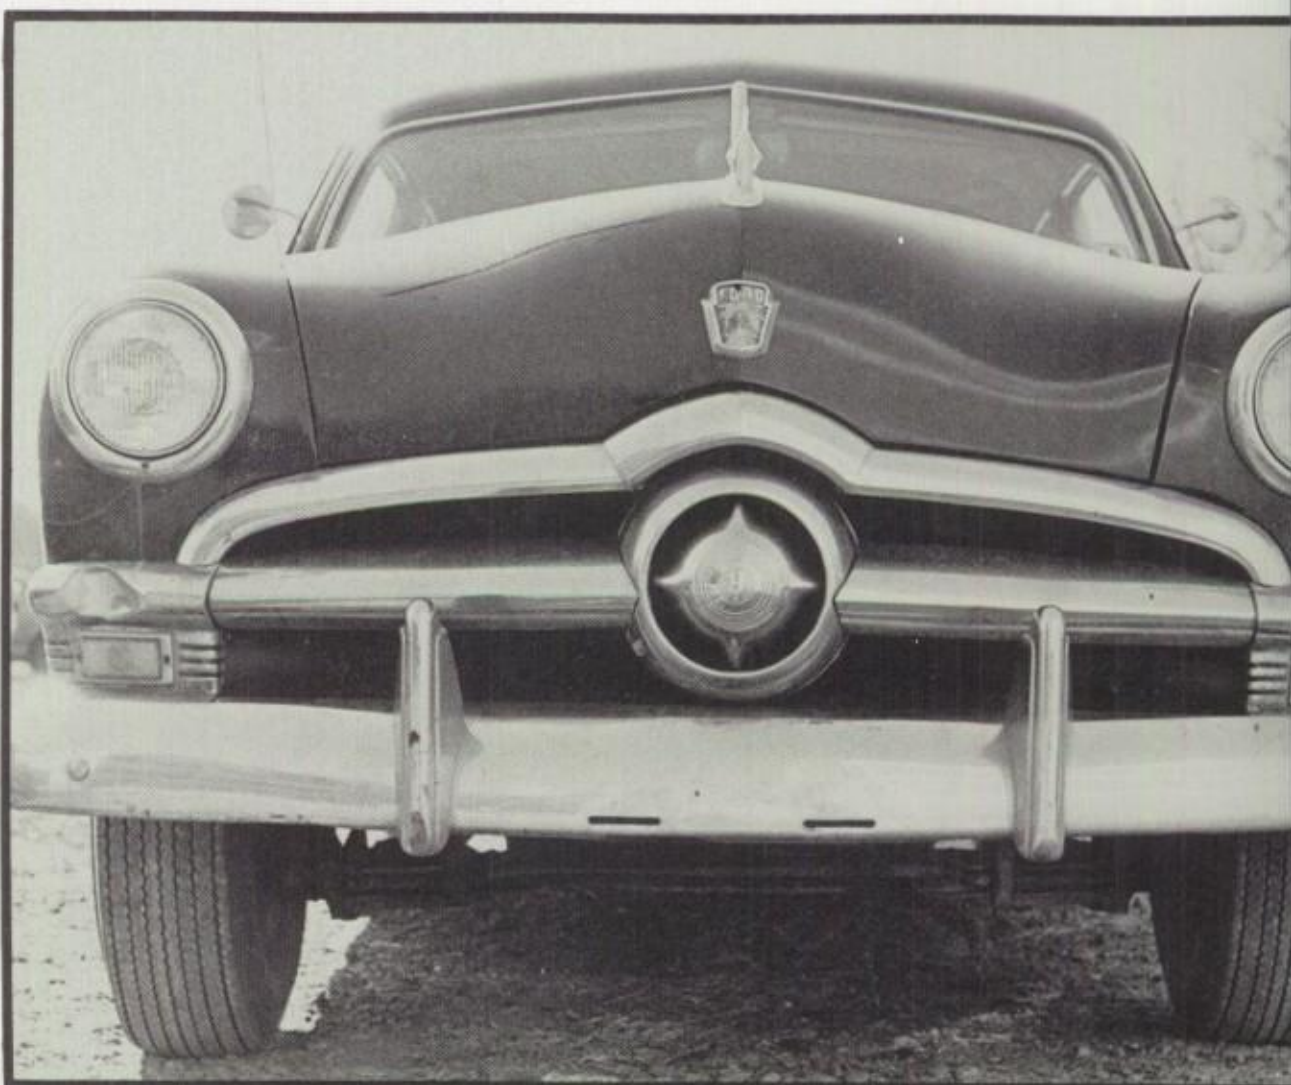

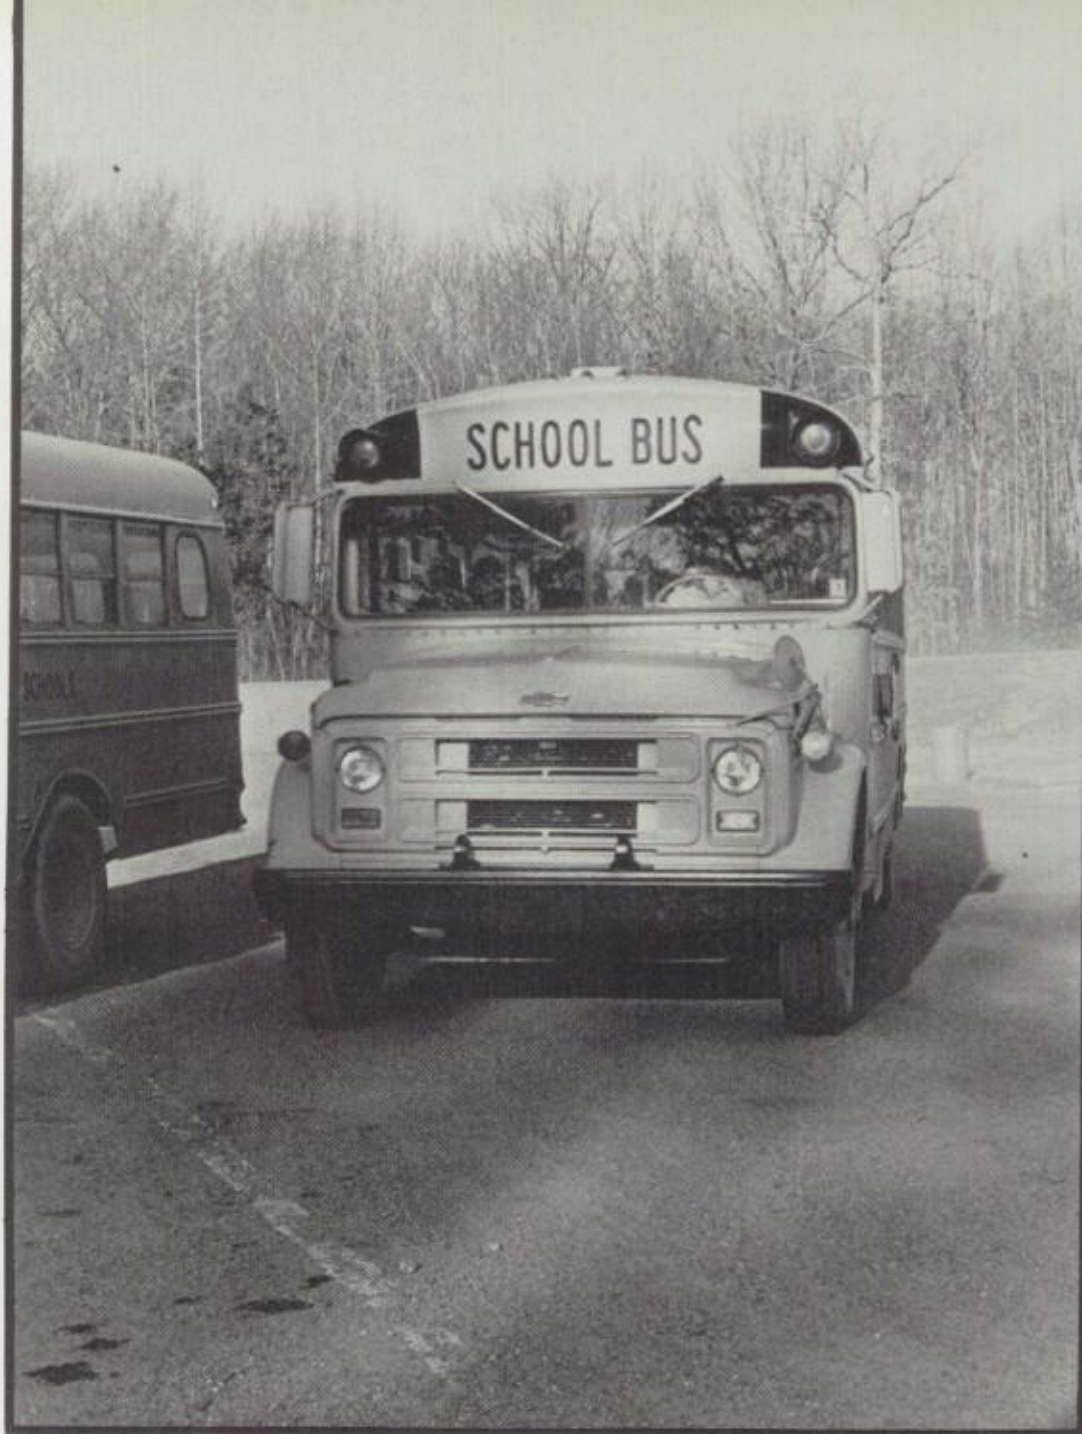

"I believe in busing because I think it's a tremendous privilege to the students who do not have any other means to get to school." -Kenneth Roberson

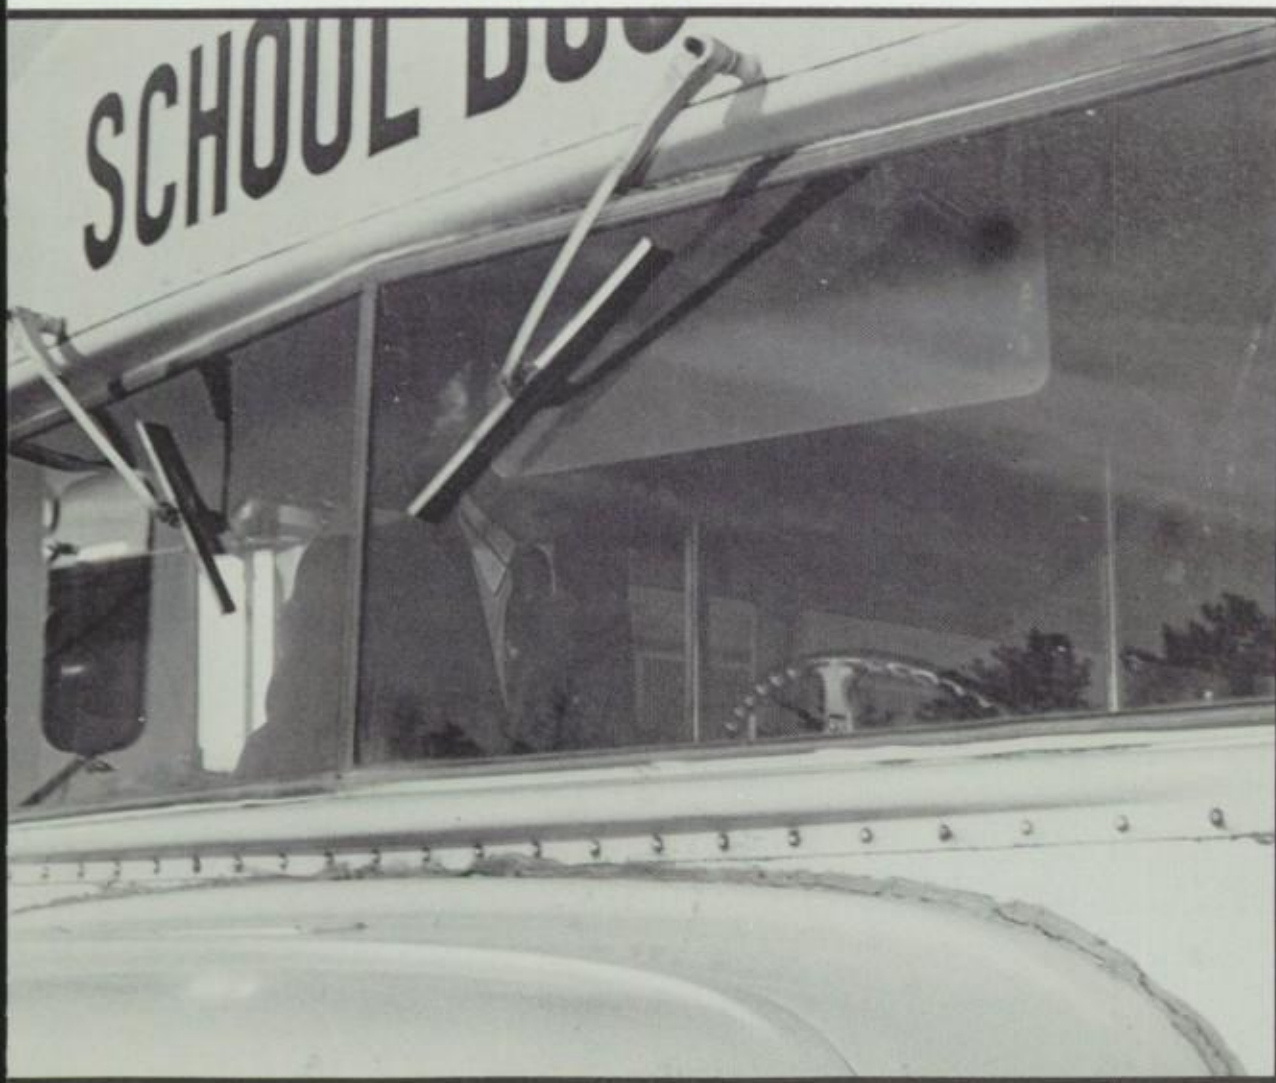

"I think a bus monitor is a good idea, if it is needed. Some buses have monitors just to have one while other buses that need one don't have one." -Ruby Torry

"Busing is definitely unnecessary! It's ridiculous to send kids farther than absolutely necessary to schools. I'm not against segregation; I'm all for it, but there must be a better way." -Betty Cates

"The present bus system needs a lot of improvement! The routes are too long. I ride for about one hour. In a different school, I rode for fifteen minutes and I got on at the beginning of the route. One thing, that could help shorten the ride, is to have more group pick-ups rather than door to door. Bus rules need to be better enforced. I also think the school should invest in snow tires or chains. This would reduce the number of days missed to zero!" -Ellie Reinhold

"This recent gas crisis has been really awful because there is no gas shortage. Somebody, somewhere, has a lot of gas but they want more money. It's not fair that we should freeze for someone else's greediness." -Amy Davis

"The parking situation at Orange High is bad. People park anywhere and in any parking lot, even if they are not supposed to park there.

If you are late in the morning, you cannot find a place to park because all the spaces are gone.

Orange should get stricter parking rules." -Donna Whitfield

"My comment concerns the band parking lot. The parking situation is bad because the lot for the band students is being overrun by people who don't want their precious cars scratched in the other lots. Whenever it rains, all the spaces are taken and the band students have to block people in because they are coming from the junior high. Mr. Claytor said that if anything is to be done, we need to hire a Hillsborough policeman. If he said in the fall that the lot is only for band members, then he should be responsible for seeing that only band members park there." -Pat Shambley

"I don't usually drive to school, but when I do I have to come very early in order to find a good parking place. If you are late and it is raining, you're soaked by the time you have walked across the parking lot to the building." -Jane Wilson

Have You Noticed Anything Strange At Orange?

"Is Mr. Halkiotis' display an example of the Coca-Cola culture, or is it Pop Art?" - Tina Jacobs

"Sophomores!" - David Cates

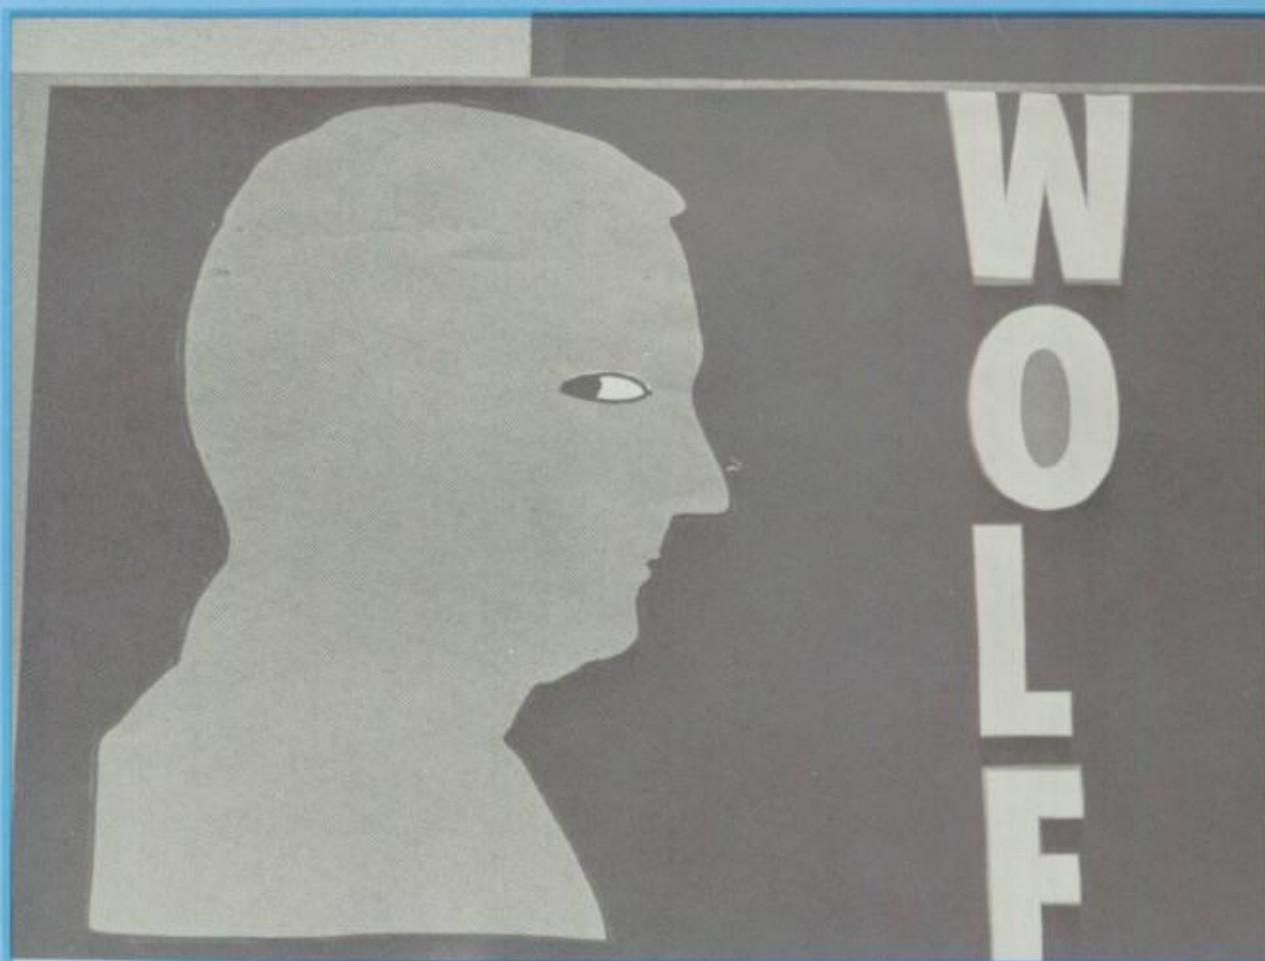

"Class of '77 hanging in the lobby. Who were they?" - Sonja Hill

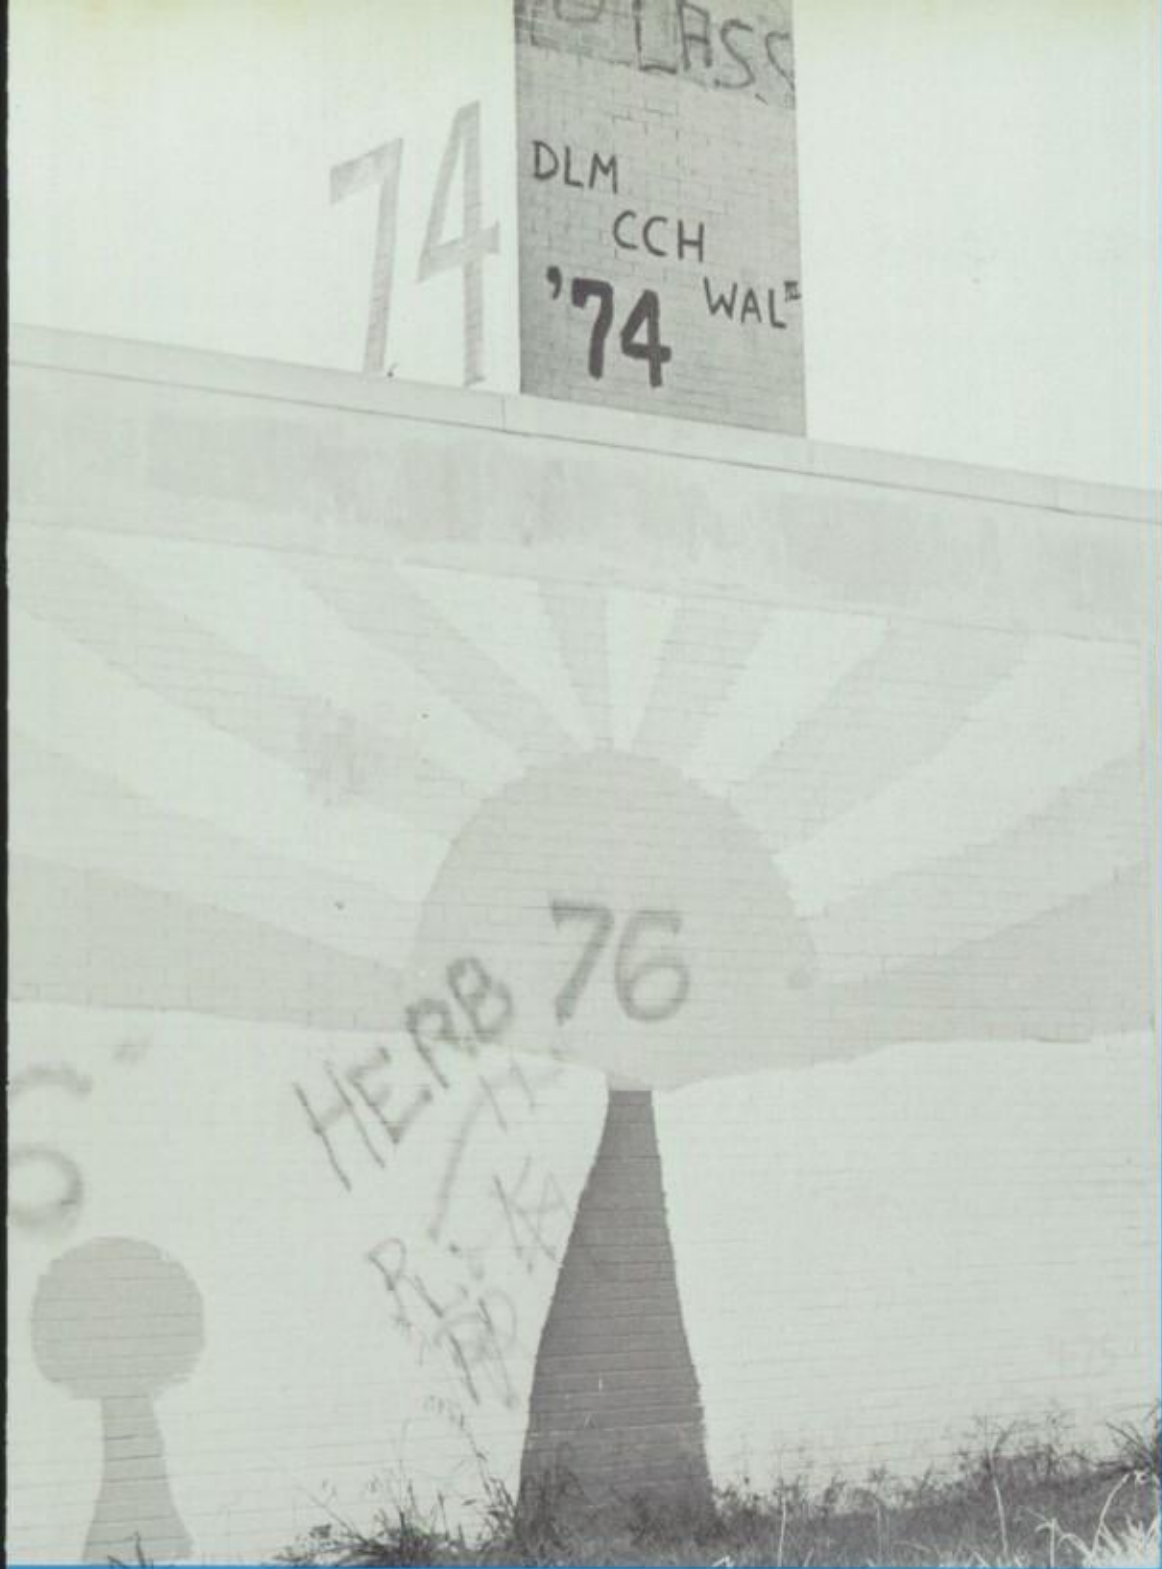

"The 2 x 4's in-between the first and second wing are weird. (The ones in the trees.) It looks like the place you would hang up a slaughtered cow!" - Michael Barbour

"The gum on my hand from under my desk. Yuk!" - Nancy Wallick

"The spelling in the graffiti on the walls in the girls' bathroom." - Cindy Olive

"Nomen est Omen." Mr. John Wolf

"A Puff A Day Causes Lung Decay"

"The smoking area is necessary because a lot of people smoke and they need a place to smoke, so they wouldn't smoke in the building."

-Robin Carmichael

"I believe anything as harmful to your health as smoking should not be allowed at Orange. The smoking area is one of the crudest places here."

-Bill Powell

"The smoking area is an area where people can go to relax and smoke cigarettes. Some students like a cigarette after eating or other activities."

-Jim Bason

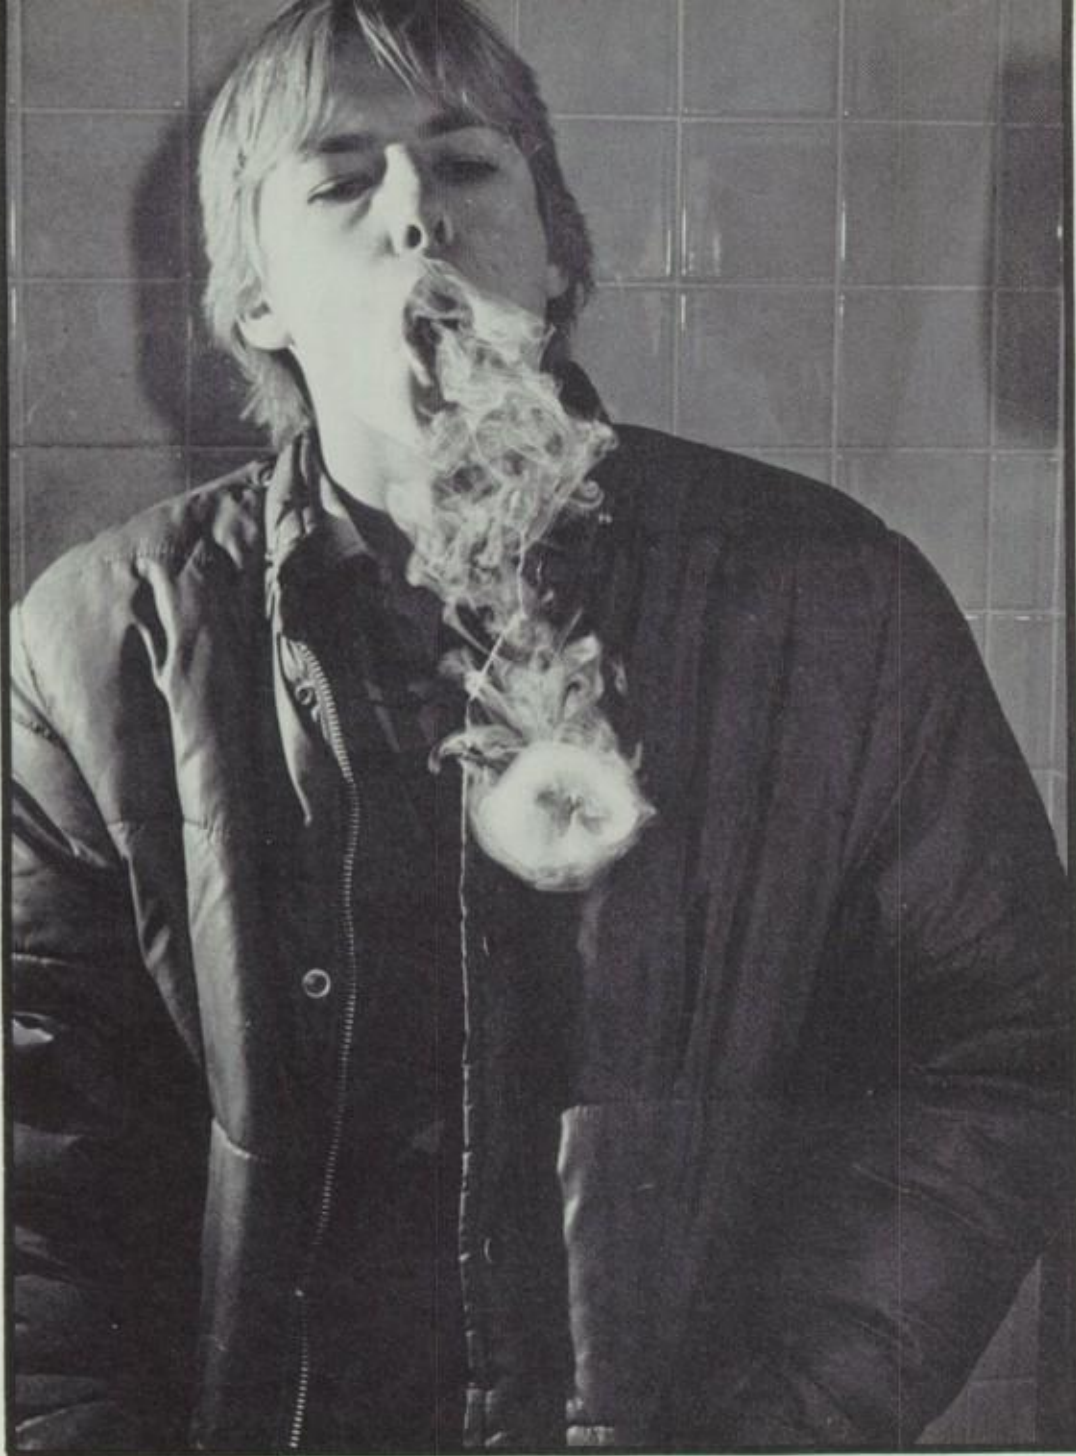

"I don't think the area behind the cafeteria is the best place for smokers, because the sun doesn't shine back there. It should be in front of the school and in front of the gym."

-Beverly Winstead

"If smoking weren't allowed, it would just be inviting people to break the rules. I resent the fact that a teacher is assigned to watch us, as if we were somehow inferior to the other students and must be supervised so we don't do a 'no, no!'"

-Bobby Atwell

"If you don't have a smoking area, someone may burn down the school."

-Edarrion Hicks

"People should come to school to learn, not to smoke cancer sticks."

-Nelson Stevens

"Smoking is a waste of time. Besides the possibility of cutting your life short, there are more constructive things to do which are not as hazardous."

-Sandra Wright

"Smoking should not be allowed in the school. If people want to smoke, they should do it at home or somewhere else. Smoking is just making a mess of this school. I think students believe that if they can smoke in school, they will be able to do so on the buses."

-Betty Thompson

"The smoking area is very dirty and needs cleaning. Most of the kids that go out there don't even have a permit. We should come to school to learn!"

-Denise Harward

School Spirit Never Dies!

"Orange never seems to lose its spirit. When Orange plays football or basketball . . . whether we are losing or winning, we never stop yelling our team on to victory."

-Vicky Webster

"We need more support from our school when we go to away games. Other than that, we have a spirited school."

-Lou Ann Hicks

"School Spirit is everywhere."

-Mark Rigsbee

"Spirit week gives all the classes a chance to compete for the best over-all class and gets everyone involved. The best thing though is to see the spirit at the Homecoming game rain or shine."

-Pattie Merritt

"Pep Rallies are worthwhile because they let the whole team know you are with them."

-Michael Atwater

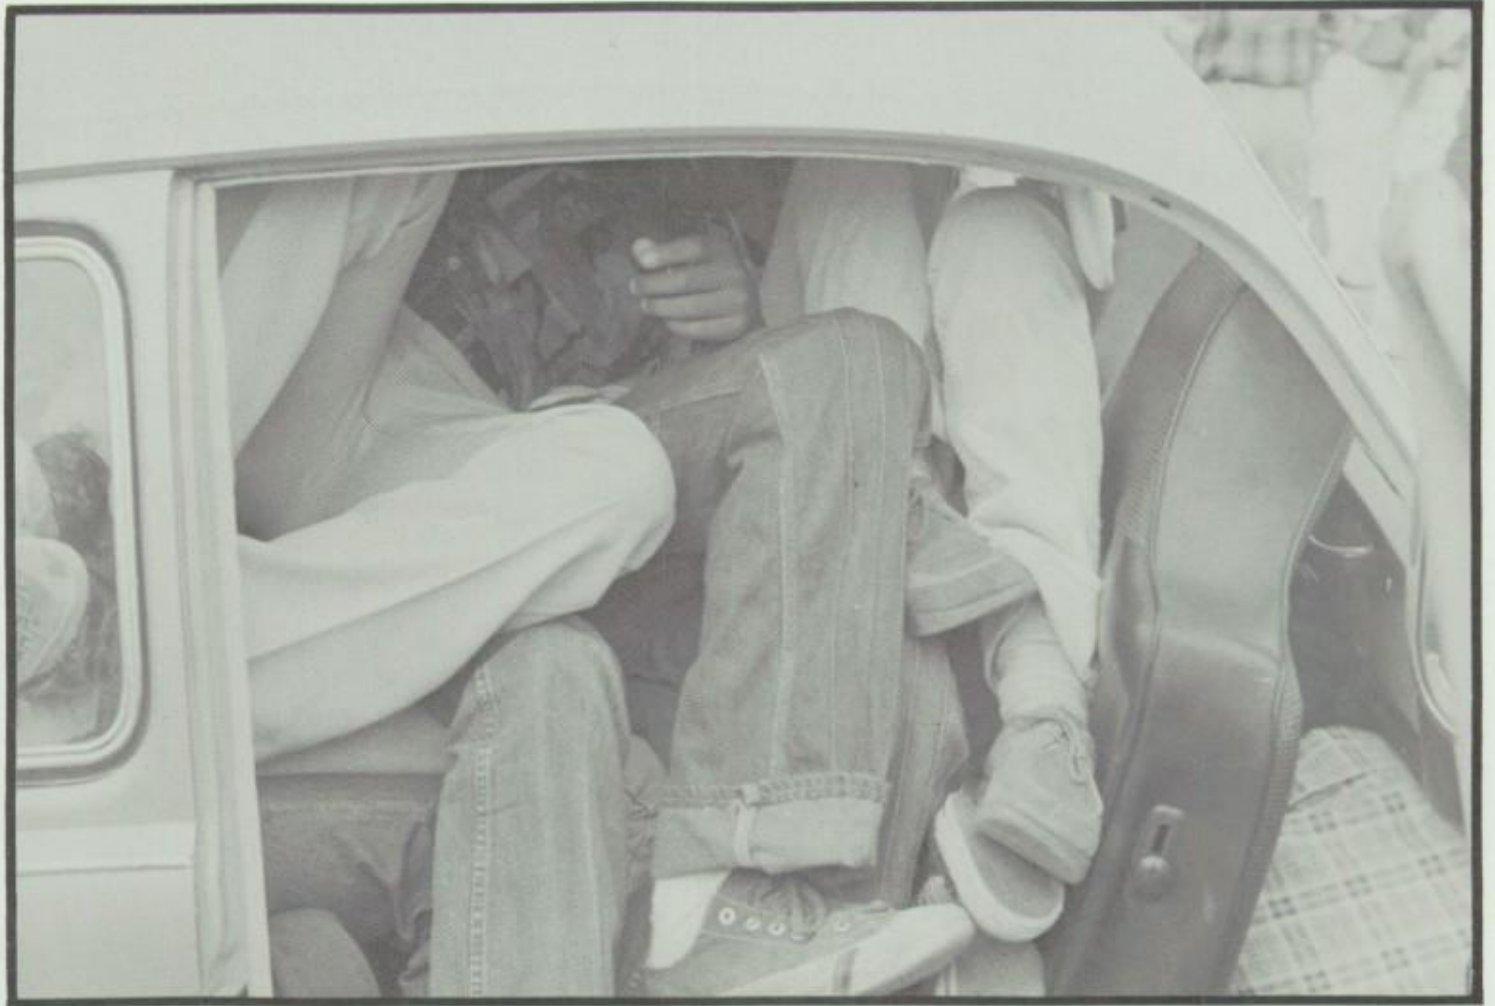

"Pep Rallies are neat. They add something to a team that is sometimes lost. A team without spirit is not a whole team."

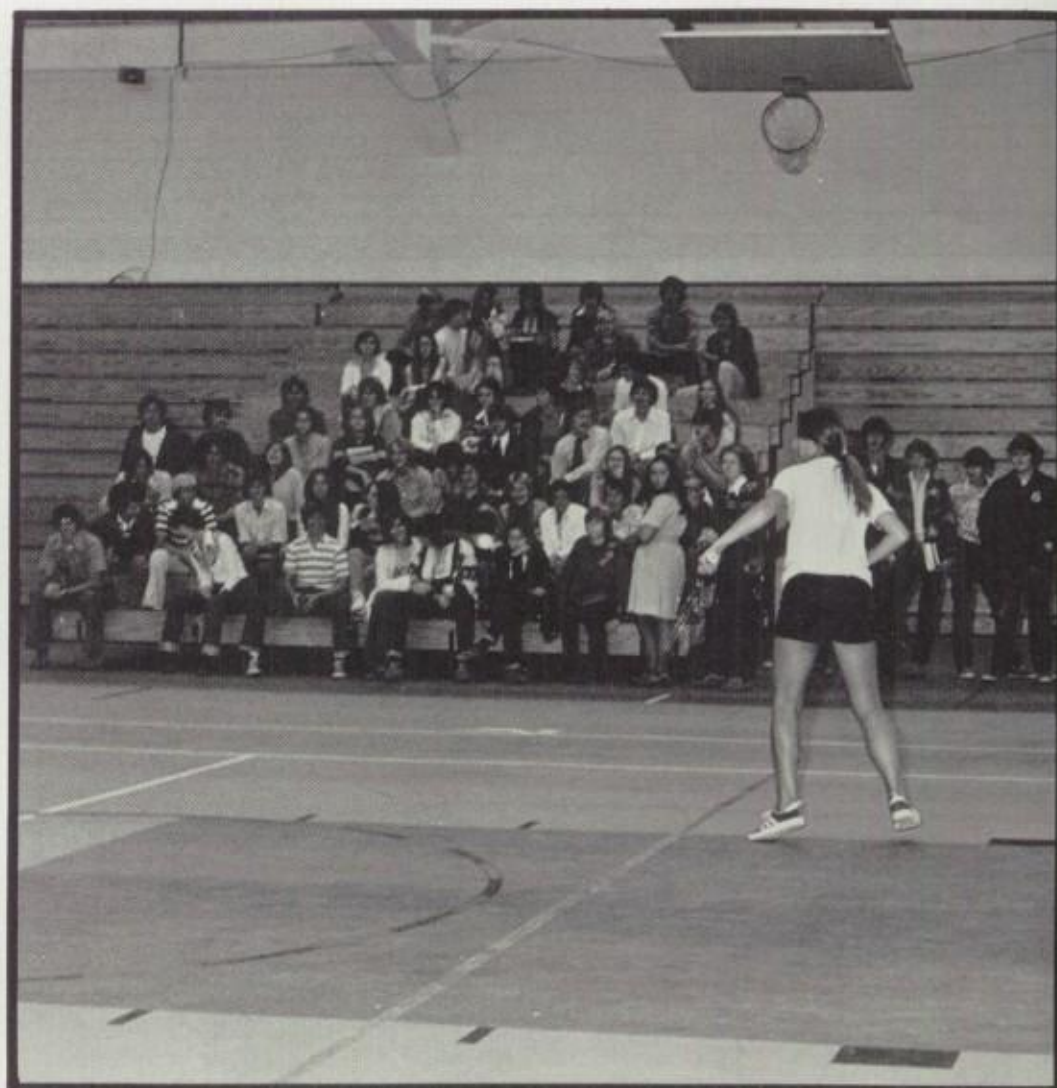

-Alton Evans

"The cheerleaders with short skirts jumping up and down stimulate school spirit the most!"

-Foster Snipes

What Is Your Best Shot?

"I like watching intramurals. I enjoy seeing sports in which you and your friends can compete. It really makes you look forward to coming to school." -Eddie Joe Perry

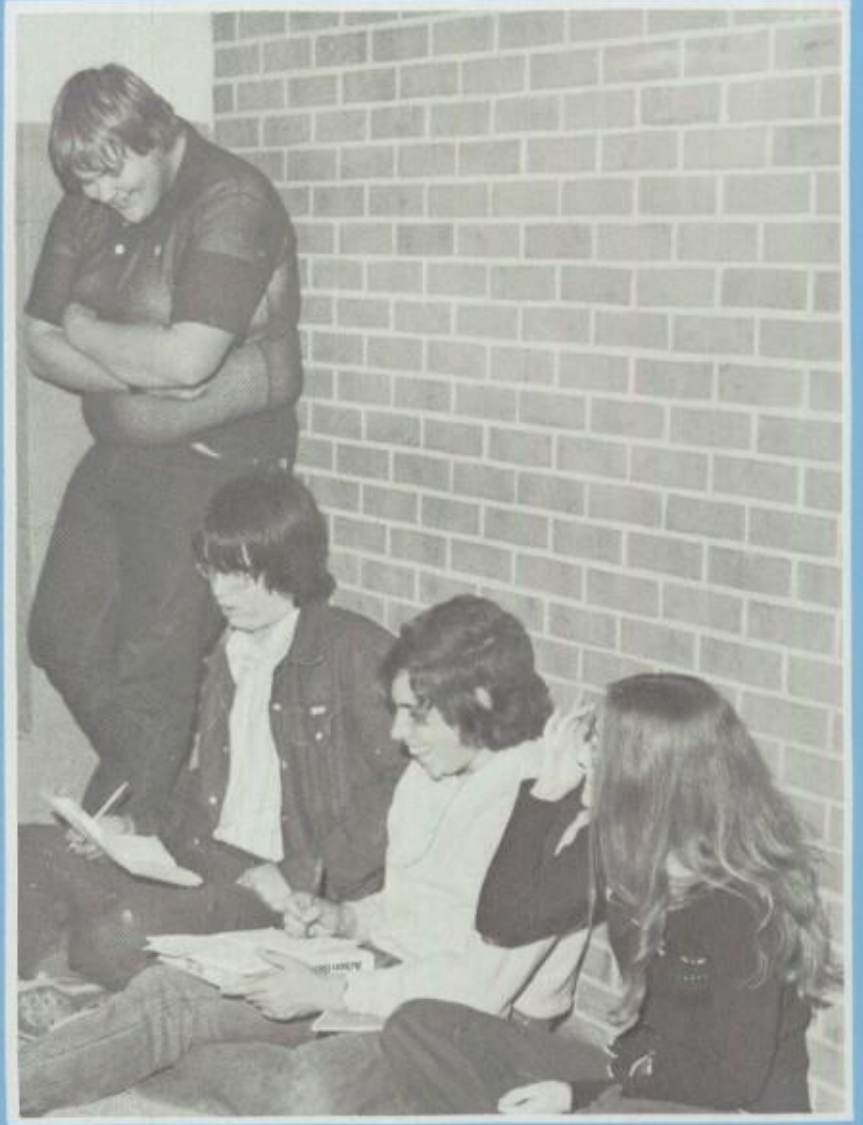

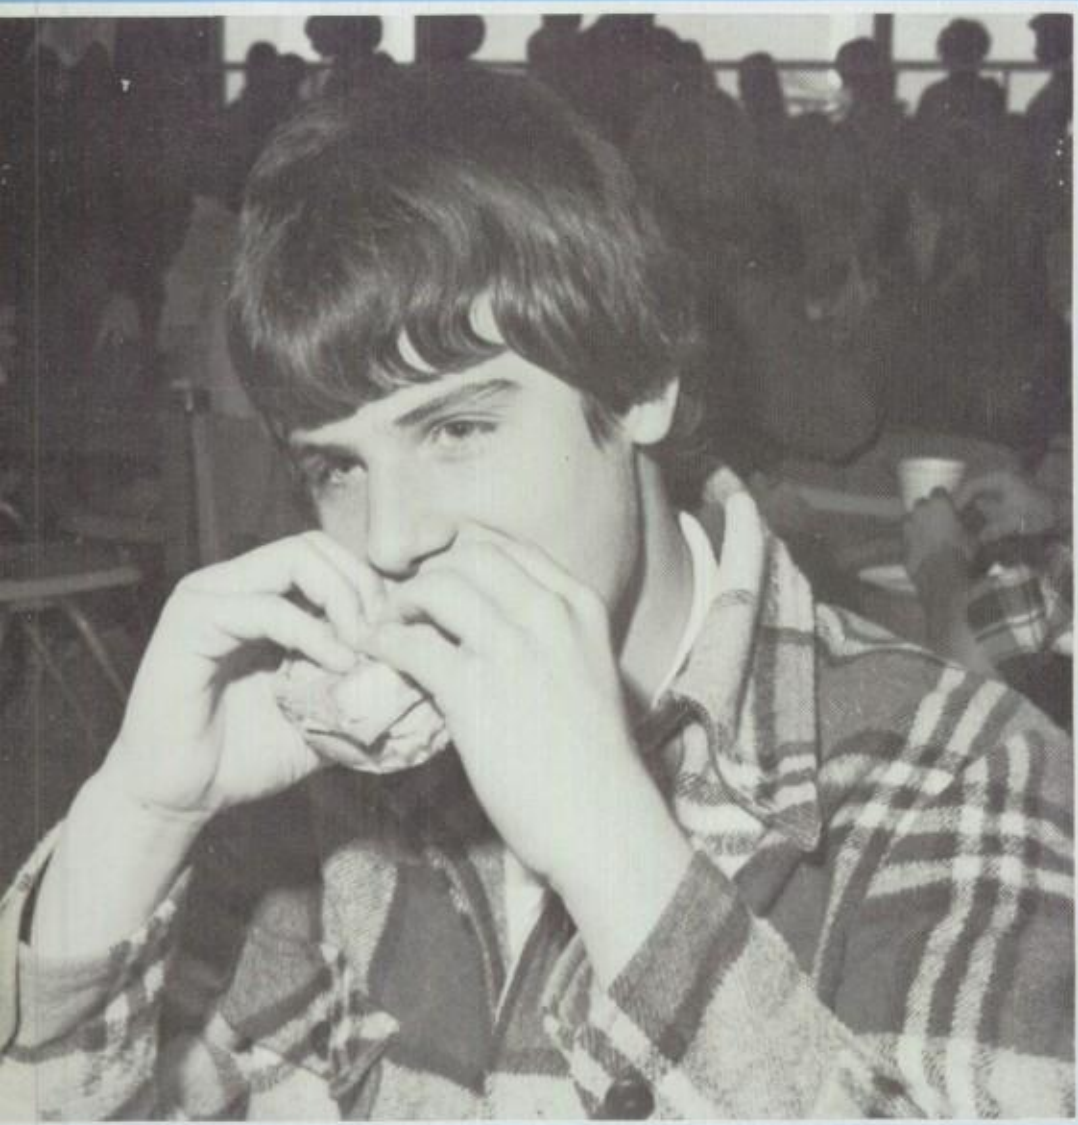

"The intramurals give the students something worthwhile to do at lunch. To say that you have the best football team or softball team is something to be proud of. Coach King does a good job conducting the intramurals, and I hope that they will continue a long time." -Mike Allison

"Participating in intramurals is participating in school activities. I enjoy competing with other students." -Nancy Smith

"I really enjoy playing ping pong, tennis, basketball, or softball in the intramural program. It gives you something to get involved in instead of sitting around doing nothing." -Danny Brown

"The intramural program is the thing that has most impressed me about OHS. It gives the students a chance to break the monotonous routine of school. Those who don't participate enjoy the program just as much as the participants. I will never forget the first game of the basketball season when our team defeated our opponents 55-7. Coach King, the backbone of the program, is so dedicated that he has given up his lunch period almost every day all year. I appreciate his efforts and the program itself." -Jay Parker

What Makes Lunch Worth Waiting For?

"The Intramurals are very exciting, and it gives you something to do during lunch. It gives the students who do not play on a school team a chance to participate in the sports they enjoy."

-Beverly Parrish

"I go to my radiator in the lobby and watch the girls walk by."

-Charlie Woods

"I prefer to eat lunch, then go to the library and look at magazines. On Mondays I go to the Senior class meeting where we talk about events that are happening in the Senior Class."

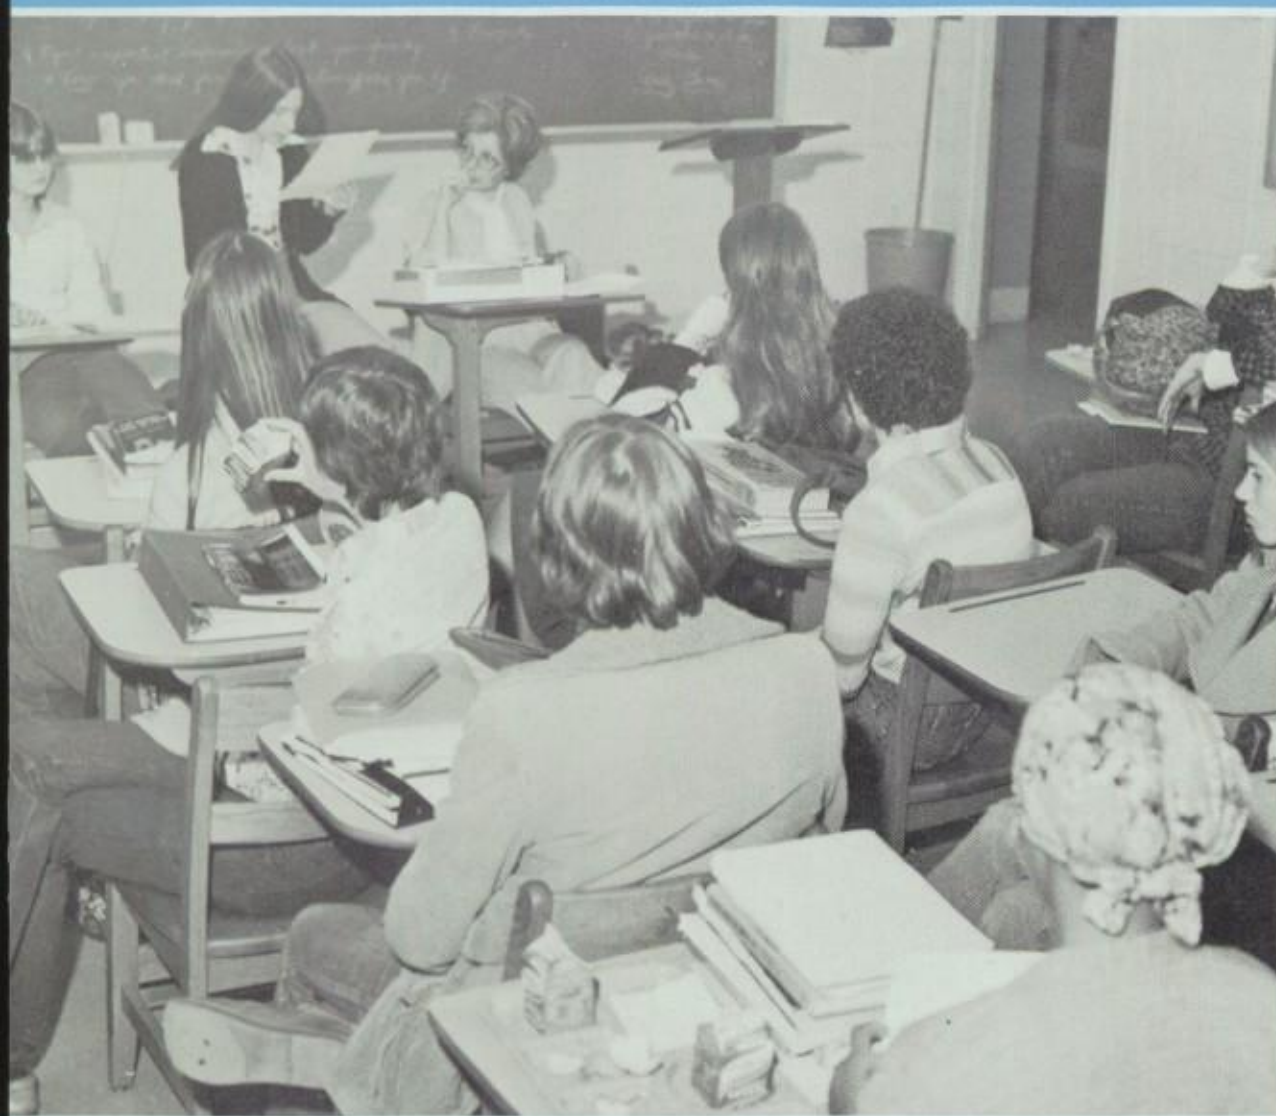

-Larry Hawkins

"I eat lunch, walk around the campus a while, and then go talk to some of the girls."

-Gregory Flythe

"I usually sit back and read a book and watch the 'children' play."

-Michael Fuller

Exams

"Exams intimidate students because 18 weeks is too long a period to be tested on. If exams were given every 9 weeks, it would not be so unfair. I don't see how a student could be asked for information discussed 18 weeks ago. Lots of students freeze when it comes to taking tests."

-Donna Roberts

"I don't think we should have semester exams. I think students would get more out of a course if we had exams every 9 weeks. It's too much to cram for an 18 week test."

-Allison Davis

"I don't like seniors being exempted from exams now, but I'm sure it will be great next year. I think sophomores and juniors should be exempt too."

-Bobby Knowles

"I think the present exam schedule is okay."

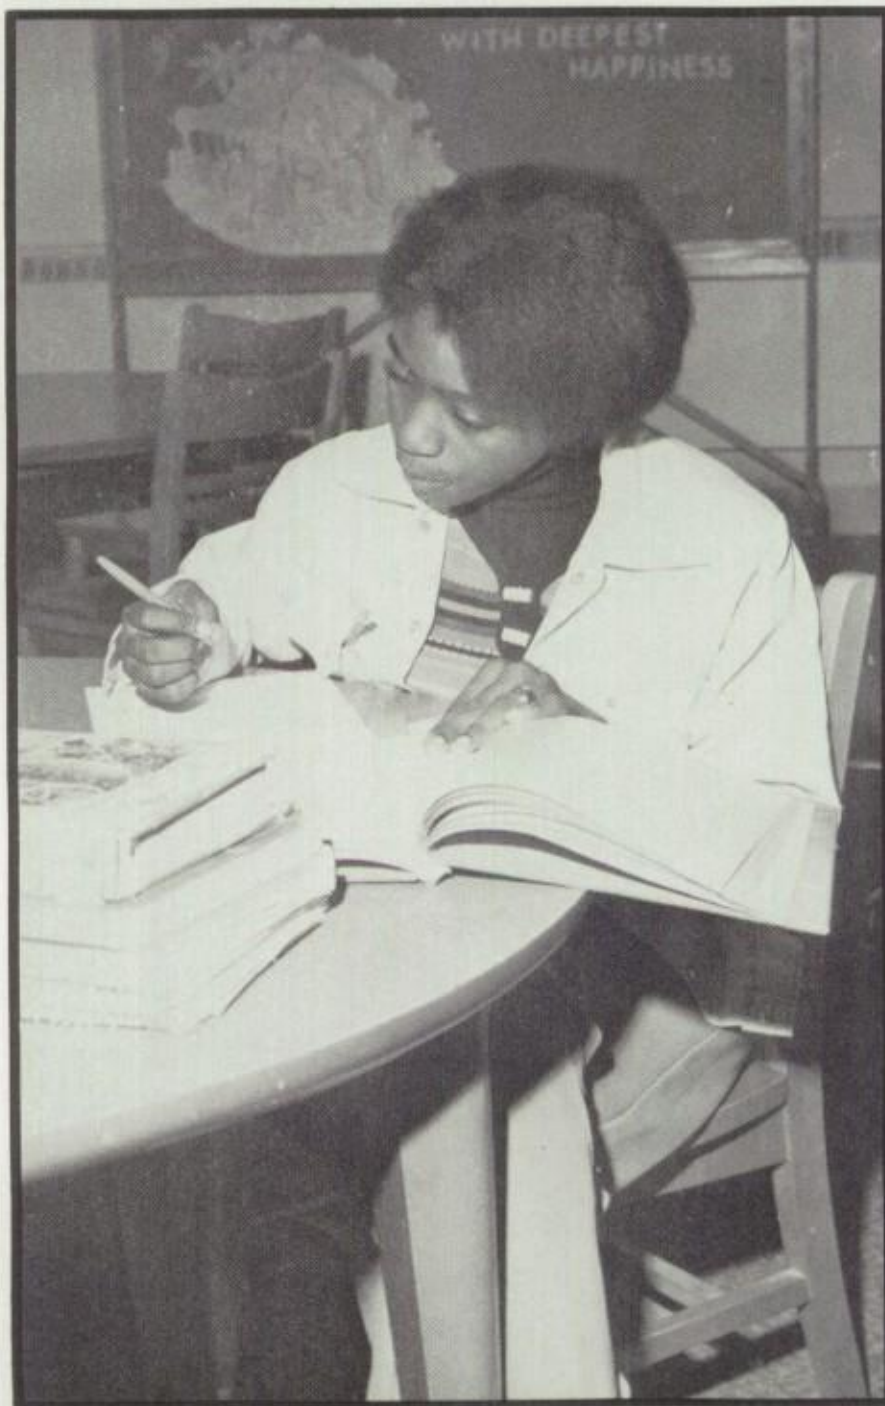

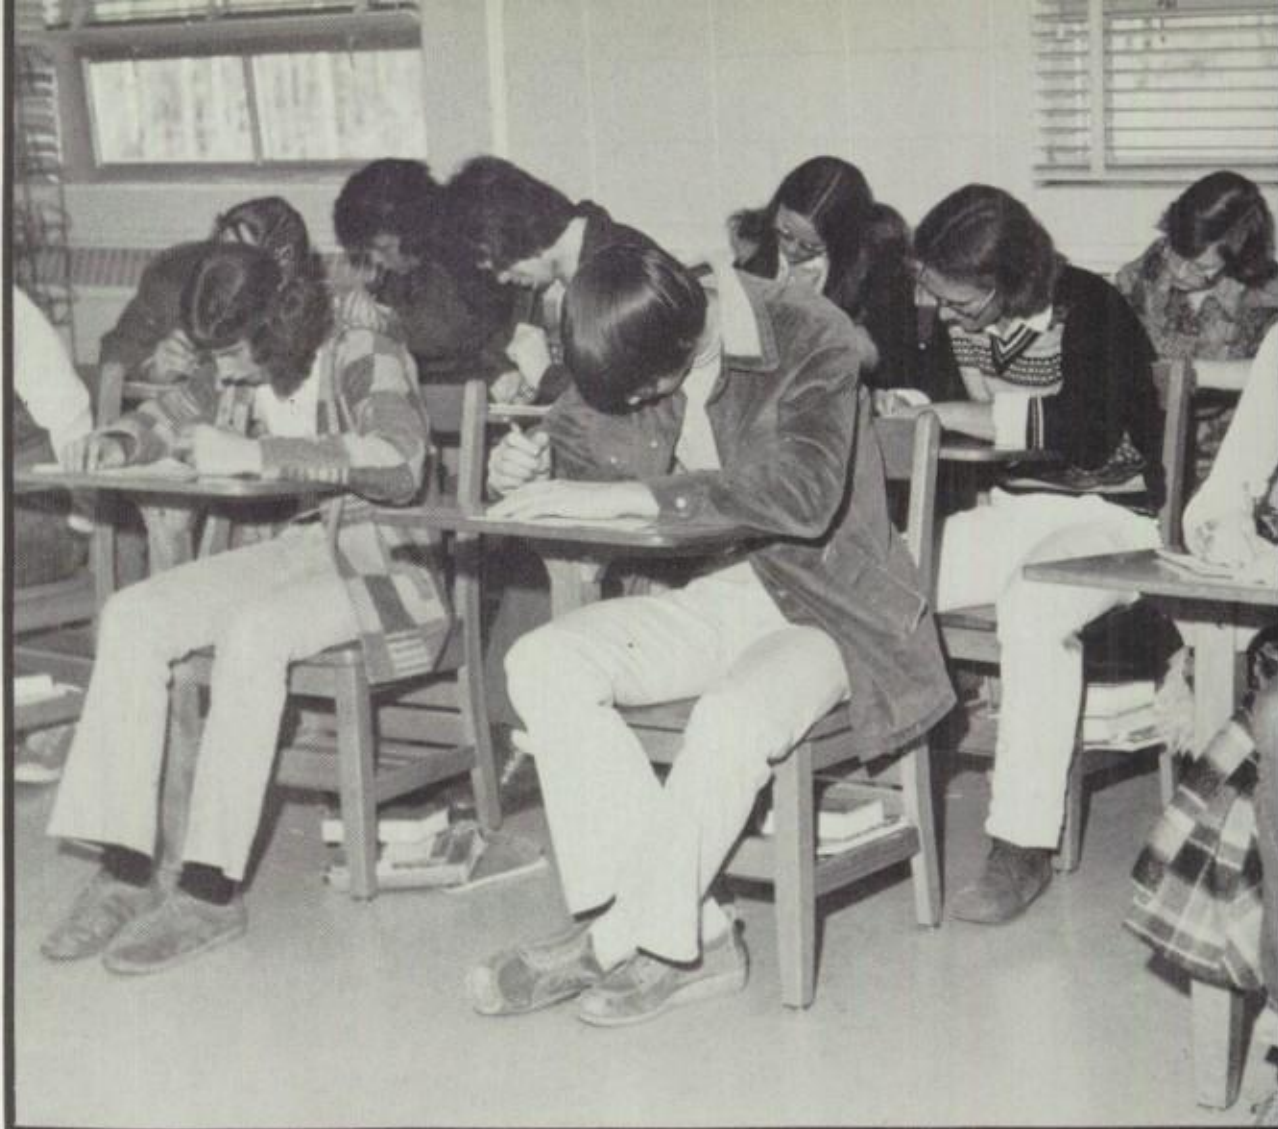

-Gloria Tinnin

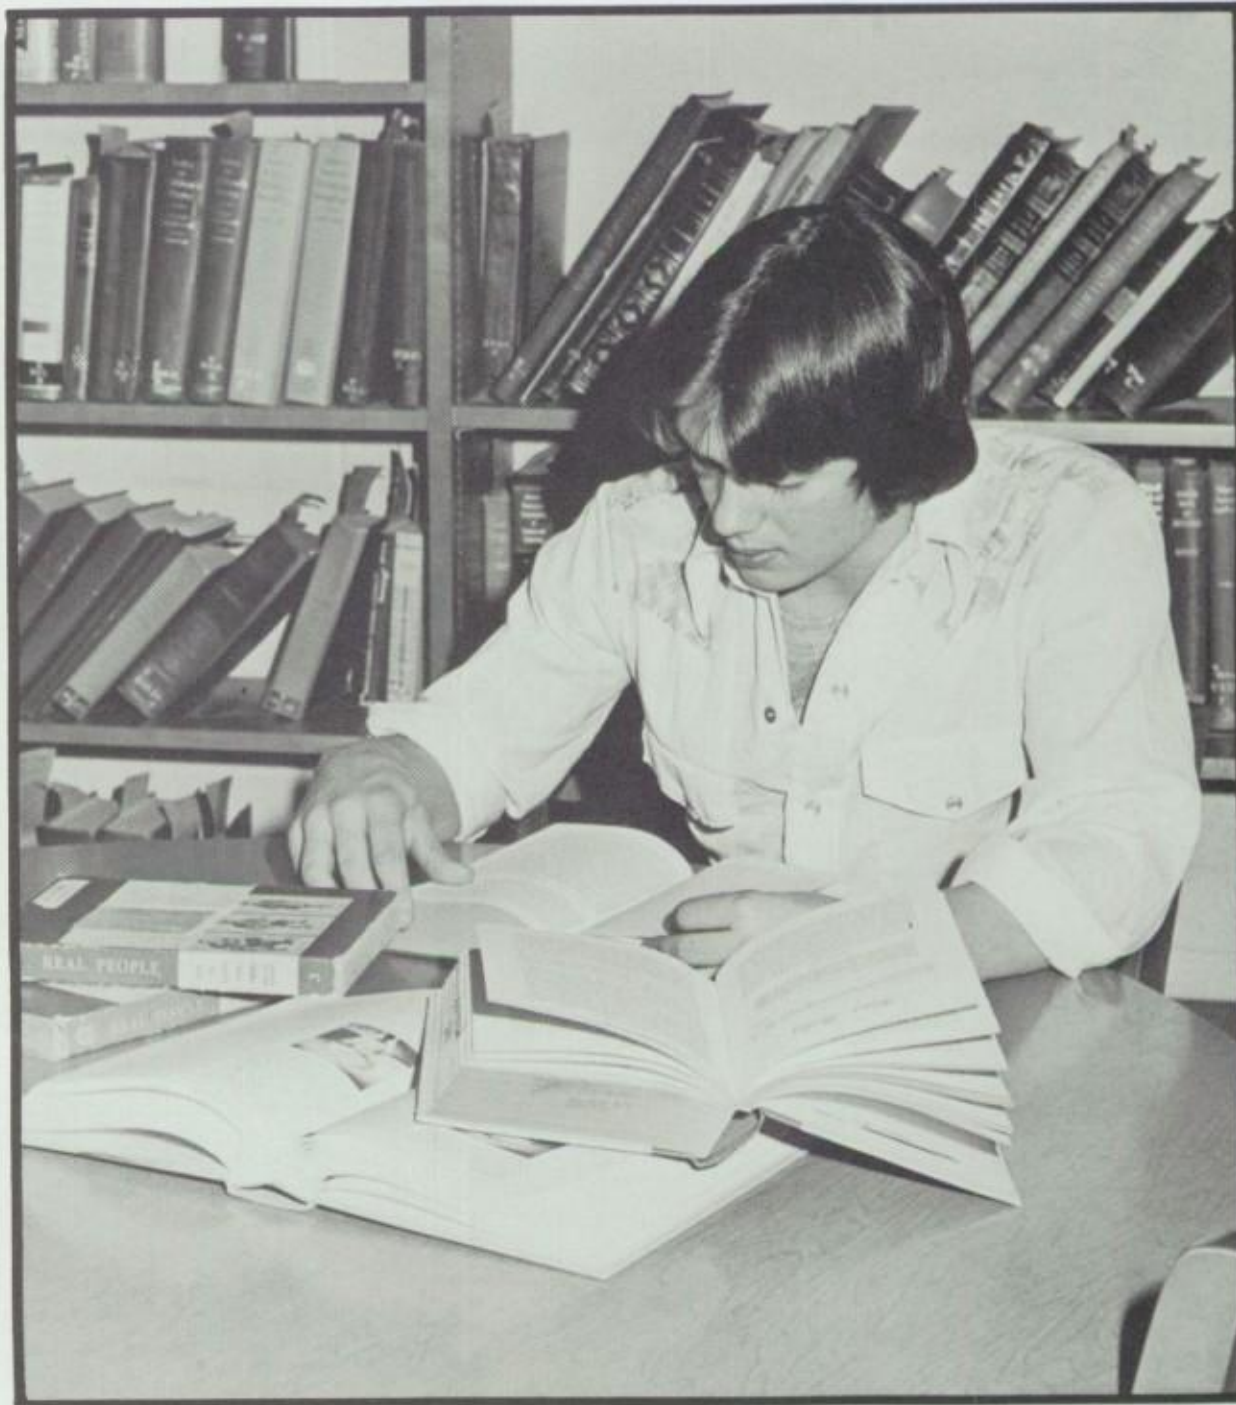

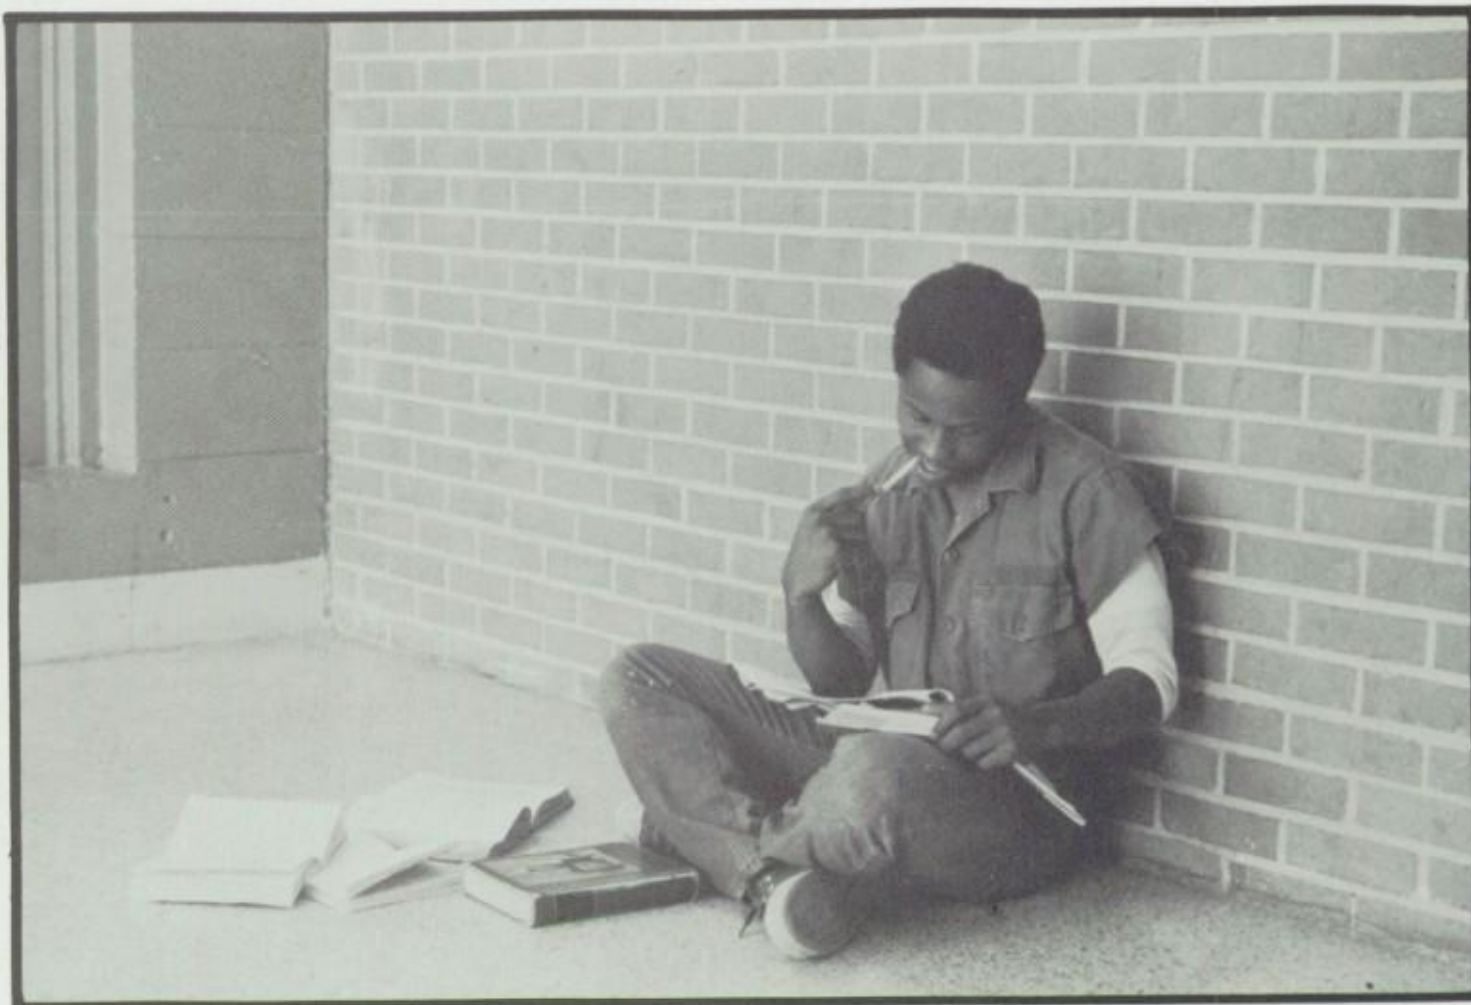

"I don't think we should have semester exams. I think we have enough tests during the period. If you learn something at the beginning of the semester, most people will forget it and have to rack their brains to remember it by test time. Lots of times a semester test will bring down a good average."

-Mark Williams

"Exams are the anathema of students everywhere; one schedule is just the same as another to me."

-Linda Pilkey

"I do think I have been adequately orientated for college, but only because of the teachers, not because of the small academic portion of the funding." -Tammy Freeman

"What do I expect from college? Knowledge, the capacity to become independent, successfulness, intelligence, being 'whole,' and having fun." -Cheryl Hill

"From college I expect to discover many new interests and to meet a lot of people. I expect to further my education and to find a profession in which I will spend my eternity." -Carol Dixon

"When I go to college, I imagine I will encounter many new situations and people with varied personalities and backgrounds. Meeting people is one of my main reasons for going to college. I feel that fellow students are some of the best learning tools one can have." -Alethea Williamson

"I don't feel I have been adequately oriented for college. I feel that Orange does not sufficiently prepare me for college. The courses taken are often inadequate and vague. We need a wider variety of studies." -Cindy Martin

"I do think I have been adequately oriented for college, but I am not planning to go. I don't feel that college is all that promising." -Nina Johnson

In Their Opinion . . .

"We should have assemblies because we deserve some time to relax." -Raphael Warren

"We need to have assemblies everyday. It would help to break the monotony." -Mark Efland

"When we do have assemblies, they're pretty good, but they are too infrequent." -Bill Powell

"I would like to see more craft shows. Last year I really enjoyed the potter that came. He gave demonstrations on stage. I suggest an assembly that displays students's talents. I feel if someone, interested in students, was appointed, a successful assembly that interests everyone could be held." -Donna Efland

"We should have more assemblies than we do. I personally enjoy them because the assemblies breakup the daily routine of classes and exams. I believe the main reason we don't have more assemblies is the behavior problems." -Gary Upchurch

"I enjoy getting out of school because of snow. It gives the students a chance to get back at the teachers with snowballs! I enjoy throwing snowballs at teachers, especially the ones I dislike." - Jeffrey Mangum

"The telephone drives us crazy on snow days. I love the excitement of a new snow storm, and I can understand parent's concern. But, it surely is hectic in the office!" -Mrs. Peach Culbreth

"Taking the senior portraits should have been handled another way." -Keith Brinn

"The organization could have been better for senior portraits. The standing in lines was not so bad; however, everyone should have been more cooperative. If the pictures come out, then I will be satisfied; if not, it will have been a waste of time." -Deborah Hocutt

"This is a fire drill! It is NOT lover's lane!" -Dr. Steve Halkiotis

In Their Opinion . . .

"The facilities are not adequate in the restrooms. There are not enough paper towels, and soap." -Mary Whitted

"When I attempt to go into the bathrooms, the smoke hits me in the face. If a person stays in there for only a little while, she comes out smelling like she smoked a pack of cigarettes." -Cathy Fowler

"The bathrooms haven't been kept clean. Everyone is writing on the walls that they love someone. No one wants to use a dirty bathroom. They should be kept clean and sanitary. The paper and mess should be kept off the floor and put in the trash cans. Those who smoke should go to the smoking area. That's my opinion of the bathrooms." -Nita Evans

"I think the bathrooms at Orange are in good shape. The students have a tendency to mess them up a lot, but Ernest does a good job of cleaning them up." -Stan Parker

"The school store needs to be larger, and it needs more facilities to attract the students' attention." -Darlene Pettiford

"I feel a school store is necessary because if I need some supplies, I can buy them at a reasonable price and it's so convenient." -Gary Upchurch

"It's nice to have a school store where you can buy a pencil for Mr. Gaddy's class. I think the store needs to be open more often." -Sherby Wood

"I don't mind having a student teacher replace a regularly assigned teacher for a period of time but it would depend upon the teacher he/she replaces." -Becky Carr

"I think the overall idea of student teachers is pretty good, although, sometimes with their inexperience, the students don't always benefit. However, if a student teacher is under the close supervision of the teacher and is helped along, both students and student teacher can benefit." -Randy Tyler

"Student teachers are an experience to us and I'm sure their internship here is an experience to them. You know, we always remember the nervous habits of our student teachers and how much they would let us get away with, but do we ever think what remembrances they have of us." -Jenny Mann

"I don't object to a student teacher replacing my regular teacher if it is for the benefit of the student teacher toward his goal of teaching. Student teaching helps these people adjust to new surroundings." -David Brinn

"I think that some student teachers are a welcomed change from the established teaching methods of the teachers who have been here for many years." -Mike Johnson

"I think student teachers are fine and I enjoy them. But I don't approve of the regular teacher leaving the class all the time. Also, I think it would be better if the student teacher and regular teacher alternated." -Betty Taylor

In Their Opinion . . .

"The announcements should be read out on the intercom because some of the teachers do not tell the classes everything they need to know." Eva Walton

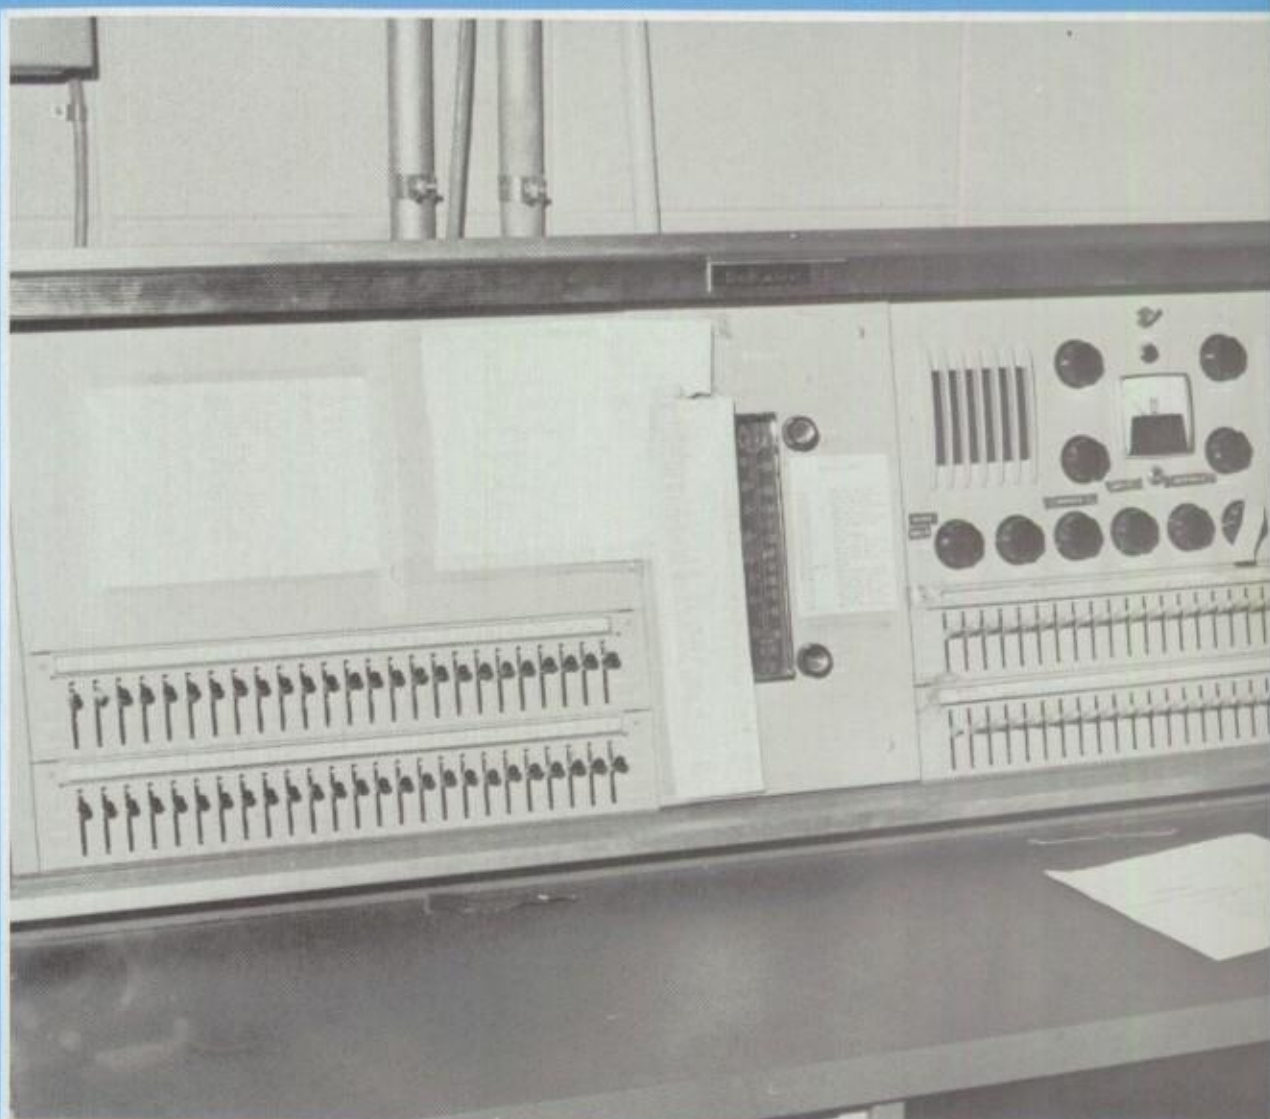

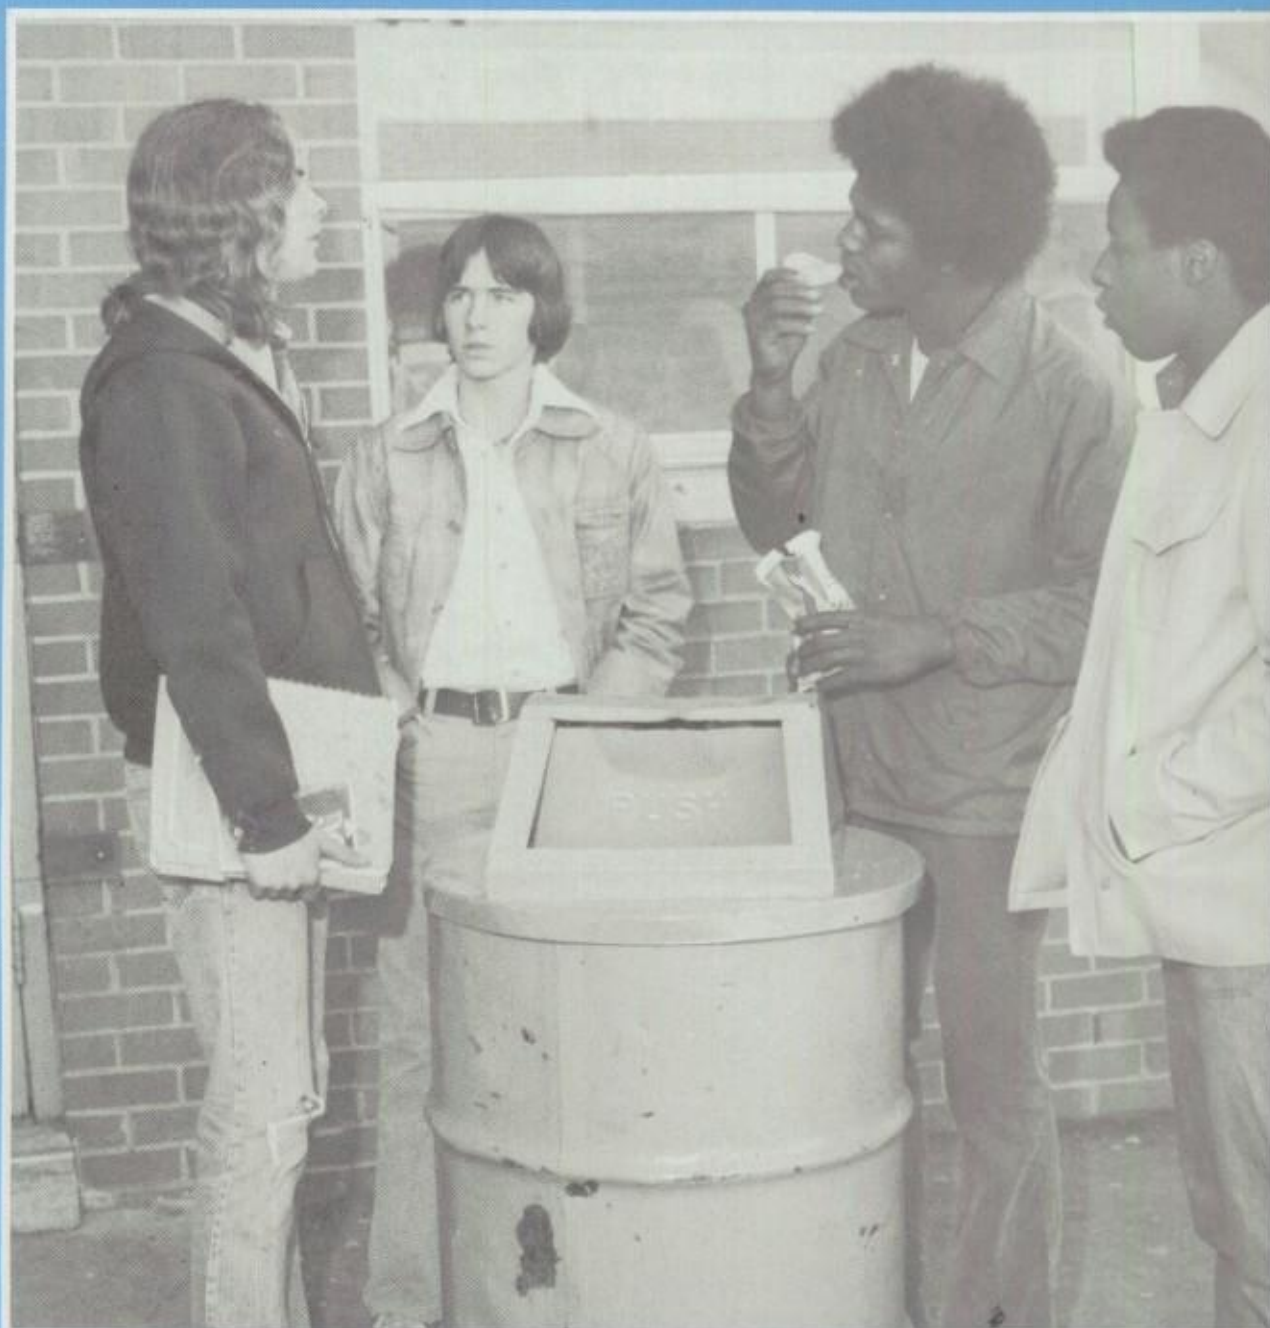

"In some rooms you cannot hear announcements. They might be important to you, and you can't hear what is said. Sometimes my class is typing, and I can't hear a thing. To save paper, announcements should be read over the intercom." Lola Woods

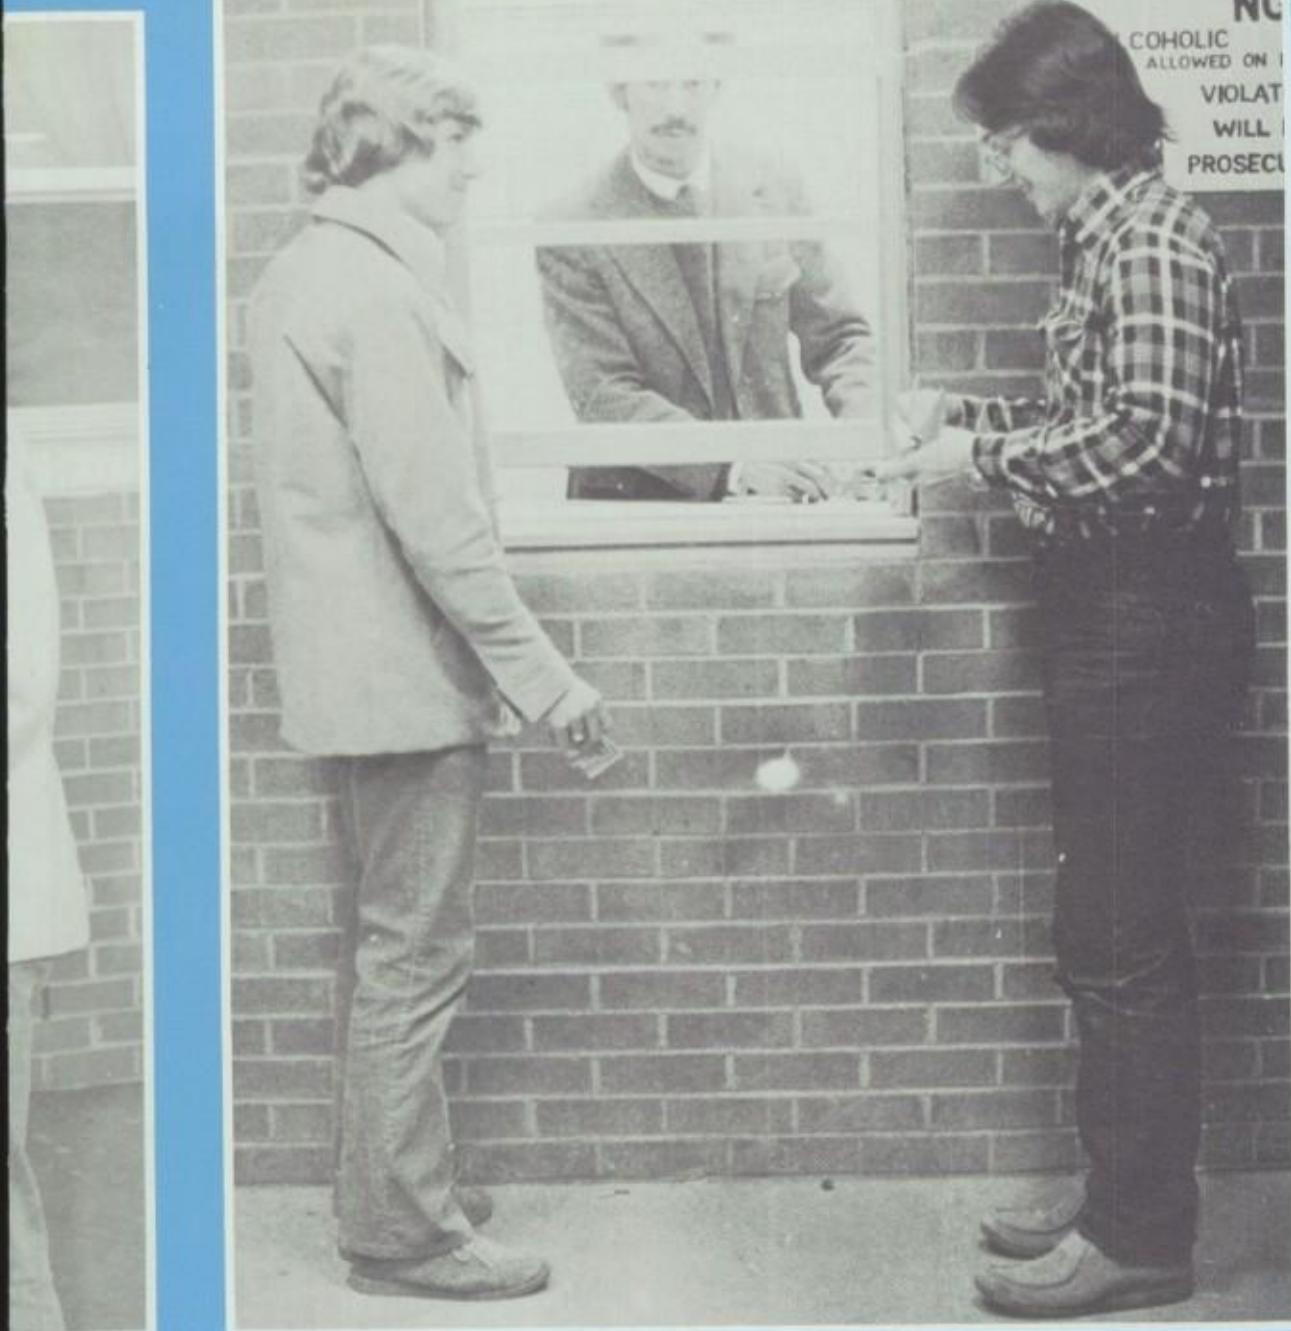

"I think there should be a three or four minutes before break for announcements. Teachers should have been finished with the class by then. Besides, what can they get done in three or four minutes?" Ronnie McAdoo

"We should have announcements read because the students want to know what is going on. It only takes three minutes to announce them." Valton Thompson

"The intercom system should run on the same basis that Stanford Jr. High does. They have buttons in the classrooms that can be put on 'Privacy.' They can tell the office in case of an emergency. It seems like the system needs to stay in working order or either pay the errand runners who trot between classes." Inga Haas

"I would rather have the announcements read out loud over the intercom because I am not at Orange for homeroom or first period, so I don't have a chance to read them" Sparky Carroll

"I'm for an open campus. I think it should be tried. But if things get out of hand and the students fail to come back to school on time, it should be all cut." -Dot Swann

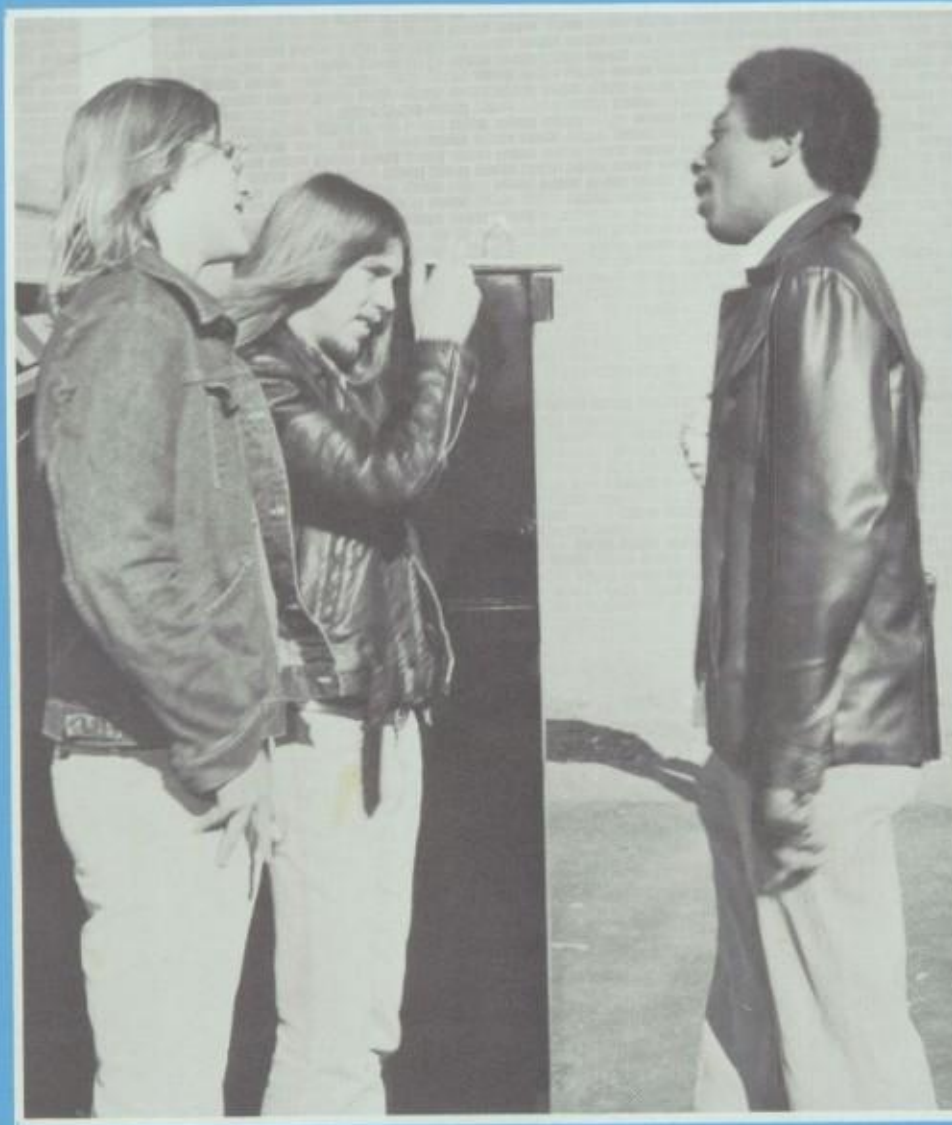

"I think the new attendance policy is very good because a lot of students would be absent if they didn't have it." -Freddie McBroom

"To me, the attendance policy is very liberal, because I have a good attendance record. Yet some may find the strict policy difficult. I feel the people who enforce the rules should sway on certain occasions. I think the policy serves the purpose and will

"I feel that the cultural arts building is something that should have been built long ago. I know as a bricklayer that it is unpleasant to hear banging bricks in an English class. I am glad to hear of such a project to isolate the arts from academics." -Holly Coleman

"I think the open campus is a good idea but not a very practical one. In the first place we live in Hillsborough and if we could leave for lunch, where would we go? Secondly, most of the students are not responsible enough to be trusted to return to school on time. I don't believe the open campus would be successful at this time." -Eric Matthews

"I think a ten month school year would be fine because we go to school nine months and one extra month really would not make much difference." -Ava Riley

Homecoming 1976

"For the second year, the activities for homecoming were postponed. I felt sorry for the girls on the court who were all dressed up waiting for the final results, and then they had to wait for two more weeks until the October 22 game to find who had won. The cheerleader sponsors are trying to get in good with the weatherman for next year so we won't have to shovel wet wood and float debris after the failure of the bonfire." -Jean Swainey

"Homecoming is a time at Orange when each individual has a chance to stand up for something he believes in - winning! Girls, parades, fans, friends, and bands make the Homecoming activities something worth waiting for. It's a time when we can all stand up and say, 'Hey, what a school!' David Ray Brin

"I am glad we have two queens for Homecoming." - Priscilla Mitchell

"Homecoming this year meant more to me because this is my senior year, and I feel closer to the queens. Halftime was done beautifully as always." - Ricky Crabtree

"I hated Homecoming! The rain was horrible. I had to stand out in it, and I got soaked. My music was soggy, and the procession was dull, drawn out, and boring. But, I liked the parade." Michael Barbour

Juli Collins, Queen

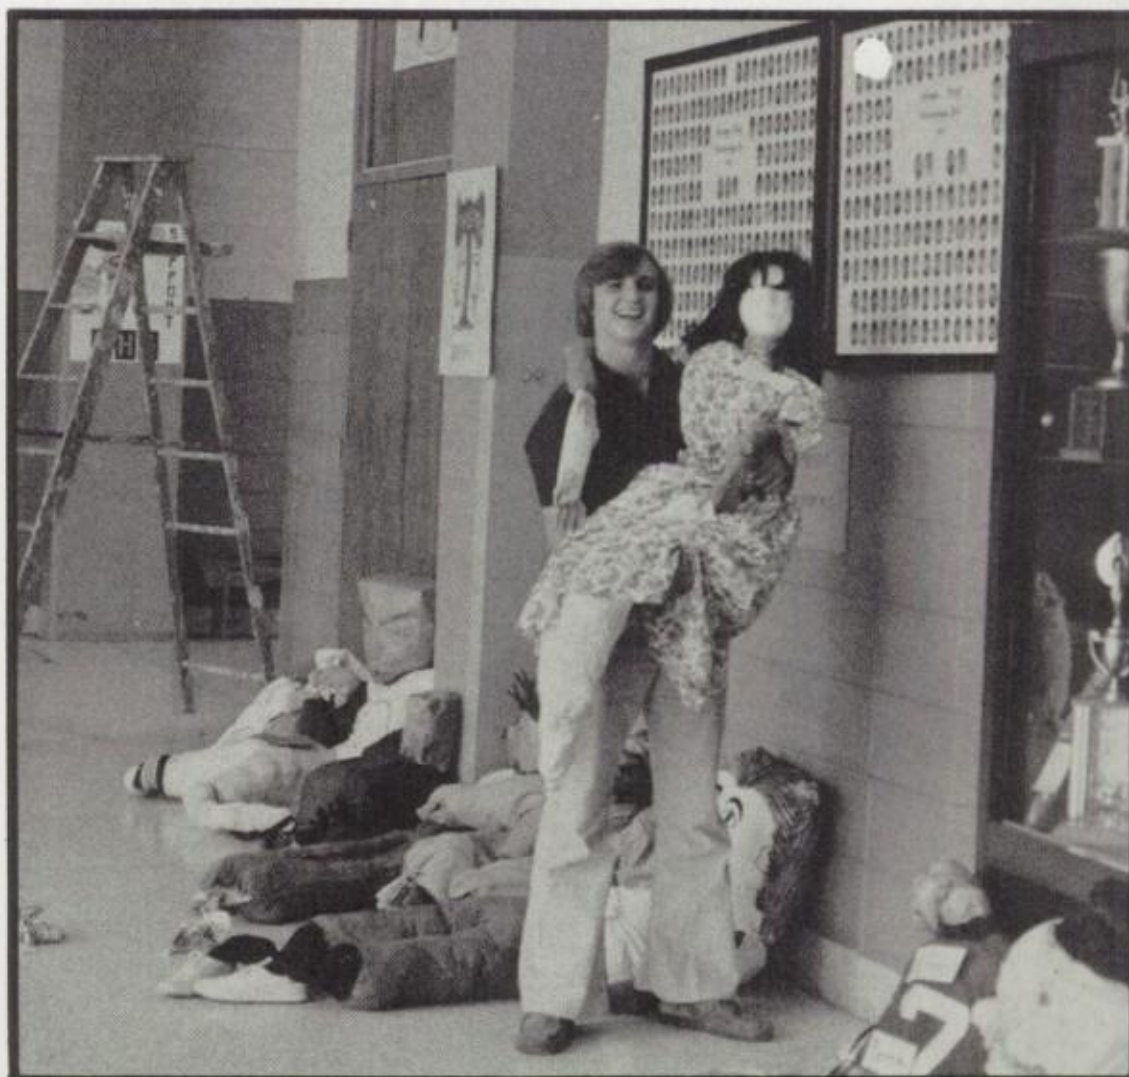

"For the second year, the activities for homecoming were postponed. I felt sorry for the girls on the court who were all dressed up waiting for the final results, and then they had to wait for two more weeks until the October 22 game to find who had won. The cheerleader sponsors are trying to get in good with the weatherman for next year so we won't have to shovel wet wood and float debris after the failure of the bonfire." -Mrs. Jean Swainey

"Homecoming is a time at OHS when each individual has a chance to stand up for something he believes in--winning! Girls, parades, fans, friends, and bands make the Homecoming activities something worth waiting for. It's a time when we can all stand up and say, 'Hey, what a school!'" -David Brinn

"Homecoming activities always make the student body aware of the positive things about the school. There is plenty of school spirit, love for the football players and their staff, and generally appreciation for all organizations of the school, as evidenced by the many floats in the parade." -Mrs. C.C. Stanback

"The Miss Black Teenage World Pageant was a great experience, and I met new people. I also learned a little about myself, that I did not know. For example, I thought I had little or no talent, but I did a dramatic interpretation called, 'For Mama'. I was judged on poise, talent, and appearance in sports wear and evening gown. In the pageant I won first runner-up and received a trophy." -Linnette Pounds

"The Miss Black Teenage World Pageant is a thrill and a challenge for many young black girls. It was an opportunity for us to meet new girls and learn about them and the things they like to do." -Cathy Clayton

"The Miss Black Teenage World Pageant was a lot of fun, and it really helped everyone to be able to step out and be yourself because all the competition was so great. I met a lot of new friends and went a lot of new places." -Sharkita Cates

1977 Junior Miss

"The Junior Miss Pageant gives the community an opportunity to display and honor some of the best products of their dedicated efforts. The academic excellence, the grace, the poise, the varied talents, and the aspirations of many parents and devoted educators are embodied in these charming and animated individuals."

-Dan Gaddy

"I attended both the local and the N.C. Junior Miss Pageant, and the local Junior Miss Pageant was far better in organization and production."

-Mark Bateman

"The Junior Miss Pageant was the most exciting event this entire school year. Practice was hard, but the hours went by fast."

-Donna Hicks

"Being in the Junior Miss Pageant is unlike any other experience I've ever known. All of the girls were like one big family. We learned to work and to share. It was sad to see it end."

-Susan Strayhorn

"After weeks of trying to decide whether or not to enter the Pageant, my decision was yes; it was one of the best decisions I've made."

-Gail McKee

"I had a great time getting to know the girls better and being a part of a great show."

-Mary McCulloch

"New friendships evolved from the Pageant activities as well as old friendships being strengthened."

-Karen Snyder, 1977 Junior Miss

"Junior Miss is a good experience for seniors to compete while becoming accustomed to performing in public."

-Wanda Mayo

"Girls' State was held at UNC-Greensboro the week after school was out. Three hundred girls attended the American Legion sponsored week and learned about State Government. Governor Jim Holhouser, Attorney General Rufus Edmisten, and Mr. Craig Phillips were just a few of the speakers at Girls' State. The girls elected officers in a mock state election. During the week the girls enjoyed meeting one another, and although we were ready to go home at the end of the week, we hated to leave our new friends."

-Diane Nichols

"The week spent at UNC-G was an inspirational one, not only because I learned a great deal, but because the bond between all of the girls seemed so very strong."

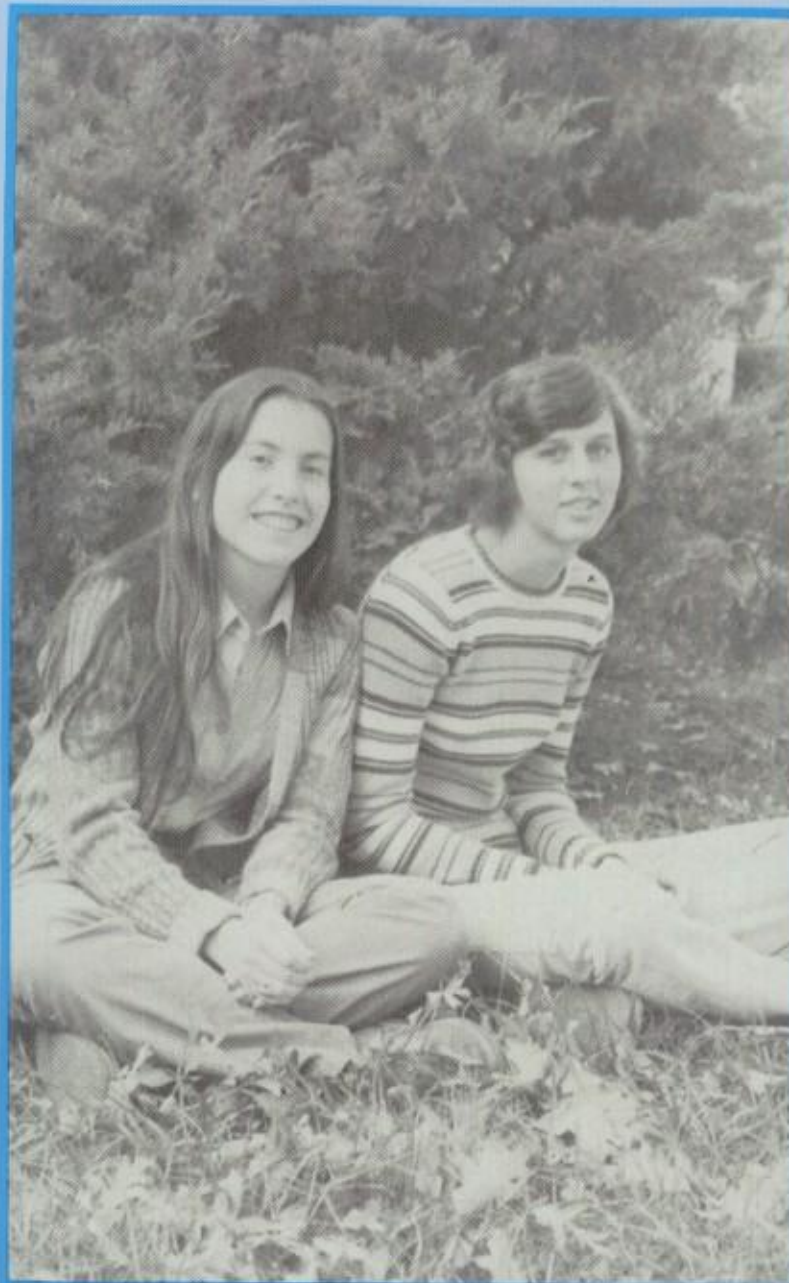

-Betty Tom Phelps

"Boys' State was a one-week seminar sponsored by the American Legion. This event took place on the campus of Wake Forest at the beginning of the summer. Leaders from state and local governments spoke about different aspects of their work, ranging from court affairs to legislative procedure."

-Rob Greer

"If ever I was surprised, it was the night a representative from the American Legion called to make an appointment for an interview with me about attending Boys' State. I was taught the basic fundamentals of how state government operates, stressing the Rules of Order. Along with the many hours of seminars and lectures, the four hundred boys spent an unforgettable week of towel and water balloon fights."

-Doug Kimrey

"Making new friends, learning about natural science, getting up at 7 a.m. to fight the breakfast line, going to dances, playing solitaire, and going to Mayberry's are a few of the activities and memories of Governor's School. We lived in a dorm on Salem College campus in Winston-Salem, and I enjoyed the experiences provided by Governor's School."

Karen Snyder

"The DAR Good Citizen award is the greatest honor I have ever received. To be chosen by my classmates is a memory I will treasure. Although I have been singled out as DAR, many others have worked to improve O.H.S."

-Betty Tom Phelps

"The Outstanding Senior of the Month is sponsored by the National Exchange Club. A committee of faculty members is appointed by the principal to select a senior each month based on scholarship, school and community activities."

"The local Exchange Club awards each Senior a \$25 Savings Bond. At the end of the year, the local club will select the Senior to represent them at the state and national competition."

"The local winners are Karen Snyder, Rob Greer, Wanda Mayo, LaRosa Pinnix, Della McAdams, and Kim Dunn."

-Mrs. Anyce McKee

"I enjoy being a journalist and writing a weekly column for the **MEBANE-ORANGE ENTERPRISE**. It has given me the chance to let the public know what's happening at Orange High."

-Susan Oliver

"I am grateful for the experience of writing for the **DURHAM SUN** before entering the UNC School of Journalism. My writing has improved greatly, mostly in mechanics. Never have I been cut for my choice of topics, but there have been times when I have been at a loss for something to write. Sometimes it is difficult to find the time to write the article, but all in all, writing for the **DURHAM SUN** has been exciting and profitable."

-Nanci Wallick

"Having never attended Press Institute at UNC before, I had no idea what to expect. In most cases, the classes were informative and interesting . . . but there were exceptions."

-Malcolm Black

"I am looking forward to returning to Press Institute this year. After a year on the **REFLECTIONS** staff, I am more prepared to handle the volume of information thrown at us during the three-day institute."

-Tracey Kale

Top Left To Right: Susan Oliver, Nanci Wallick, and Joyce Ham.

"Close-Up, a federally funded program, for the last six years, has brought high school students and teachers to the very center of American government and political activity. Through a rigorous, first-hand examination of government in Washington, students are provided with an opportunity to achieve a meaningful degree of understanding about our government and about how they can participate in it.

Students become involved in head-to-head discussions with members of House and Senate, committee staffers, administration figures, judges, lobbyists, reporters, politicians, ambassadors, and just ordinary concerned citizens who contribute to the daily complexity that is our government. Through these discussions, students will gain an understanding of how government changes constantly to meet new needs."

-Mrs. Doris Hayes

"Being a Junior Marshal was one of the most memorable highlights of my Junior year."

-Ronnie Edwards

"Being a Junior Marshal for the 1976 Graduation was an honor, as well as a responsible duty. Assisting the Guidance Office with diplomas, helping arrange the stage for the speakers, leading the seniors into the Stadium, and handing out programs were all necessary to make the graduation exercise run smoothly."

-Jeff Heath

"The All-State auditions were held in Mebane at Eastern High School. They were opened to any high school band members that wanted to participate. I made the All-State band by playing six major scales, a solo, and by sight reading. There were no awards given out except for a certificate given to everyone who participated . . . The weekend was simply terrific! I learned to appreciate my instrument as well as my playing abilities by participating in the All-State Band." Kenneth Roberson

"I enjoyed being in the movie 'The Gardner's Son.' It was a good experience, but I had more fun watching the movie than being in it. When I read the article in the newspaper, I really didn't pay that much attention to it. Then my parents saw the article; they took me and my brother to Burlington to audition. I didn't really care about doing it, but now I'm glad I did. It was a good experience." Malcolm Black

Mr. Senior

"Being named Mr. Senior is really a big honor to me. I consider it one of the highlights of my senior year. I think through the years 'Mr. Senior' has received a lot of recognition but most people don't realize what it is all about. Mr. Senior is a chance for a scholarship at Greensboro College. I hope this scholarship will last for years to come." Rob Greer

High-IQ Bowl Team

"The High-IQ Bowl Team is really something else. It's fun and hard work combined, but most of all it's a challenge.

"I mean, yeah, you have to study stuff you'd never dream of having to study while in high school (and when you can't figure it out, you feel like an idiot, but the best thing about it is you know you have to study to beat the other guys.)

"This competition is after first round, head-to-head competition and the pressure is pretty stiff. It's just us four against their four and, while you just sit in your seat instead of lining up off-tackle, it has many of the earmarks of a physical contest. You have to be ready with the answers, you have to be able to handle pressure, you have to be able to control yourself. In basketball they call technical fouls; in this they dole out penalties."

Mike Tuck

"Schubert's Last Serenade"

"I have enjoyed serving two years in Drama at Orange. It has really been a lot of fun. Productions teach one to work under pressure and to cope with people and problems that would be easy to just walk away from. I've enjoyed participating in productions and I plan to continue after graduation." - Scott Blackwood

"The past two years in drama have helped me find out who I am and it has also let me carry out my wildest dream. I will never forget Mrs. Deryl McGuire." - Bobby Sharpe

"Drama serves as a perfect outlet of my inhibitions. Drama lets me express myself with all the flare I could wish. Good times mixed with bad times make the department a success." - Nanci Wallick

"Exciting, worthwhile, fulfilling. I'll never forget it." - Darrell Crabtree

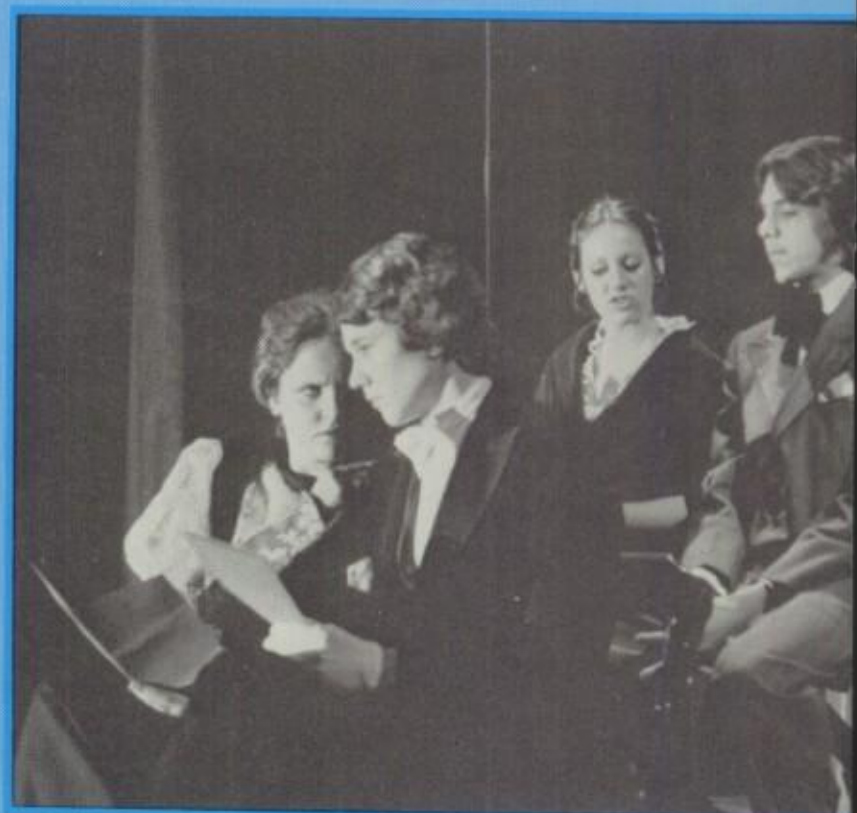

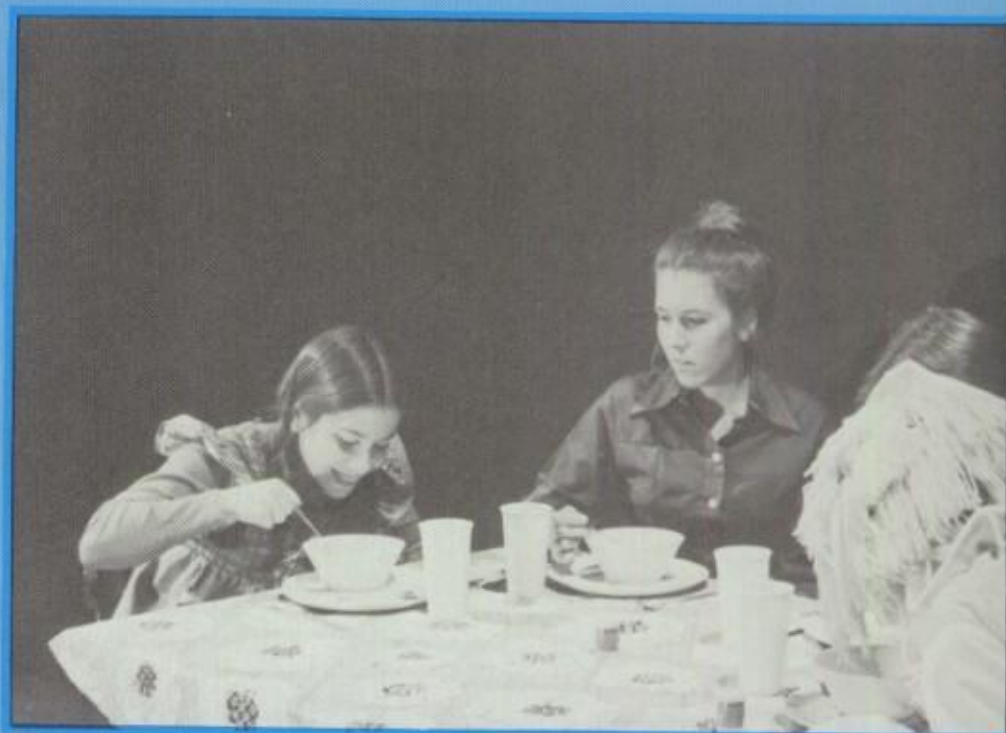

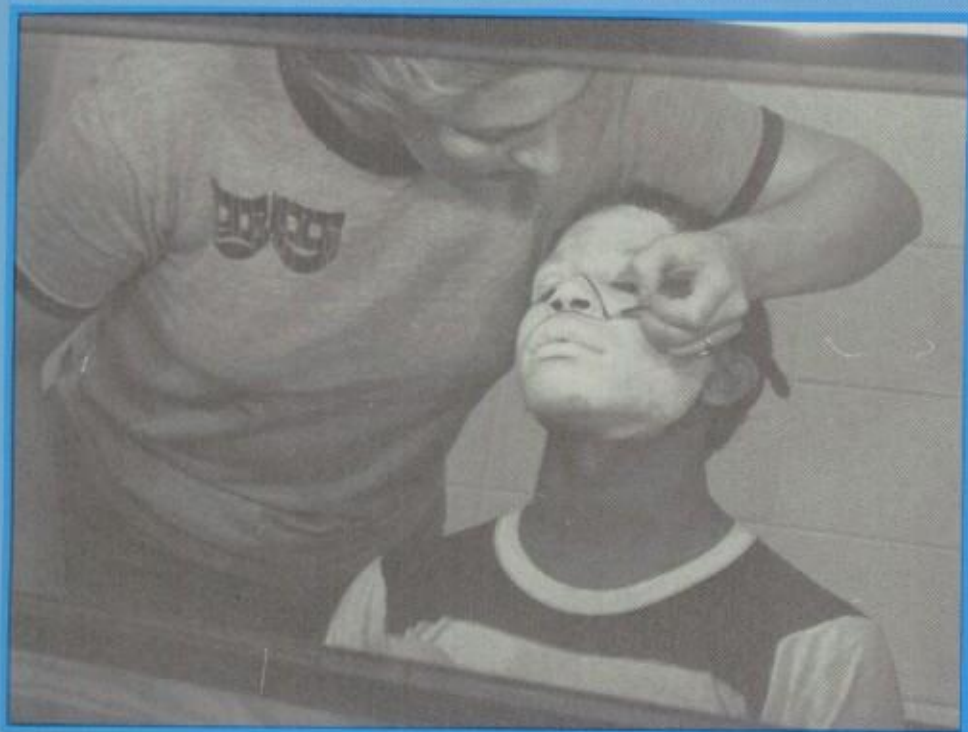

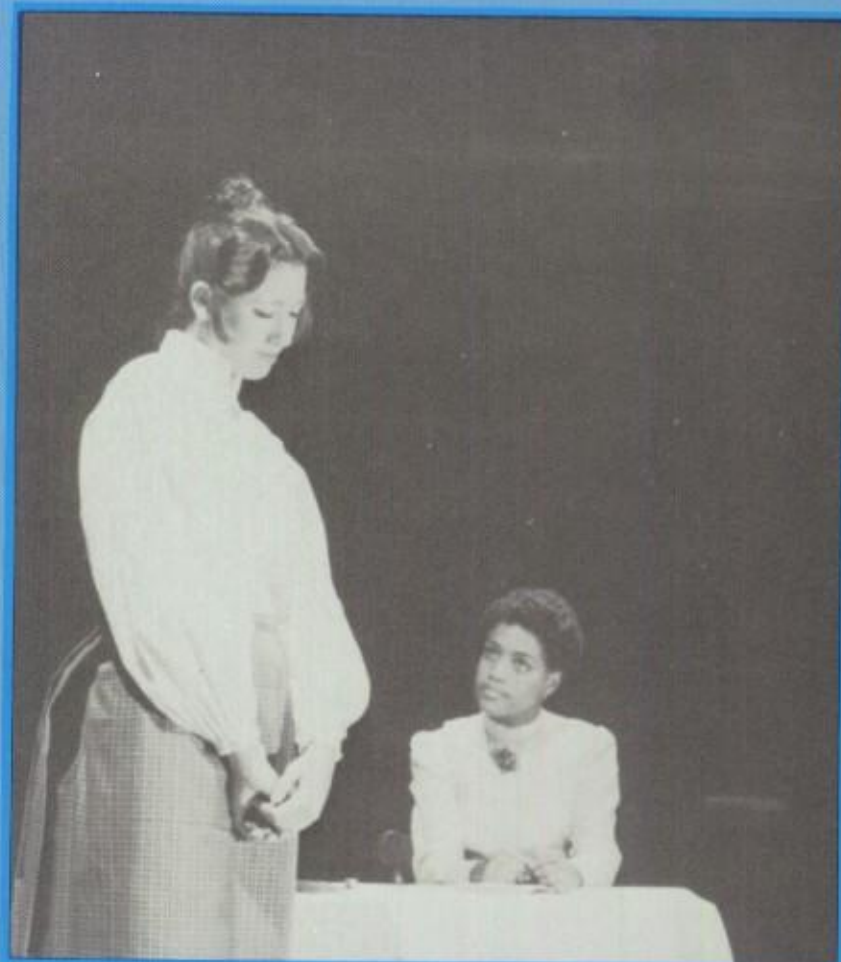

"The First Word and the Last' has got real potential and I hope we can do the play justice." - Ricky Crabtree

"Schubert's Last Serenade' is a very funny play. I enjoy doing it. It will be something to remember." - Greg Hawkins

"The First Word and The Last' is a very unusual play. It has a hidden meaning that says a lot. You have to look deep inside the characters to get the complete feeling of the play. It has taught me a lot about myself, and how much caring has to do with life or death." - Carolyn Robinson

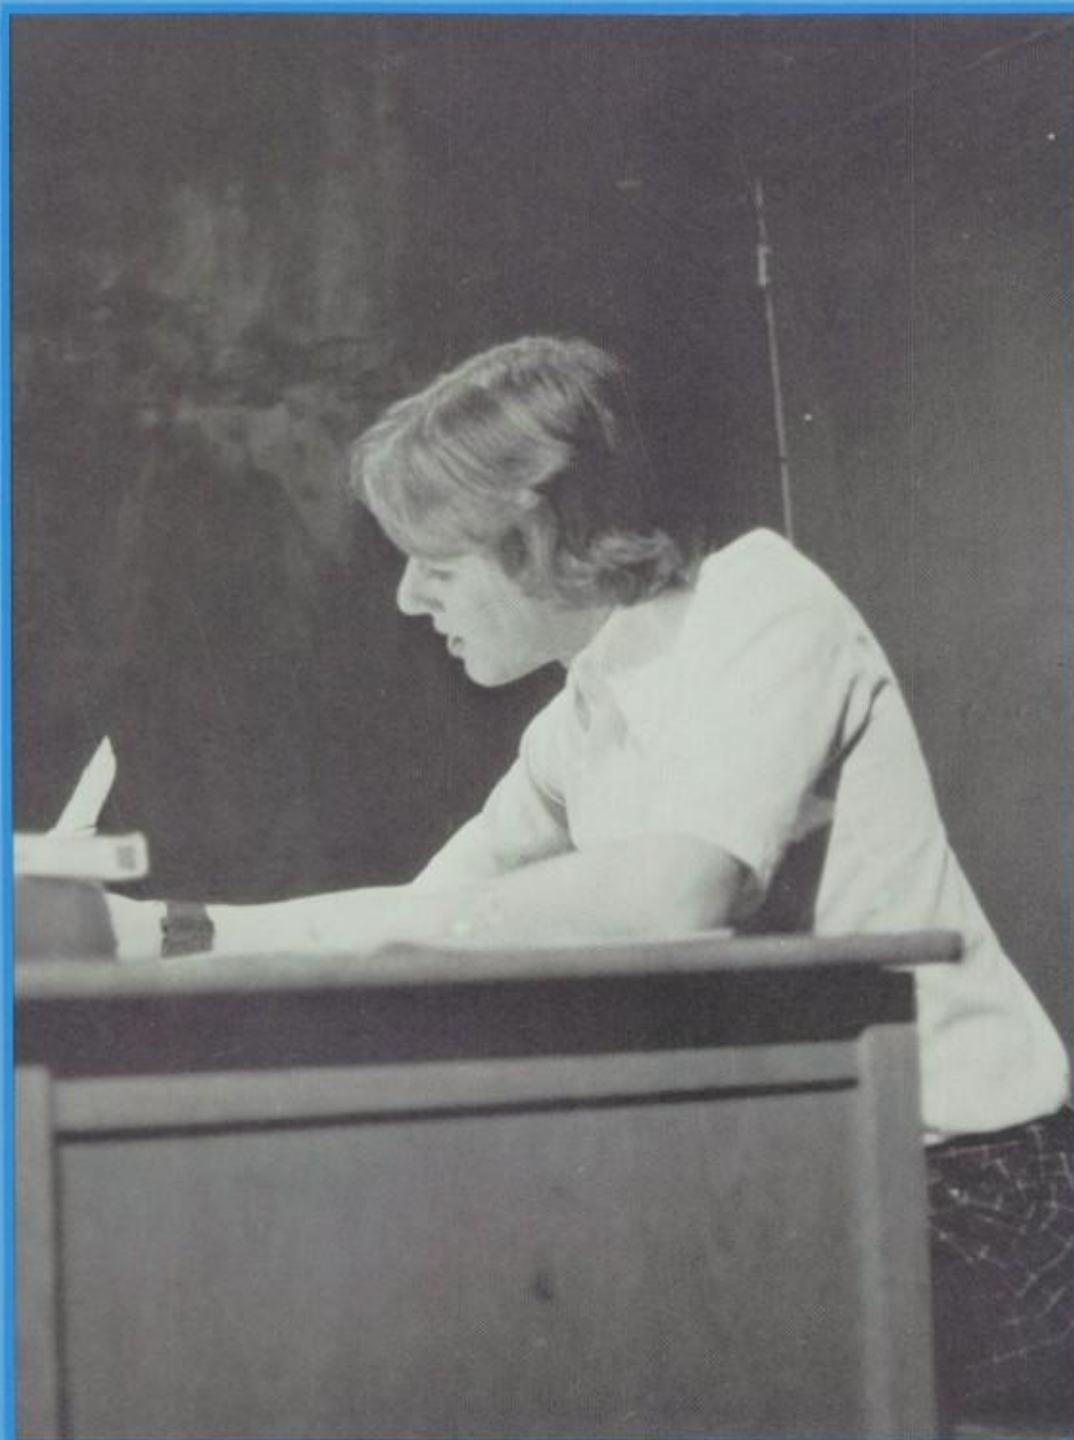

This Page, Top: Janet Hall, Kenneth Roberson, Below: Bobby Atwell Opposite Page, Top: Greg Hawkins, Top Right: Carolyn Robinson, Nel Torain Center: Mrs. Deryl McGuire, Marvin Roberson Center: Betty Tom Phelps, Bobby Sharpe, Marvin Roberson Below Left: Bobby Atwell, Below Right: Susan Oliver, Greg Hawkins, Allison Davis, Scott Blackwood

"The fall production of 'Goodbye to the Clown' and 'The Good Doctor' were great! I enjoyed the acting job of all the players. Kenneth Roberson and Janet Hall were superb in their roles in 'The Defenseless Creature.' Marvin Roberson and Betty Tom Phelps brought out their characters very well in 'Goodbye to the Clown.' The Drama Class should be commended on their excellent acting roles." -Sarah Teer

"I think both of the plays were extremely good, and the actors were supreme. I think special credit should go to Debbie Mills, Kenneth Roberson and Janet Hall. They all did a good job." -Bobby Cobb

"The Good Doctor' was a funny play. Kenneth and Janet could make anybody laugh. They had the audience's attention throughout the play." -Vann Scarlett

"The Fall Production was good. The actors really worked hard every single day to put on a good performance; not speaking of myself, but they each played their parts well." -Nel Torain

"I think the plays were good. Except in the raindeer play, when they didn't know their places, it was a good suggestion for a Christmas play. The fall plays were excellent I think. Mrs. McGuire and the drama classes made good suggestions about the plays. They're really good actors and actresses." -Vivian Brooks

"I thought that the Christmas play was nice. I enjoyed Debbie Mills' part in the program very much.

'The Good Doctor' is the one I liked most. I thought Kenny Roberson and Janet Hall were the best. That was the funniest play I had seen in a very long time, and I enjoyed it from top to bottom" -Beverly Scarlett

"I like the Fall Production the best. It had lots of variety and a never-ending sense of humor. This kind of play always keeps the crowd laughing and waiting to see the next scene." -Eric Worlax

SPORTS

Panthers Complete Up And Down Season

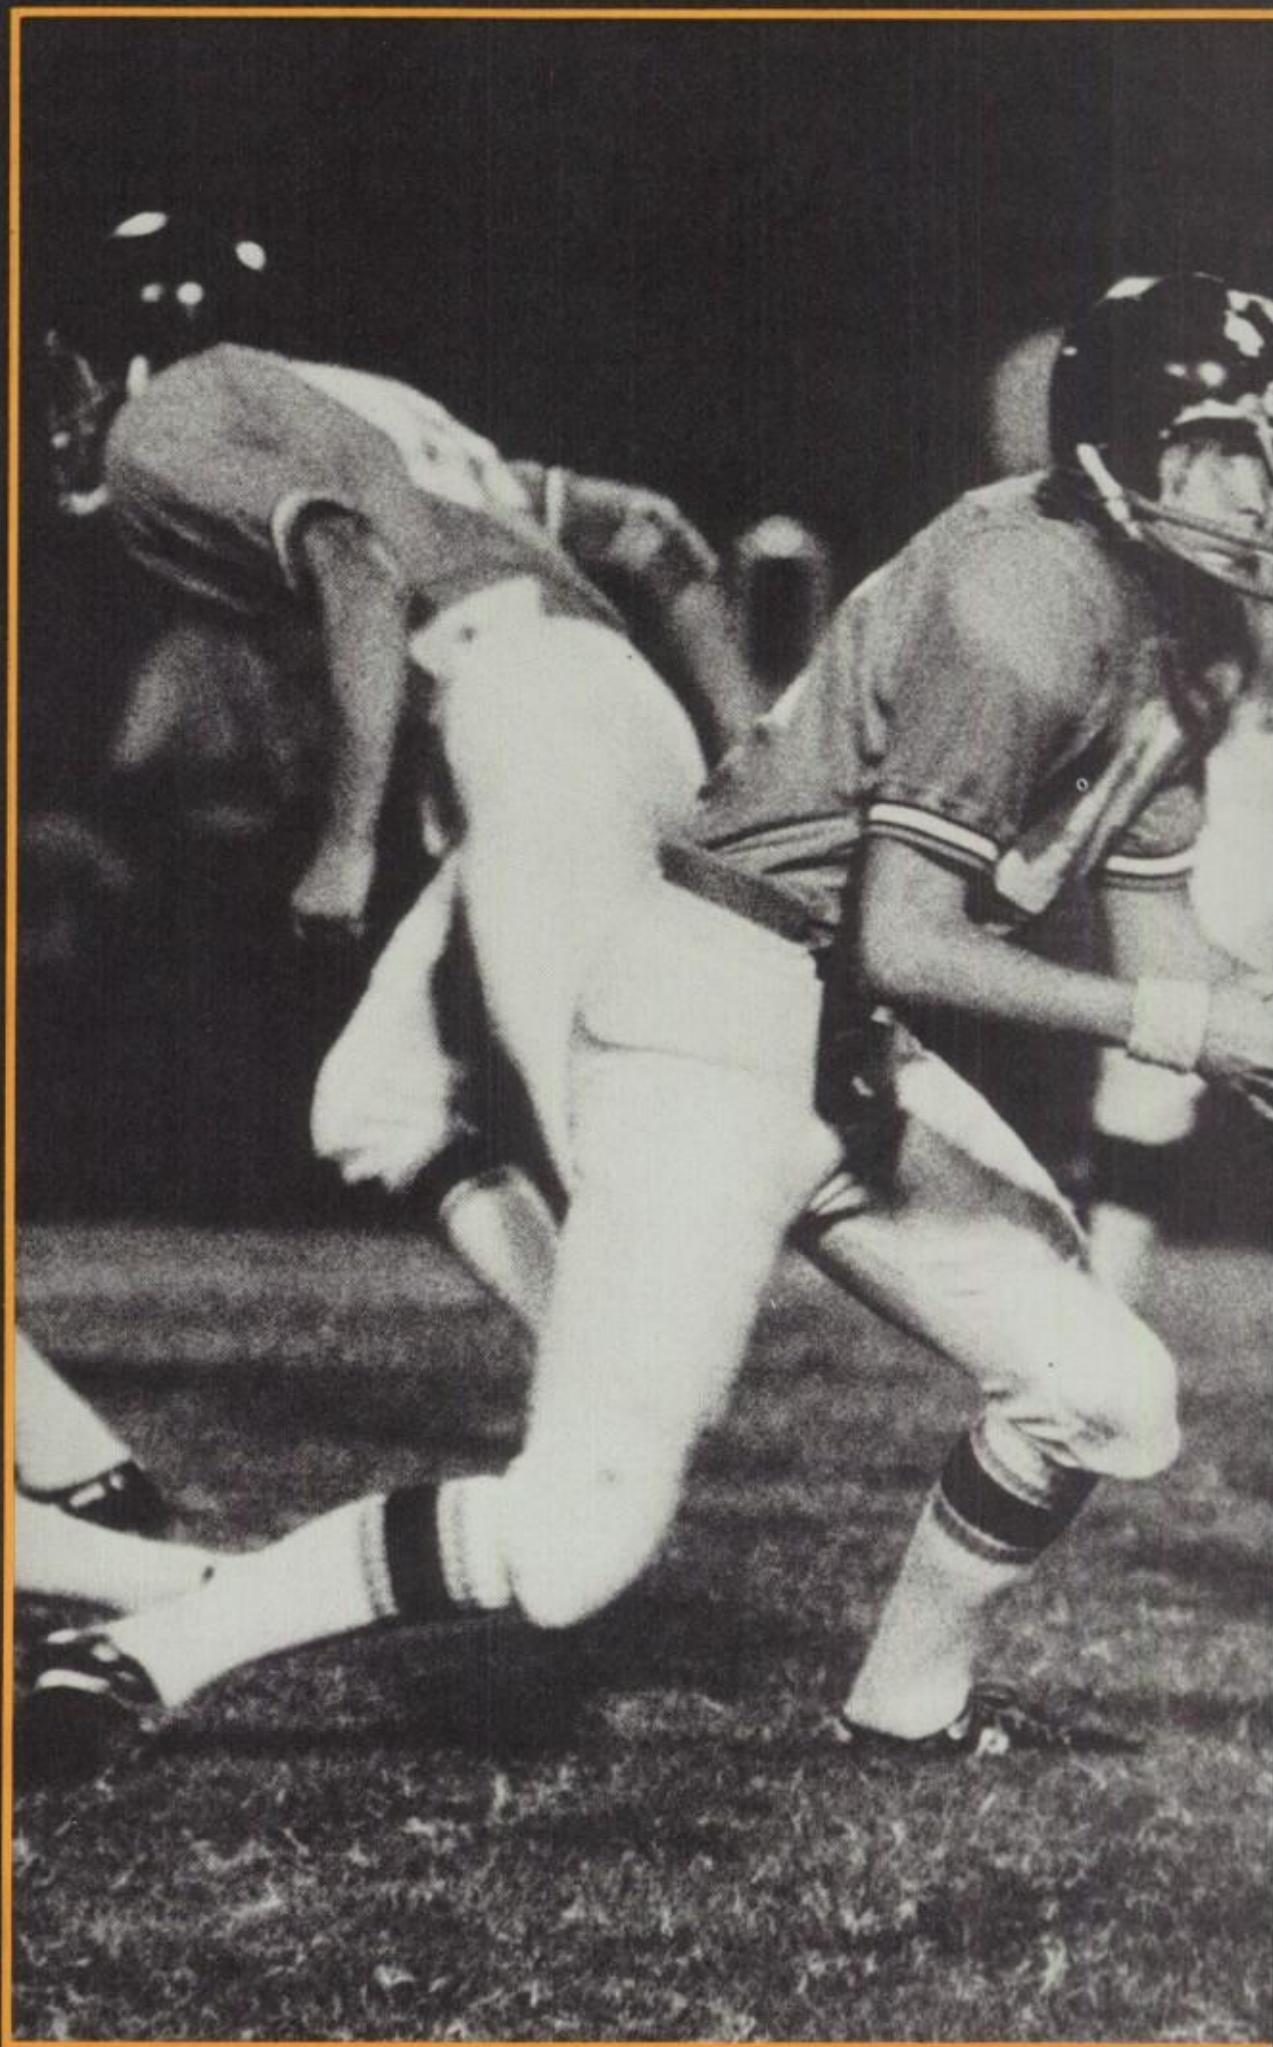

On August 1, 32 players reported to practice to prepare for three months of battle on the gridiron. The coaching staff was faced with the job of rebuilding the team after losing many stars from last year's championship team. With the lack of experience in key positions, the Panthers were assured a tough schedule ahead. With a 22-6 victory over Bartlett-Yancey in the opening game, it appeared as if all the hard work and determination would prevail over inexperience, and the Panthers would be a team to be contended with.

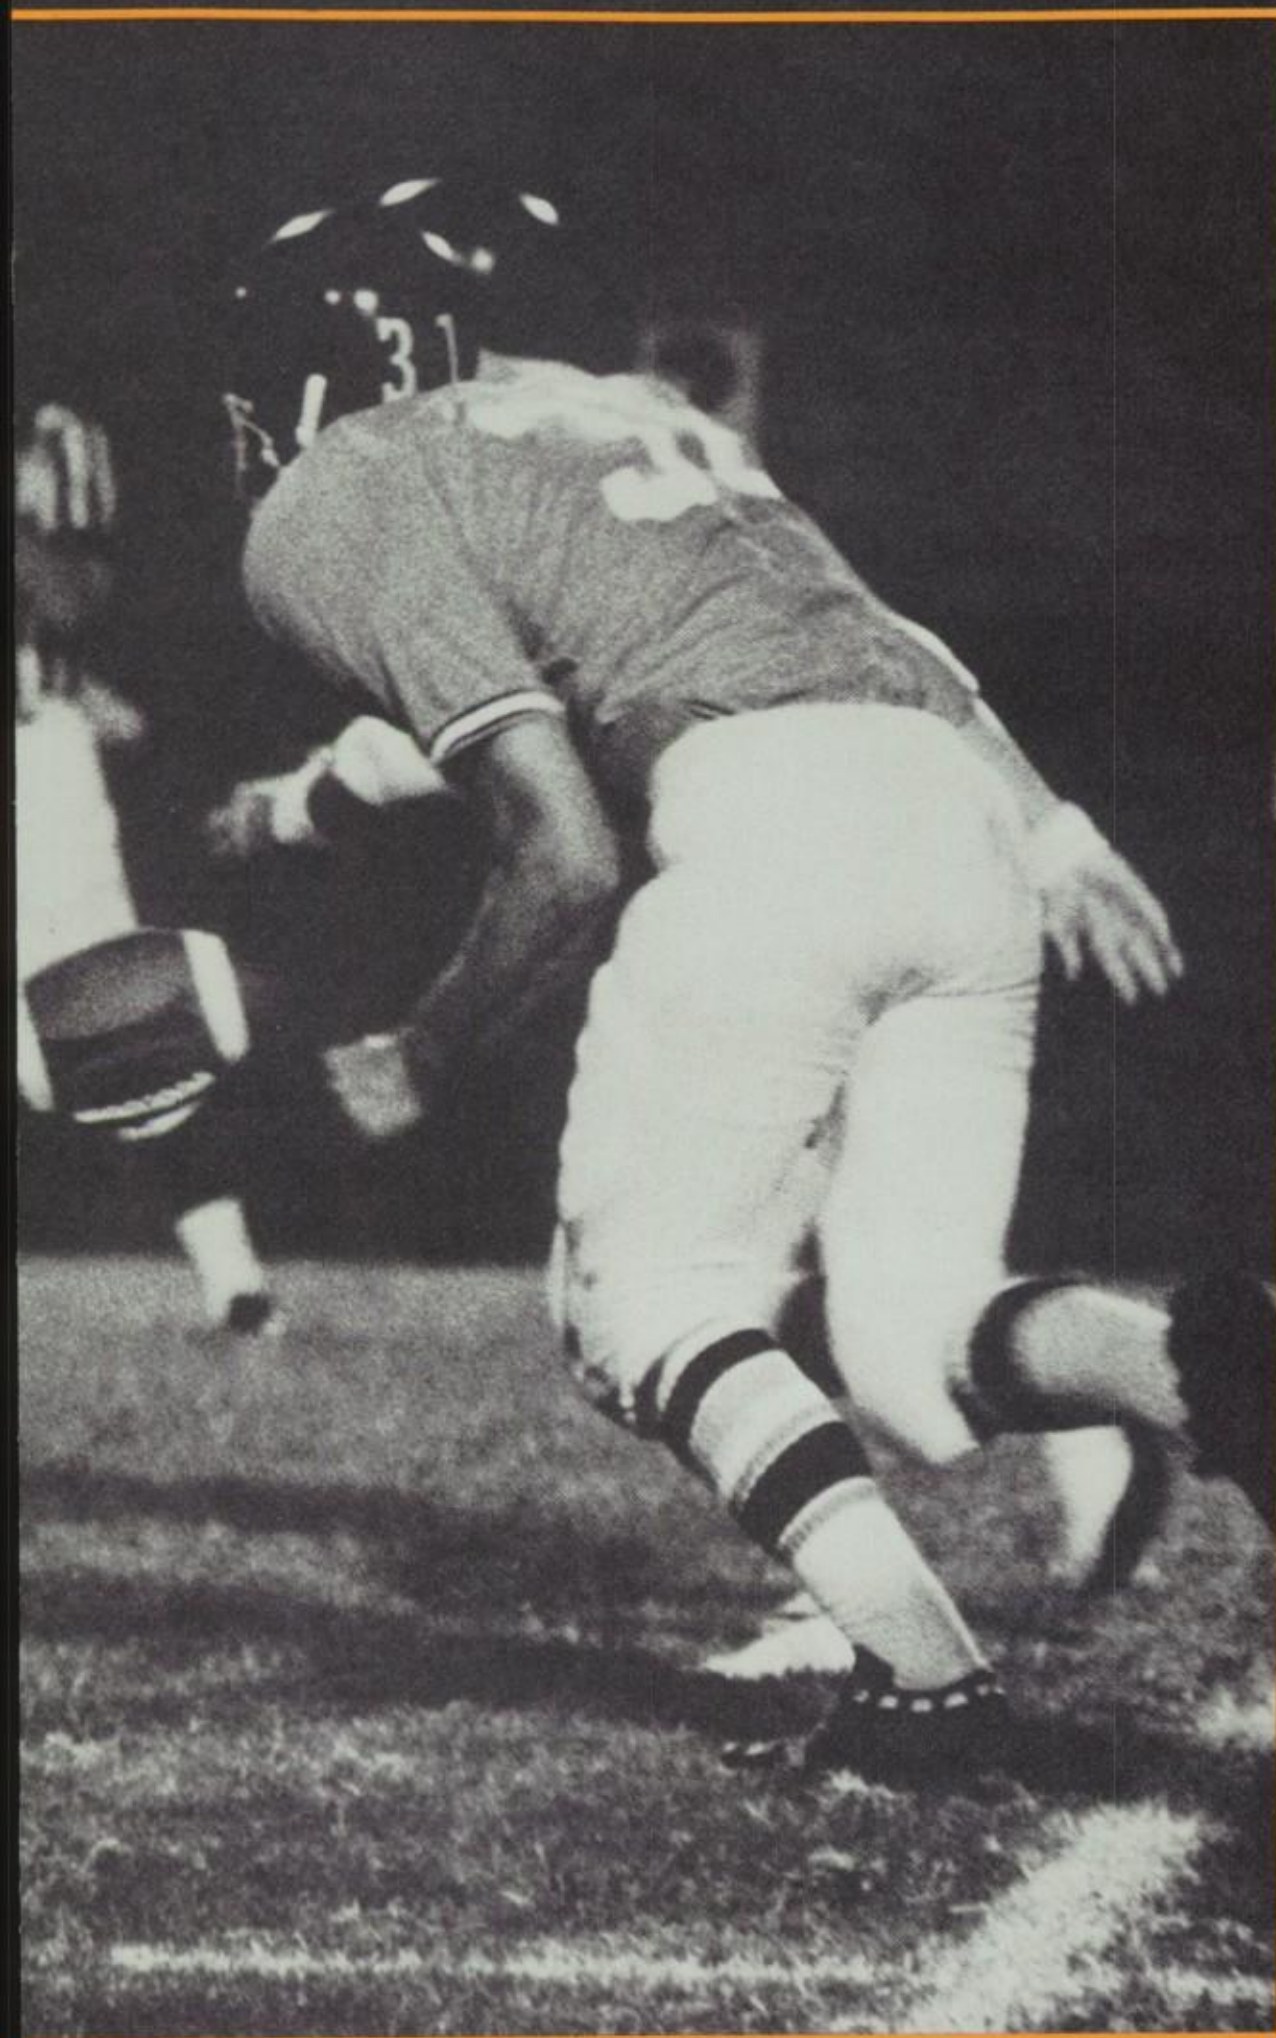

The following week the Panthers travelled to Durham County Stadium to face the Bulldogs of Durham High School. The Panthers dropped a hard-fought game by the score of 20-8. Durham High eventually became Big 7 Conference Champions.

The Panthers played their home opener against Pittsboro Northwood. The Panthers with their never-say-die attitude came from behind and won 12-8 to push their record to 2-1.

Orange travelled to Person Senior High in Roxboro to face another 4-A team.

The Panthers came back home to play Eastern Alamance, a big cross-county rival. Eastern broke open a close game in the second half and went on to win 33-15, dropping Orange's record to 2-3.

The next Friday night Wadesboro Bowman came into Auman Stadium to try to avenge a 41-14 shellacing, suffered the year before. The Panthers fought hard, but lost a tight defensive battle 6-2.

The conference schedule began the following week with an improving squad blistering Wake Forest-Rolesville 36-6. The Panthers were out to prove they were not going to give up the conference title without a fight.

The Panthers invaded Wendell to face the much improved Vaiden-Whitley Warriors. After a close first half, the Panthers had a tough second half and lost by the score of 27-7.

The Panthers came back to Orange for their last home contest against the Falcons of Jordan and their fierce passing attack. In a defensive struggle, the Panthers pushed across a late touchdown to win 12-8 and set the stage for the grand finale against Southern.

As in the two previous years the entire season came down to one game.

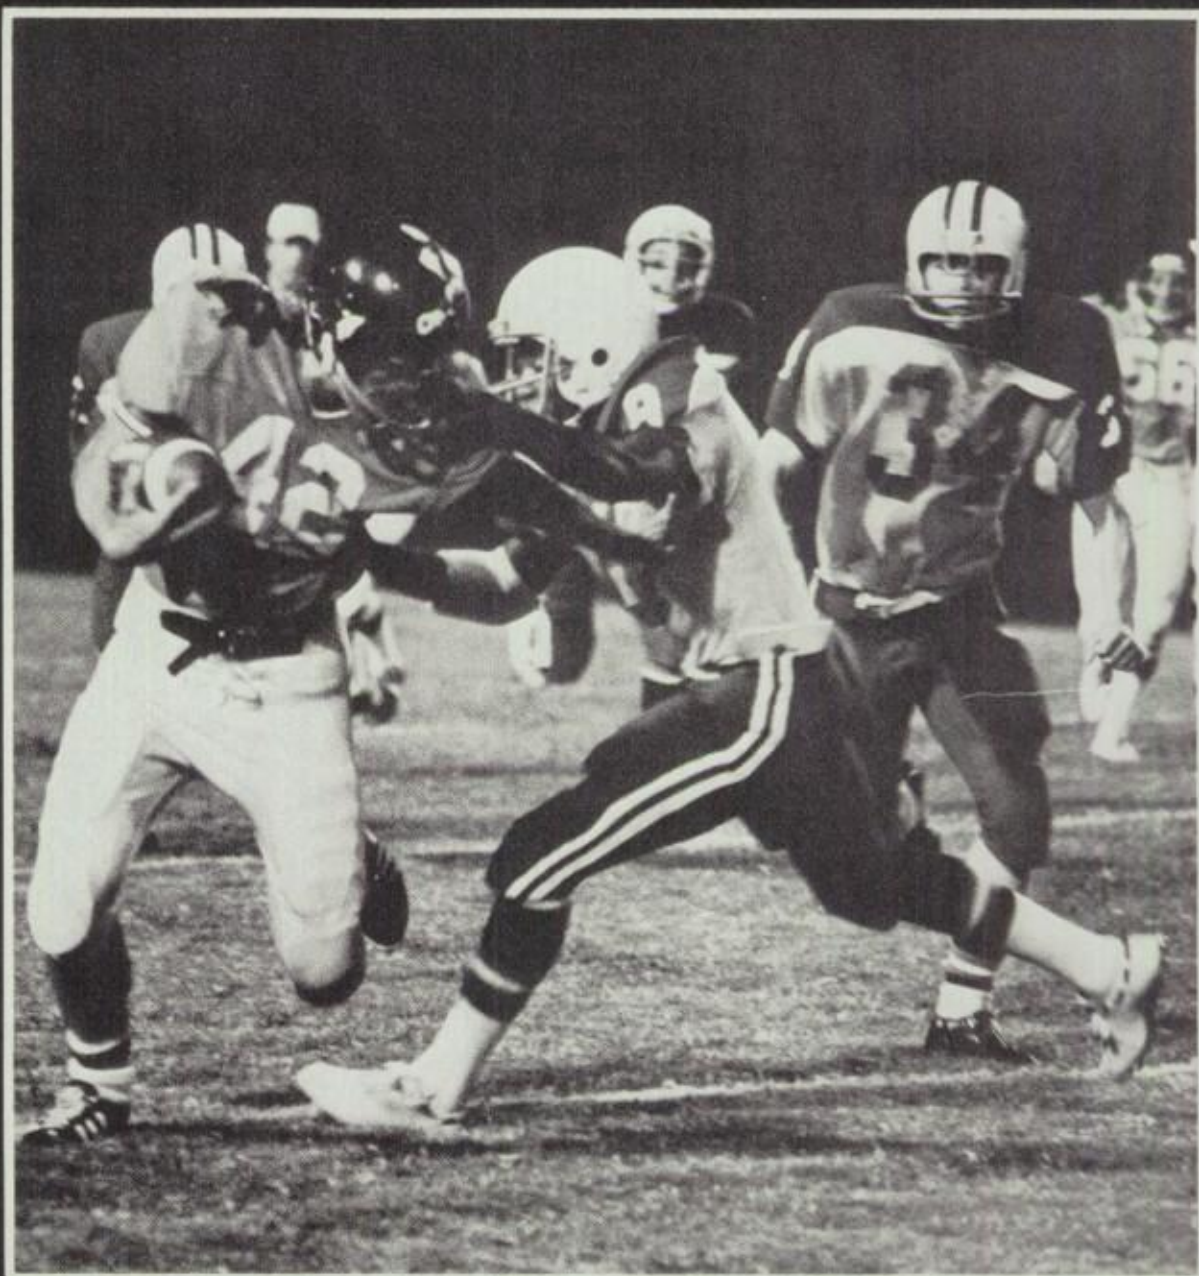

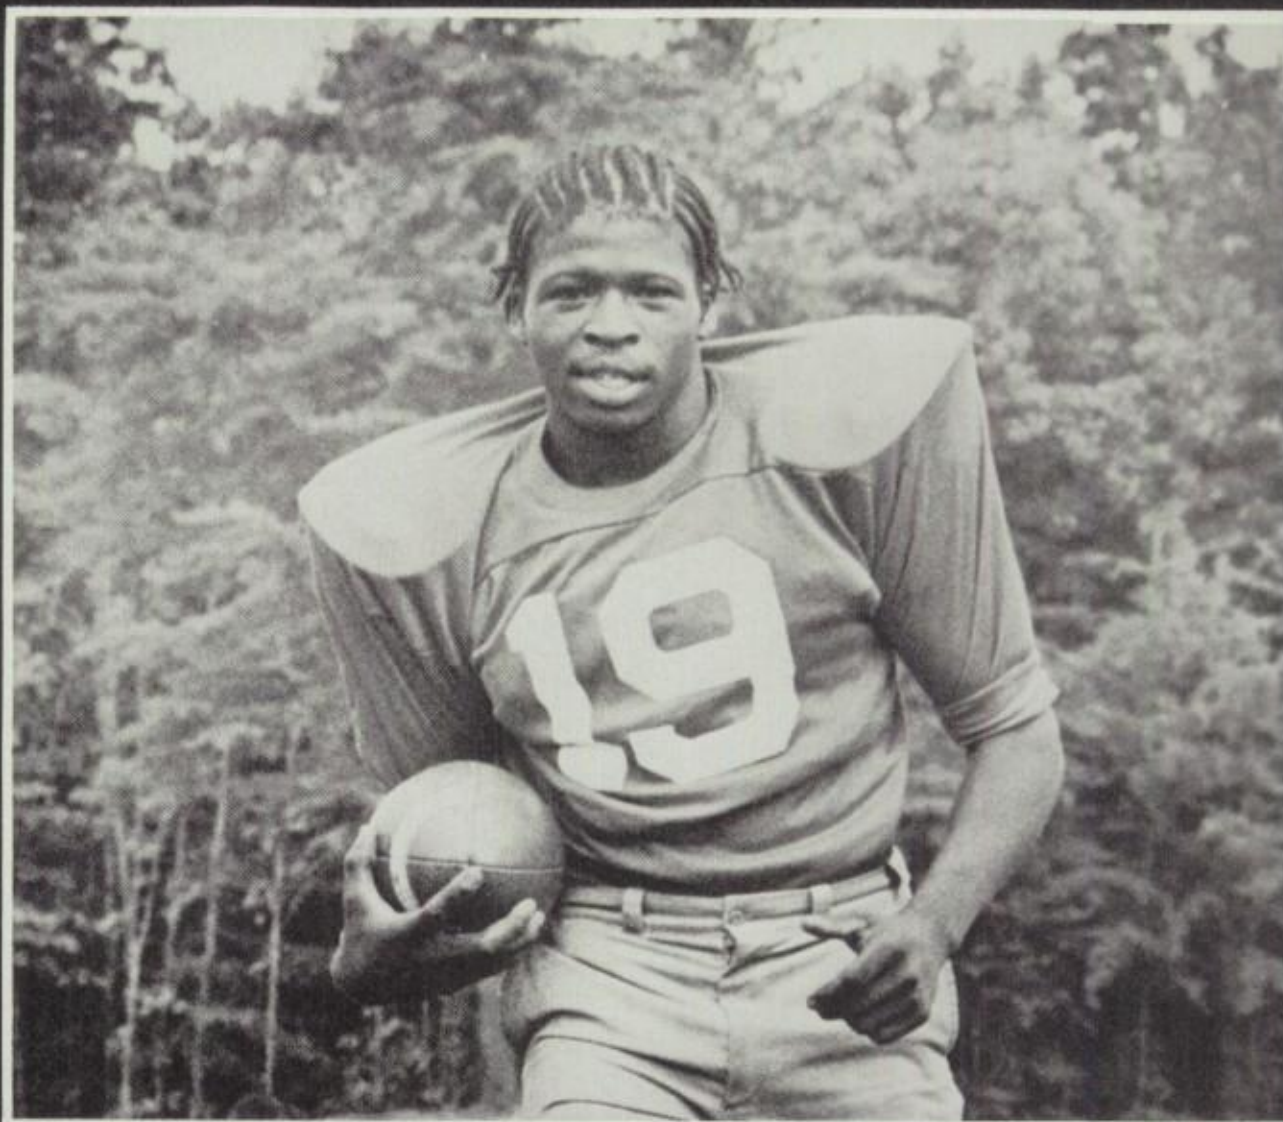

So on a freezing Friday night the Panthers went to Southern Durham for the last time. At the end of the first half the Panthers trailed 20-7, but were still very much in the game. Then came the disastrous second half; the Spartans warmed up despite the sub-freezing weather and blistered the Panthers 41-20, thus the Panthers finished with a 4-6 record. With numerous sophomores and juniors returning next year the Panthers could be a team to be reckoned with.

"In 1976 we won 4 and lost 6. We were a small team and a young one. I think a lot of people expected another team like the one in 1975 when we won the championship and had a 5-5 record, but lost to Southern Durham. I hope that next year the people will really get behind Orange High. They have a lot of young players back and should be contenders." -Mike Dicky

"I think this season could have been more successful if everyone had worked a little harder. We needed to be a team and should not have thought for just ourselves." -Dennis Lloyd

"I think this year's football team was much better than our winless record indicated. Several games were lost by one or two touchdowns. This being my first year on the team, and just being a sophomore, I was greatly impressed by the coaching staff, with the importance of football to the school during the season, and by the entire football program. The football program is run much more smoothly and efficiently than at Stanford." - Jimmy Hutcherson

"This year was a year of rebuilding for the football team. There were a lot of sports open that needed to be filled. As a sophomore I feel I've gained a lot by playing varsity football. I believe the team of next year will be a good one because we will have more experience for the spots open." -Todd Johnson

"The football team this past season was really young and inexperienced and because of this we couldn't put it together. We were young, and the team lost a lot from last year's squad. But, because of the experience that we had this year, most of it will be back next year.

-Bobby Riley

"My only regret is that I did not come out for football at least 2 years earlier. I enjoyed the challenges that were set before us, even though the season could have been better."-Ronald Beneville

"The season was up and down for us. There were times when we performed like champions . . . We had some bad times. Believe me, they were bad, very bad. Our sophomores tried very hard but we couldn't get it all together." -Robert Thomas

"The Orange High football team started off with a lot of spirit and played very well the first part of the season. The coaches played a big role in rebuilding the team from last year's Triangle AAA champions. Later in the season the team started to have injuries to key players. The Panthers had a lot better team than the 4-6 record shows." -Eddie Davis

OHS 22	Bartlett-Yancey	6
OHS 8	Durham	20
OHS 12	Pittsboro	
	Northwood	8
OHS 6	Roxboro	20
OHS 15	Eastern	
	Alamance	33
OHS 2	Wadesboro	
	Bowman	6
OHS 30	Wake Forest	6
OHS 7	Vaiden	
	Whitley	27
OHS 12	Jordan	8
OHS 20	Southern	41

The baby Panthers began their season with a heart-breaking 24-18 loss to Pittsboro, Northwood. The game was won by Northwood with two minutes left to play. Both teams had outstanding plays throughout the game.

The following week the J.V.'s traveled to Eastern Alamance. The Panthers bounced back with 28-12 over the stubborn Eagles. Offensively, Orange totaled 344 yards and four touchdowns.

Orange returned home to face the potent Roxboro Rockets. As in the past, Roxboro shut out Orange on the gridiron 30-0. The small Panthers were outmanned physically as well as in number.

Orange opened the conference season against Wake Forest Rolesville by winning 14-6. This win put the Panthers in first place.

Panthers continued conference play the following week with an impressive victory over the Warriors from Vaiden Whitley.

The Panthers, again on the road, faced the Jordan Falcons in an offensive game. The key penalties of the game killed the Panthers' chance of winning. The final score was 24-18.

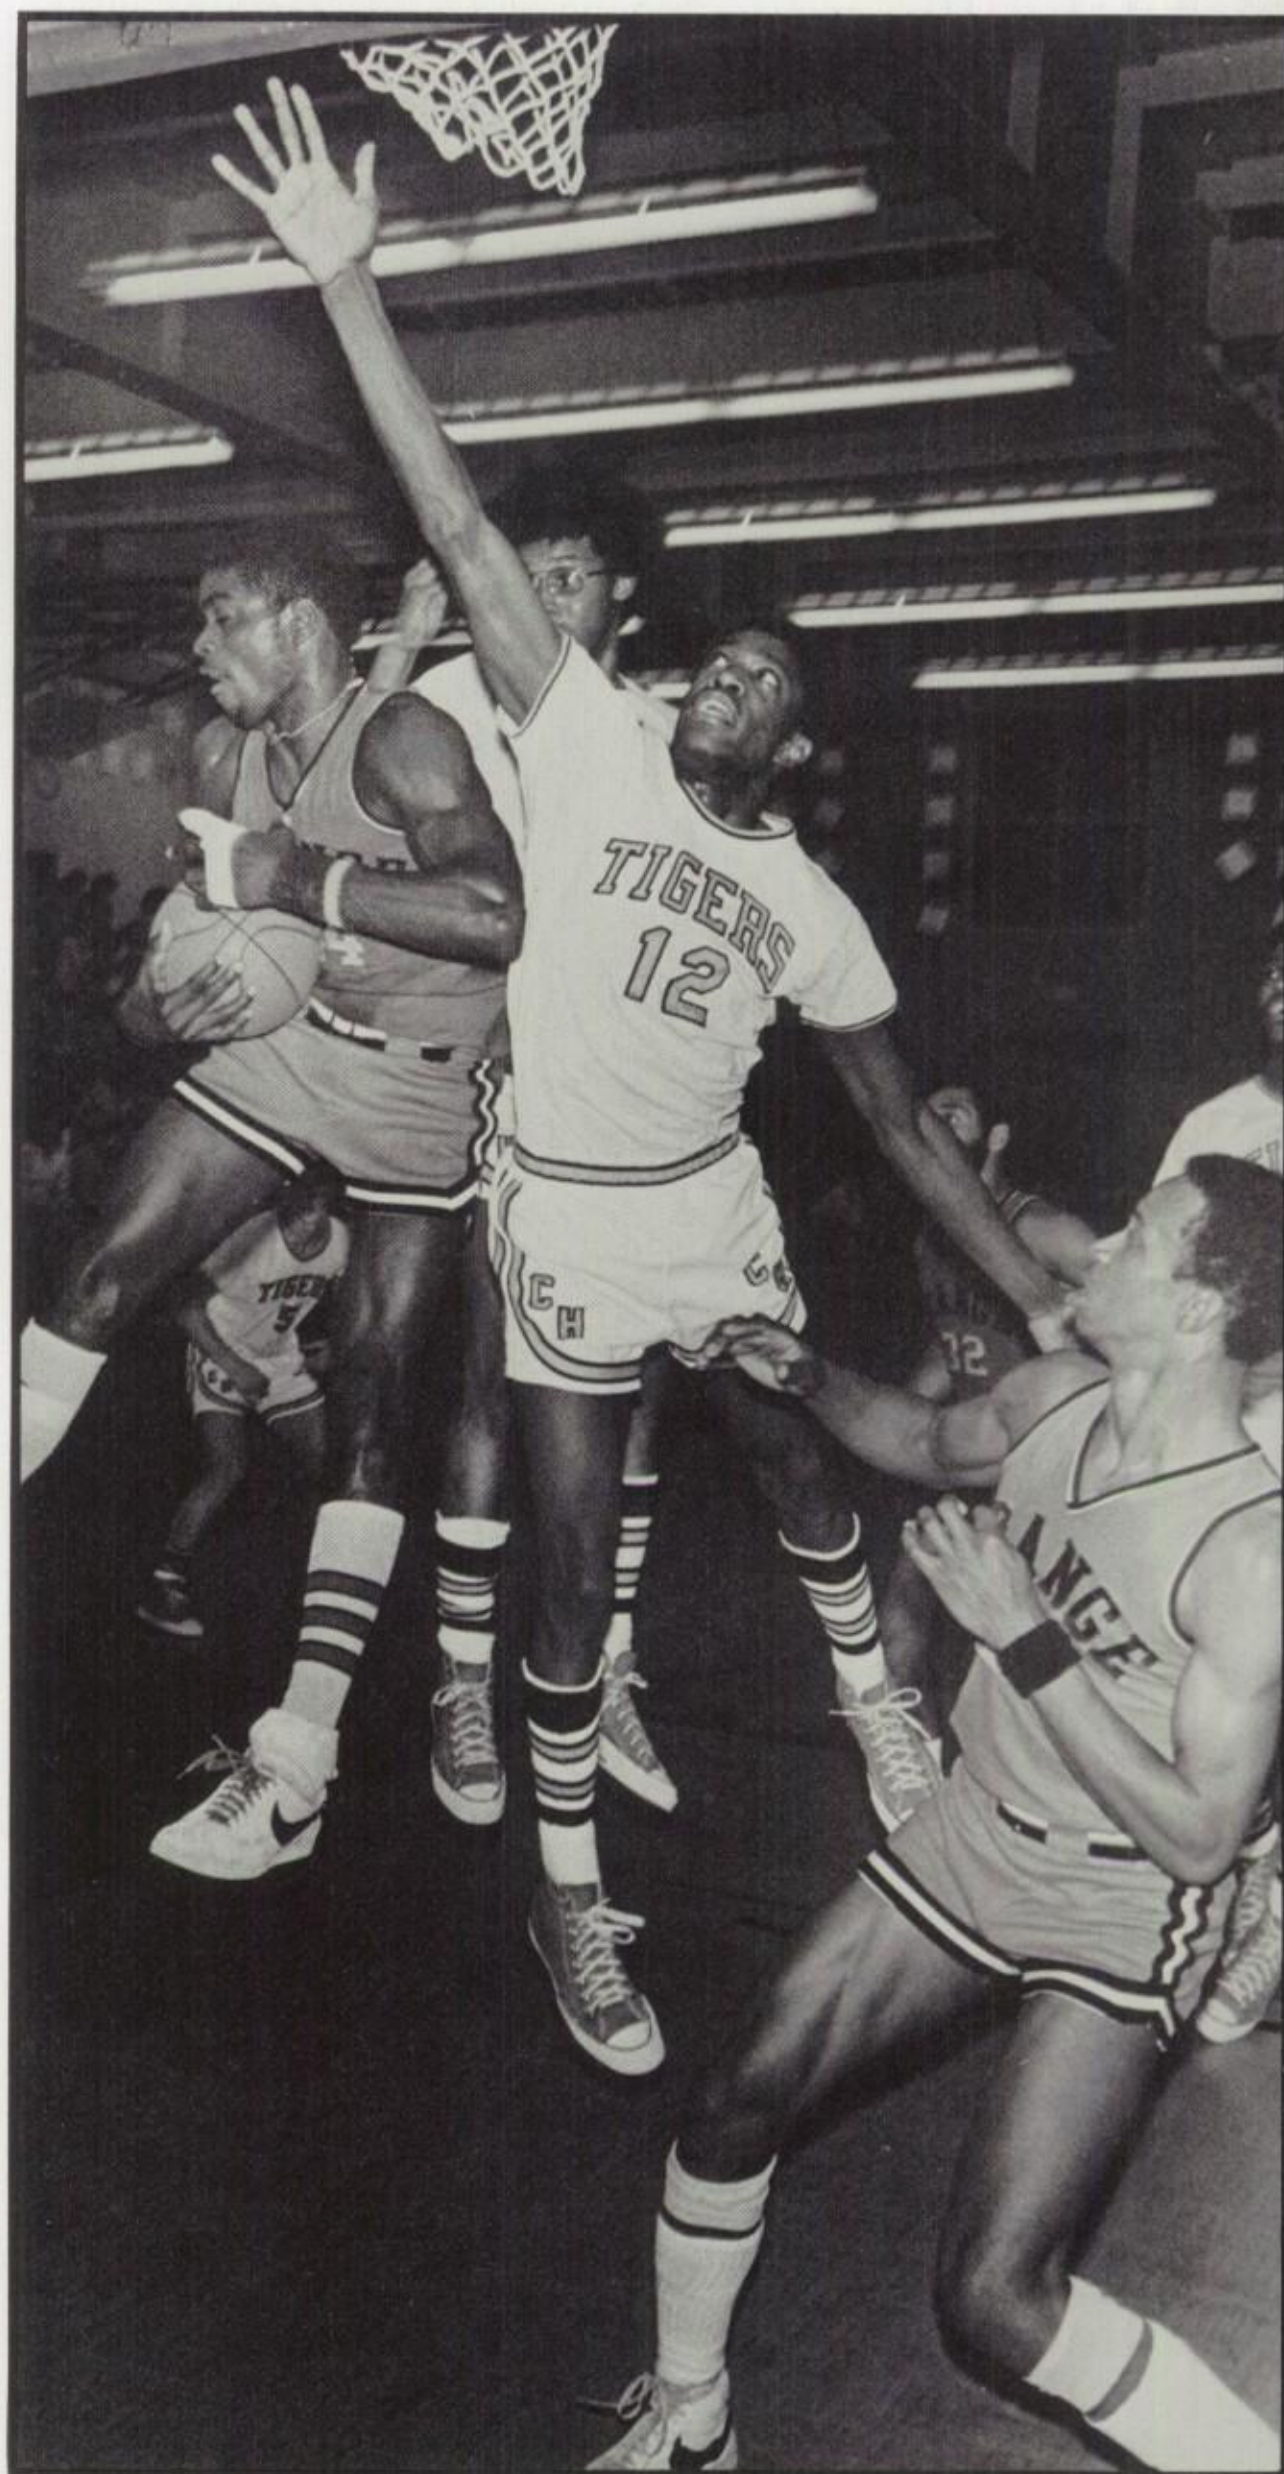

Orange's Baby Panthers finished the season on a downhill note when they were defeated by Chapel Hill. They concluded the season with a loss to Southern Durham for the Conference Championship.

The Panthers returned with a host of talent and experience. After a fine 75-76 season the Panthers had proven that they were championship material. However, the Panthers opened the 76-77 season with a heartbreaking loss to a potent Hillside team.

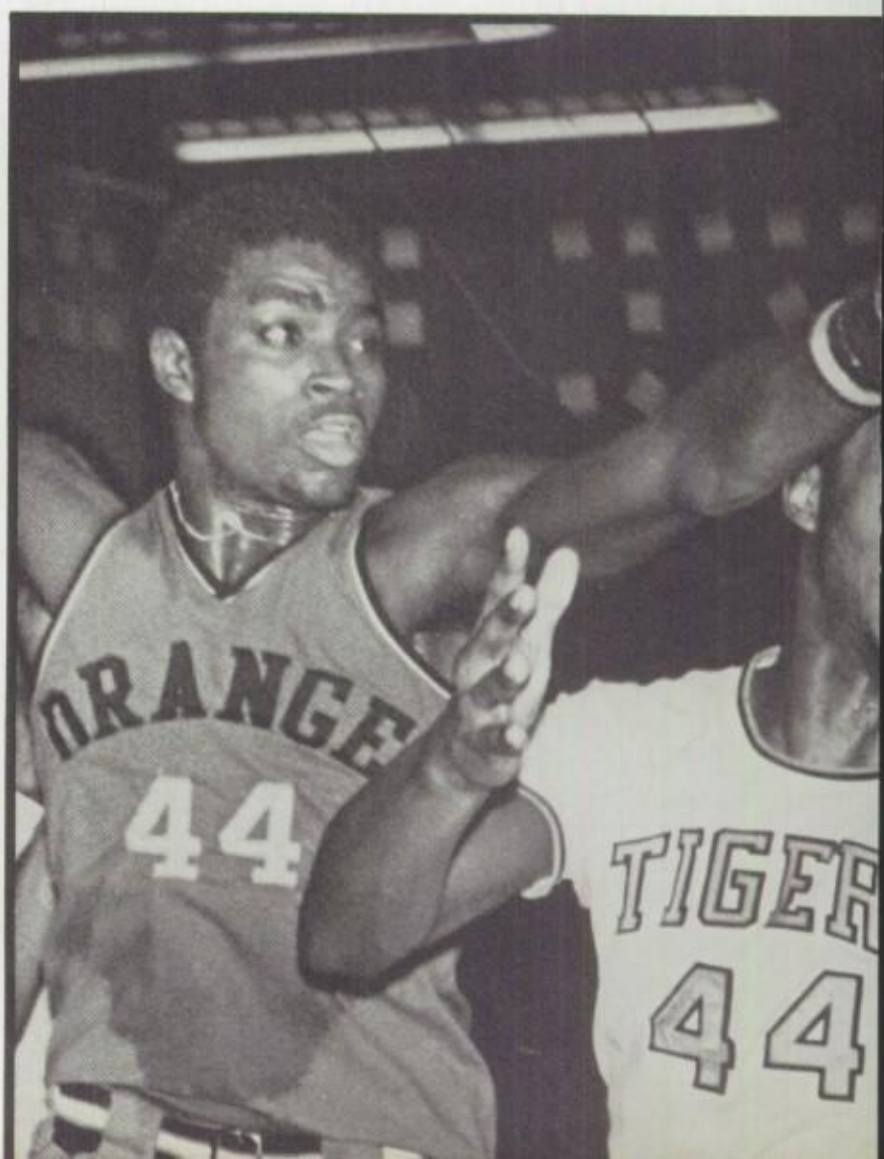

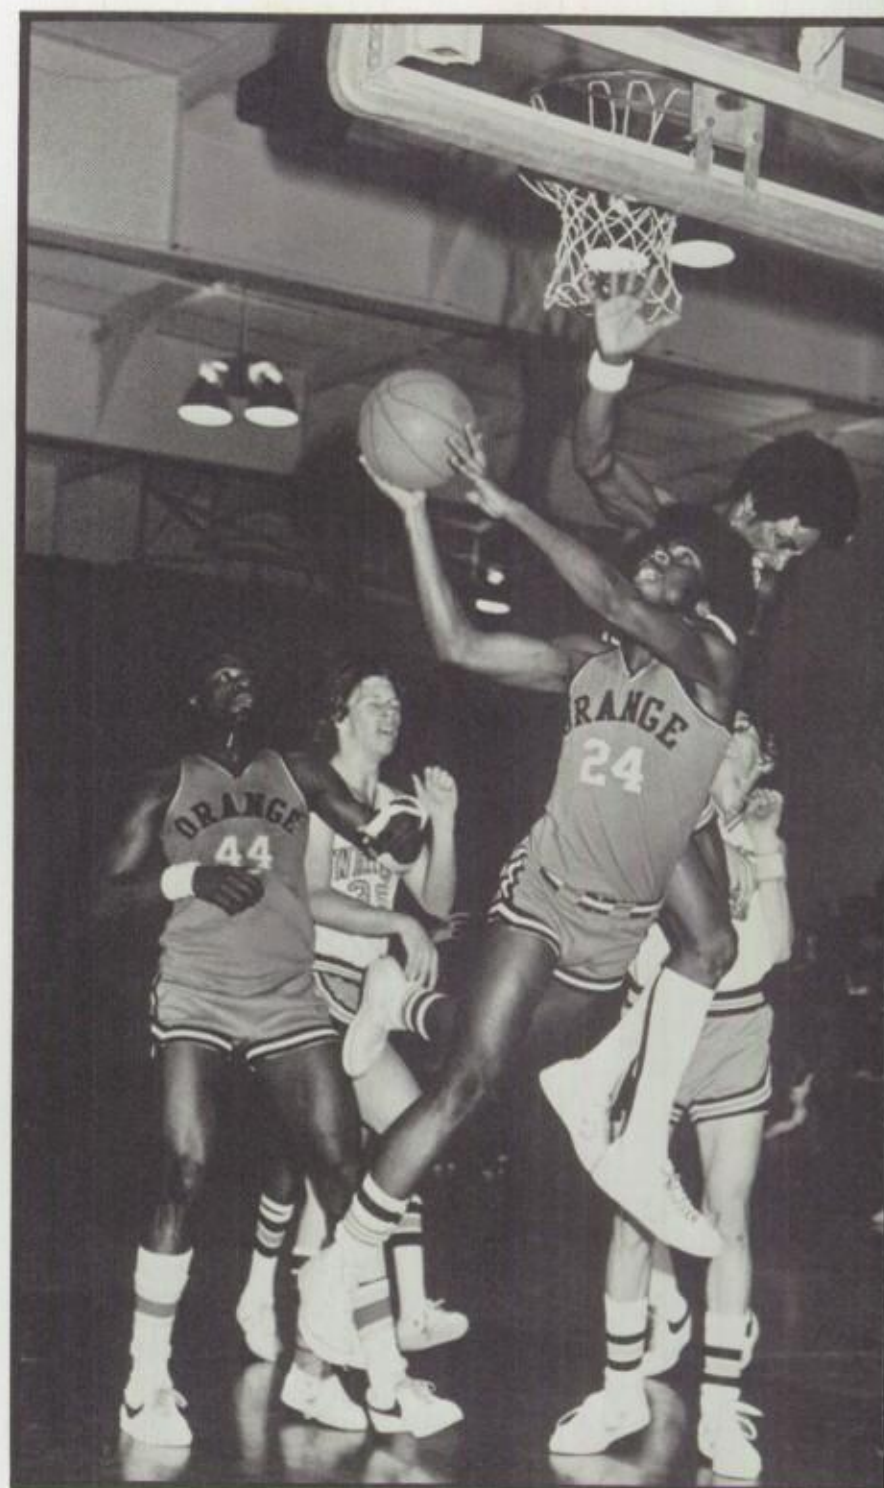

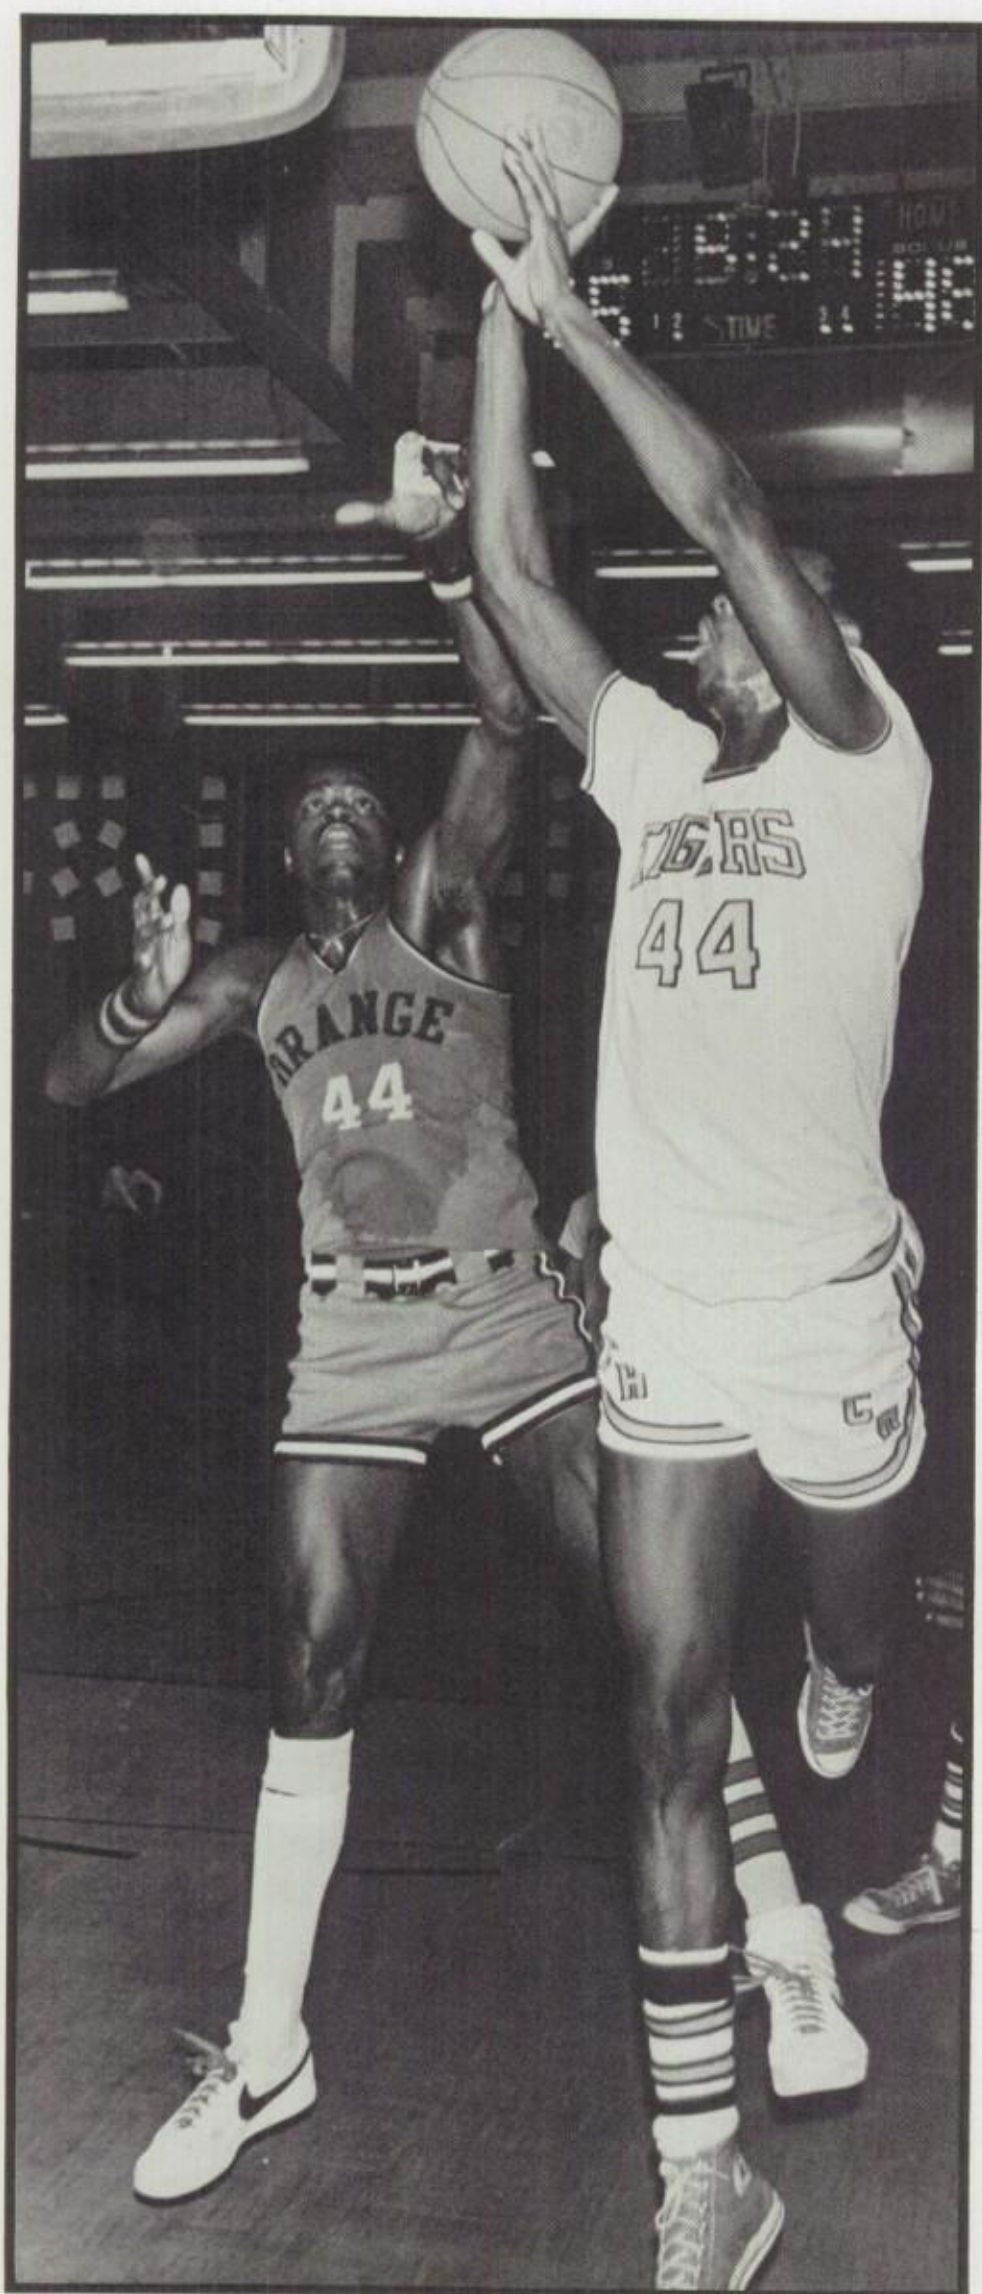

The following night the Panthers proved they were still a state powerhouse by defeating Eastern 70-69. After two nights of strenuous competition the Panthers came home to host cross-country rival Chapel Hill. The Tigers dealt the Panthers their second defeat in a hard fought 69-79 game. So after 3 games the Panthers were 1-2, and it was up to Coach Richard Lyons to turn them around and get ready, for perennial power Bartlett- Yancy. After a slowed first half the Panthers got uncocked and chalked up their second victory 65-55.

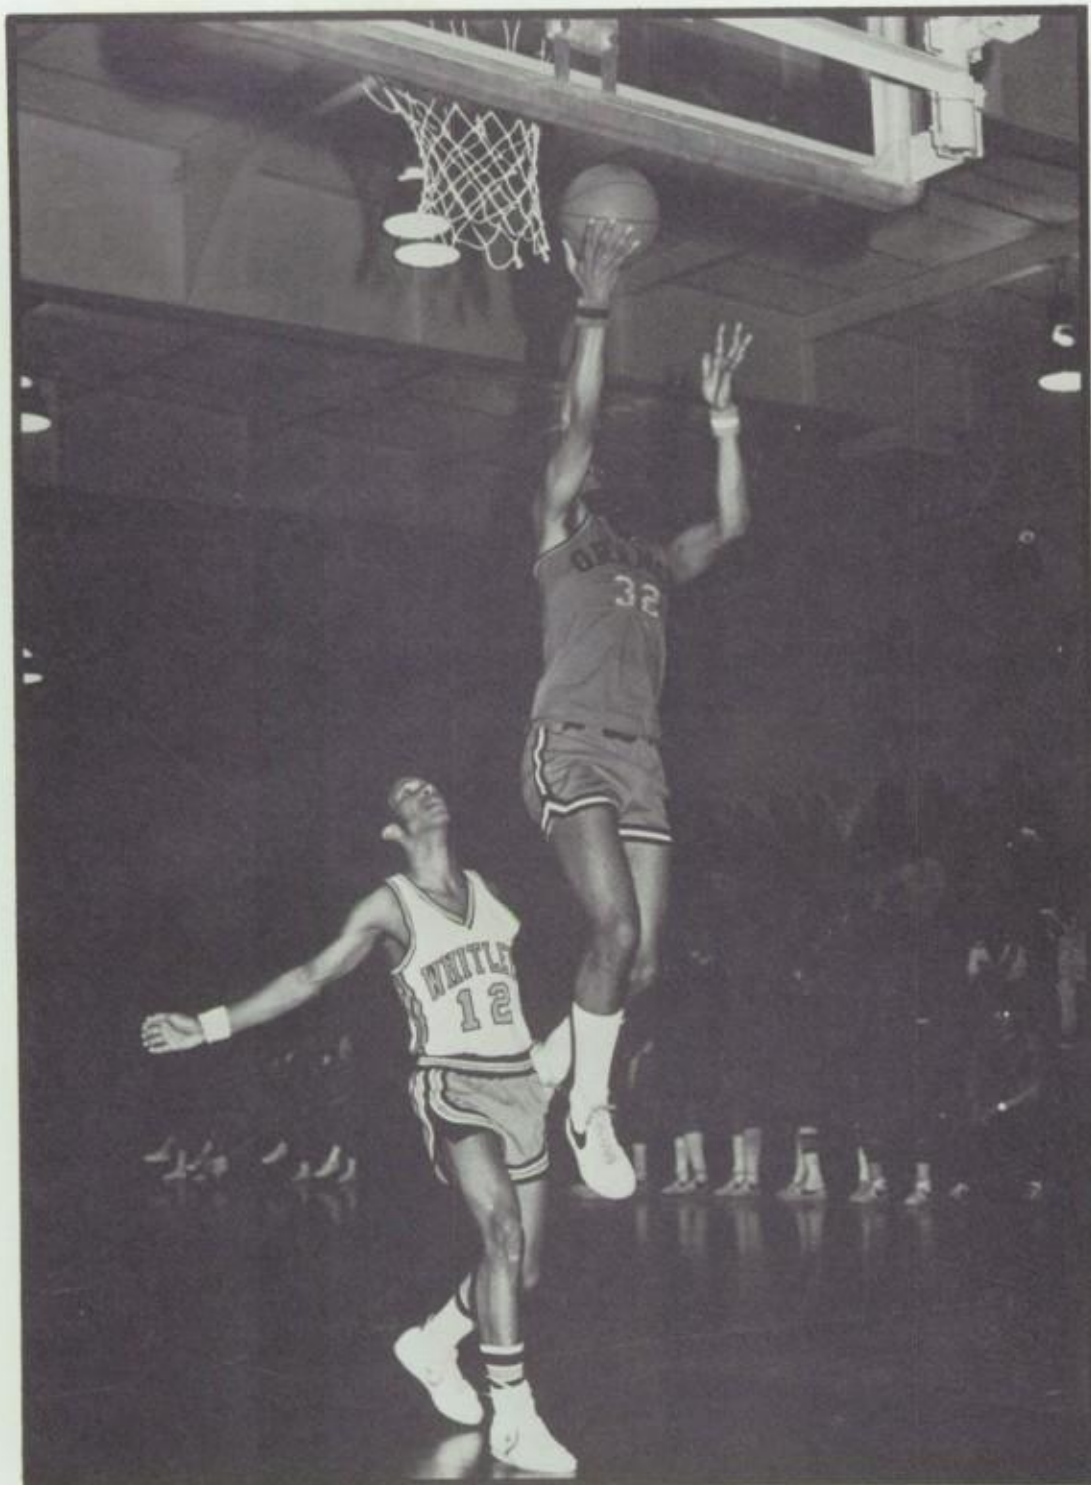

Going into the finals Orange had two things on their mind; one was to avenge their previous two losses to the Tigers. The other to take the tournament trophy back to Orange.

The team was led by Stan Parker, James McPherson and Jack McAdoo, all of which made the all-tournament team. The Panthers turned a close game into trauma by downing Chapel Hill 80-69. With their record now improved to 7-3, the Panthers easily downed Eastern Alamance 83-64 and Bartlett-Yancey 84-61. It was now conference time and Orange and Wake-Forest had been picked the two front runners.

When they meet on a cold Tuesday night, every one knew it was going to be a showdown. The Panthers apparently had the game won when Charles Byrne hit a 50' desperation shot at the buzzer to sink the Panthers and their hopes 51-52. The following week the Panthers went out of the conference to down Northwood 88-57.

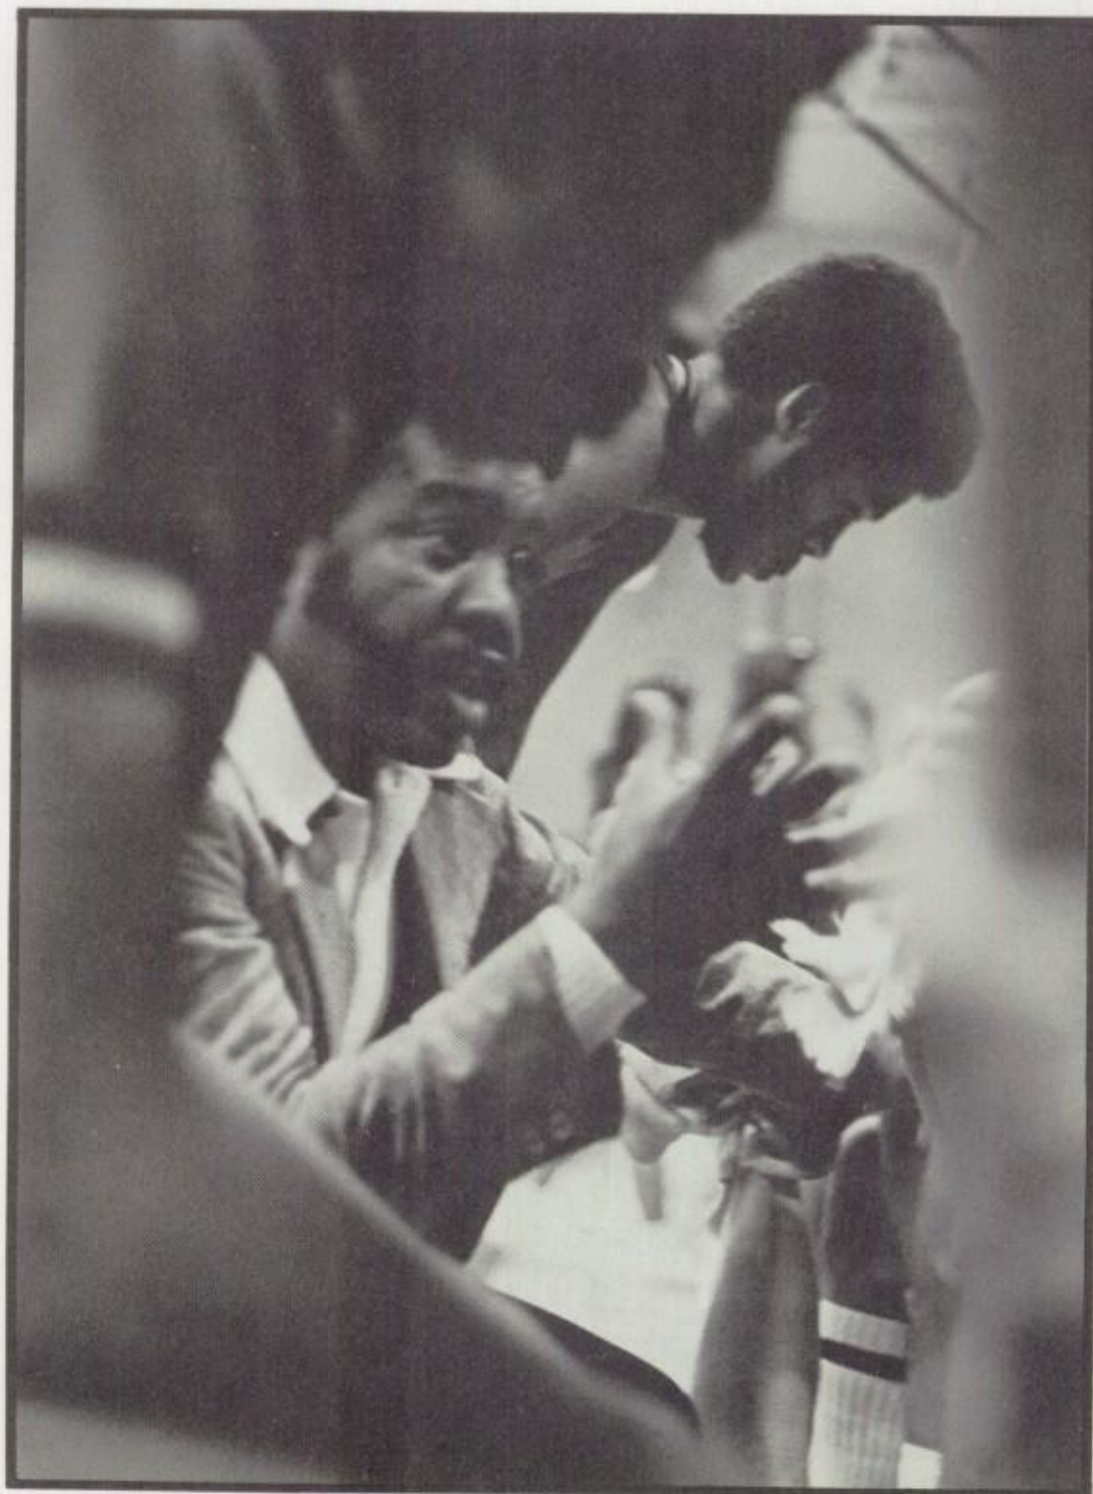

As the Panthers went back to conference play, they proved when it rains it pours. Up by 4 with 4 seconds to go Orange managed to lose on another last second shot. 63-61. The Panthers got their first conference win by downing Jordan 75-73. It was now time for a rematch with Hillside possibly one of the best teams in the state. But the Panthers easily handled the much taller Hornets 80-68.

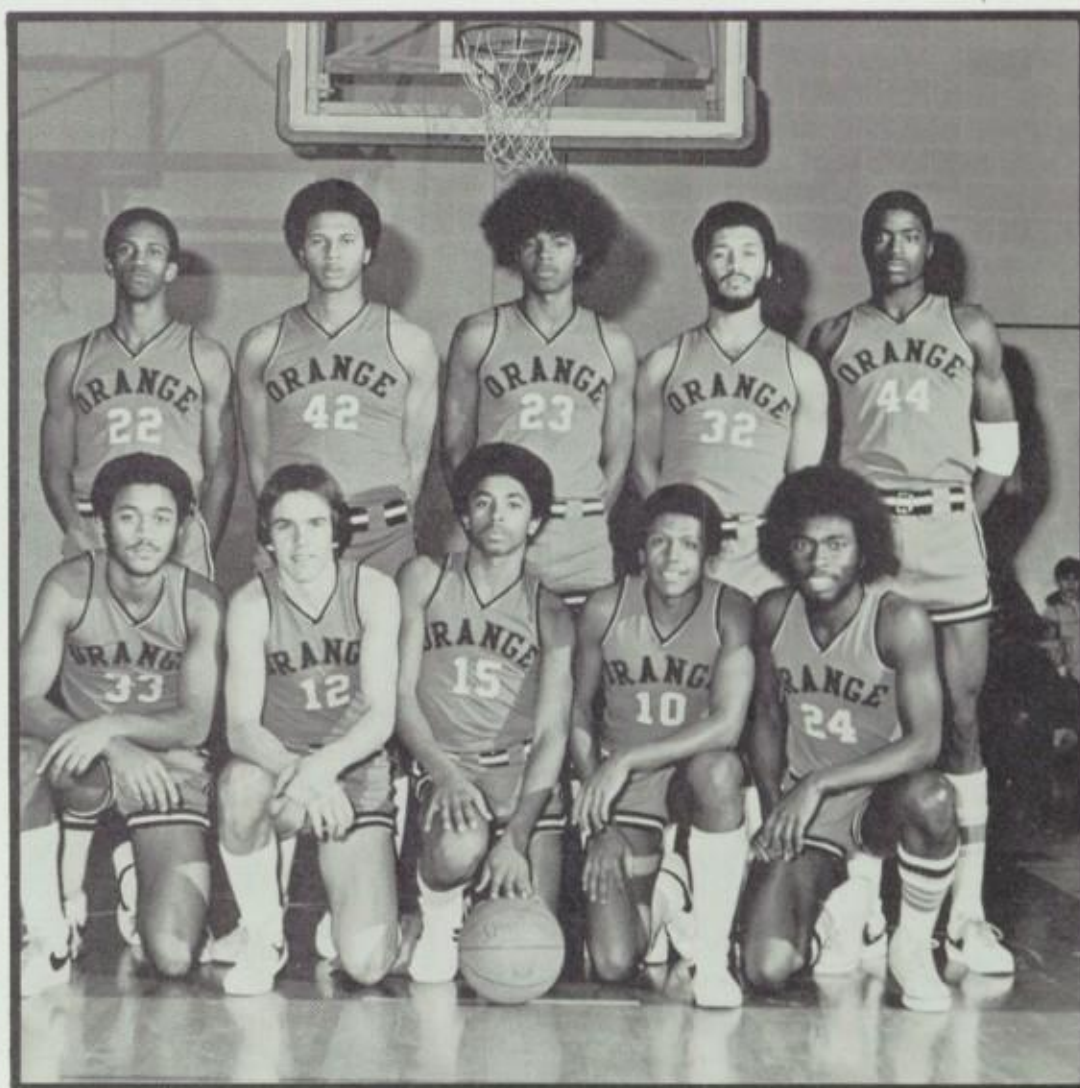

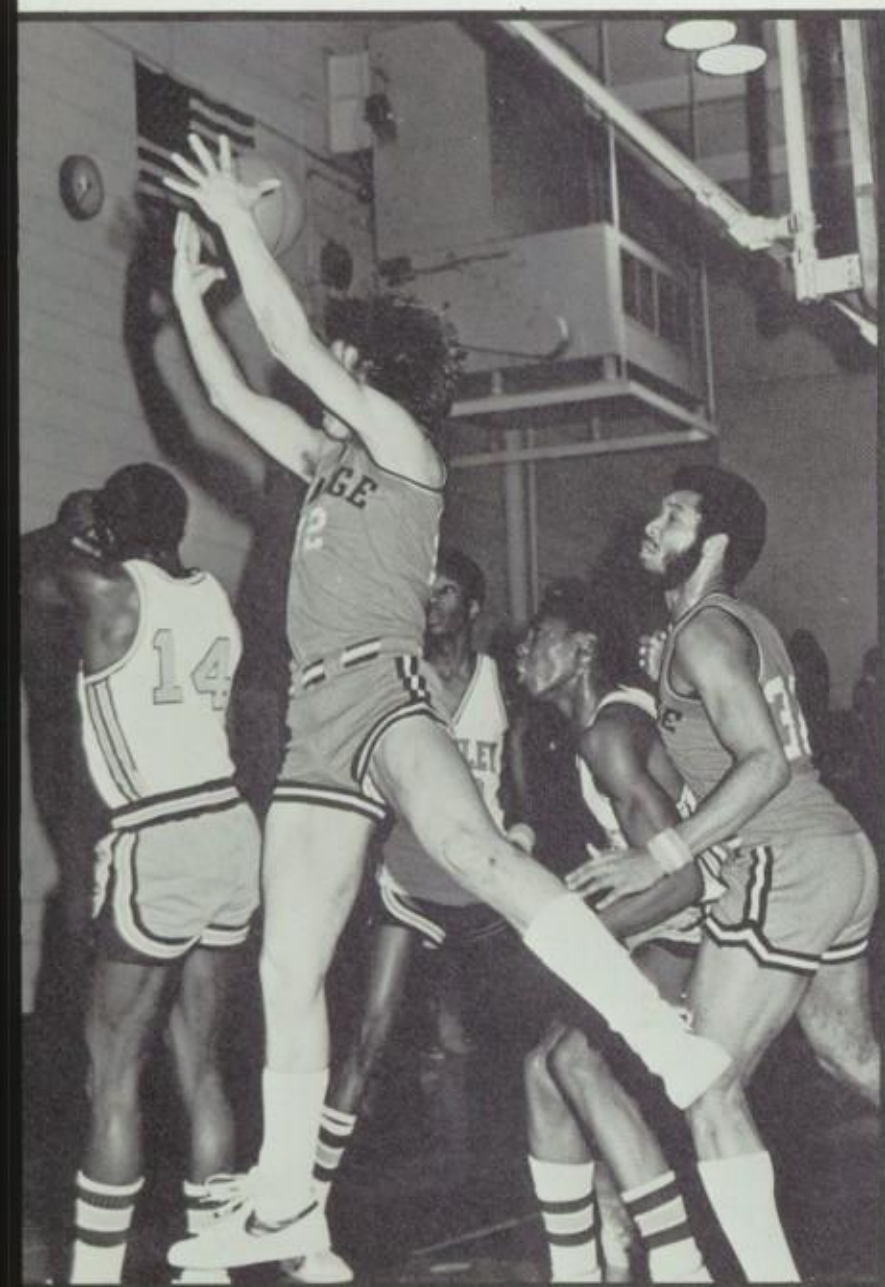

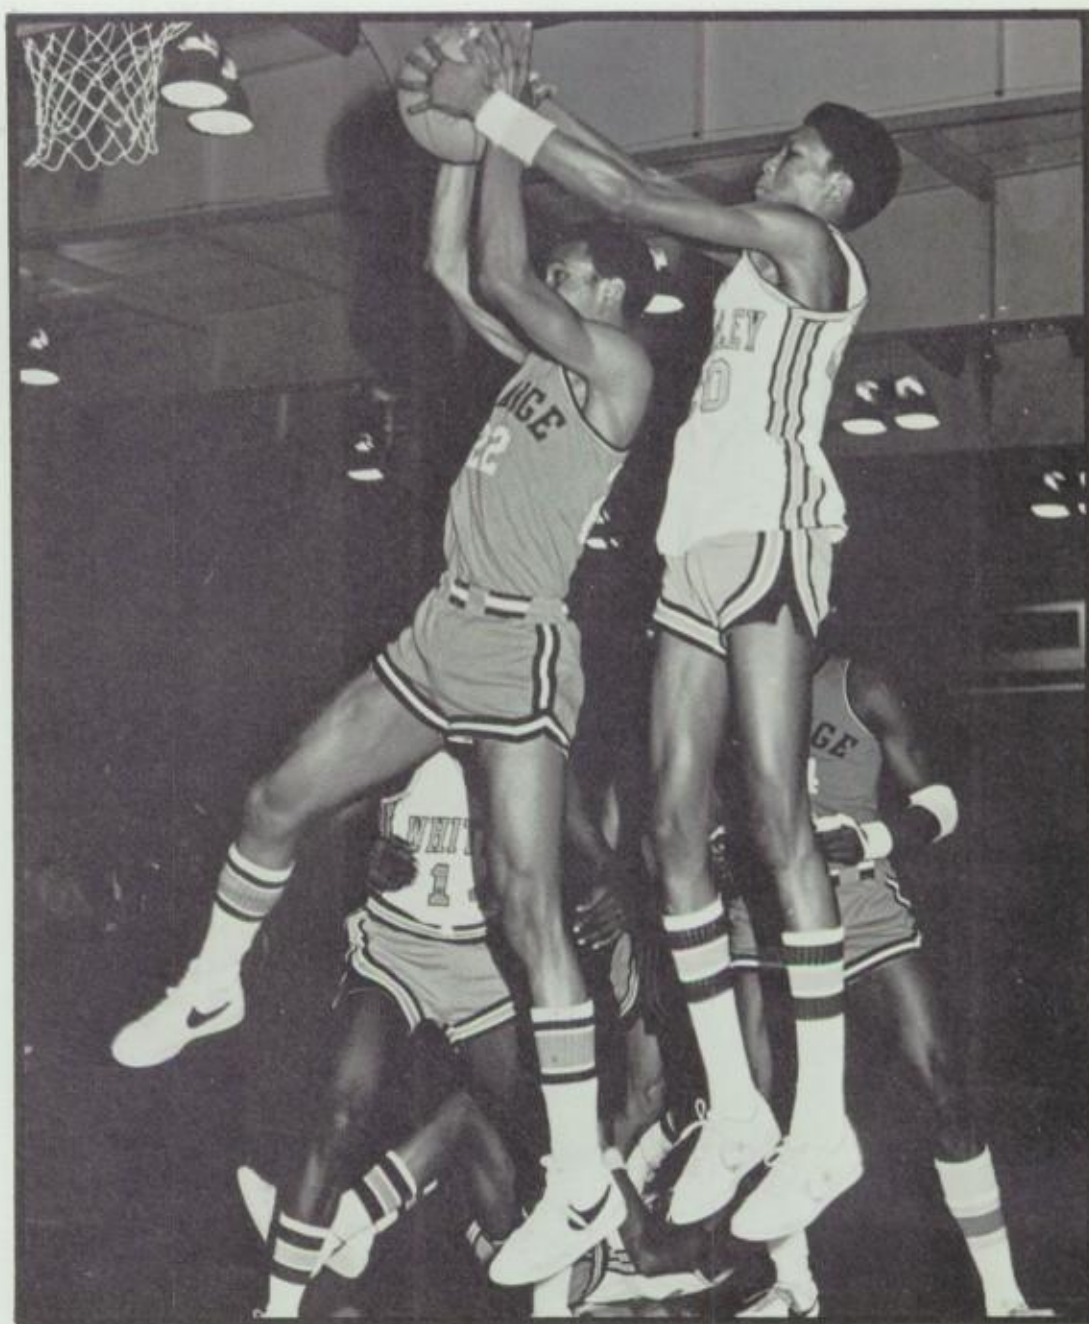

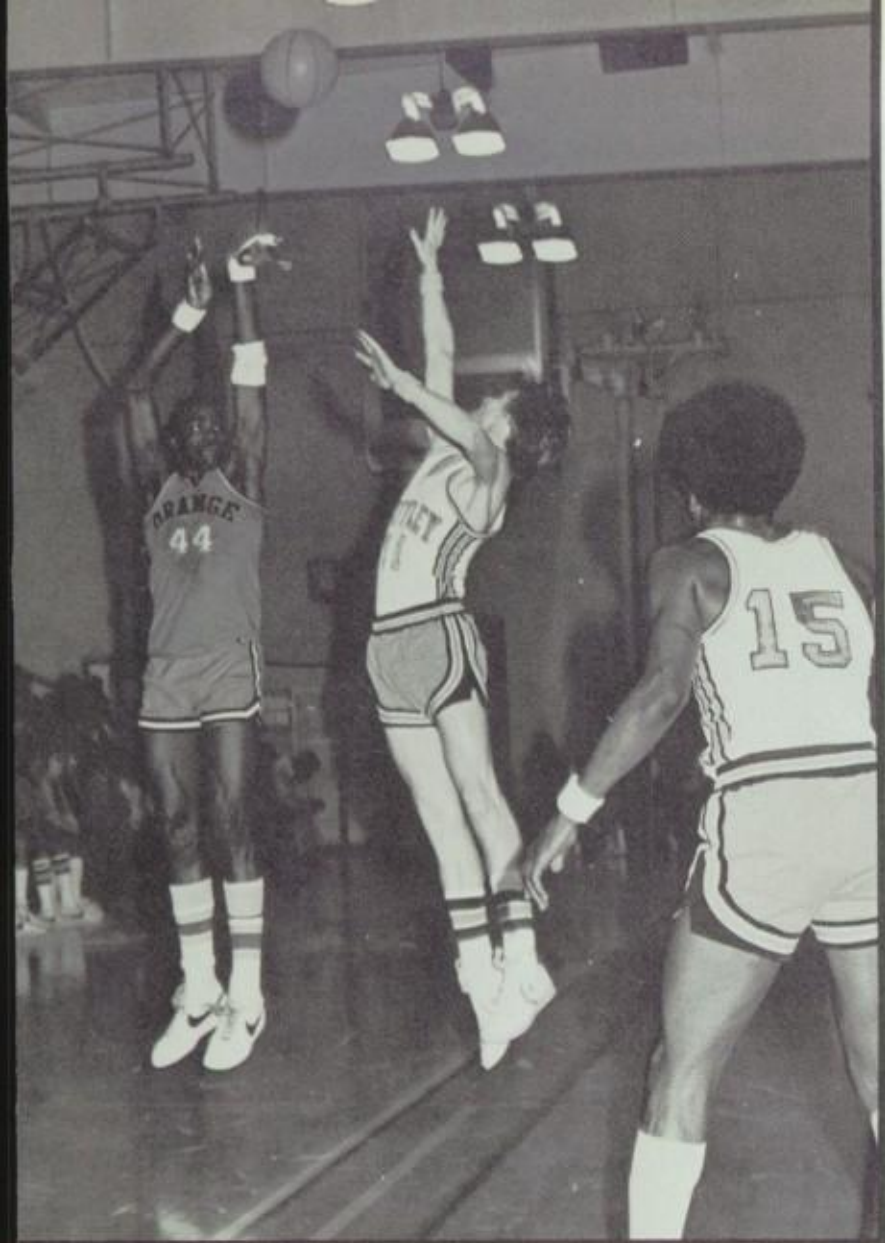

After routing Southern Durham 93-76 the Panthers prepared for another shot at Wake-Forest. The Panthers had avenged every loss so far except Wake and this was also a big factor in the Triangle 3-A. However, with excellent shooting and good rebounding the Panthers sank the Cougars 83-77. Now only one-half game out of first place the fighting Panthers invaded Vaiden-Whitley. This time it wasn't even close as the "Boys in Orange & Black" waltzed to a 68-52 victory.

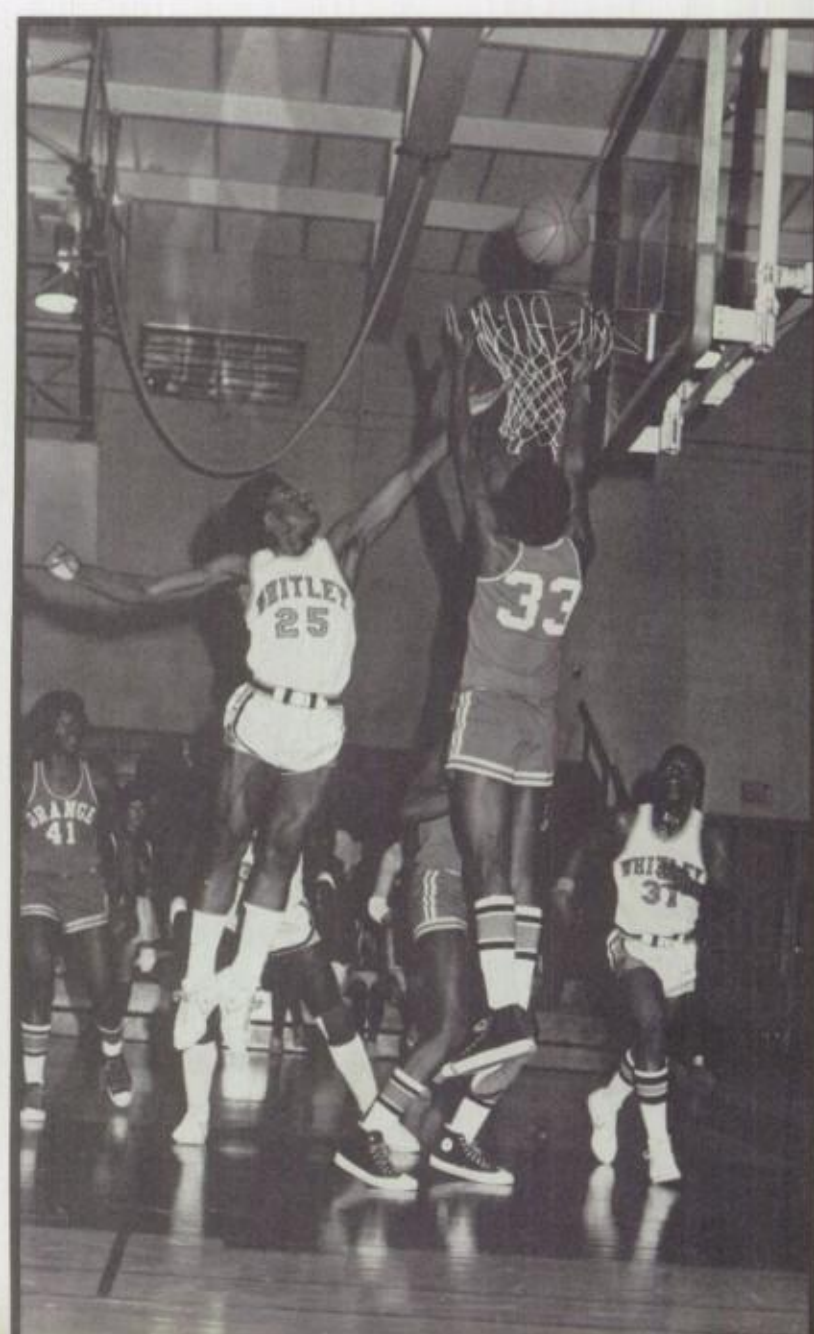

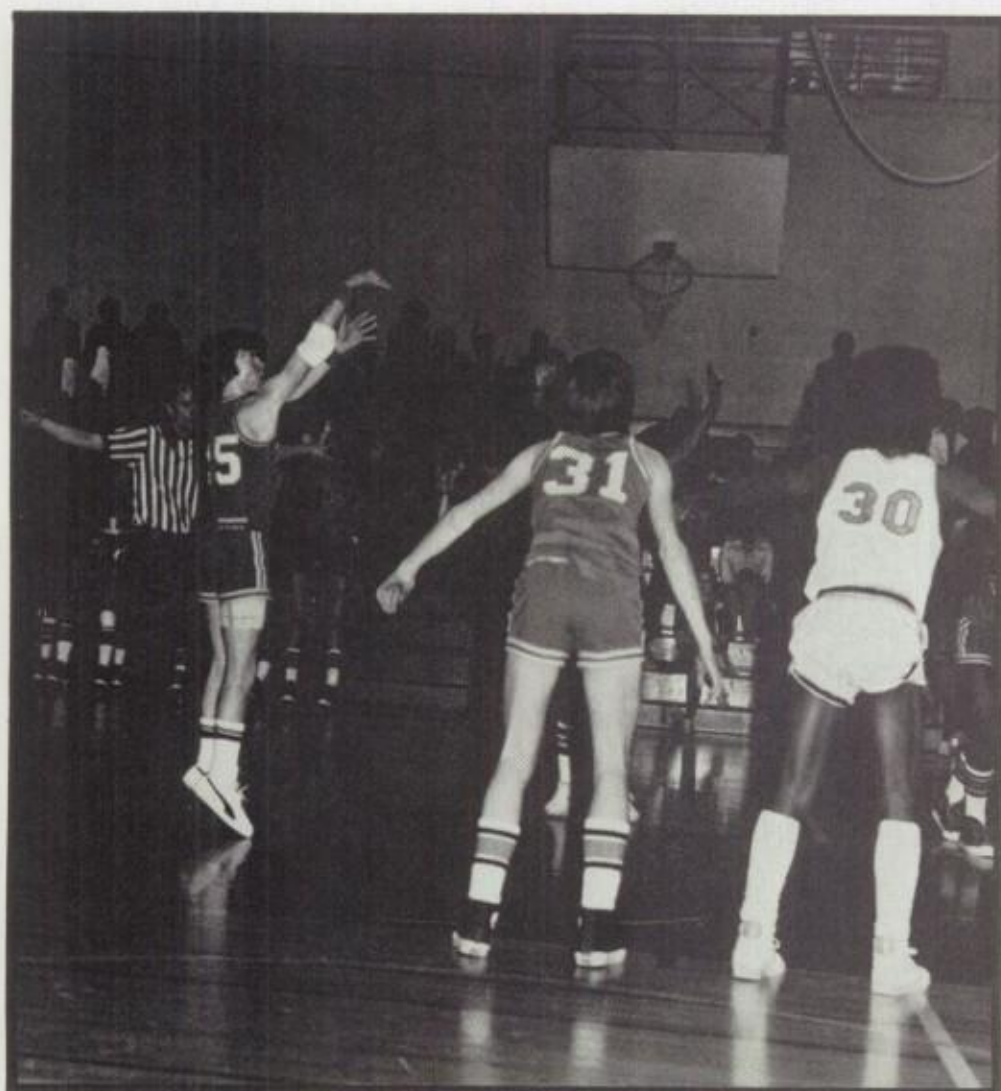

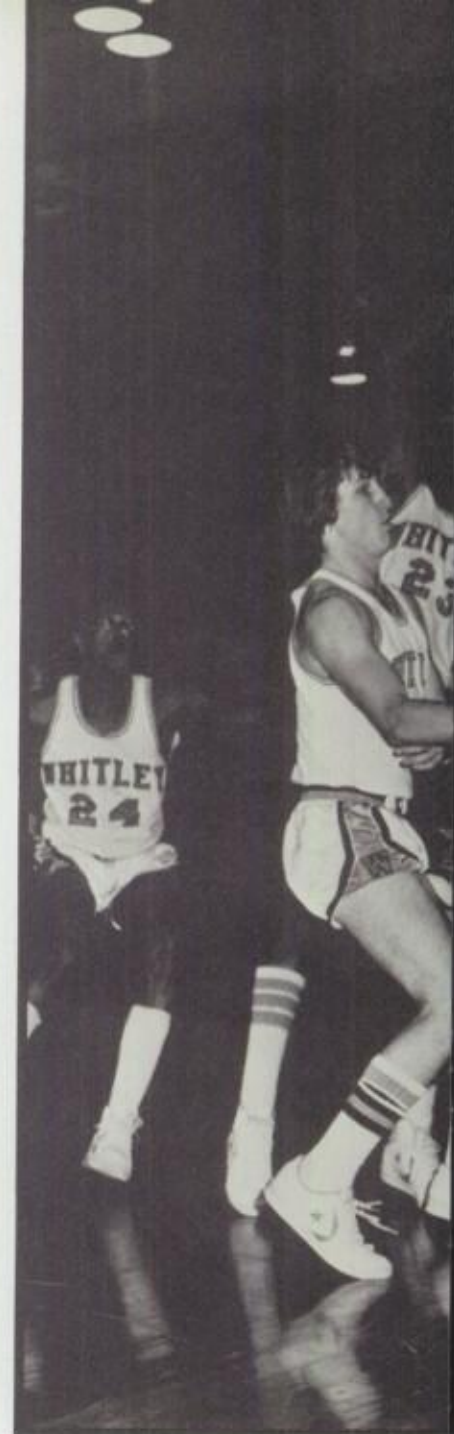

The following Friday the Panthers unleashed their powerful offense against a helpless Jordan team. With 3 starters contributing 77 points, the Panthers won 101-78. By beating Northwood 79-58 the Panthers were set to make a final bid for the Conference Championship.

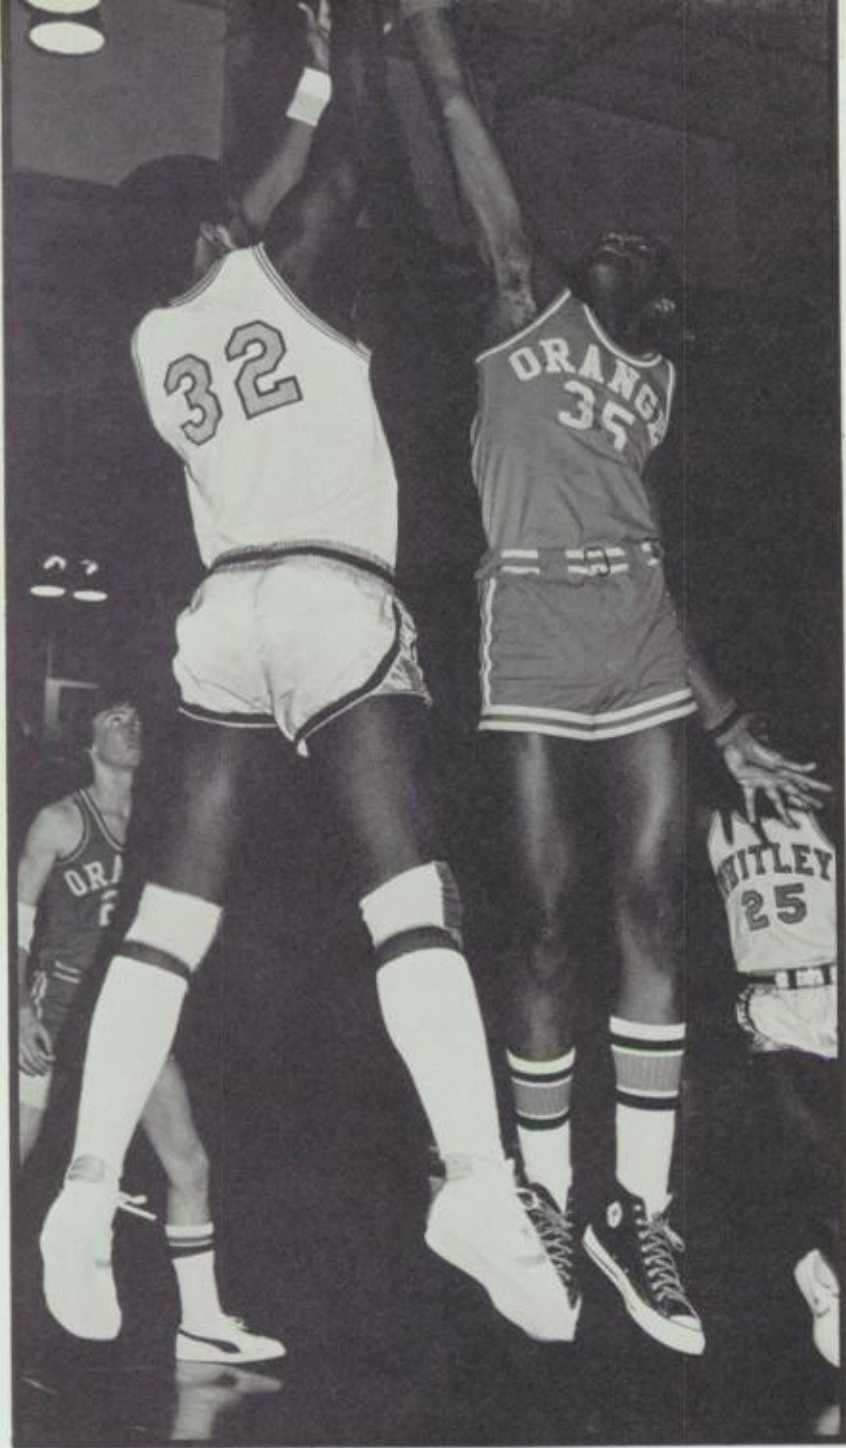

With Jordan downing Wake-Forest Rolesville, all Orange had to do was to down the Spartans of Southern. When the Panthers went to Durham on Wednesday night, it was for all the marbles. The Panthers played an aggressive defense and hit the boards hard to take a share of the Conference Championship back to Orange.

Much to the dismay of Orange High, the JV's finished another losing season with a 3-16 record. The Baby Panthers who lacked height and depth were unable to put together consistent team play. During streaks the Panthers played well, but were unable to pull out any close conference games.

The Panthers lacked experience and leadership. With a new team and new start, the Panthers can look for a much better outcome in the coming year.

Panther's Repeat Championship

The Orange High School wrestling team opened practice on November 1, hoping to retain their conference championship in 1977. With seven lettermen returning, coach Jim King boasted a strong squad.

The Panthers opened up with two straight wins over Roxboro Person and Eastern Alamance. Western Alamance handed the Panthers their only defeat of the season.

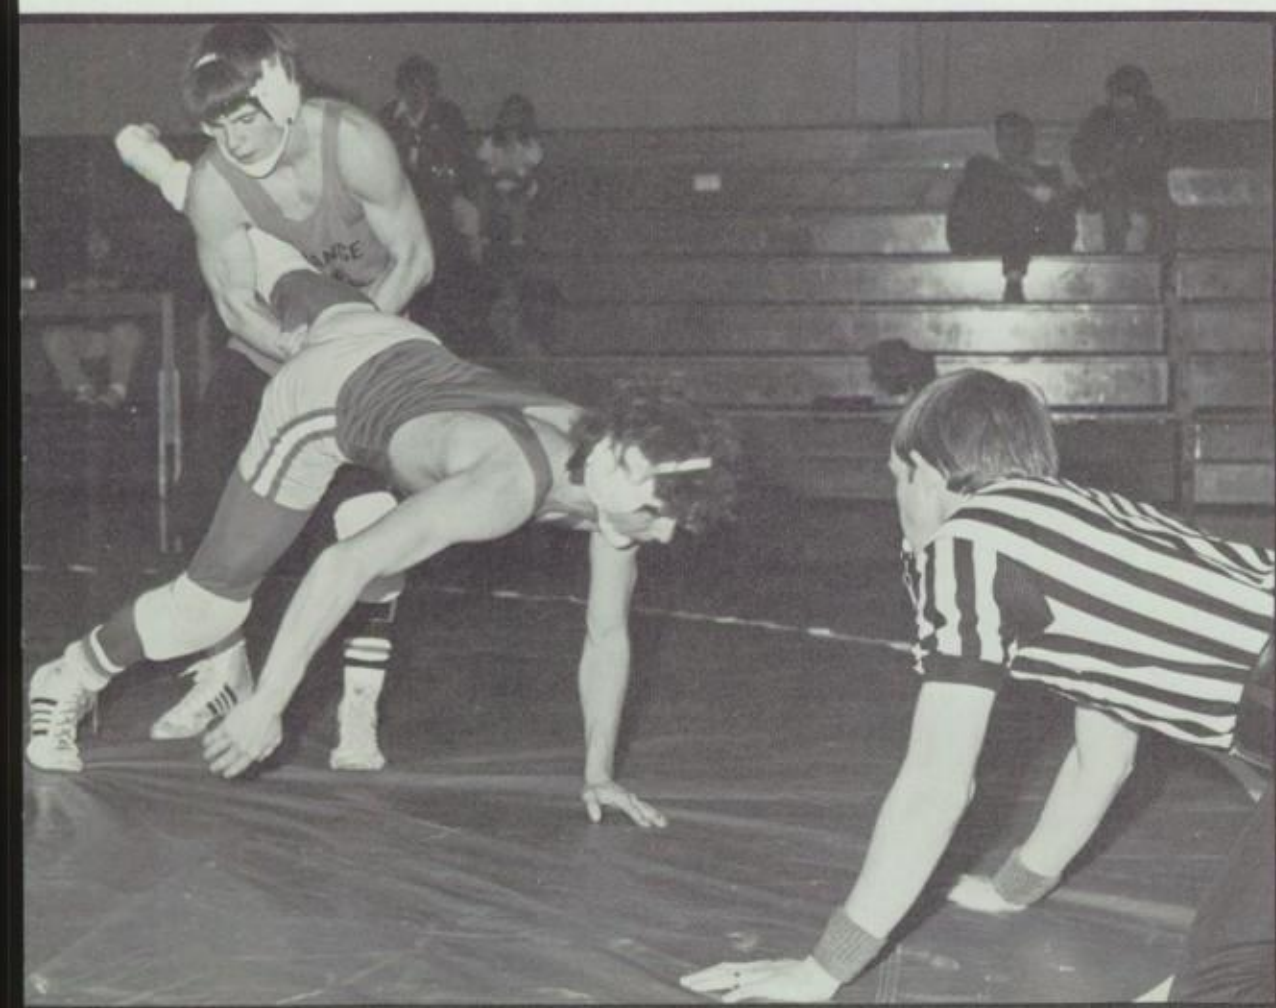

Conference matches started with Orange's toughest competition, Jordan. The Panthers defeated the Falcons and went on to dominate the remaining conference teams, Southern and Vaiden-Whitley.

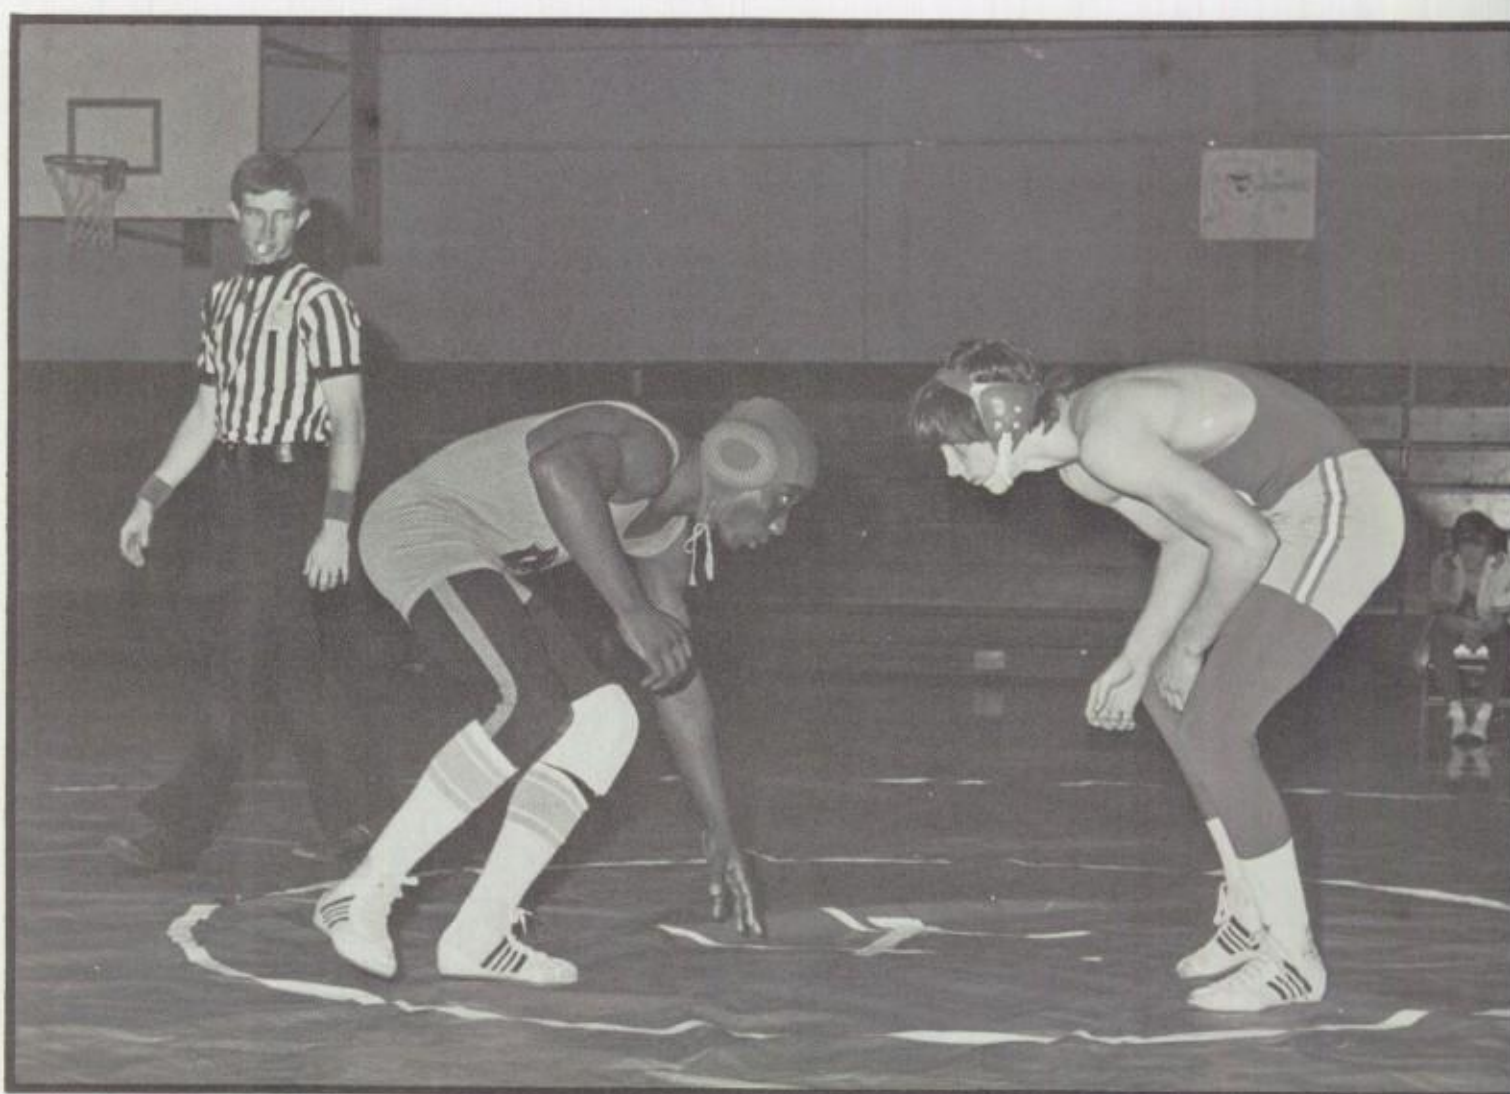

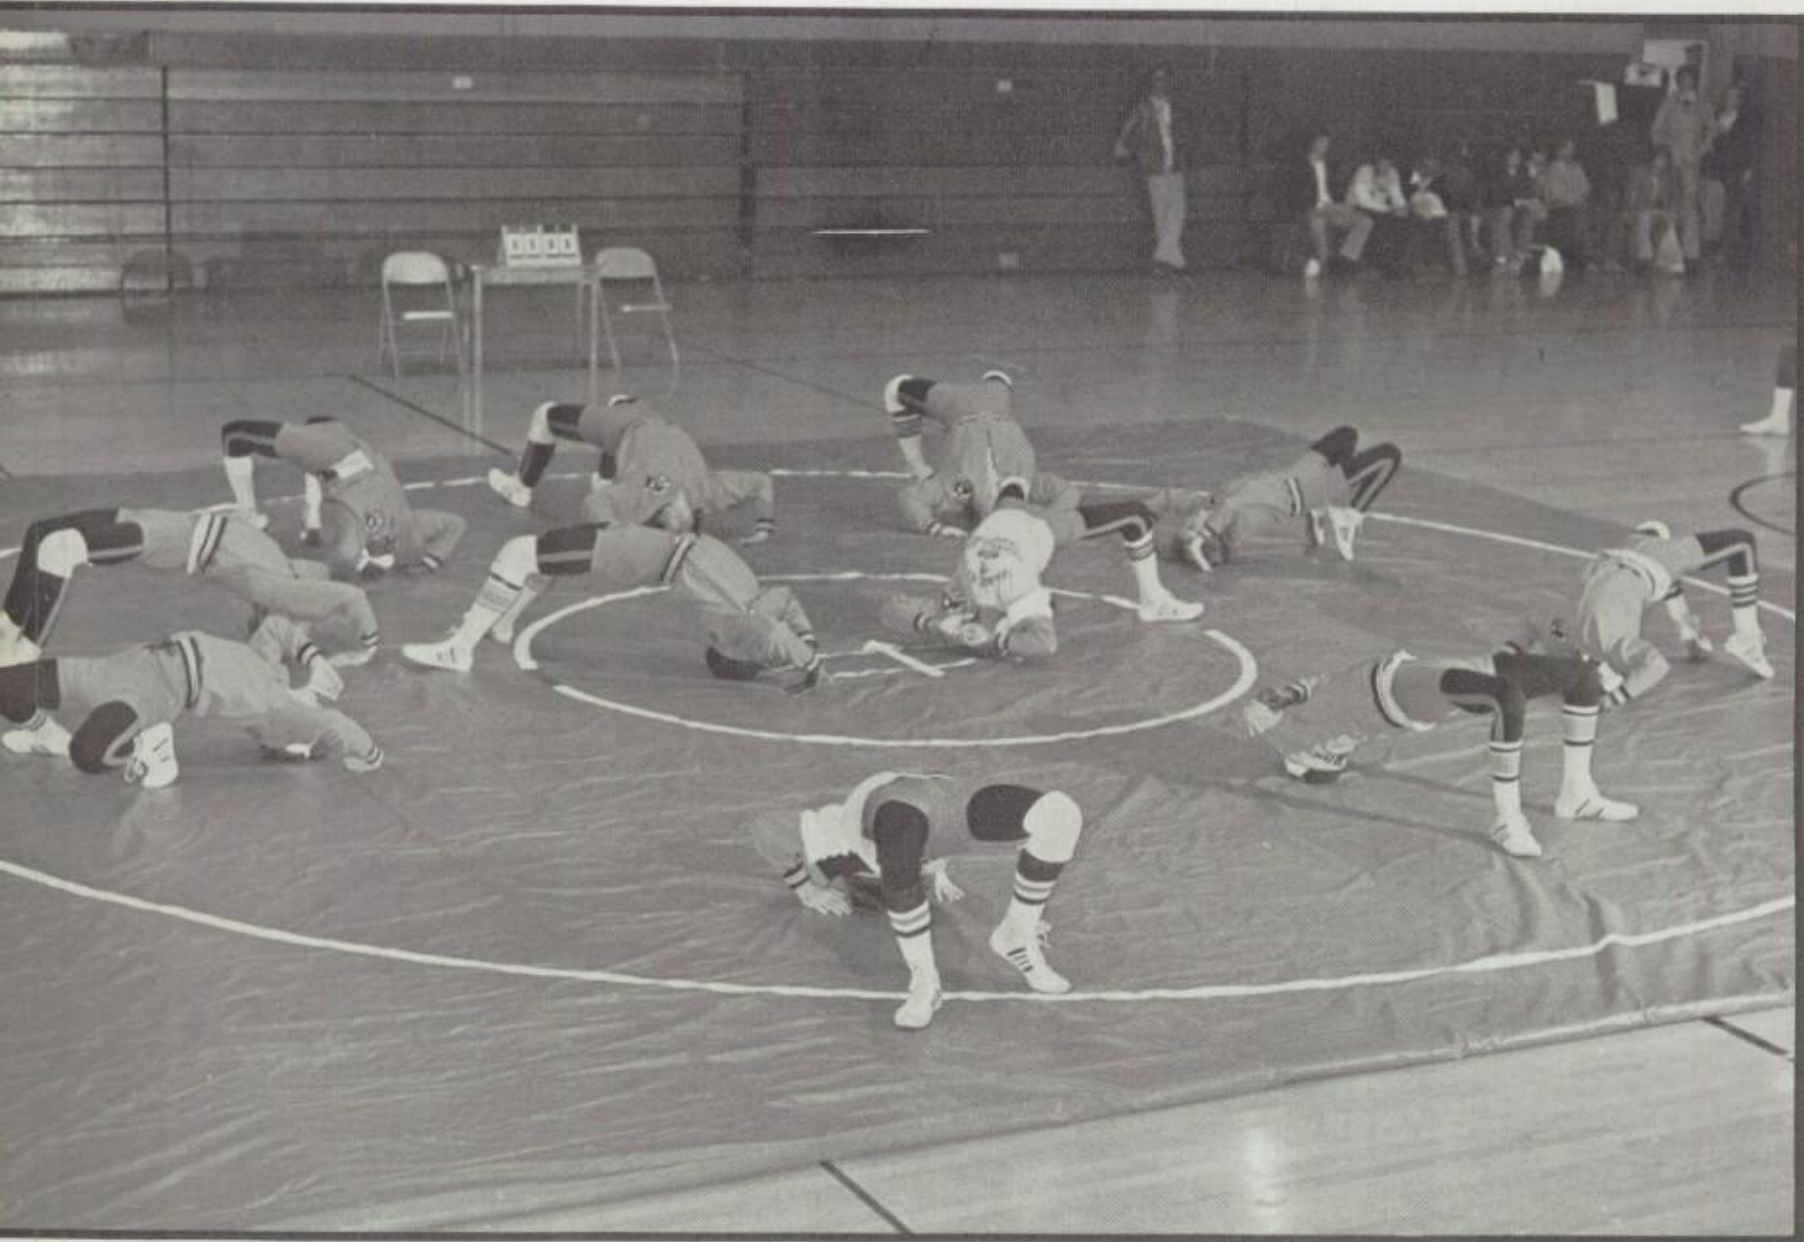

During the course of the season the Panthers won 4th place in the Bull Durham Tournament, composed of the toughest competition in the state.

In February the Panthers took the Conference tournament with six 1st place winners: Barry Hicks (101), Jimmy Allen (108), Charles Rainey (115), Steve Florence (122), Mike Farrish (135), and Joel Blalock (141).

Coach Jim King commented: "Overall our season was very successful with many matches being wrestled with a handicap by not having a heavyweight. Every individual on the team wrestled with 100% effort to counter that handicap. Those wrestlers who excelled in their weight classes were: Barry Hicks, a senior, at the 101 lb. weight class with an 18-2 record which was much improved over his 3-0 season last year. Barry was also conference champion. Jimmy Allen, a junior, at the 108 lb. weight class had another fine year by winning the Bull Durham Tournament and repeating Conference Champion."

Charles Rainey, a junior at the 115 lb. weight class, wrestled to an 18-2 season to capture the conference championship for the second year. Charles' only losses came from the defending state champion.

Steve Florence, a junior, repeated his conference title at the 122 lb. weight class and finished the season with a 15-4 record.

Mike Farrish, a junior, at the 135 lb. weight class vastly improved this year with a 17-3 season and the conference title.

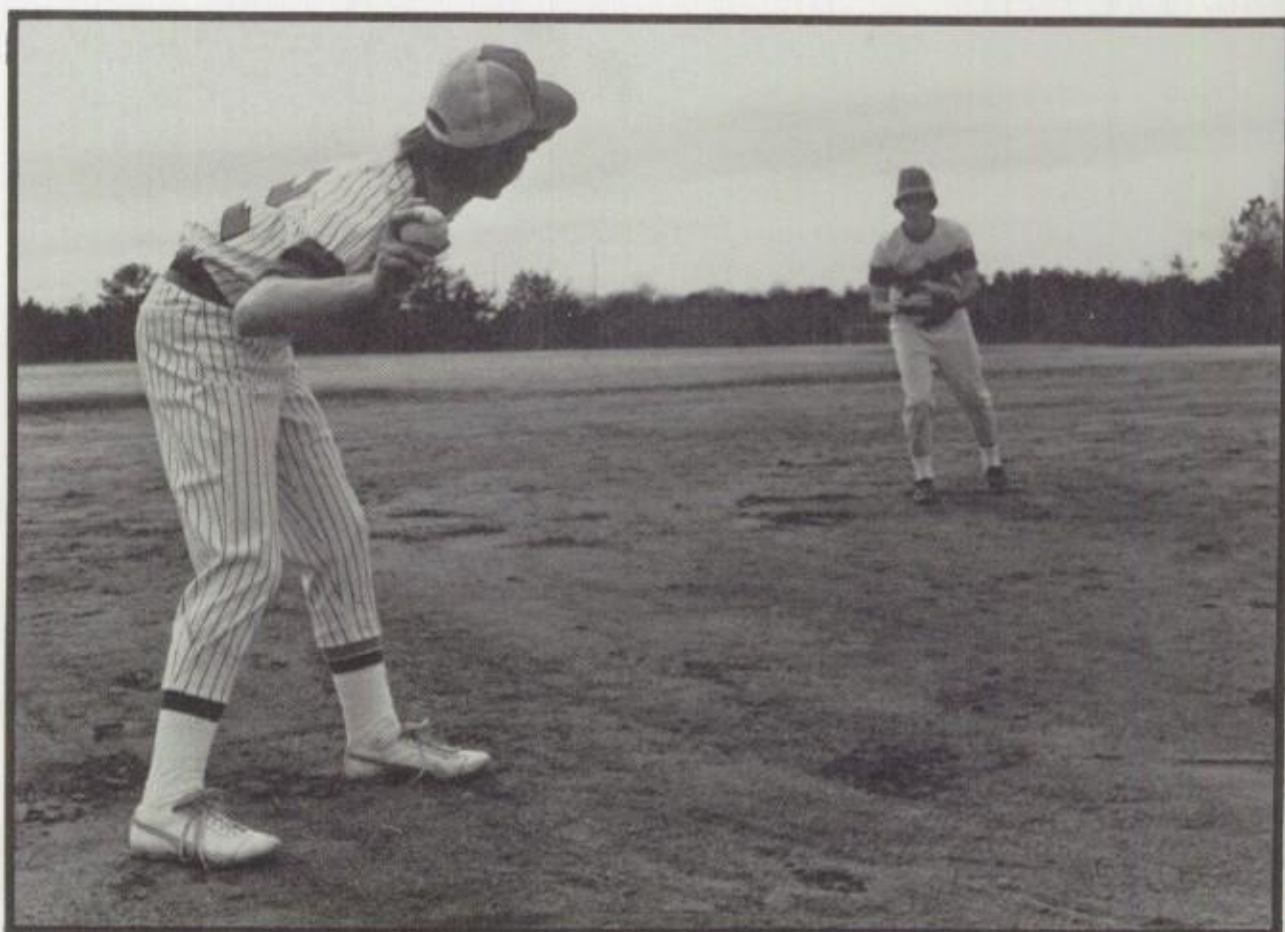

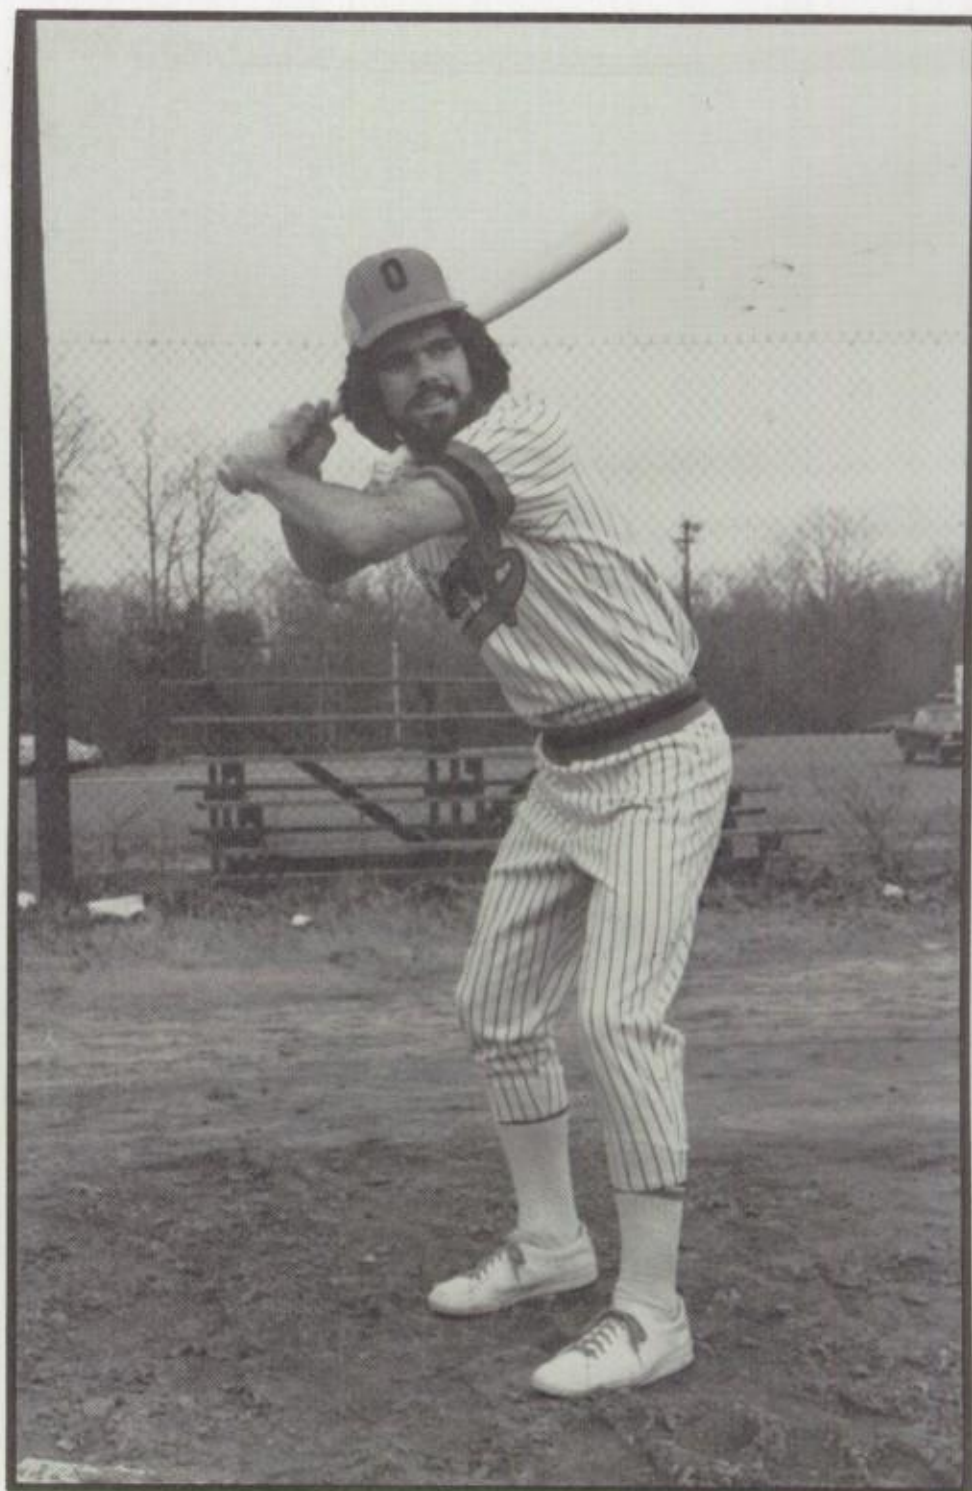

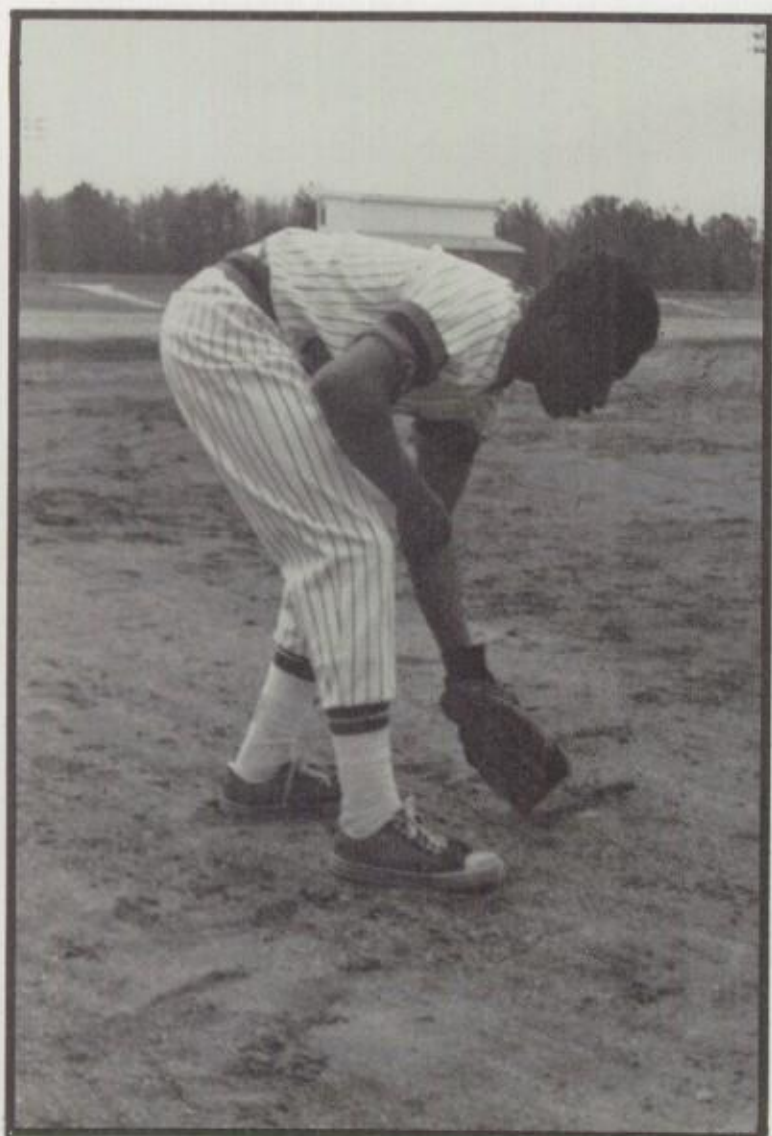

Joel Blalock, a sophomore, won the conference handily at the 141 lb. weight class and finished the dual meet season with an 11 and 5 record.

Randy Tyler, a senior transfer from North Pitt, wrestled in the 148 lb. weight class two weight classes above his expected weight and displayed super effort with a 13-6 record and 2nd in the conference.

The key to our success this year fell in two areas: the durability and the aggressiveness of all our wrestlers. Only 18 wrestlers started the year and 14 finished the season with no one being lost to injury. Their aggressiveness was displayed in the area of pins, in that of all matches wrestled 85% ended in a pin for the Panthers.

SCHEDULE

ORANGE		
42	Roxboro	33
50	Eastern Alamance	22
27	Western Alamance	40
54	Wilson Fike	18
45	Eastern Alamance	26

49	Southern	18
53	VaidenWhitley	20
36	Northern	22
40	Southern	22
33	Jordan	30
59	Vaiden Whitley	13

Coach Roland Scott is looking forward to a promising season with the help of assistant coach, Gary Maske. Returning for the Panthers on the diamond this year will be Barry Roberts, Doug Dunnegan, Rob Greer, Keith Hollis, Sparky Carroll and Dennis Lloyd. These lettermen along with promising sophomores make the outlook on the Panther baseball season bright.

SCHEDULE

13 Southern	A

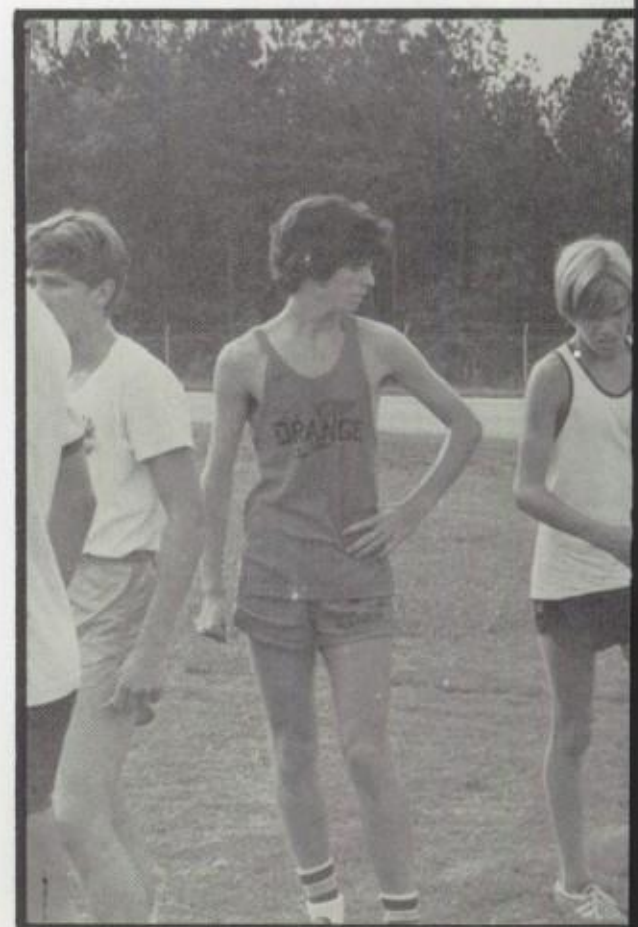

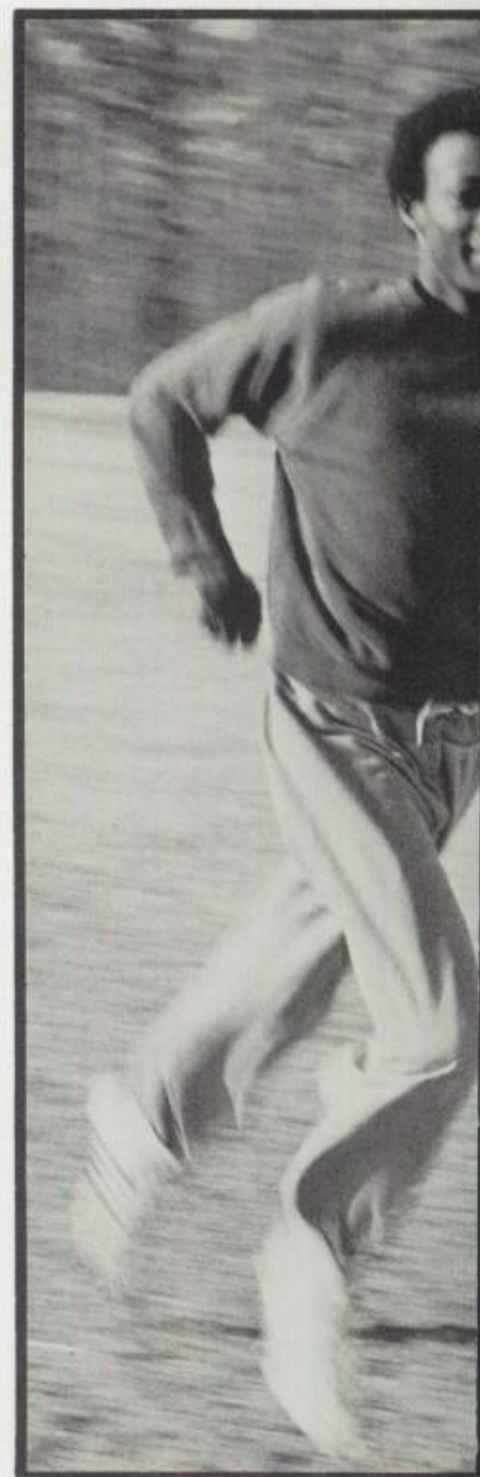

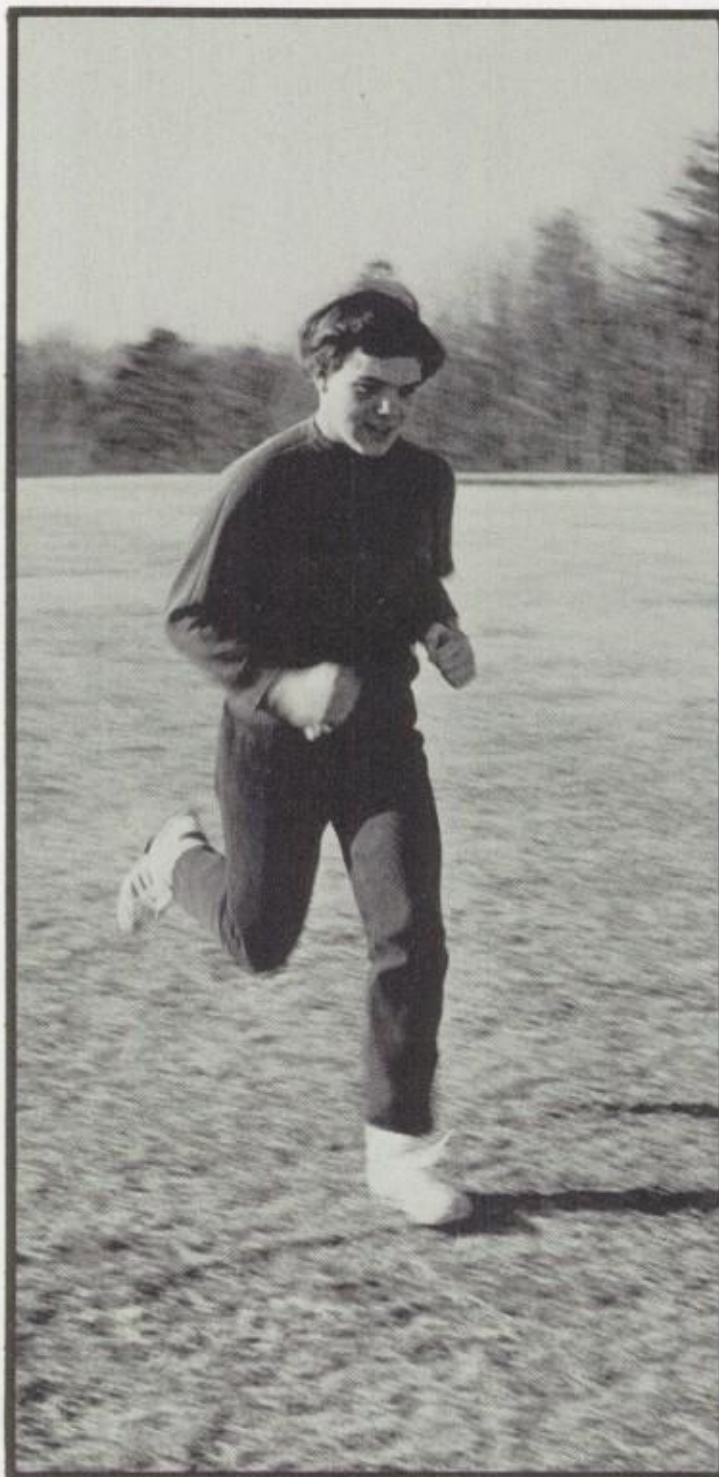

Mud In The Eye

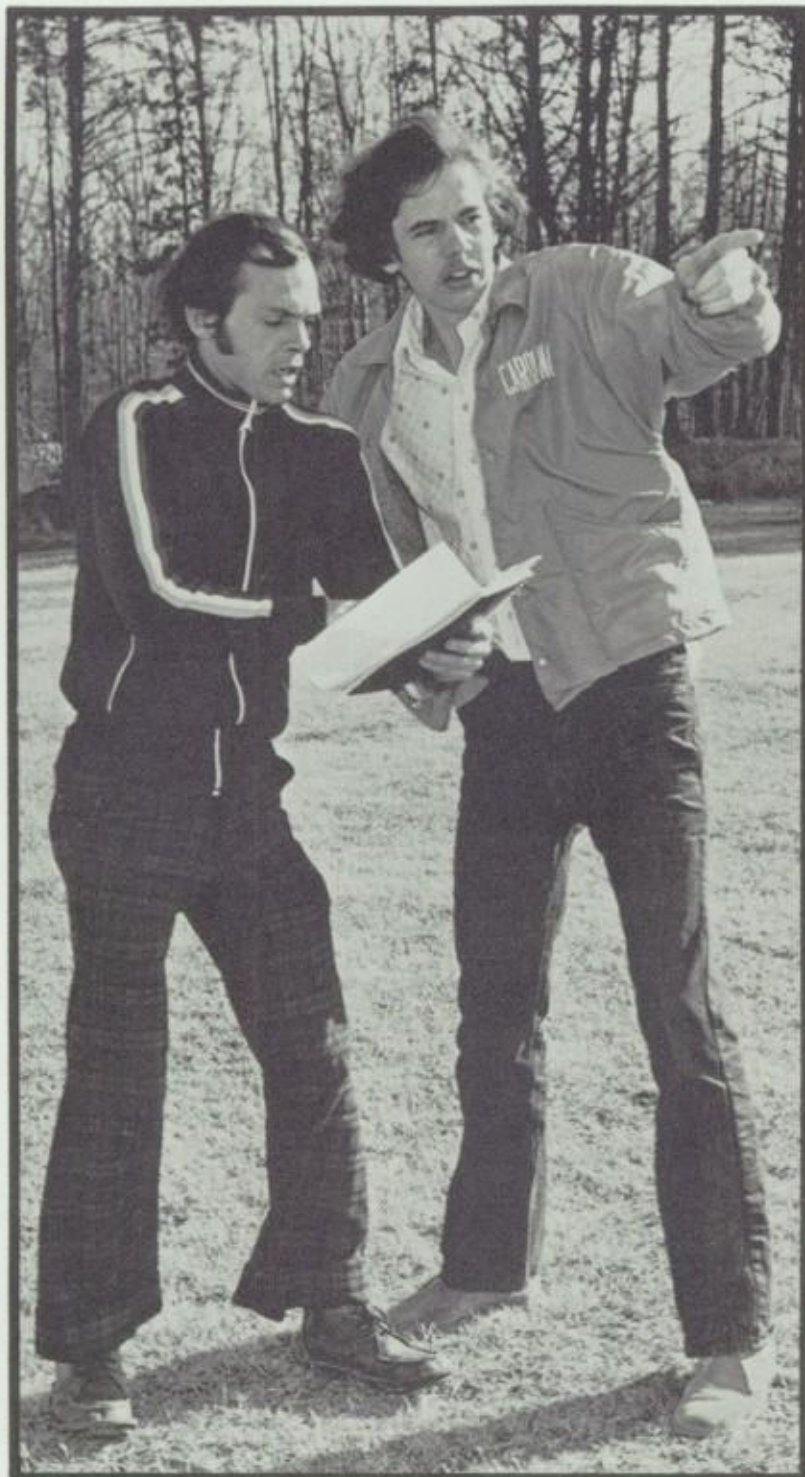

Have you ever heard the slogan "drop dead"? Have you thought you could run no farther? Have you ever been chased up hill by a dog? Have you ever run 3 miles under 15 minutes? If you have answered no to any of the above questions, then you have never tried Cross Country.

While most attention was being paid to football, there were 11 brave individuals trying to overcome tremendous hills, mountains of mud, man made rain storms on the football field, heavy traffic through the woods, and severe pushing and shoving at the finish line.

The Cross Country team, coached by Gary Maske, bettered last year's record by two victories. The Cross Country team also placed third in the conference narrowly defeating Jordan.

The team members are: Charles Rainey, Kip Greer, Stan Parker, Mike Hicks, Norman Canada, Mark Bateman, Tim Daly, Randy Tyler, Vann Scarlett, Della McAdams and John Hines.

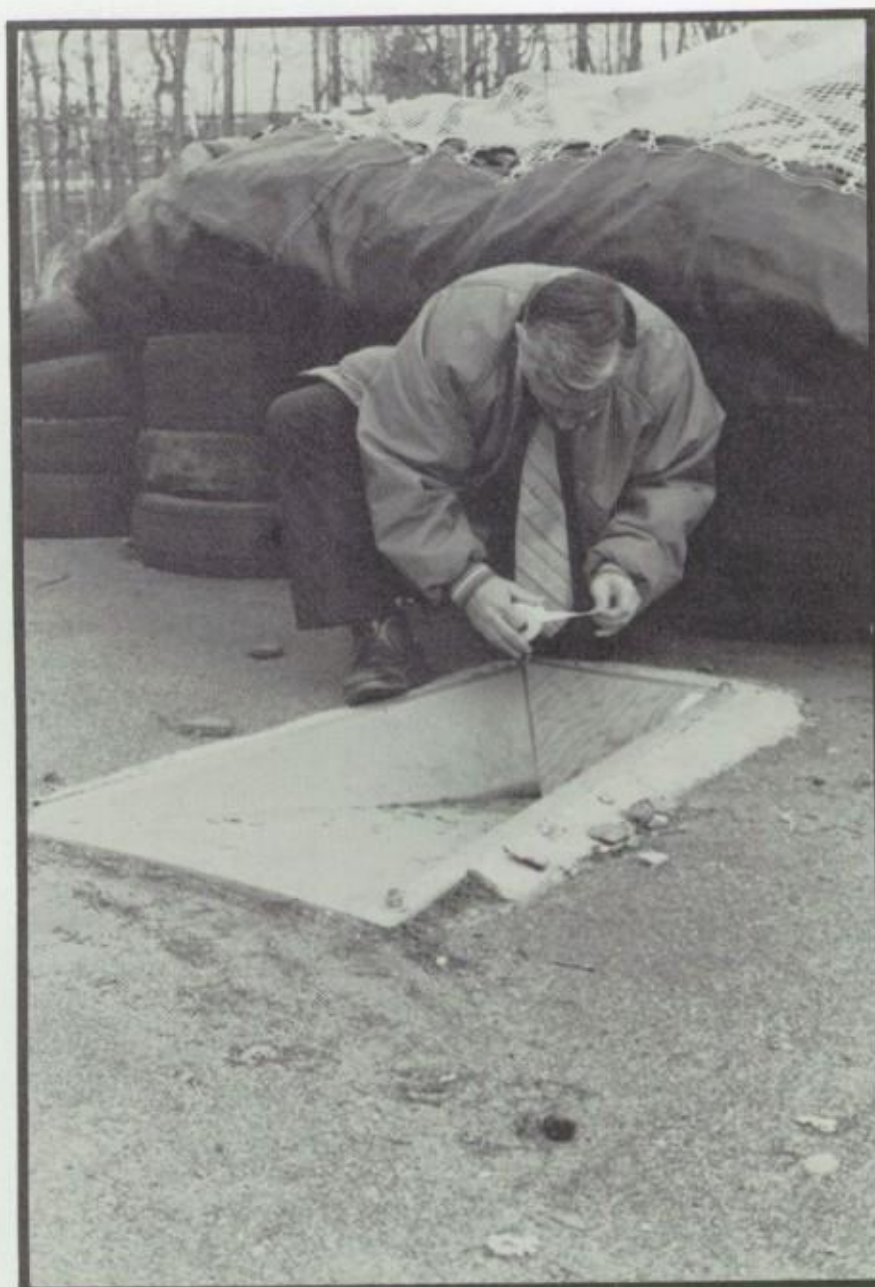

Runners To Your Mark

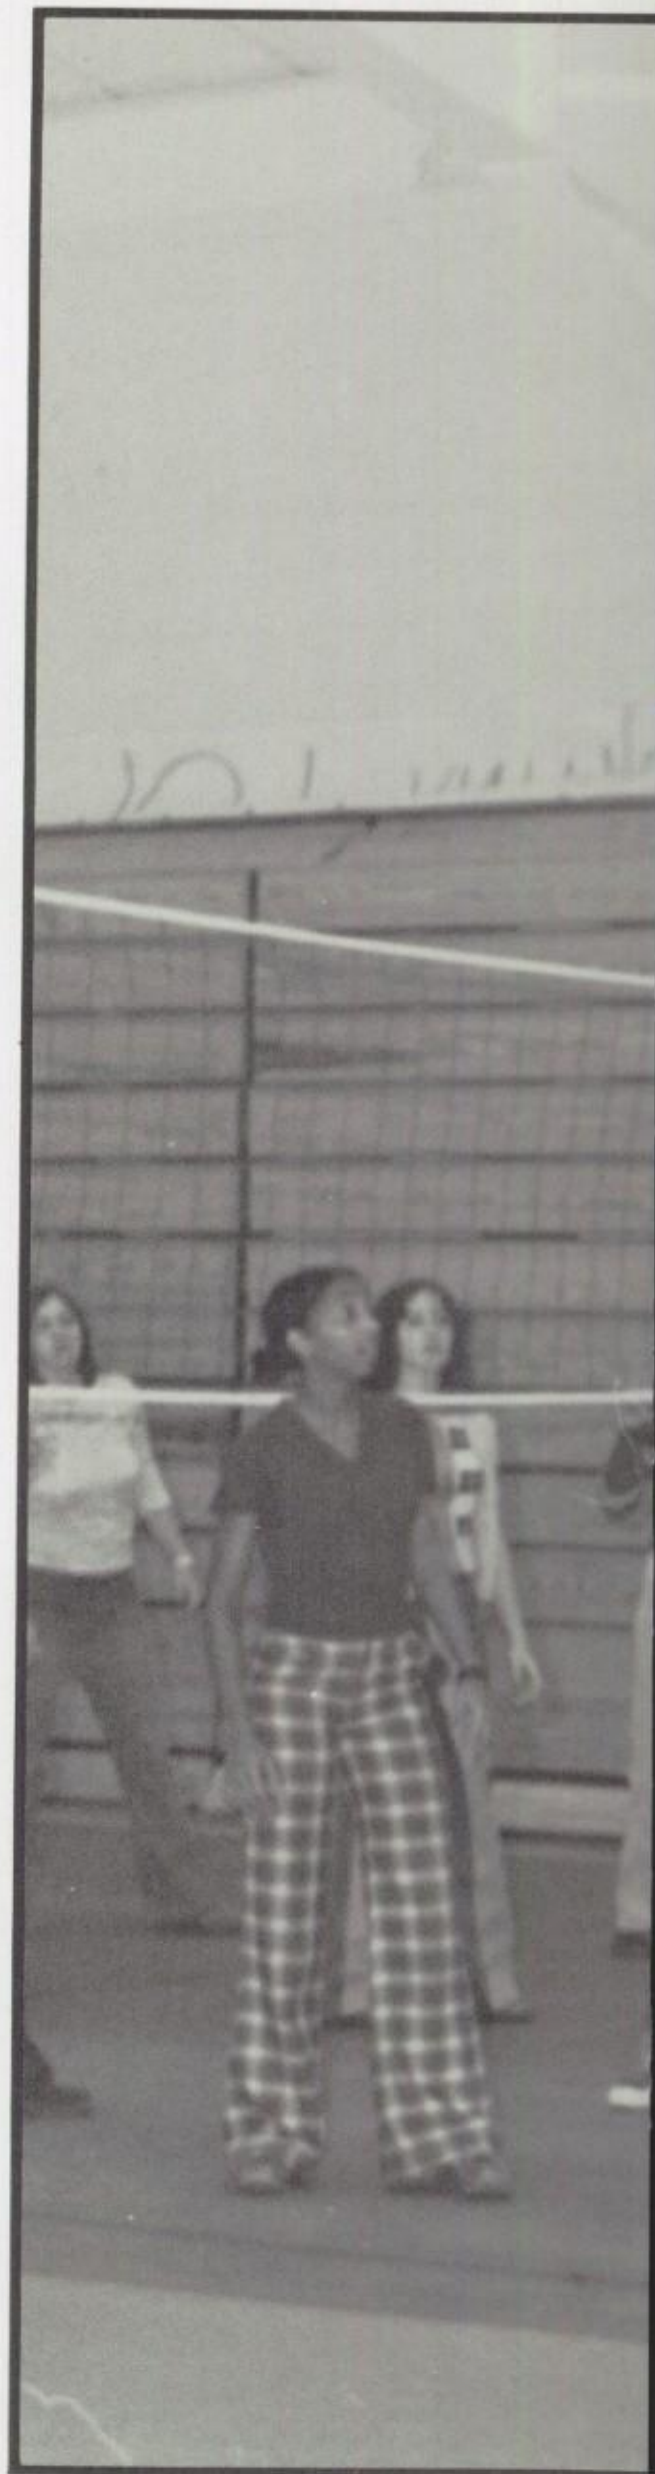

With hopes of being conferenced champs, the "Running Panthers" started a grueling 3 week practice. The runners were required to run 8 miles a day, sometimes in freezing weather.

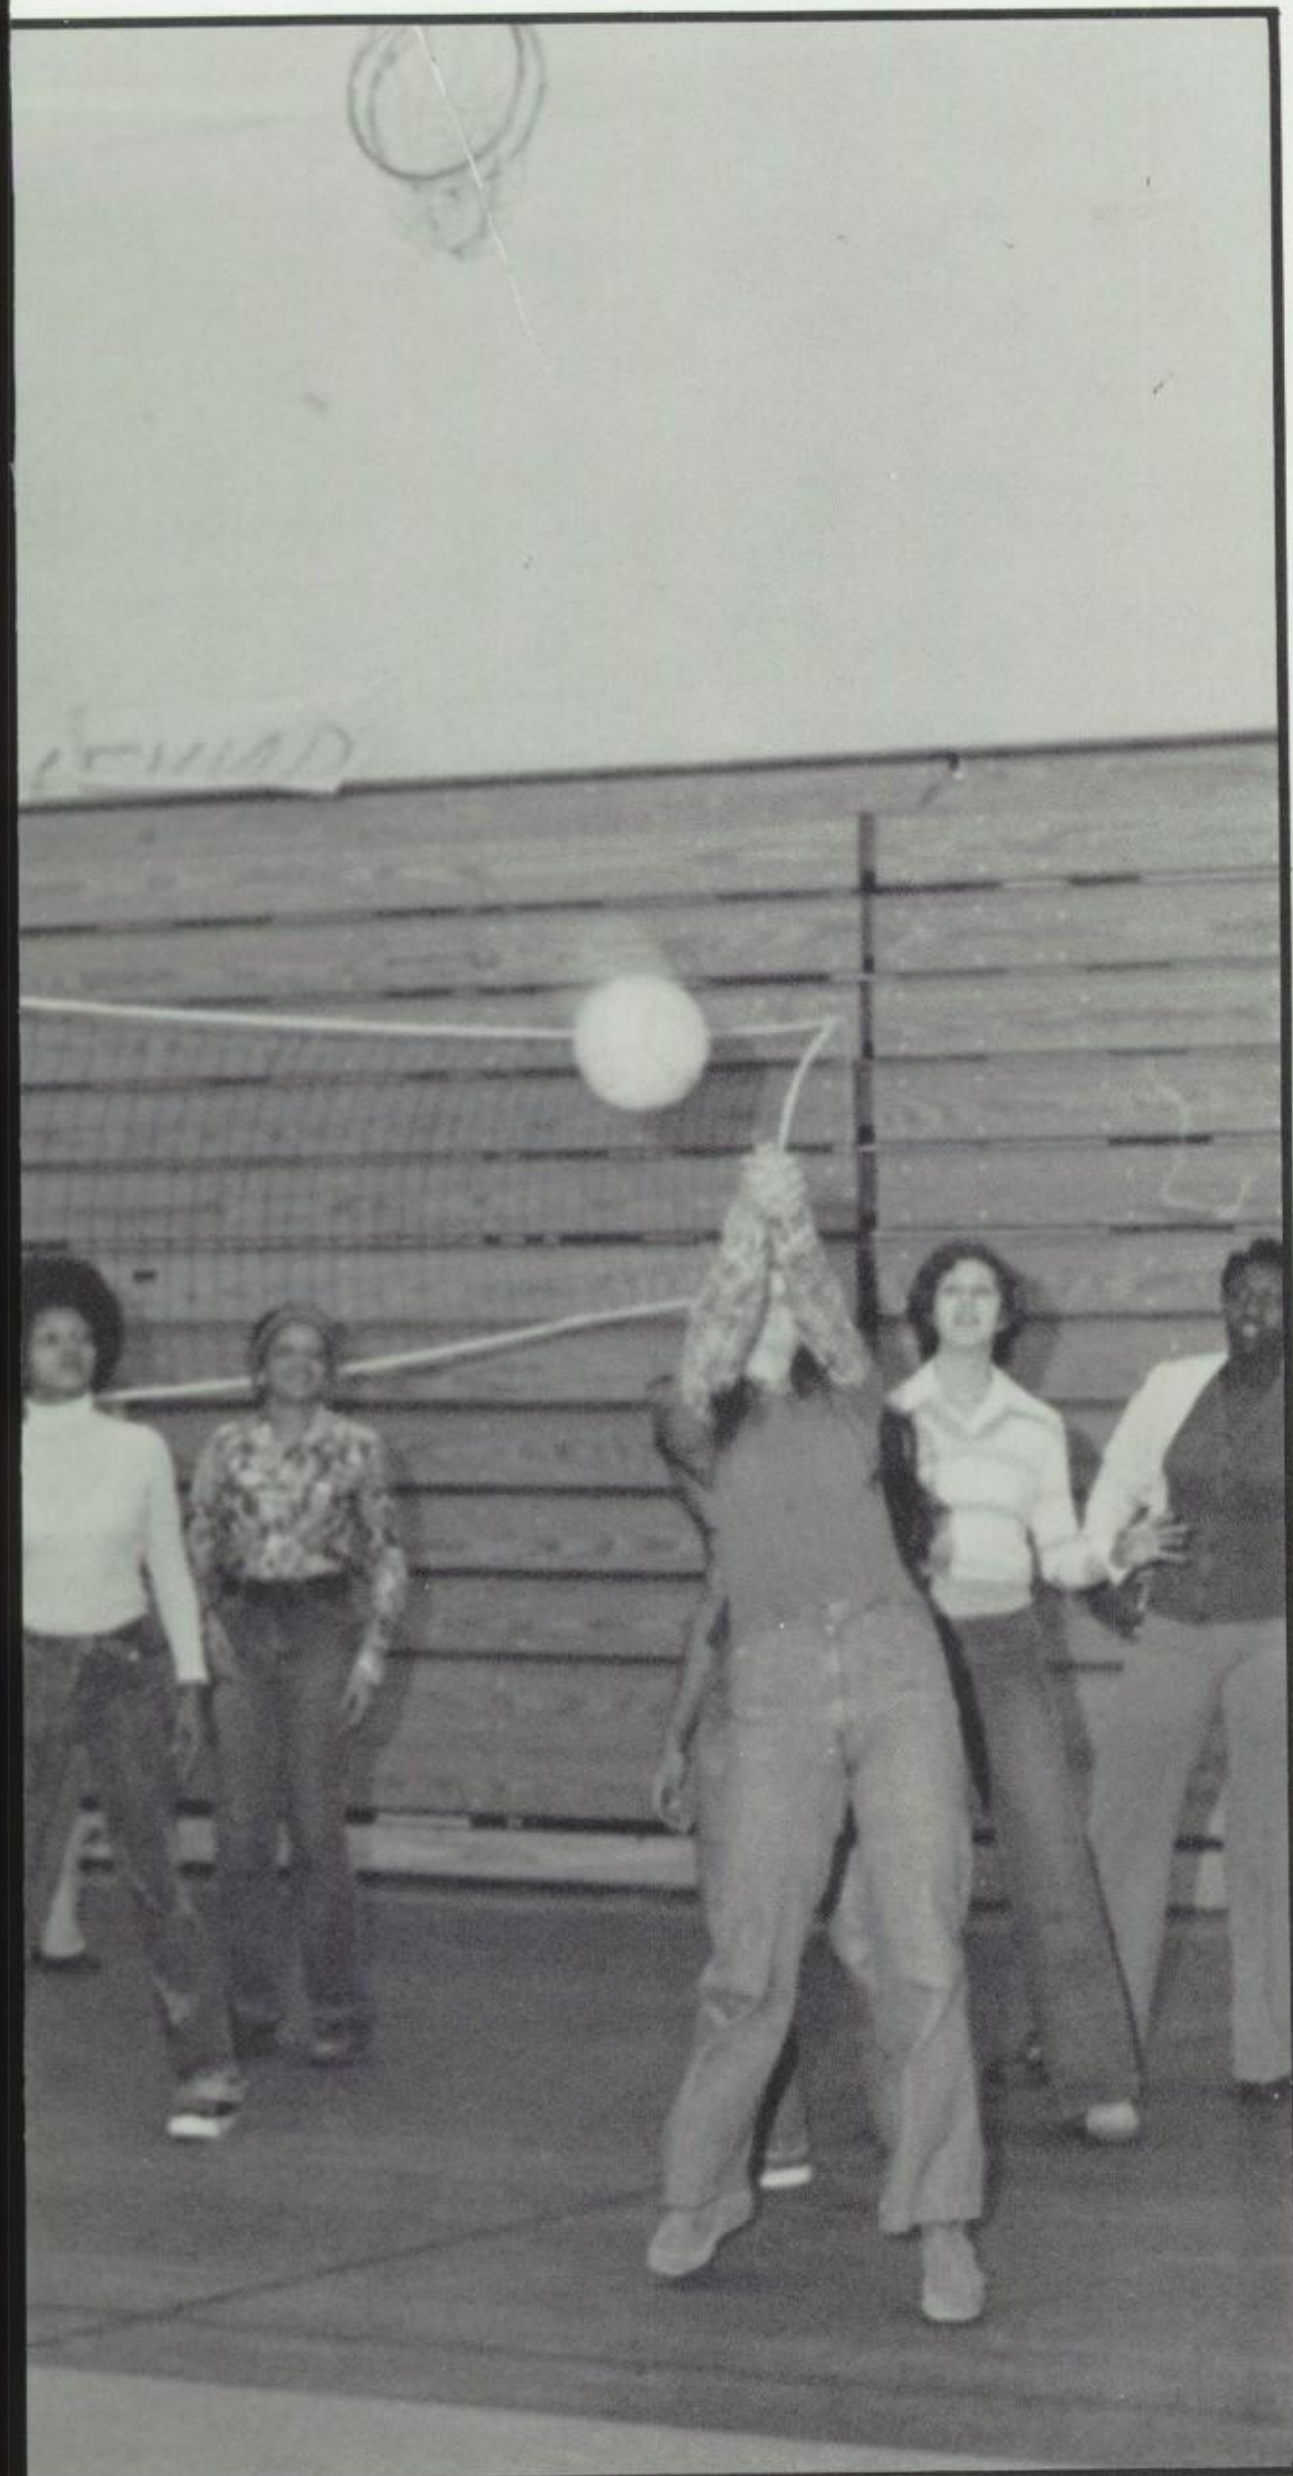

With few returning lettermen, it was up to Coach Mel Dennis to mold a young inexperienced team into a conference contender. Returning runners were: Jeff Tubiolo, Charles Rainey, Rodney Turner, Norman Canada, Ricky Cook, Allen Walker, Tim Mitchem, and Mike Johnson.

The remainder were young runners all full of potential and a few conference hopefuls. As the start of the season neared, the team could be seen at the track running time trials and preparing for their first meet on March 1. One could see all of the determination and will in each individual's face as they worked on their specialty, preparing for the conference meets.

"I love to play basketball and softball, and every chance I get I try to participate in these sports. Because I enjoy these sports, I spend a lot of time at practice." Beverly Parrish

"The reason I participate in volleyball, basketball, and softball is because I enjoy competing against other people. I enjoy all the sports a lot. I take time out because if you are going to be a good team, you have to practice and practice takes time." Kay McPherson

"I participate in the athletic events because I enjoy playing sports. It is also a good way for me to get the exercise I need. Sports are something I like to do and as long as I remain at Orange High, I will keep on participating in activities. The sports which I have participate in are basketball and softball." Terry McPherson

"Because I love sports, I love to play in any activity. Sports are my hobby." Vickie Torain

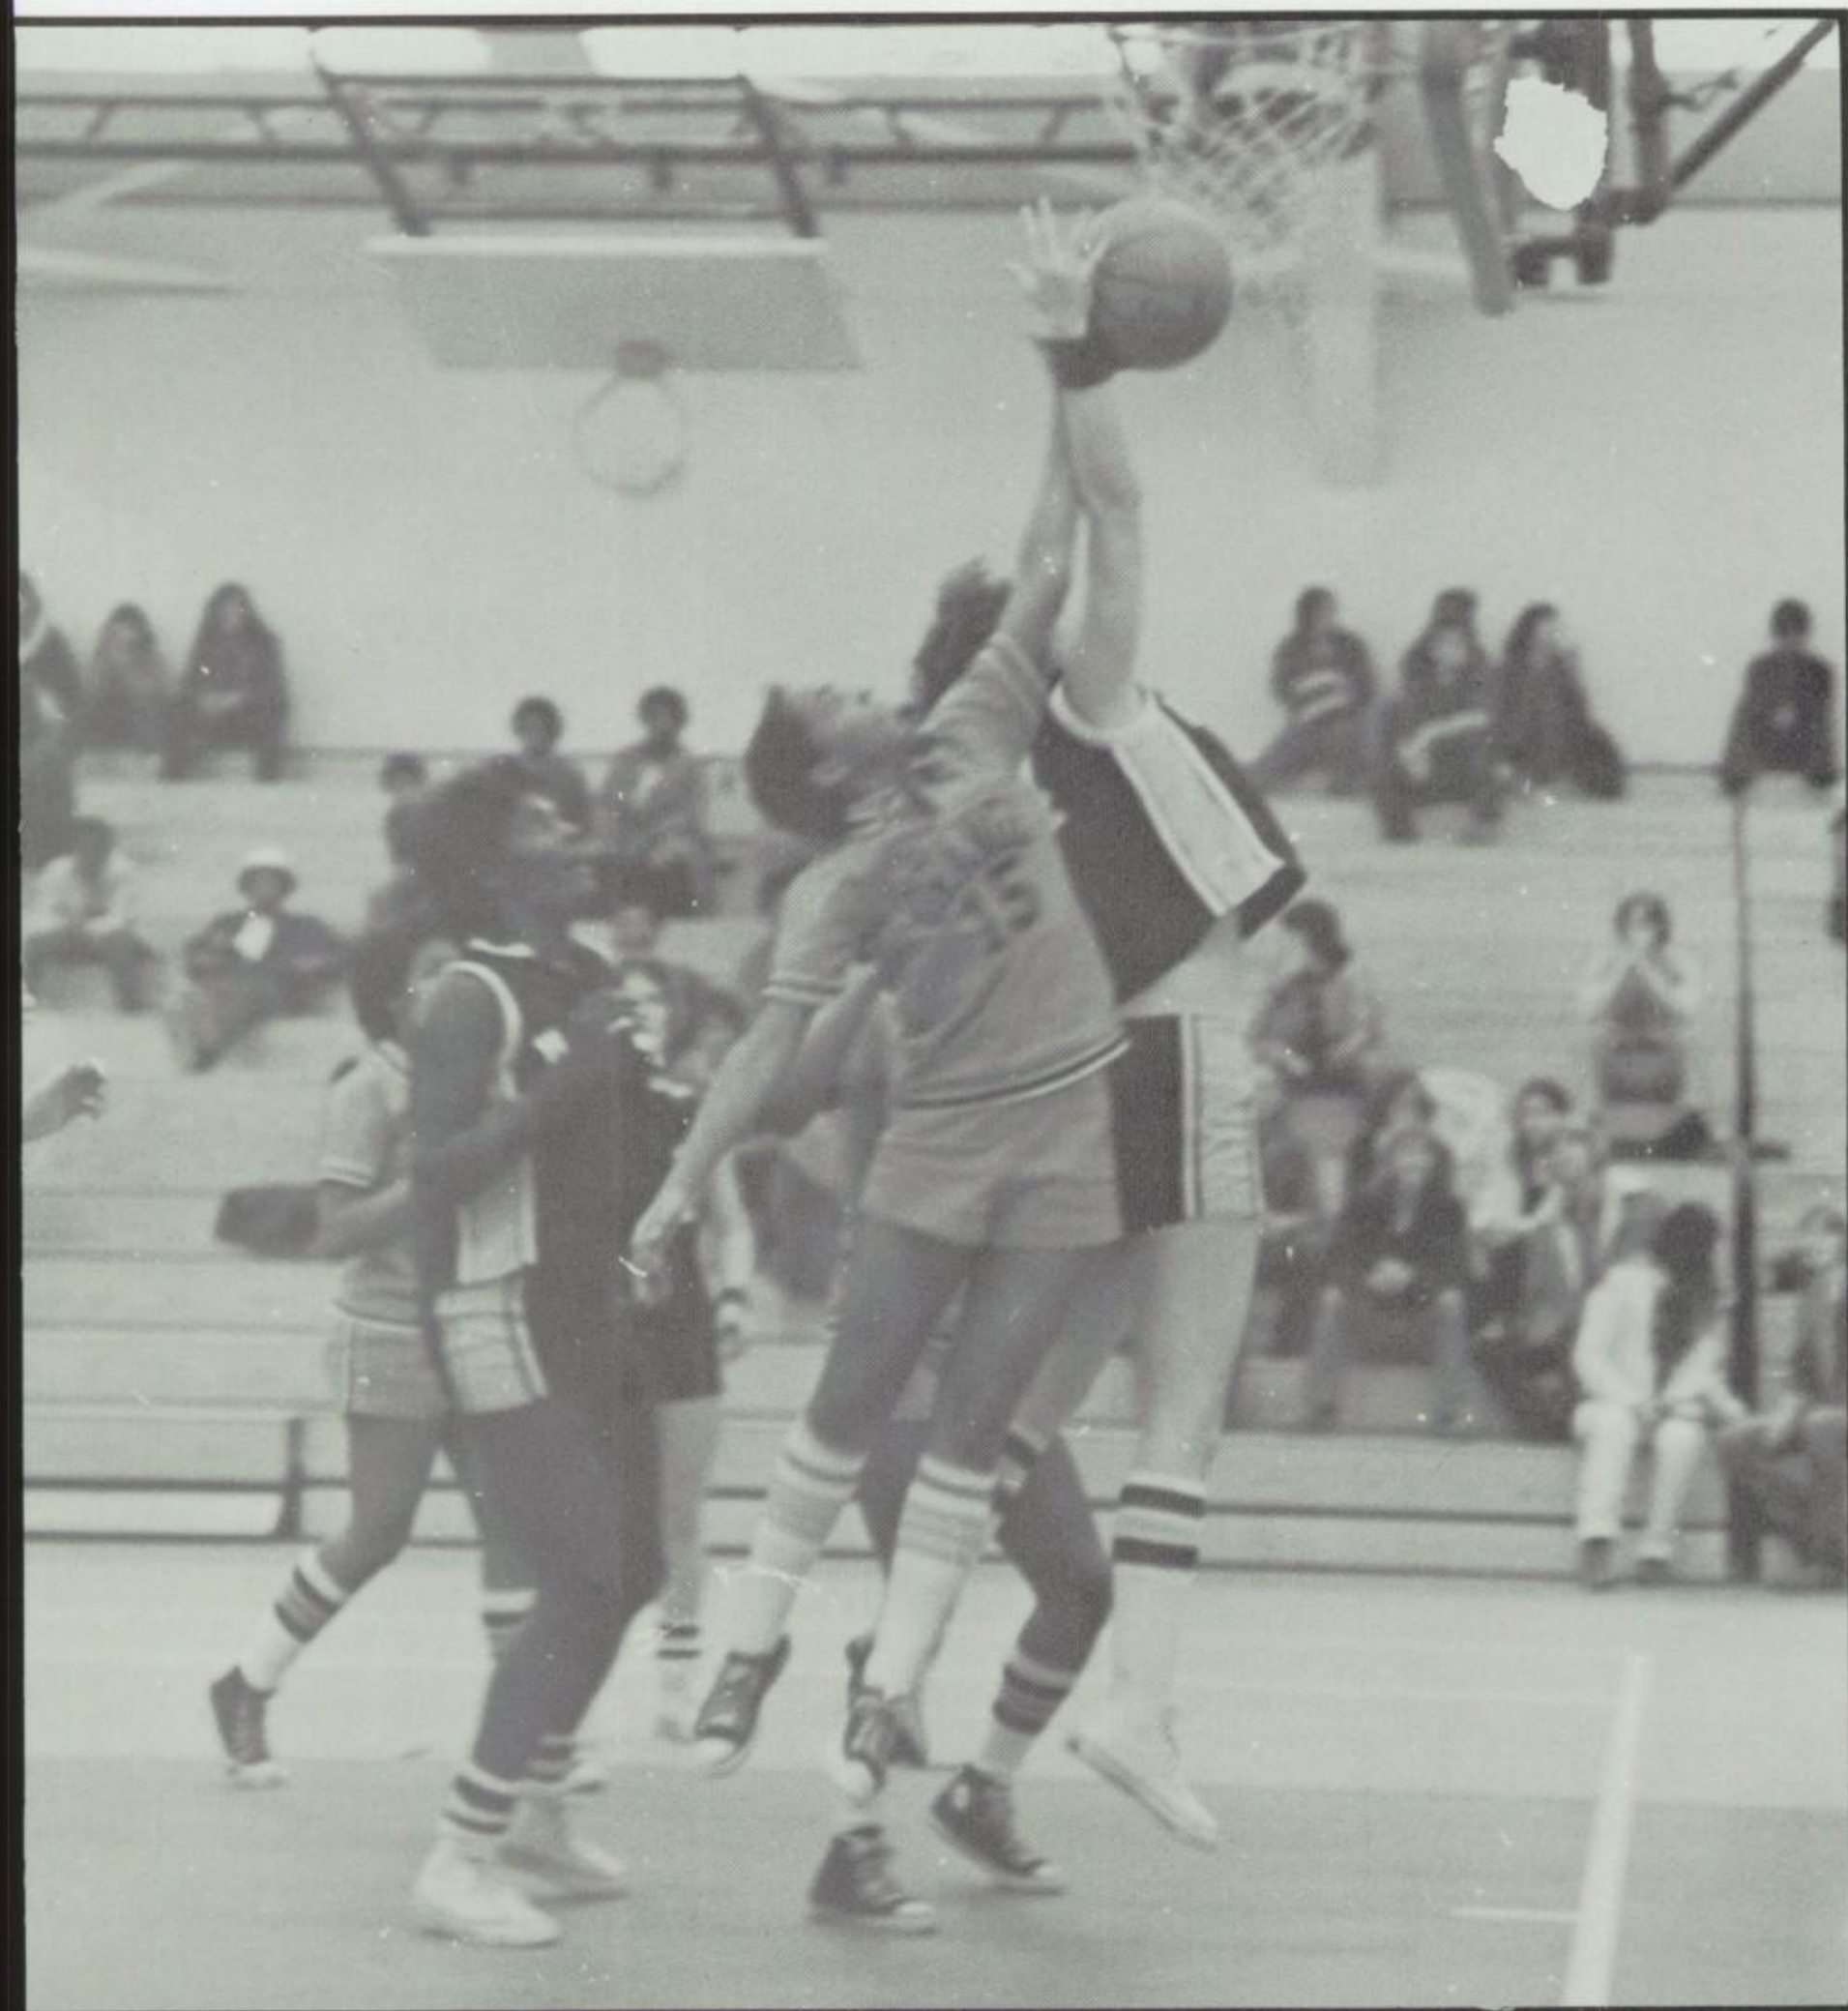

The Orange High School Lady Panthers athletic program consisting of volleyball, basketball, track, softball and even cross-country changed the role of women in sports at Orange High.

Returning from summer vacations, setting out to be athletic participants, girls proved themselves through the game of volleyball. Succeeding from a losing season the previous year the girls struggled to defend themselves. Coach Pam Neighbors holds great plans of producing one of the stronger teams in the conference. Players contributing to the team were: Kay McPherson, Tina Kale, Diane Lloyd, Kathy McCauley, Sonja Berry, Karen Snyder, Quanda Turner, Seletha Pheribo, Robin Compton, Crystal Clark, and manager Beverly Parrish. Panthers hope for strong recruits for future years.

In basketball, although the girls were unable to satisfy themselves by a winning season, they proved to be winners at heart. They took each game individually, thus creating a sense of satisfaction among themselves.

ACTIVITIES

Student Government

"The Student Government Organization is a club in which you get to know and do a lot more things with and for the student body. In Student Government meetings you get a chance to let the group know of your likes and dislikes concerning the school." -Vanessa Mitchell

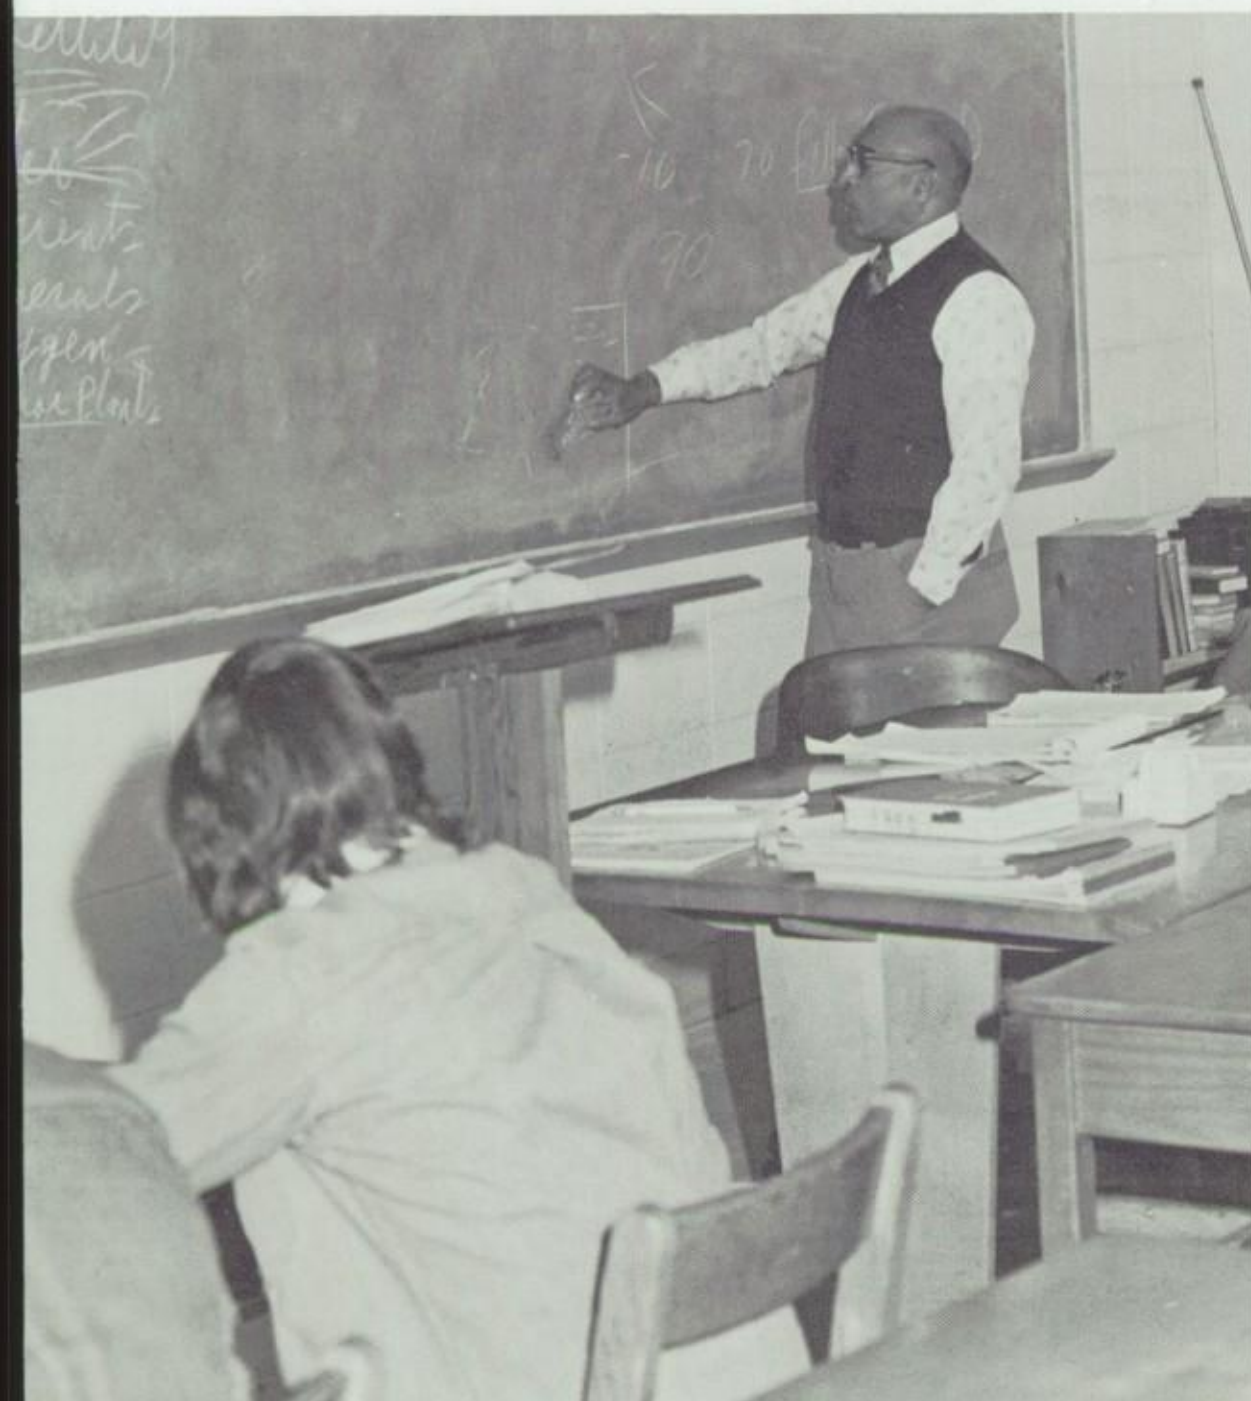

"The Student Government organization holds their meetings on Monday to organize different school activities and functions. The President assigns different committees to carry out different duties. The meetings are well organized and all members follow parliamentary procedure. Mr. Corbett and Mrs. Harris help the Student Government make sound decisions." - Pam Corbett

"I enjoy Student Government for a lot of reasons, but I really enjoy it because it gives me a chance to better serve the school and after all, that's what Student Government is for." -Robin Triplett

Betty Tom Phelps, President

Mr. George Corbett, Advisor

Inter-Club Council

"If the Inter-Club Council were a little more organized, it could perhaps accomplish more. The idea of such a club is excellent; the possibilities for accomplishments are tremendous. I only wish that the club was given more support by faculty and student body." -Lee Kuzil

"Inter Club Council is a very rewarding club, it gives all the other club's officers a chance to exchange ideas and plans. When we are able to get all of the club members to participate, the club will be better." -Patricia Merritt

"Inter Club Council is a nice thing to have, because it binds various organizations closer together. It also helps the development of school functions." -Kirk Vickers

"The attendance at the meetings needs to be higher." -Patricia Andrews

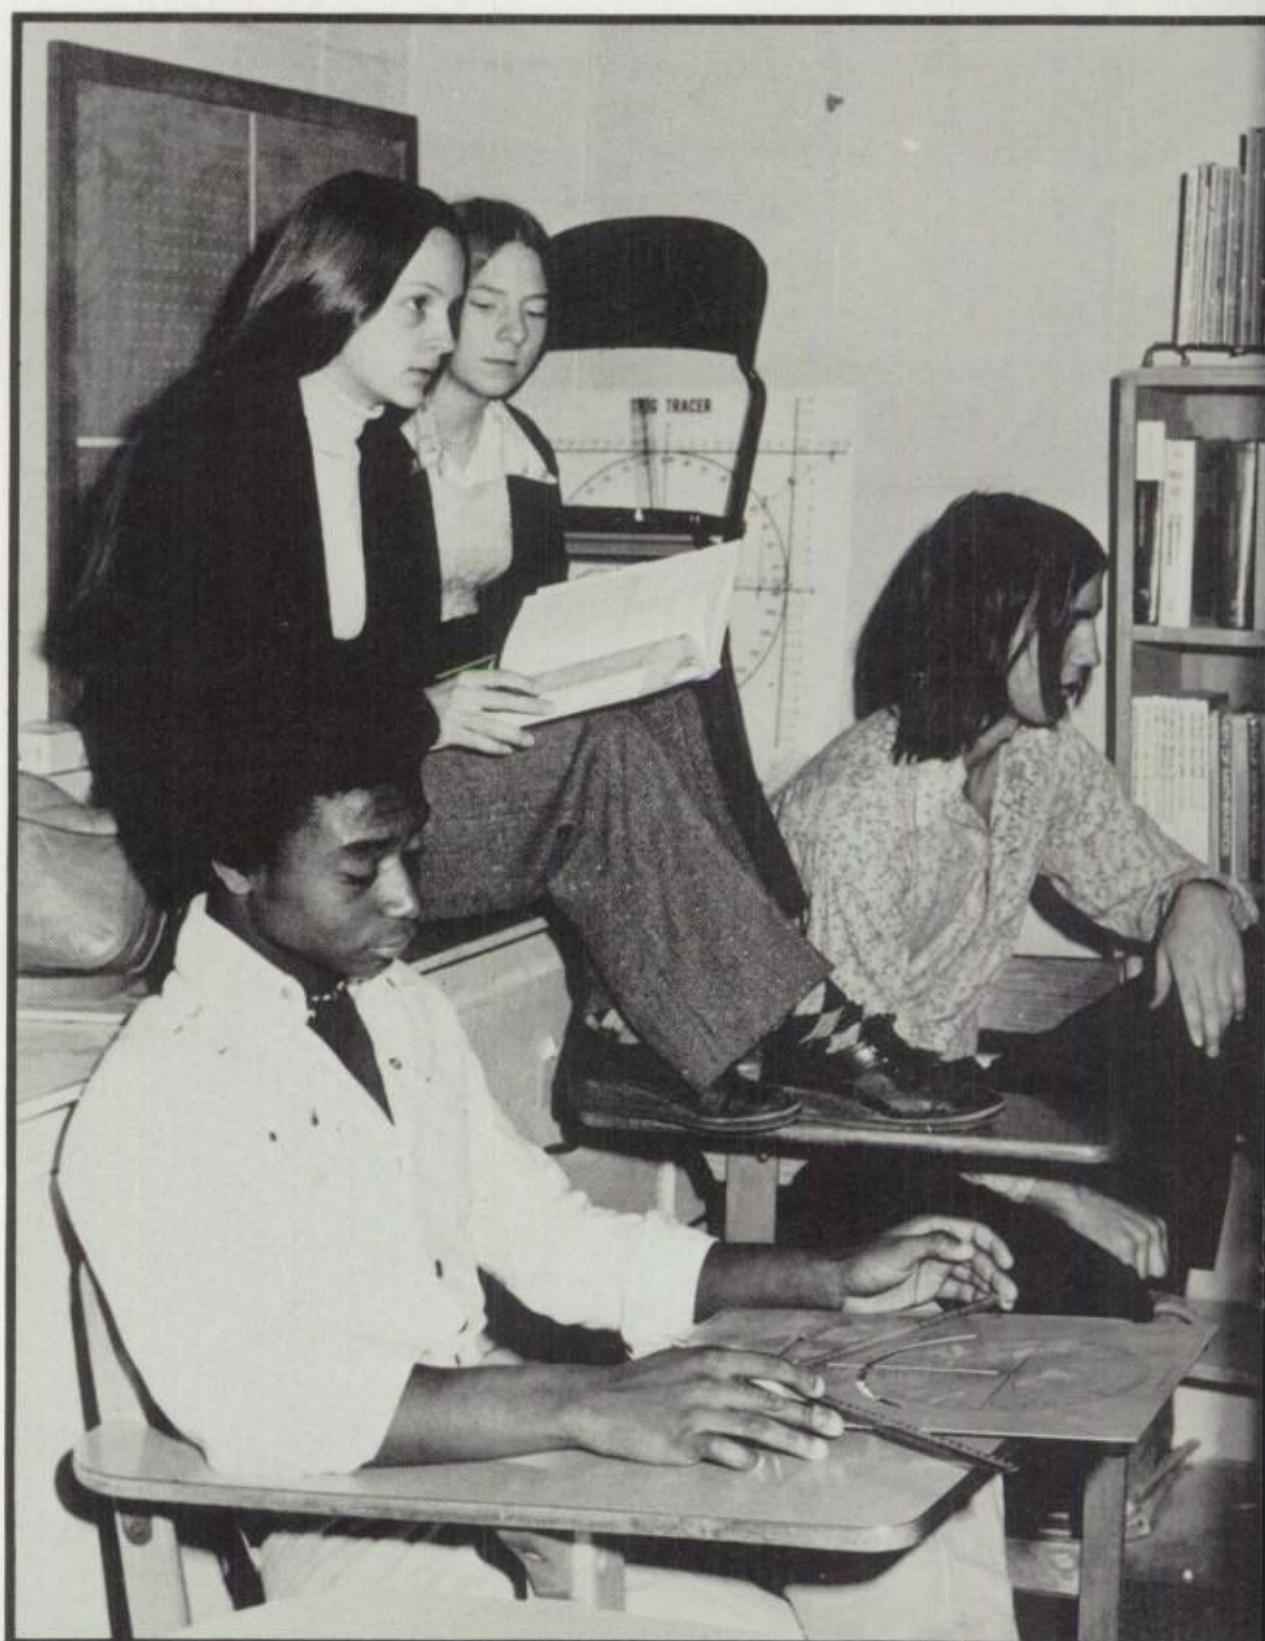

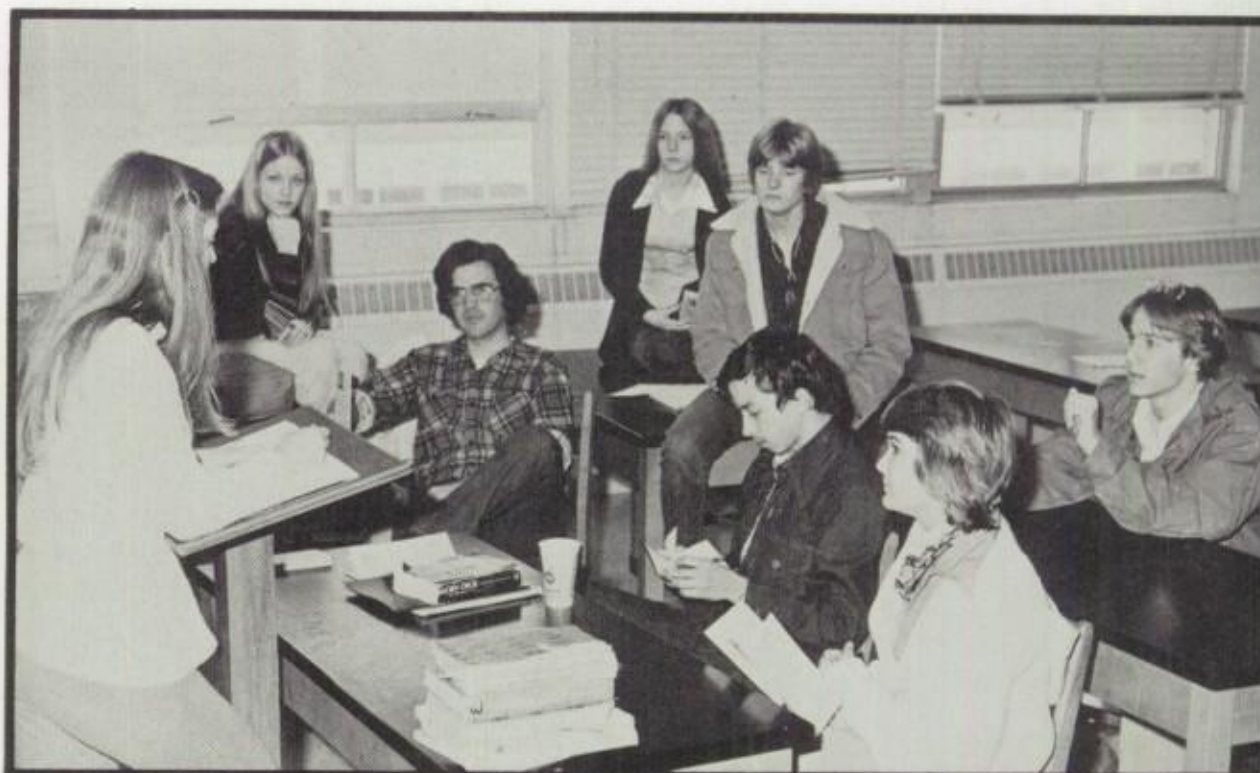

Science

"The Science Club is an organization which provides students with the opportunity to find out more about their surroundings and gets the students interested in the cause of Ecology. Projects cover the nature trail and log cabin endeavors. The club is open to anyone, not just those who are interested in Science. We ask all to attend and share ideas."
-Donna Hicks

"One of the projects the Science Club has sponsored this year is the log cabin project. Although you can't really tell by looking at it, a lot of hard work has gone into the project, and we hope to be finished by the end of the year. I, along with everyone else, have learned a lot and have enjoyed it, too."
-Tommy Landis

Math

"The Math Club is an organization set up to benefit students at OHS. Last year a mobile computer lab came to OHS. The Math Club isn't all math at times. Sometimes we make interesting projects. Also, we help people in Math itself. The Math Club has a math lab which is set up to aid students in each field of math at OHS."
-Eric Woraix

History

"We have done many services for the school and the town. Already we have had guest speakers to talk about their travels or on subjects that they know well. We have had discussions on drugs, China, Guatemala, and Bolivia. We had a float in the Christmas parade for the Historical Society. We are planning to make some oral history tapes for the library. On April 23 and 24 the History Club is going to have some guides for the house tours. We are also going to set up posters for it and put displays in windows of shops. We are going to raise some money to buy a piece of furniture for the Burwell School." -Larry Johnson

"History Club meets just enough to learn and provide community help." -Eric Wor-iax

French

"I don't feel that the French Club meets too often. I'm afraid that it doesn't meet often enough. When you can participate in all the activities I am active in, and still not run into conflicts because of club meetings, your club is not meeting too often." -Terry Hicks

"Club leaders should get together to plan times for their meetings. The problem is too many clubs meetings are held at the same time, and that can be a problem when you're a member of more than one club. Lunch is a time meetings can be held, but they hold so many, you're not sure which to go to. Lunch is really the only time to hold meetings except after school and not many people are going to stay after school for 5 to 15 minute meeting." -Sarah Teer

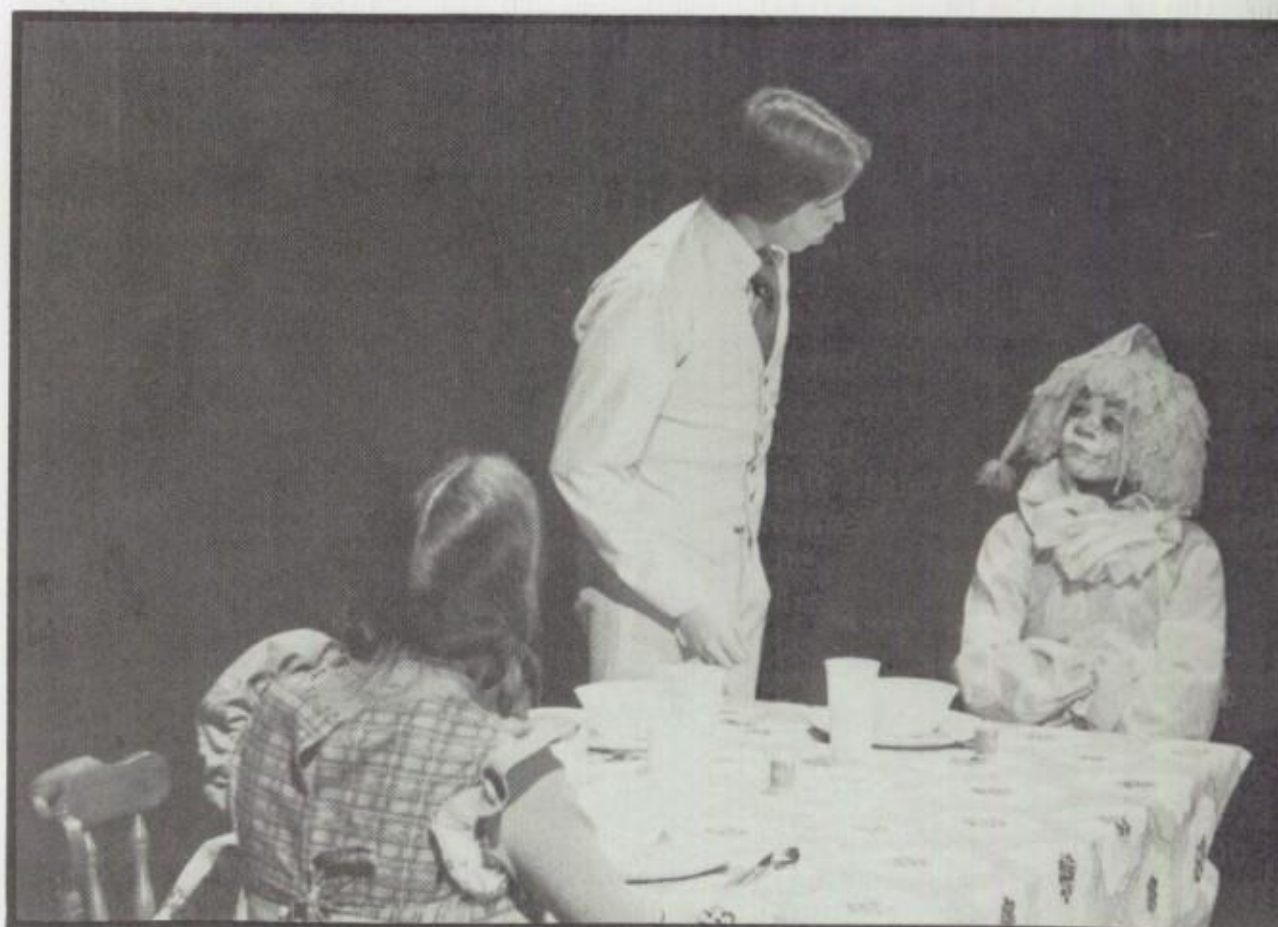

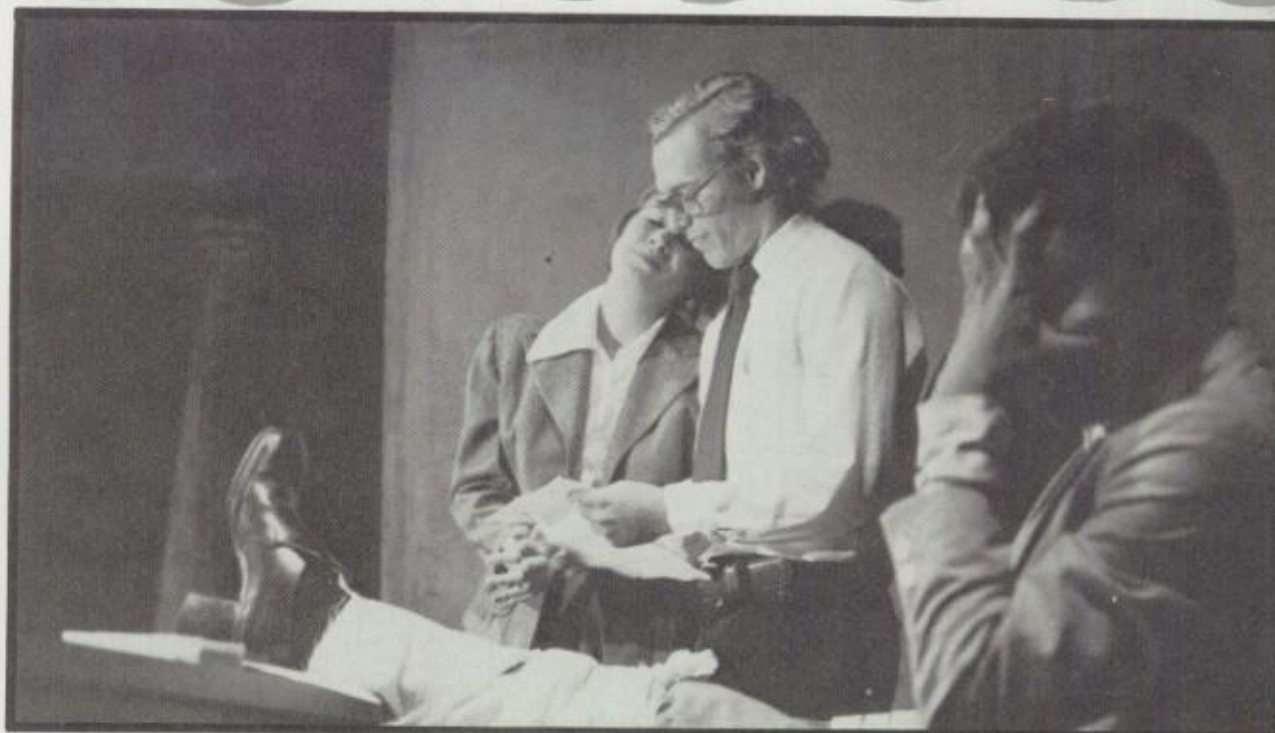

International Thespian Society

"The Thespian Society does indeed provide a service to the school. It gives students a chance to work with and develop in the theatre-culture arts. Even those who say they don't like the theatre arts seem to find enjoyment from the performances of them." -Tommy Landis

"I enjoy being in Drama because I am around people, and we work together and have a lot of fun." -Greg Hawkins

"I think the drama department is made up of the same people constantly. The same people are used over and over in the productions, and the people practically already know the cast to the plays before they are chosen." -Janet Hall

"The Thespian Society provides a useful service, both to the individual member and to the school. It allows each member the chance to work becoming a Thespian, and while doing this, each learns more about himself and how to get along with his fellow members. The Thespians provide a service to the school because its members consist of talented and creative students. These students can use their talent and creativity for the enjoyment of the entire school." -Donna Allen

Forensics

"Forensics is fun, exciting, and competitive. It's a great opportunity to learn, and to meet interesting people from all over the state. On each forensics tournament, there's always excitement because each tournament involves different people, with different ideas of presenting dramas. I learn a lot about people from dramatics, because I have to be another individual and it gives an insight to others around me everyday. It provides a great opportunity to use my imagination and to put it to work." - Cheryl Clayton

"Although the Forensics Team has not been very active this year, it is a worthy club deserving of support. The Forensics Team provides students with the opportunity to study in depth the current events of the nation and the world. Students who participate in Forensics will gain the invaluable experience of independent study and research and public speaking." -Becky Addison

Afro-American

"I don't agree with the idea of having club meetings at lunch. But there's no other time for clubs to meet. If they were to meet during class, many teachers wouldn't want to let students out because they may be missing something important that they really need." -Laurie Thompson

"The officers of Afro-American seem to understand that if there is to be a club then they must support it so that the members will also." -Nell Torain

DECA

"All of Mrs. Linda Woodall's classes are members of Distributive Education. It is a service in itself; we are trained for the world of work. We also will have opportunities to prove our services in our jobs." -Tracey Riley

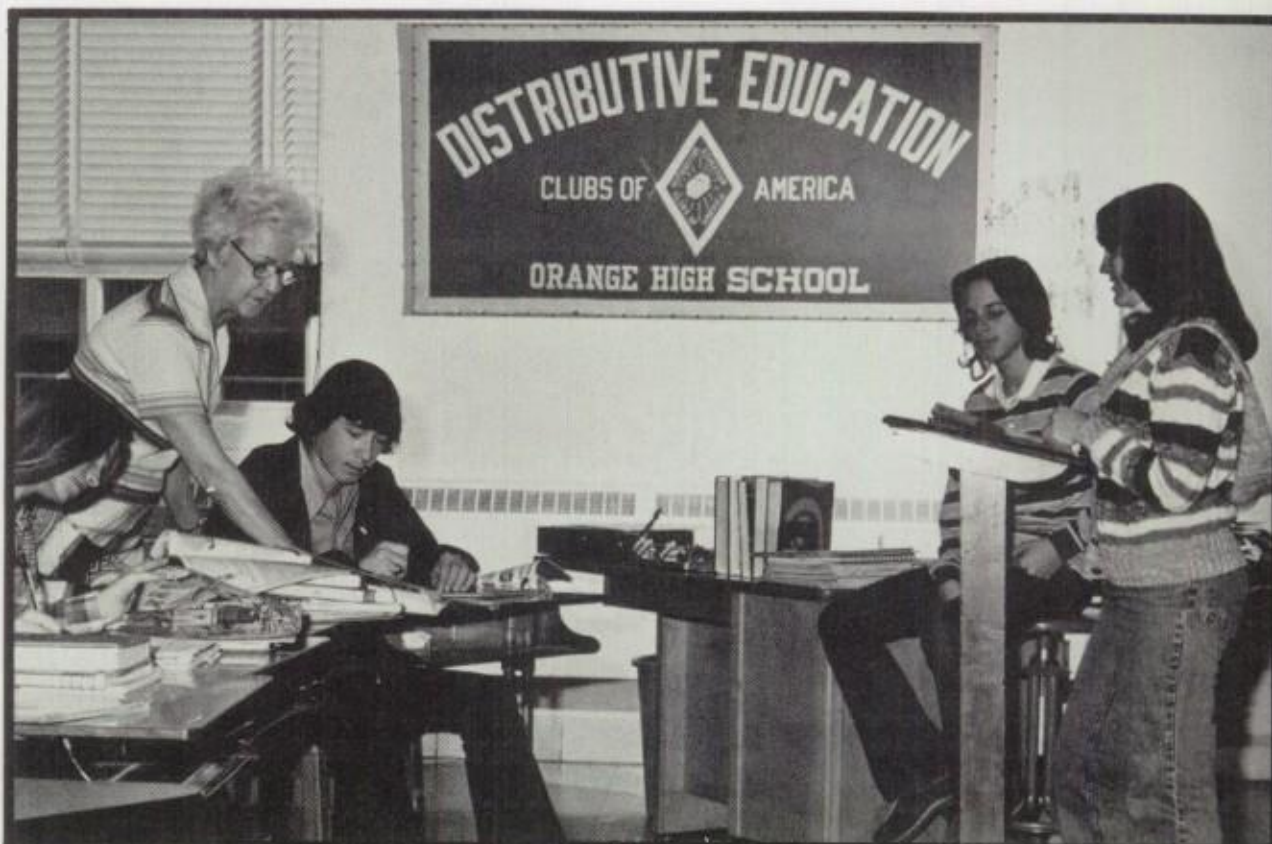

"I think the officers have done a good job for the club. They will serve the club a little better when they can get together a little more. They do what officers should do, which is to show leadership. I think the members of the club expect leadership from the officers." -Linda Cannada

"DECA doesn't meet too often, but I think the clubs should have a special time other than lunch to meet, because some of the seniors leave at lunch for work. They should set 15 minutes in the morning to meet and do what they have to do." -Mary Leathers

VICA

"I like being in VICA club. Mr. McPherson, our instructor, is always willing to help us. We learned a great deal about Vica and its purpose. I'm very proud to be in VICA, and I hope many more students join in the future." -Foster Snipes

"VICA Club helps students to foster a deep respect for the dignity of work." -Anthony Walton and Dexter Satterfield

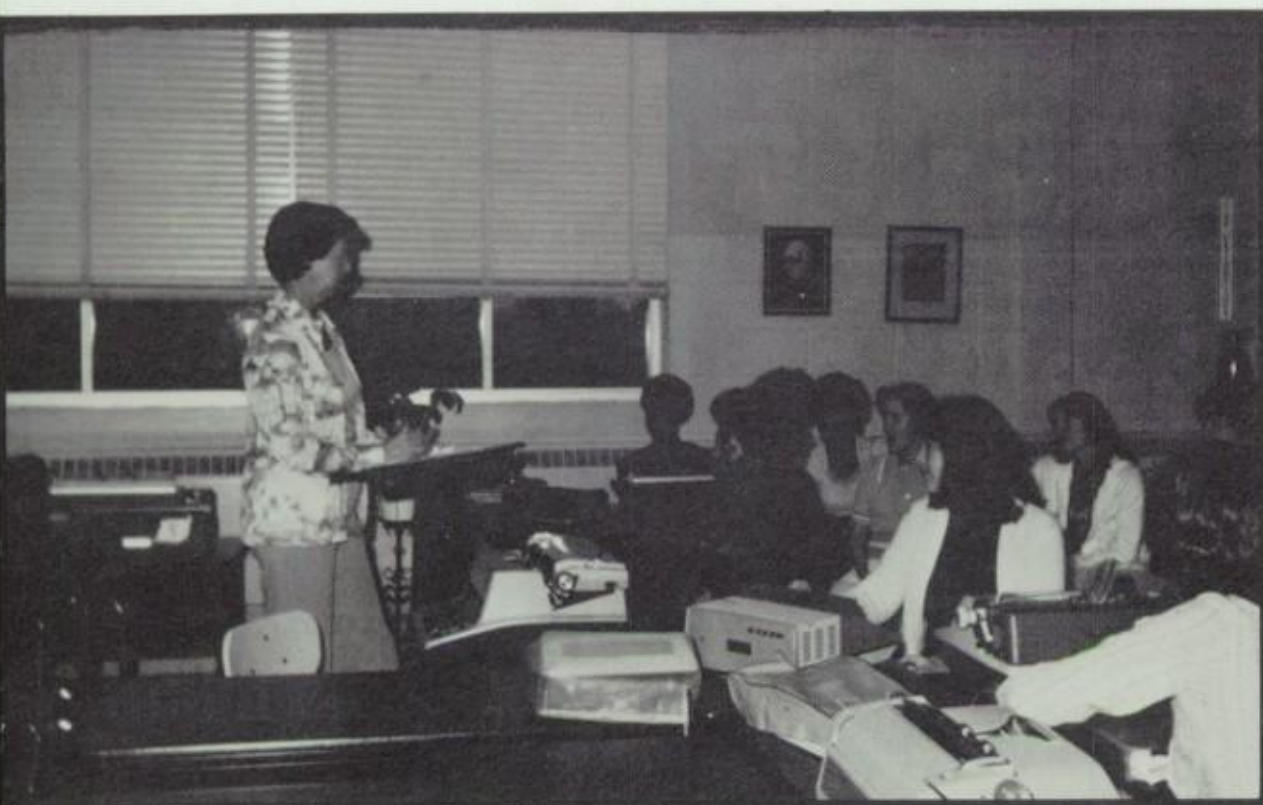

Future Business Leaders of America

"I believe that FBLA does all it can to help others. They took up a collection for needy families, and they plan on going to the convention this year. FBLA is a good club to belong to if you are thinking about a business career." - Cheryl Snipes

"Every club needs officers; without them a club would not be very organized. Officers are given specific responsibilities which should be carried out to make the club successful. In the FBLA, all officers have certain duties that are carried out for the benefit of the club and its other members. Without knowing who has these certain duties or responsibilities, the club would spend more time trying to decide who should do them each time they should be done and less time getting them done." - Phyllis Godwin

Future Teachers Of America

"The Future Teachers make available information about college and financial aid programs. We use school and community resources to provide information on the many career opportunities in education. The members enjoy field trips to colleges to gain insight into college life, educational activities, and career possibilities. This year we have visited UNC, High Point College, and Durham Business College." -Mrs. Hazel Lunsford, adviser

FFA

"Our FFA club provided useful service by giving the members a variety of learning opportunities. It gives the members a chance to explore the area of farming and the beautification of our country. They learn how to care for animals as well as how to grow plants. The most important thing is that the members learn respect for their fellow-man." -Debbie Parker

"I do not agree with the situation of club meetings during lunch, because if you are in more than one club. You have to give up one of your other activities." -Norma Walker

"I feel that the FFA meets as often as needed because almost everything is covered at the meetings, and if not, they could schedule another day to meet!" -Linda Daniel

"I think our officers are doing a great job with the FFA. If we didn't have our officers, we would go down so fast we would not know what happened." -Tim Harward

"I do not agree that meetings should be held at lunch because the meetings are usually only a few minutes long to start with. After the meetings get started, usually there are late comers which interrupt the meetings. So, therefore, there is not really enough meeting time." -Cathy Mills

"I do not agree with the situation of club meetings at lunch. I think that clubs should have a designated day and time besides lunch." -Grace Lewis

FHA

"The Health Careers club provides services throughout the community. The project involving the giving of baskets to the rest homes was a way of reaching out and sharing warmth with others. We have shown that we care by donating funds to organizations such as the Cancer Society and the Cerebral Palsy Foundation." - Debbie Hocutt

"I am very proud of Health Careers. The club has collected money for various things such as the Cerebral Palsy Foundation. They are also fixing a student area between 2nd and 3rd wing for a place for students to socialize during break and lunch." -Kathy Sigmon

"Our club meets when business is at hand to be discussed. It's useless to call a meeting without a good reason." -Pattie Merritt

"It would be better to have meetings during class periods." -Kathy Wynn

"All the officers are very capable of doing their job. The job of an officer of a club can have many pressures, but the duties have been performed well so far this year." -Beverly Holt

"The Health Careers Club is doing a good job. The members of the club think about other people, old and young, and try to help the ones that need help." -Jacqueline McAdoo

"Our Health Careers officers serve useful purposes; they keep count of our money and keep up with things we have discussed." -Cheryl Canipe

Bus Drivers

"I have around twenty students on my bus and most of them are junior high students. There are a couple of eleventh graders and one senior that rides my bus that are nearer my age. I get reasonable co-operation from them. We all seem to get along well with each other."
-Janice Sykes

"Bus drivers have to have a great sense of responsibility. The kids are sometimes a pain, but the money we make allows us just enough to buy a B.C. powder every now and then."
-Mike Durham

"I became a bus driver to earn week-end money, but after driving for a couple of days I decided that was not the only reason. I like the feelings of control of the children."
-Bart Walters

Sharon Woods, Greg Flythe, Ann Latta, Debbie Dickey, Kattie Latta, Donna Sparrow, Ronald Edwards, Keith Carmichael, Jeff Tubiolo, Camilea Brooks, Joyce White, Connie McBroom, Beverly Morris, Willie Fox, Tony Haithcock, David O. Quinn, Alice Torain, Keith Graves, Paul Hill, Robert Bradsher, LaRosa Pinnix, Howard Poole, Jackie Bradsher, Patricia Johnson, Ray Hudson, Alvin Pulliam, Carol Perry, Sherry Crabtree, Mike Durham, Jeff Teer, Robert Clements, Wanda Gattis, Kim Wallace, Deryl Crabtree, Donna Allen, Mary McCulloch, Janice Sykes, Amy Cates, Greg Whitted, Rachel Byrd, Robin Davidson, Bobbi Borland, Christine Graham, Mike Poole, Valton Thompson, Joyce Ham, Kathleen VanStaven, Robert McClinton, Philip Rhew, Jimmy Allen, Kenneth Dunn, Jackie Jones, Mary Bradsher, Elvira Shaw, Roy Tripp, Anthon Richardson, Janice Clayton, Eddie Perry, Thelma Tate, Joe Allison, Beverly Parker, Robert Mangum, Anglia Gattis.

Upward Bound

"Upward Bound is an educational club. We have tutorial sessions every other Saturday during the school year. We go about six weeks to summer school at U.N.C. We have classes like regular school. We get awards at the end of the summer program, if you have done a good job of keeping your grades up. Most students complain about the short summer they have, but the Upward Bound students have only two weeks out before we go back to class." Kathy McNeil

"Upward Bound is a place where you can learn interesting things and have fun all at the same time." Tammy Linster

"Upward Bound is a place to go to get away from home, but while you are away from home, you should use the time for a serious purpose. I think that if you were not going to college you shouldn't be in Upward Bound and use it just for fun. You are cheating someone who needs it out of getting in Upward Bound." Donna Pheribo

Chess Club

"I think that chess is hard to play because you have to think about what you are going to do before you make a move." Patricia Brewer

"Chess is an intriguing game and requires a lot of thought. Chess is a game played by a lot of people." John Page

"Chess is the meeting of the minds." Robert Clements

Sophomore Reflections

"Of all my sophomore classes, my 5th period yearbook class has been my favorite. This was my first year on a yearbook staff, and now I realize how much work goes into an annual. It IS a lot of hard work, but everyone on the staff works well together. I am already looking forward to being on next year's staff." -Jimmy Hutcherson

"Being on the sophomore class staff means lots of brain-teasing work. It's sort of like studying for a big test for a long time. In the end, you have something good to show for it." -Polly Loftin

"Many of us had never worked on a staff before, and this was a good preliminary to the senior staff." -Bill Culbreth

"Being involved with the sophomore yearbook staff is really fun. One is responsible for a section, and since you can hold up the publication, you have to work." -Teralea Leonard

"Working on the yearbook staff is more of a working situation and atmosphere than I had expected, but it is also kind of a happy-go-lucky class." -Robert Compton

"Everyone should have the opportunity to work on the staff." -Kay Compton

"Having a sophomore staff has been a good idea because it has lessened the burden on the senior staff and has given us the chance to learn how produce a high school yearbook." -Robby Ray

Beta

"For the past four years the Beta Club has been a big part of Orange High. Because of all the members and our advisor, Mrs. Shearin, it has to be one of the most active clubs in school. We've accomplished quite a lot; starting the college corner is an example. I'm sure this trend will continue, improving its members and the school in the process." - Rob Greer, president

"The Beta Club is mostly a social club into which one is drafted. I am glad that I can hold the honor of being a member, but I don't like the pressure of attending meetings that are for the most part unnecessary. I fought for the grades I have attained and being noticed for them is a nice compliment, and I feel Beta Club has complimented me only. I want nothing more than just that from the National Beta Club Society. Because of the strict attendance policy and the threat of being kicked out if not followed, I feel less complimented." - Nancy Wallick

"Beta Club has performed many services to the school and community. The club has purchased two sets of SAT tapes by which students may practice example problems like the ones on the actual SAT. The toy drive, sponsored by the Beta Club, collected more toys than ever. They were distributed to underprivileged children in the community. In addition, College Day gave students the opportunity to talk to representatives about various colleges, universities, and technical institutions." - Jenny Mann

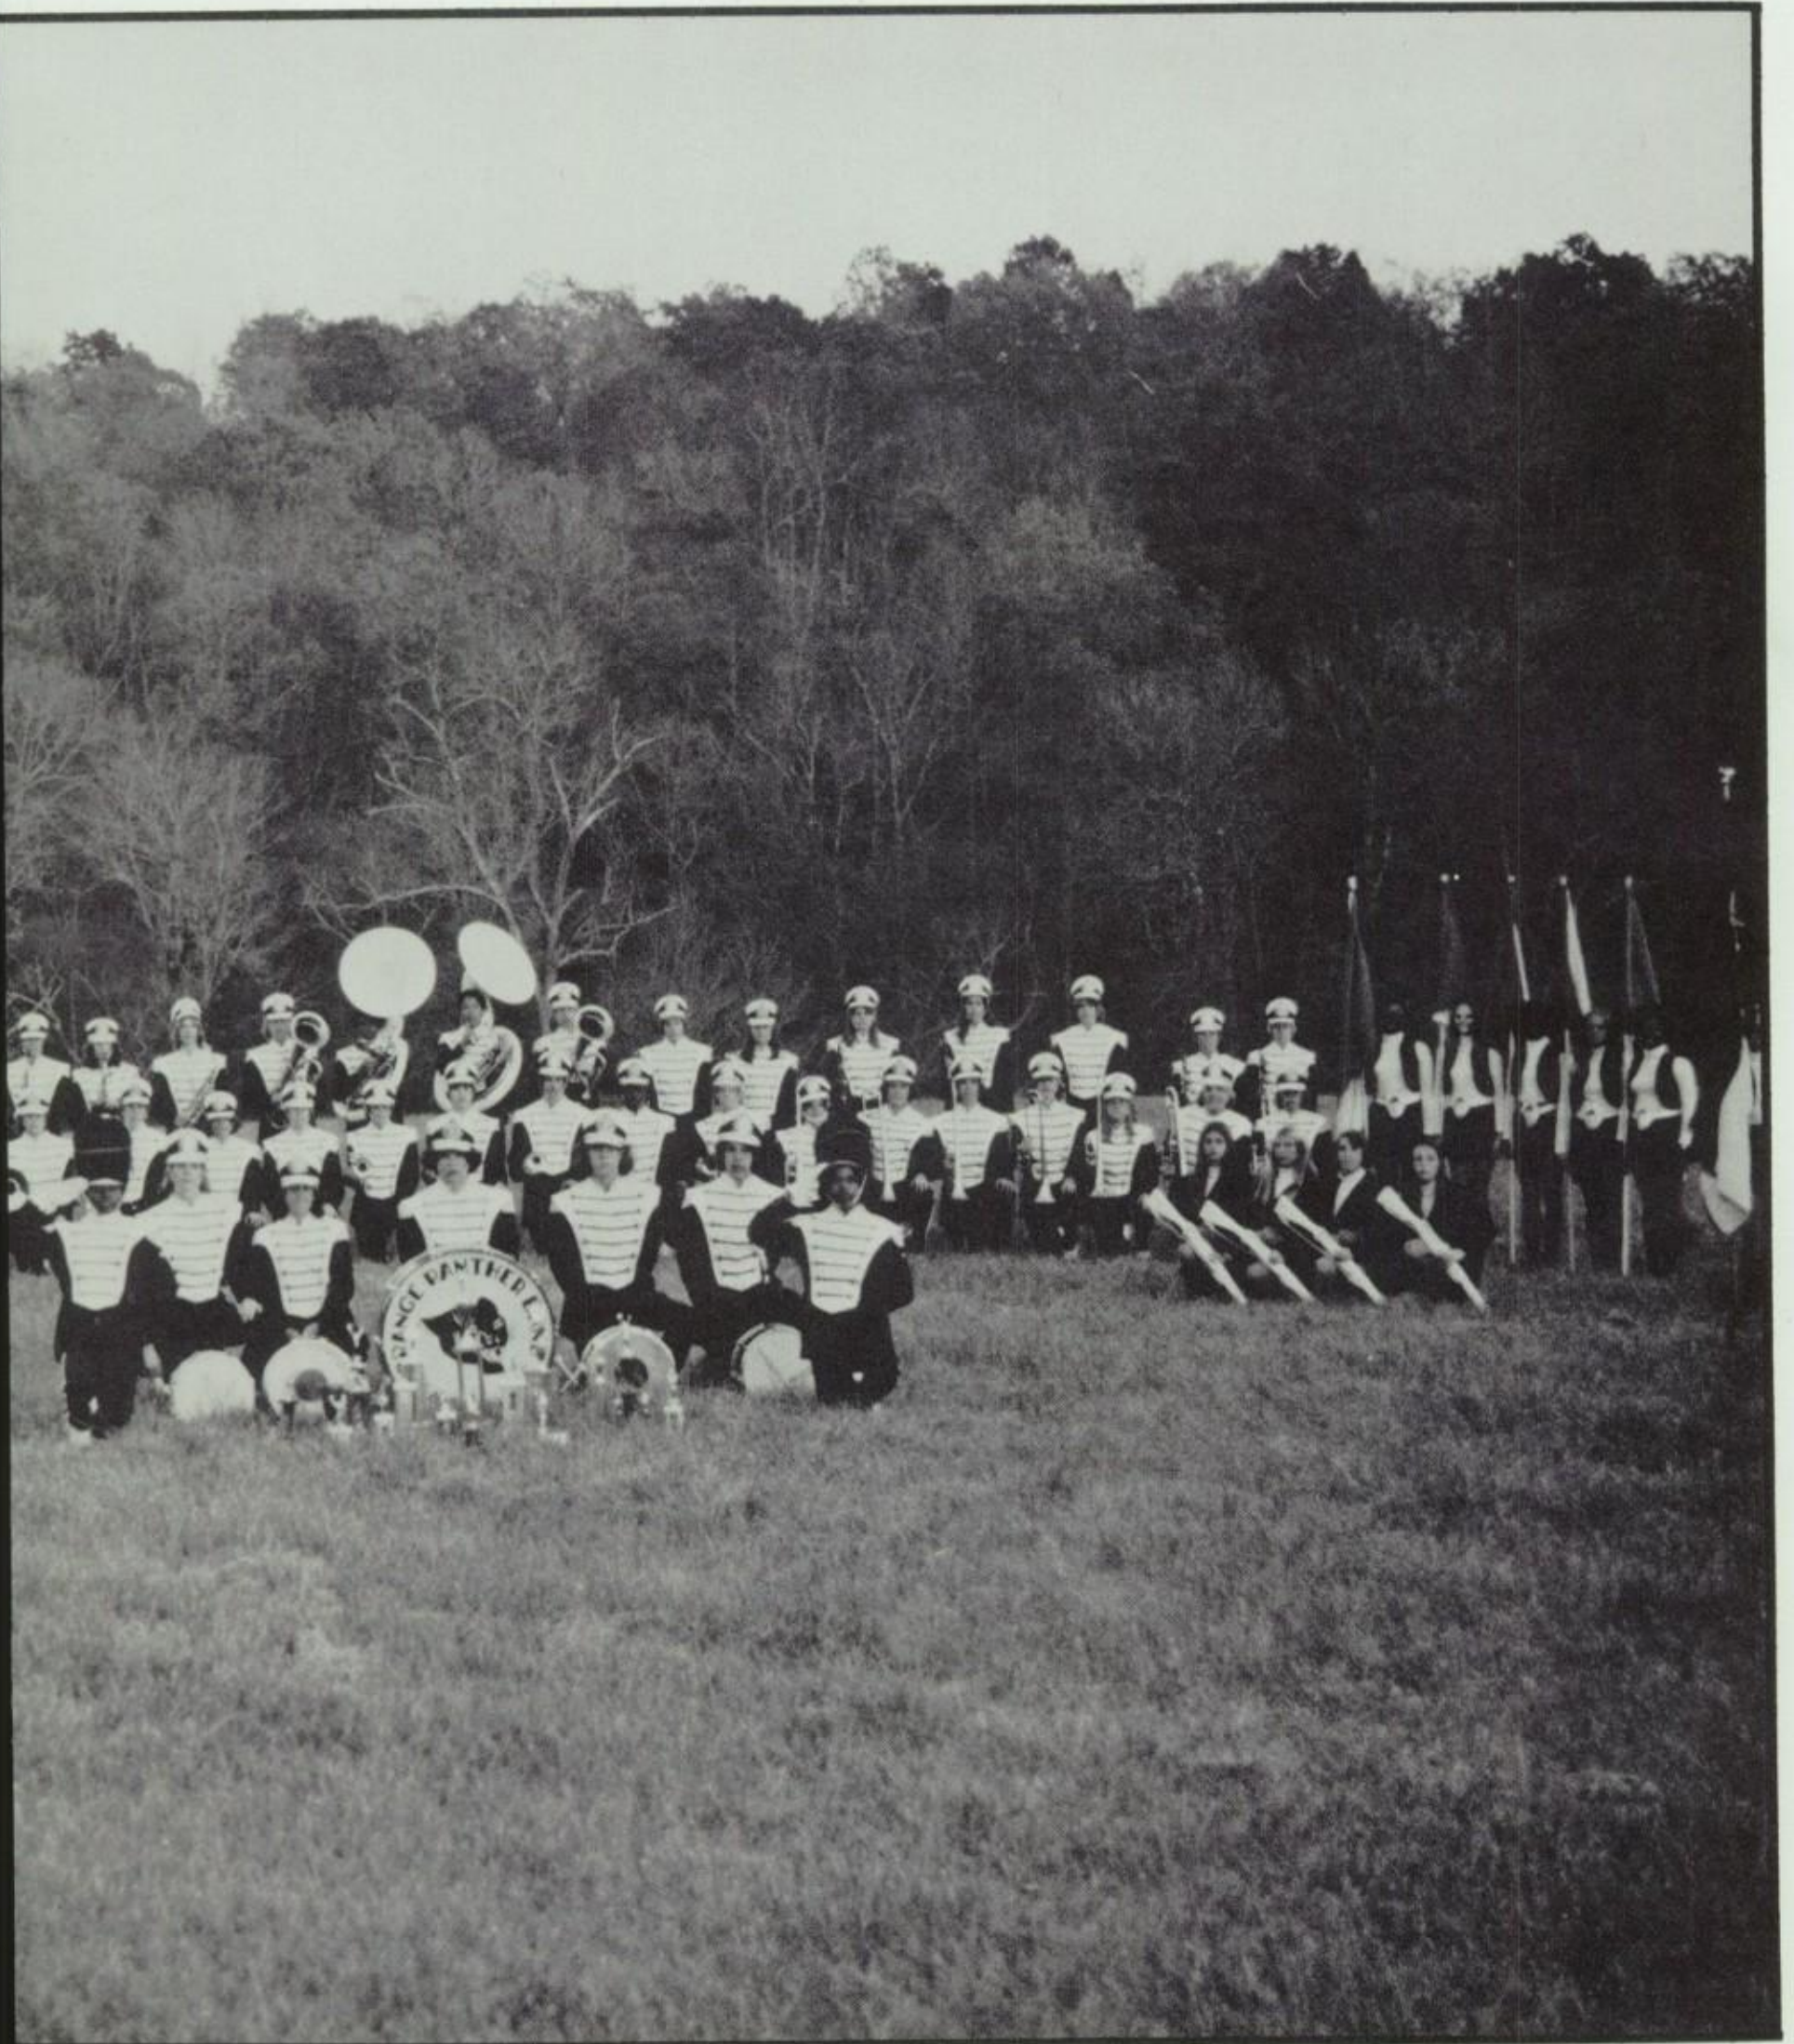

Band

"I feel that the Marching Band is one of the most fulfilling organizations at Orange and it, indeed, provides a useful service in that it (unlike most marching bands) plays at every football game regardless of the game being away from home. The organization also strives diligently to carry its school's name proudly with them wherever they go to compete or in any parade they might enter. The Marching Band works very hard and puts in many hours of practice when preparing for big events. They certainly don't mind because what's the use in having just a plain marching band when you can have a great one?" -Kenneth Roberson

"I joined band in the 6th grade because I was very interested in music. At that time I played the flute. Since then my interests have broadened--now I am a majorette in marching band and play keyboards in jazz band. Band offers a discipline found in few other activities at OHS." -Kathy Kirkland

"I think the band provides a very useful service for Orange High and especially for the students who participate in it because it gives you a chance to express yourself musically and expand your musical talents. I think the marching and pep bands highlight the football and basketball season, and give the student body a lot of extra spirit for the teams and the school." -Jan Summey

happening
in...**

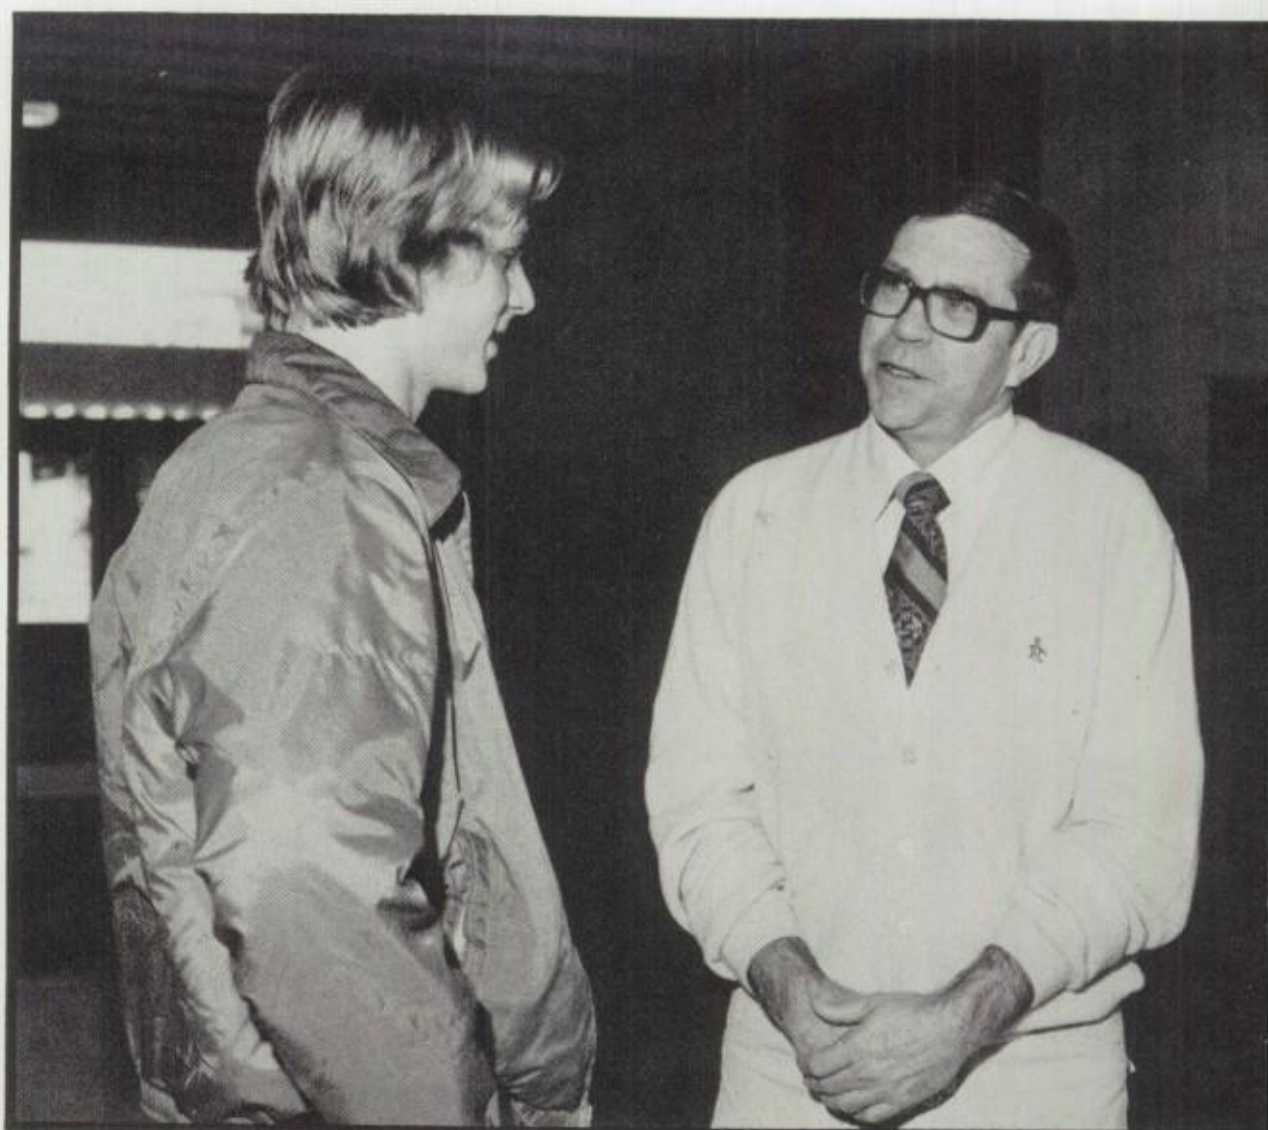

CLASS

"What do I like about OHS? That is simple. The students! OHS has the finest group of young adults that I have ever seen congregated anywhere. My door, in the office and the classroom, is always open to any student seeking advice. The teachers, administrators, and support personnel at OHS exist for enrichment of the students of Orange County. At OHS, the faculty and staff get their high by helping students on a day to day basis." -Dr. Stephen H. Halkiotis

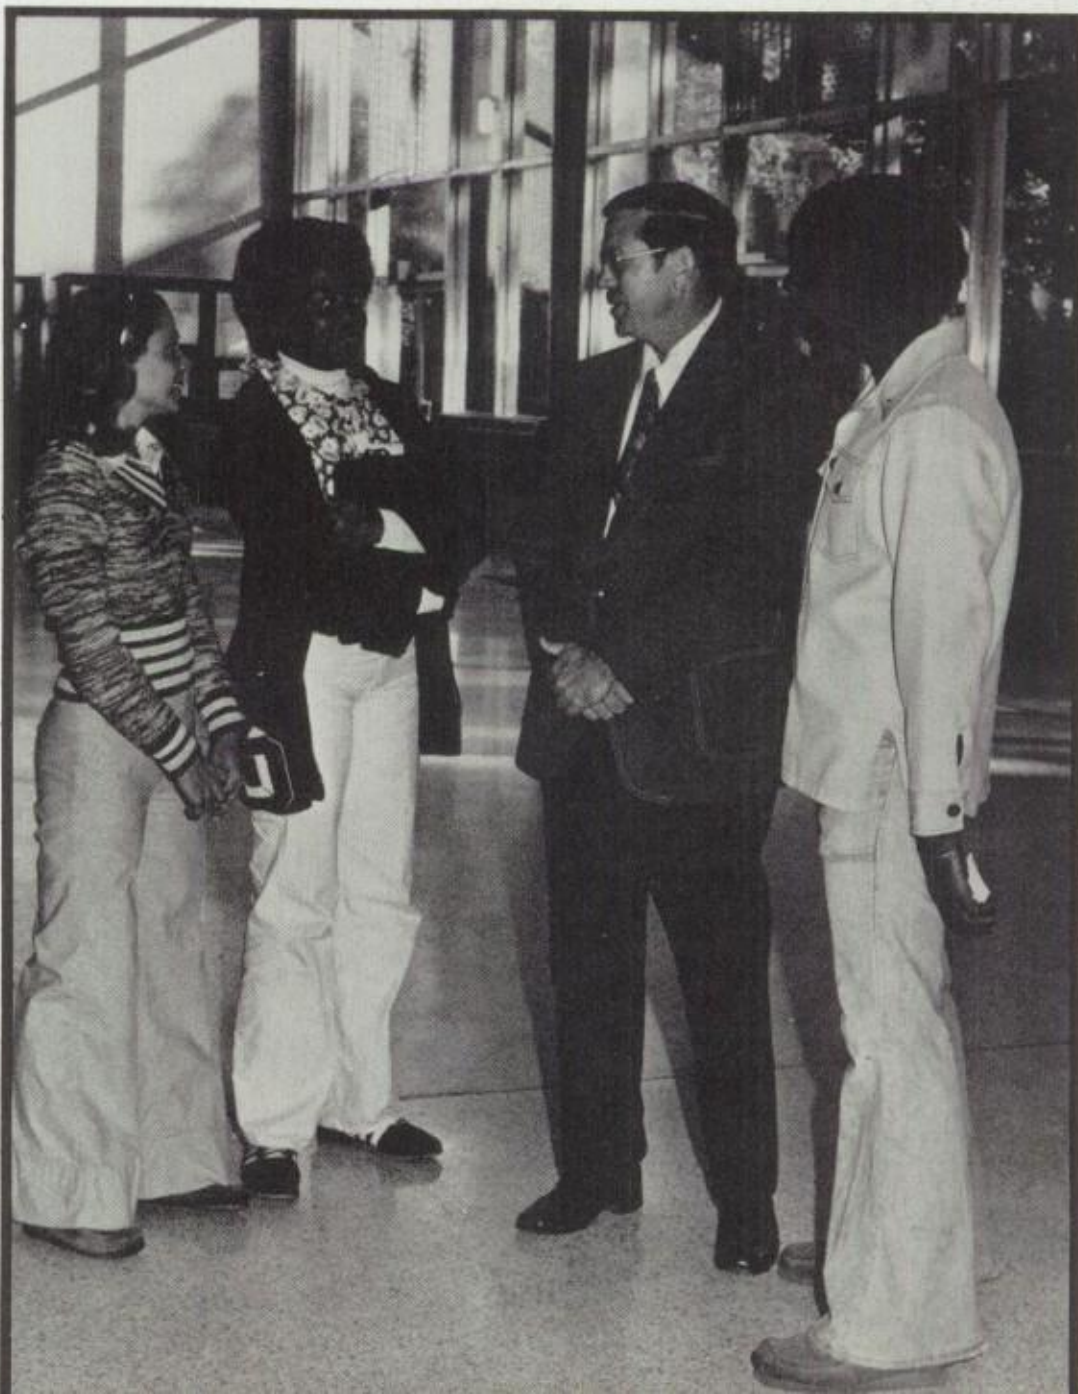

"The students at OHS are friendly, cooperative and follow most of the rules. I have found that as assistant principal, I must possess an open, flexible disposition with a true love for students and the ability to understand their problems." -Mr. Vernon Copeland

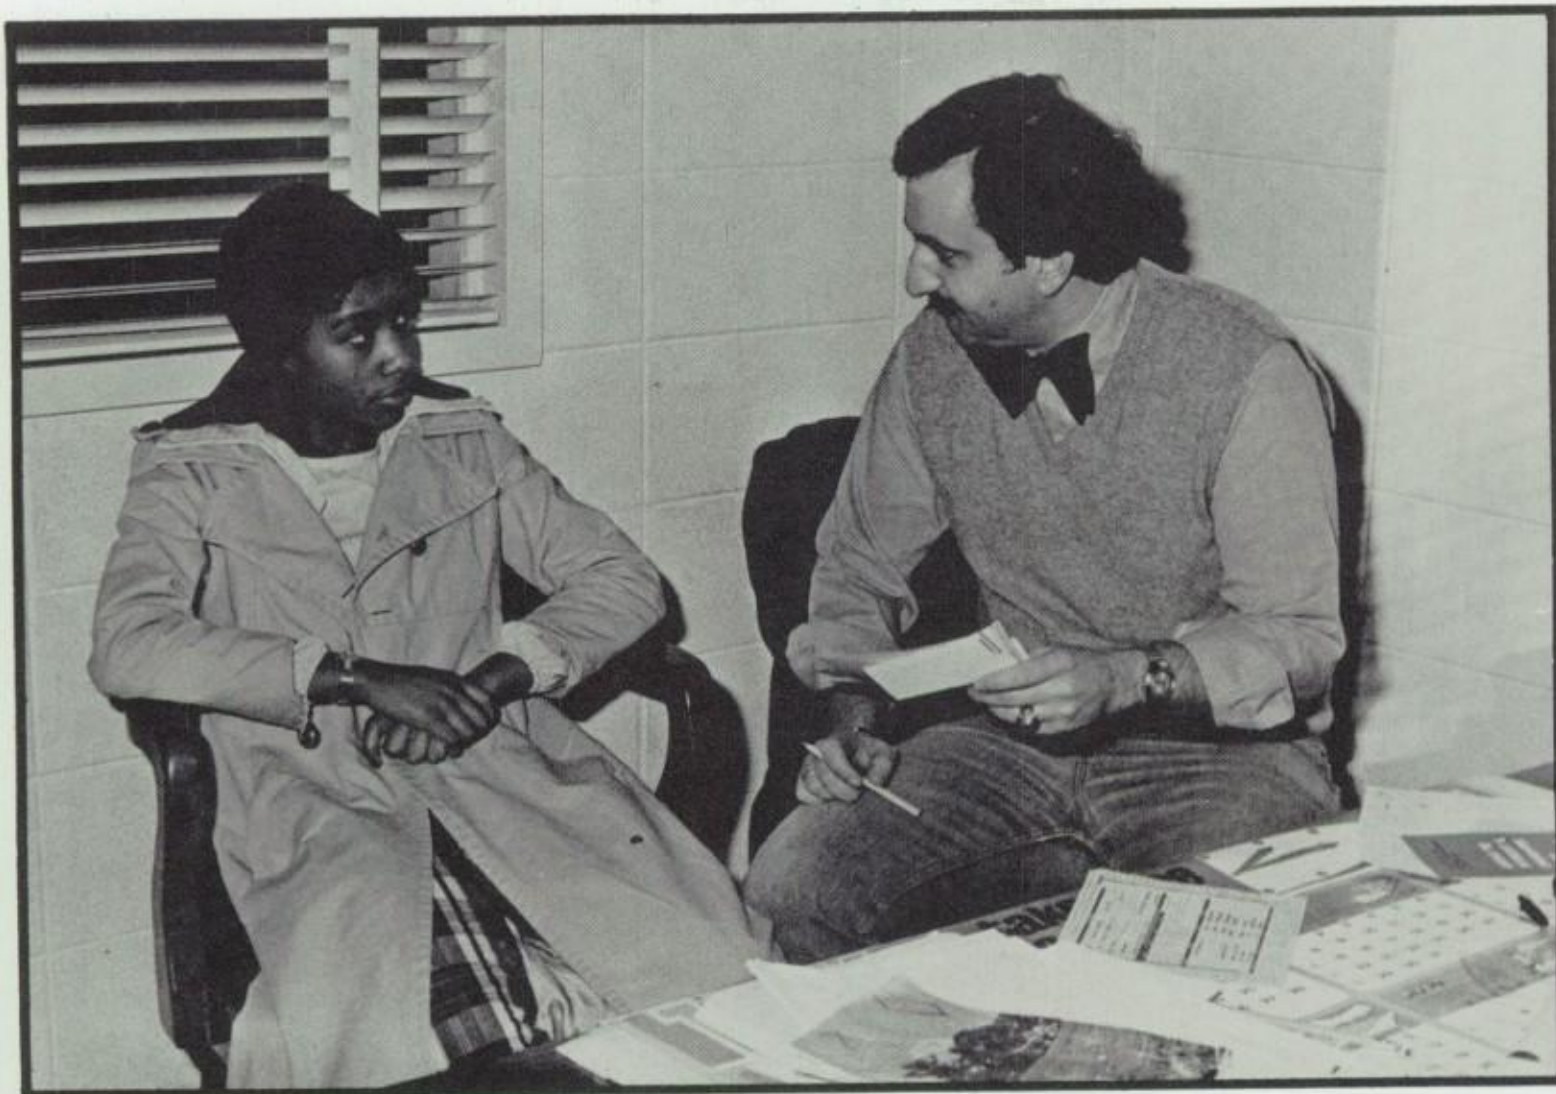

"I am very fond of the OHS student body. I see life this way: we only come this way once and what could be better than helping young people. If the truth were known, most adults weren't nearly as perfect when they were in high school as they would have their children to believe. I feel confident that the graduates of OHS will take their place in society and do as well or better than their predecessors." -Mr. Fred Claytor

English

"Mr. Maske is a good teacher. He gives his students a chance to pass if they did flunk a few tests. He tells things like they are and in jest like they aren't. I can't think of a better way to get a fourth of an English unit." -Scott Blackwood

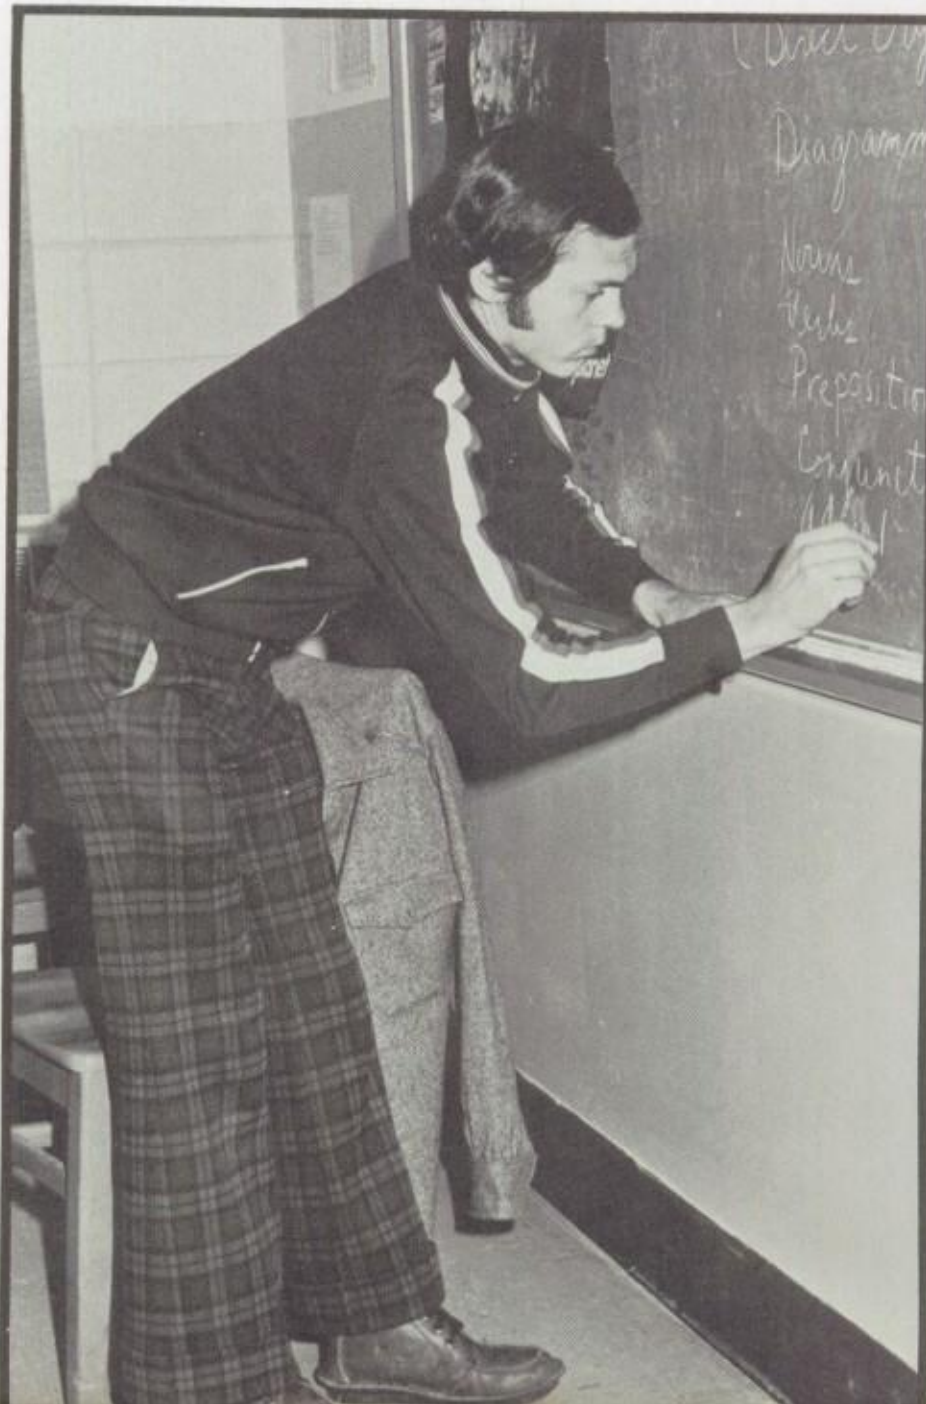

"Mrs. Robinson can make some of the easiest classes hard as ever. Besides that she is really a good teacher and you can learn a lot under her." -William Flippin

"Mrs. Taylor's classes have been a tremendous experience for me, especially in Modern Black and Survey Black Literature. She's a very understanding and concerned teacher." -Geraldine McClinton

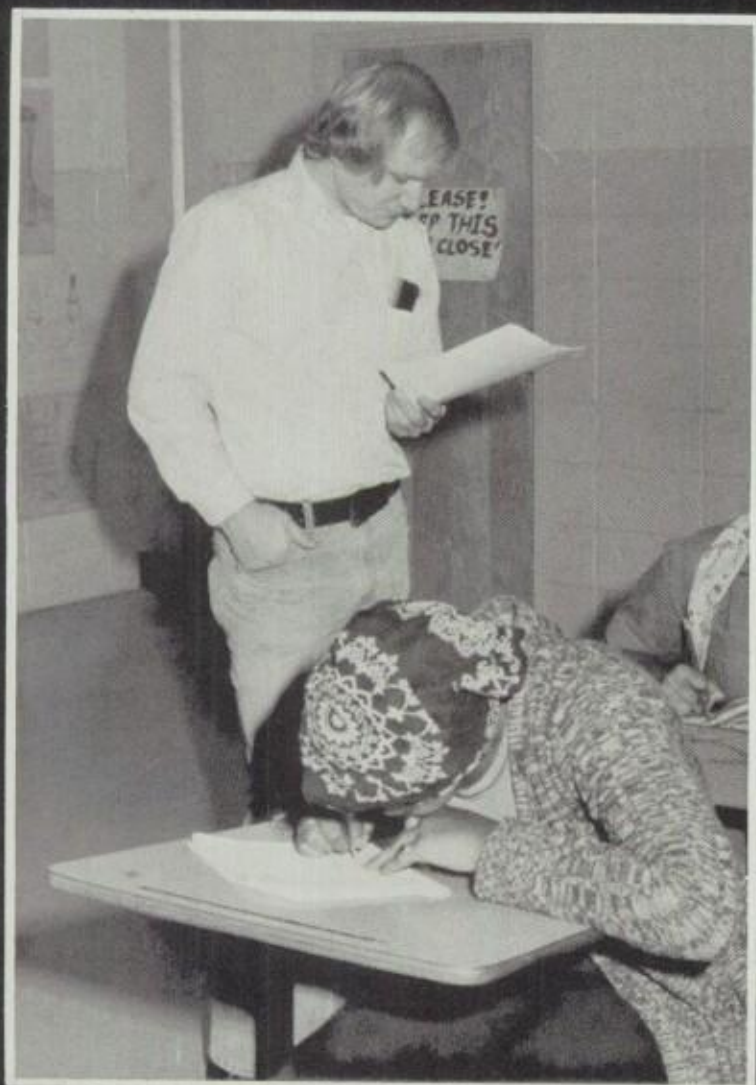

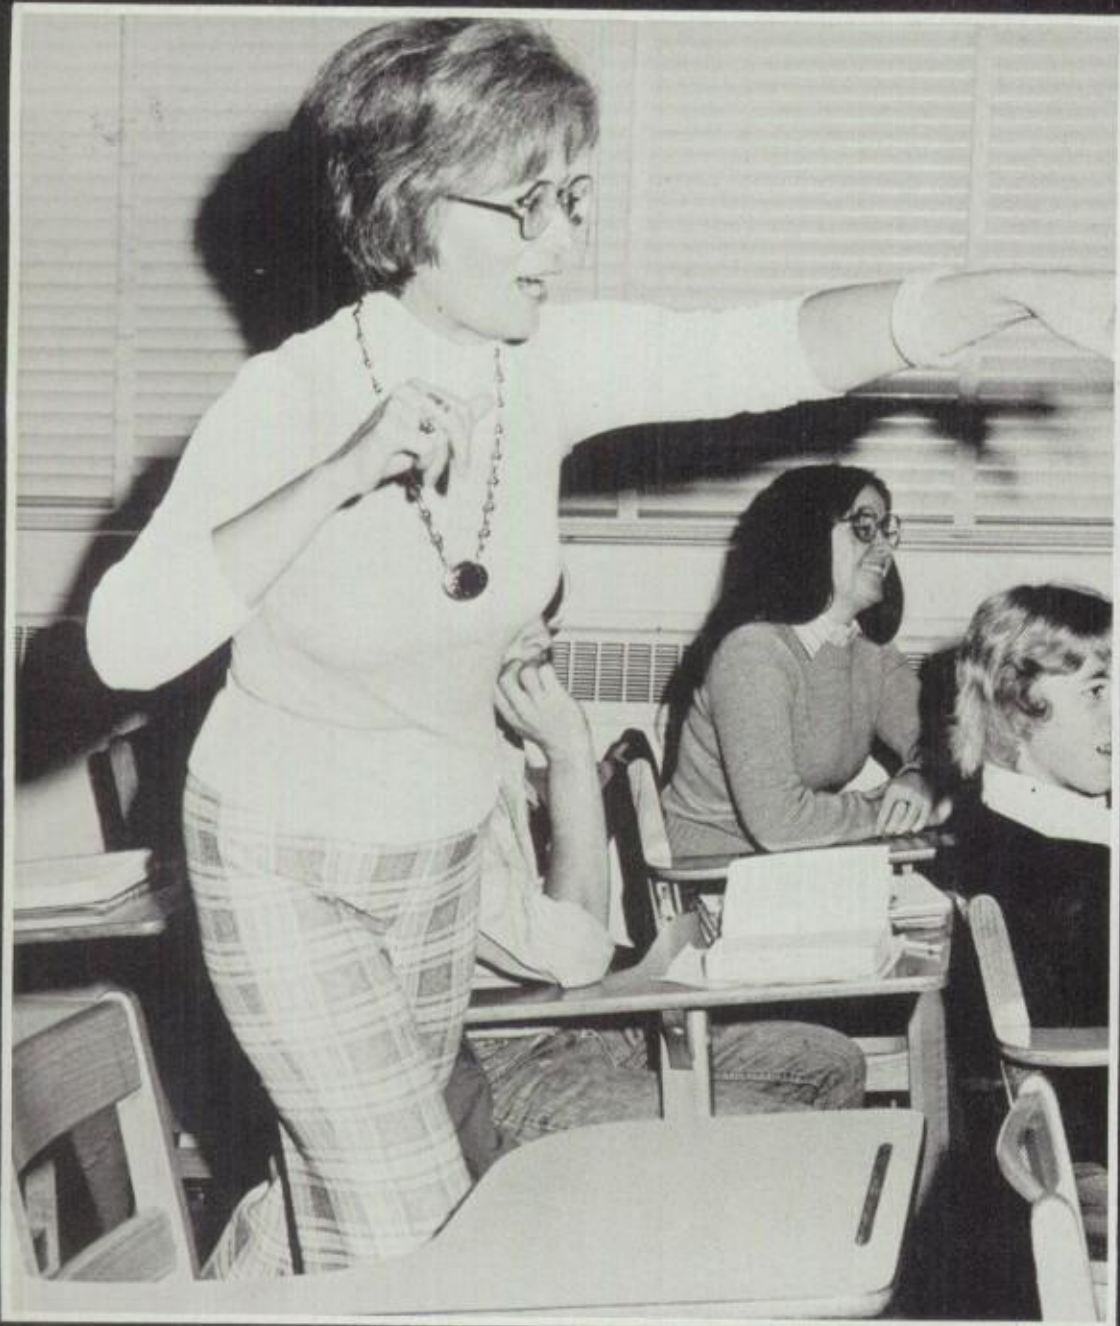

"Miss Ramspacher is a good teacher. She has taught me more about English than any other teacher. Miss Ramspacher cares if you are doing your work or not, and if you don't understand it she will take her time and explain it to you. She really is a nice teacher, odd but nice." -Teresa Whicker

"Mrs. Parker is great teacher. She makes the class enjoyable, and I look forward to it. Everyday we're doing something. We don't just sit around bored to death. We read novels thoroughly, and she helps us understand a lot better than we would have otherwise." -Pam Wright

"When you come out of Mrs. Crawford's class, you can definitely say you have learned something. A person would feel a lot more confident going to college after taking Research Paper under her."--LaRosa Pinnix

"Mrs. Shearin is strictly an English teacher, and she's really concerned with what you learn from her classes. She does all she can to help."--Ray Hudson

"Mr. Gaddy is a very interesting person and will teach you a lot if you will give him a chance. But, sometime he's a little on the crazy side."--Rusty Williams

"Mr. Gaddy is the easiest teacher to learn under, but the hardest teacher to make the grade."--Jeff Heath

"Supernatural and the Strange is really interesting for those who believe in black cats and any kind of supernatural. The teacher makes the course the most interesting. Mrs. Shearin is really the course herself."--Vanessa Alston

"Mrs. Gattis is almost better than Shakespeare. She can bring to life the dulllest play and make every piece of literature delightful to study. Shakespeare is great in itself, but with Mrs. Gattis teaching Shakespeare, literature is fantastic!"--Lee Kuzil

"I think Mrs. Harriss is a real nice teacher, and I think she teaches her classes the way every teacher should teach theirs." -Deborah Duncan

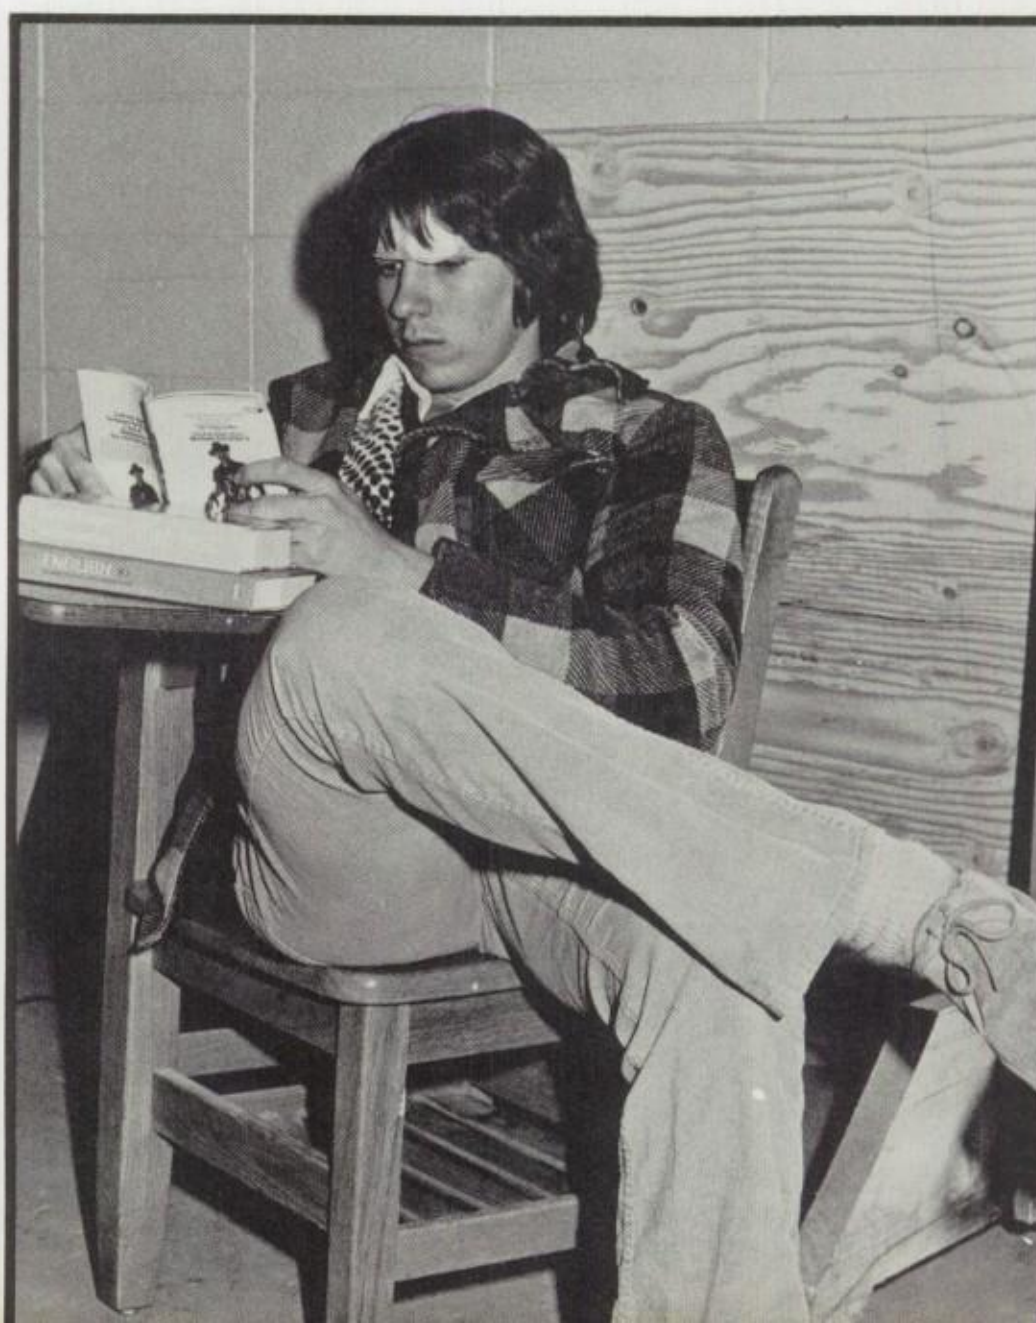

"Mrs. Harriss is a very understanding teacher. She doesn't believe in playing around. She does give us work, but it's for our own good. She believes in helping; she understands and wants you to learn. She's the type of teacher that's hard to find." -Kathy Hudson

"Mr. Garrison is one of the most understanding teachers at OHS. He is not hard. All one has to do is listen in class and do his work. He has a nice way of running his class, too." -Vanessa Alston

"Mr. Garrison's classes are enjoyable and his teaching is rather unique and done in his own simple, peaceful and ironic way." -David Brinn

"Mr. Garrison is a very good teacher. He is always fair with the grades, and he is nice to be around. Most of all, he is hardly ever grouchy, except when students clown around too much." -Brenda Way

Top Left: Mrs. Patricia Harriss
Top Right: Mr. Ken Garrison

Mathematics

"Mrs. Buchan is a terrific teacher, and I like her a lot. I think she has a good career in teaching." -Bob Knowles

"Mrs. Buchan is an interesting teacher. She is always helpful and understanding. Her class is also hard at times." -Sarah Teer

"Mrs. Buchan is one of those teachers that already knows just about everything there is to know about Math. I wish we had more teachers at OHS with this same qualification." -Eric Matthews

"Mrs. Buchan is the 'saint' of Mathematics. If you do work, you get credit. She is very fair, nice most of the time, and always firm with her decision." -Kim Wallace

Top: Mrs. Donna Buchan
Below: Ms. Swanda, student teacher

"Confused about Math? Find Mrs. Byrd!"-Linda Cates

"Mrs. Byrd is a good teacher, but she could slow down to about 20 miles an hour!"-Stan Parker

"I like Mrs. Byrd a lot. She already taught me more than I thought I could learn."-Dennis Lloyd

"She's great! She's very understanding . . ."-Allison Davis

"Mrs. Lunsford understands when you have a problem in Math and will stick with you until you get it done. She's not an impatient lady."-Carla Thompson

"I think Mrs. Lunsford is a sweet lady . . . a wonderful Math teacher."-Kathy Hudson

"Dr. Penick is a dedicated teacher who shows much interest in teaching Math and is willing to devote himself anytime to help a student."-Janet Winecoff

"Dr. Penick is an extremely exceptional teacher who REALLY cares about his students."-Margaret Lutz

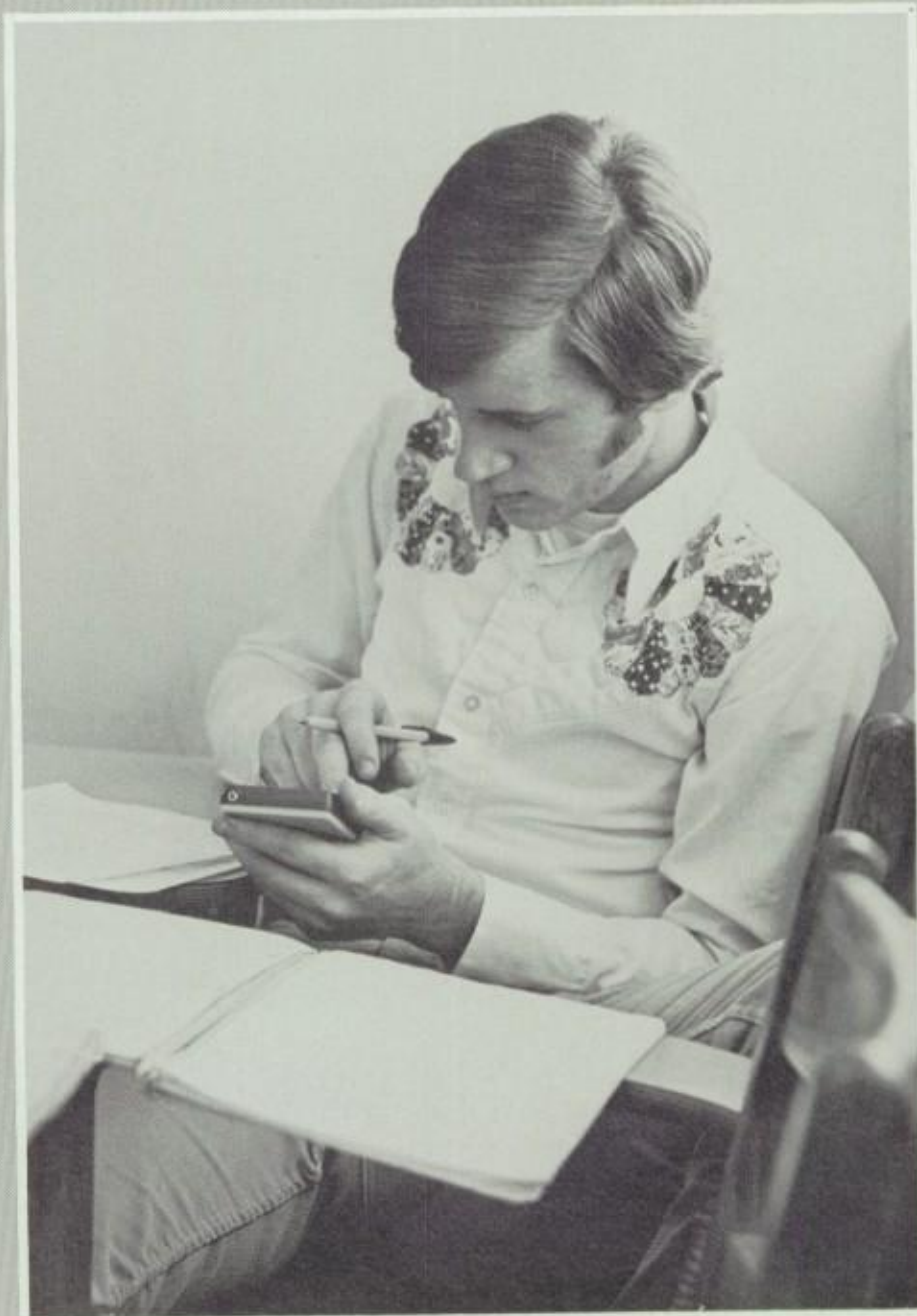

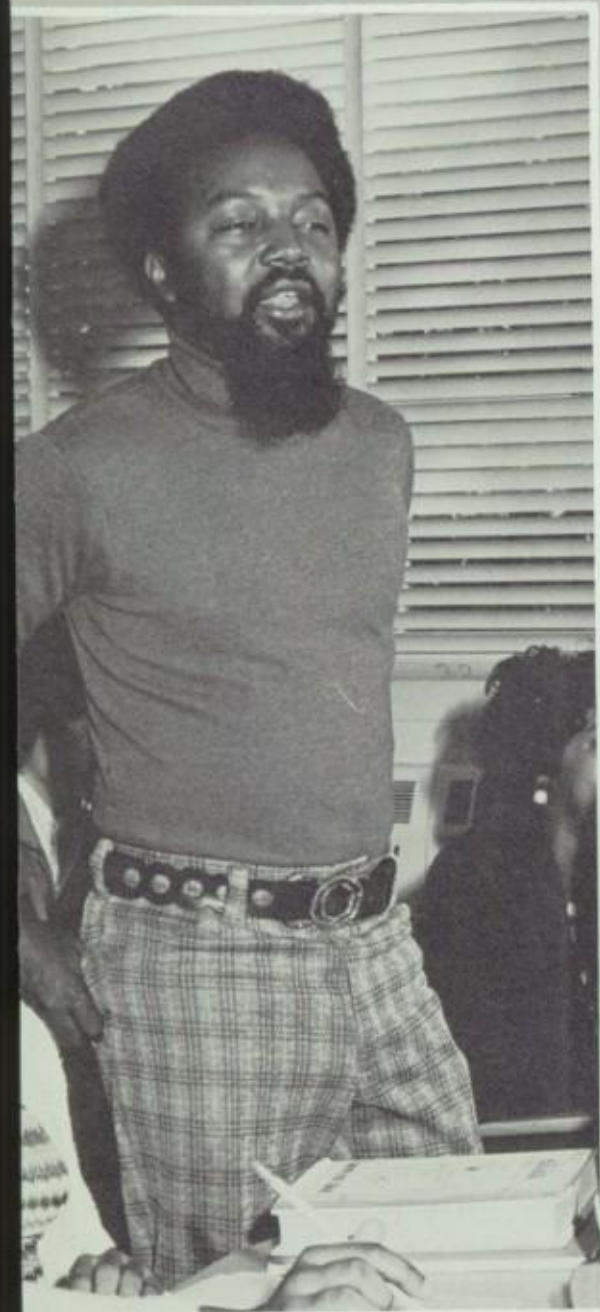

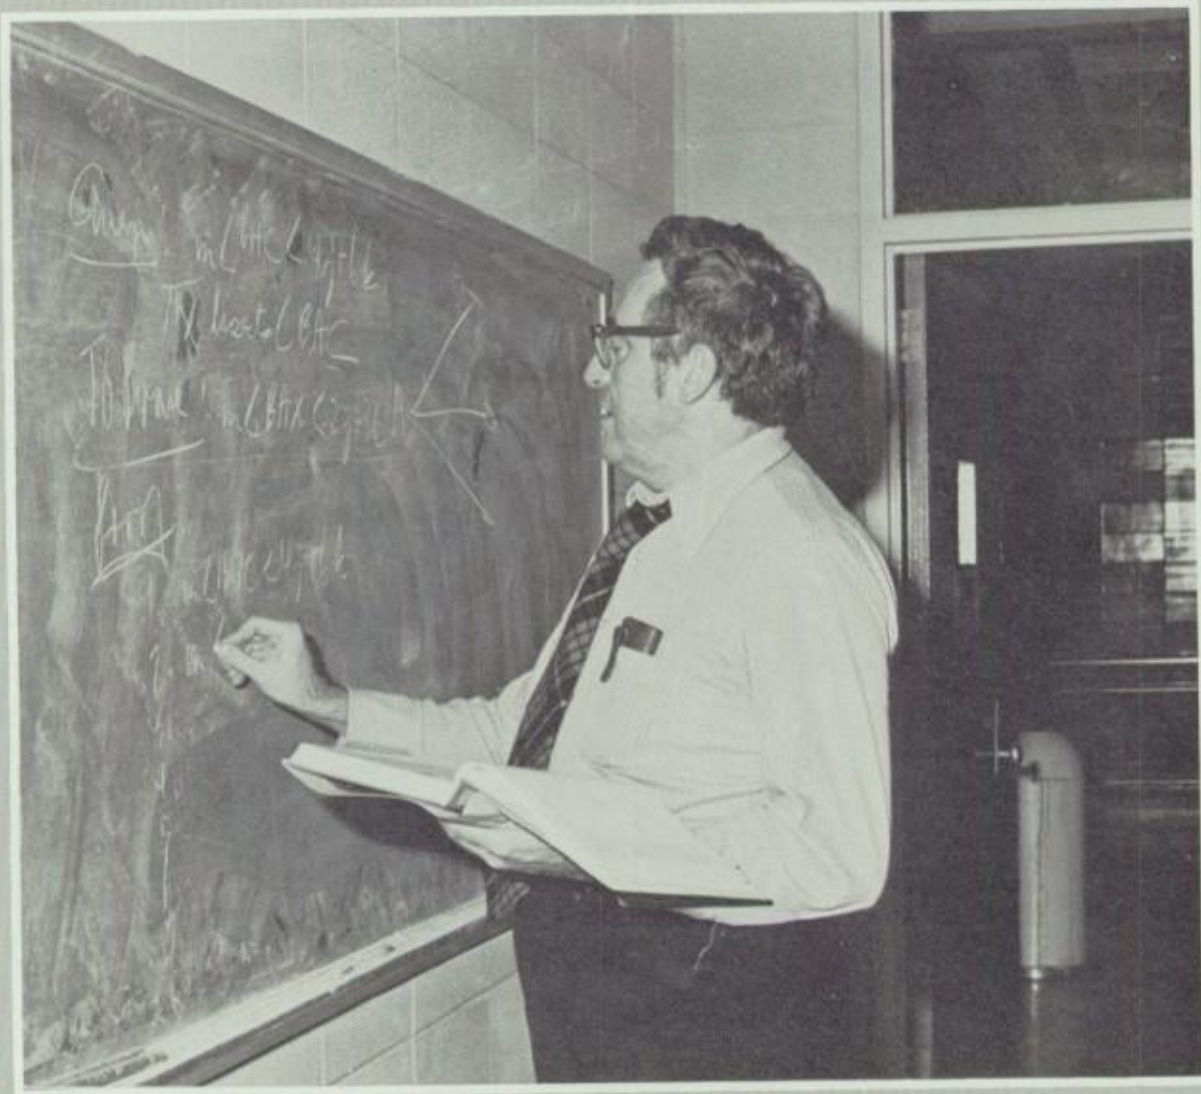

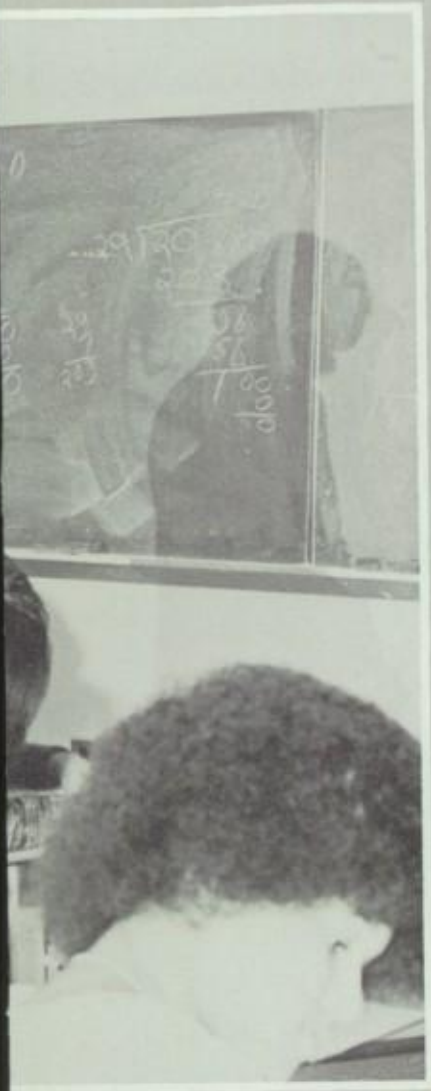

"Dr. Penick is a fair teacher. He really tries to help students with Math. He is willing to help any student during lunch, and he explains it fully so that you can grasp the right way to do the many problems."-Pat Shambley

"Mr. Shumate really knows knows his stuff-right down to every problem."-Pam Ellison

"Mr. Shumate is certainly 'SHHURRE' of where he's going! He's a very nice teacher and a good person."-Kim Wallace

Francais

"I enjoy the freedom we have in French III and IV to read and discuss novels."
-Anne Cox

"French III is an experience in not only the language, but also in the culture, literature, and customs of France. Miss Allison coordinates the course well, and I enjoy it." -Amy Martin

"I like Mrs. Stanback because she makes learning French fun." -Bobby Cobb

"French is a good course, and it is interesting and informative. It is not a course you can cut up in because Mrs. Stanback doesn't stand for that." -Sandra Dunn

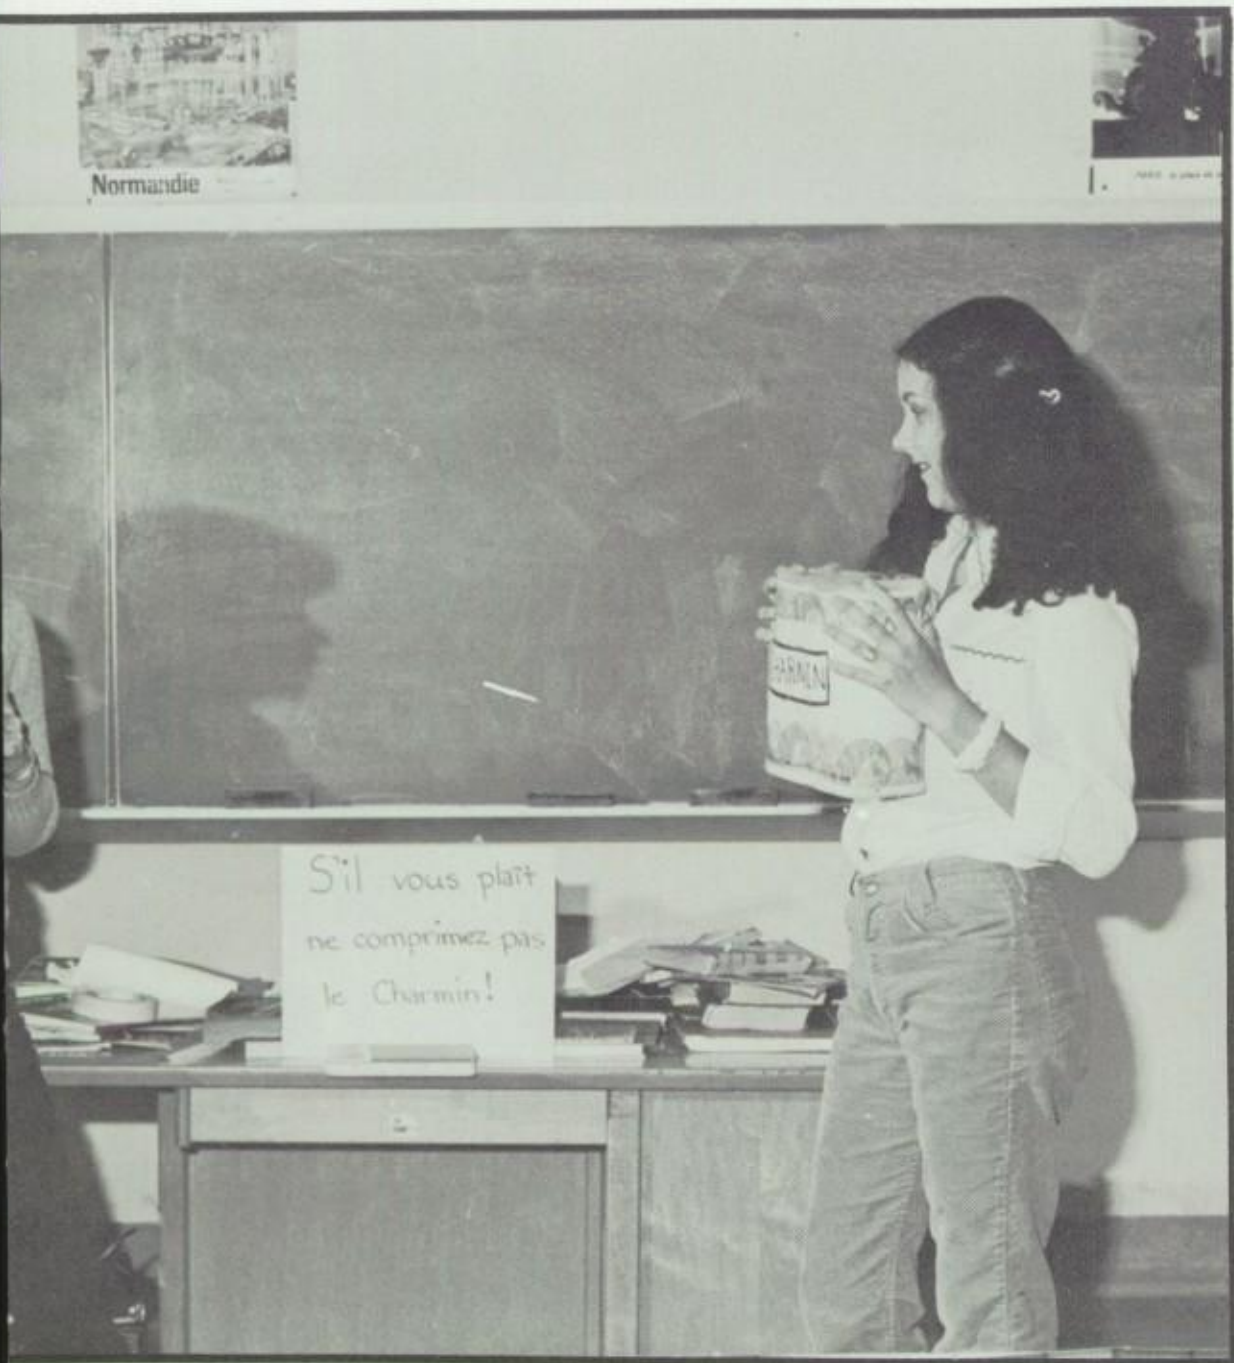

"I enjoy French very much, but when it comes to conjugations, it's a bore!" -Gena Johnson

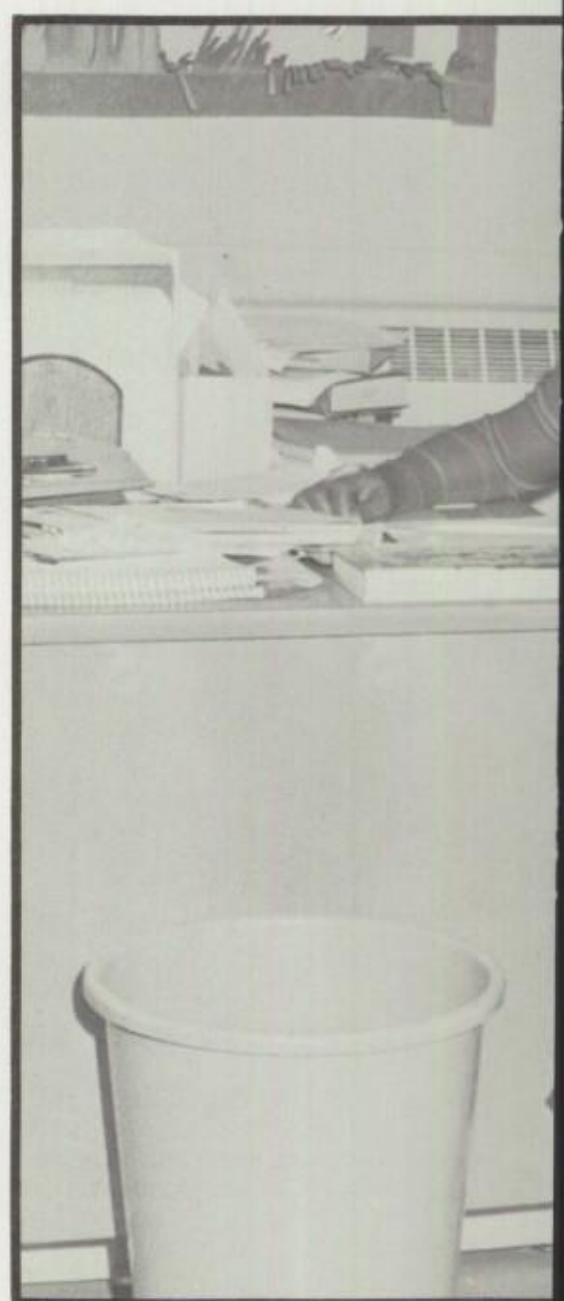

"The conjugation is a braintwister!" -Mark Warren

"I like speaking the French dialogues before friends who don't speak or know French."
-Dorothy Swann

Business

"I think Directed Office Occupation is a good course if you're going into business, or like working with different kinds of machines. To be truthful, there is a lot of work to be done. Most of the work is hard. But once you get behind, it's hard to get caught up. So if any of the juniors plan to take this course, be prepared to work hard." -Beverly Thompson

"Cooperative Office Occupations is one of the best courses to take if you are planning to go into the business field. It gives you on-the-job training out in the local businesses, and in class you learn many skills needed to succeed in getting good jobs. In taking this class, the experience puts you ahead with other school graduates looking for a job. It's a lot of work, but it's worth it!" -Phyllis Godwin

"General Business is a course that prepares you for the future and when you get a teacher like Mrs. Williams teaching it, you learn a lot. She's the kind of teacher who gives second chances and that's what we need." -Angela Thompson

Vocational And Industrial Education

"I have Mrs. Woodall for two classes, CDE and Marketing. She really teaches her classes well. She teaches the students and she also learns something from them. She makes learning very pleasant."-Cherba Cates

"Mr. Mayo is a good teacher and he knows what he's teaching. He tells us about the work and all that we have to do, is to do it right. He knows his line of duty from 20 years of experience on the job before he decided to teach."-Bobby Riley

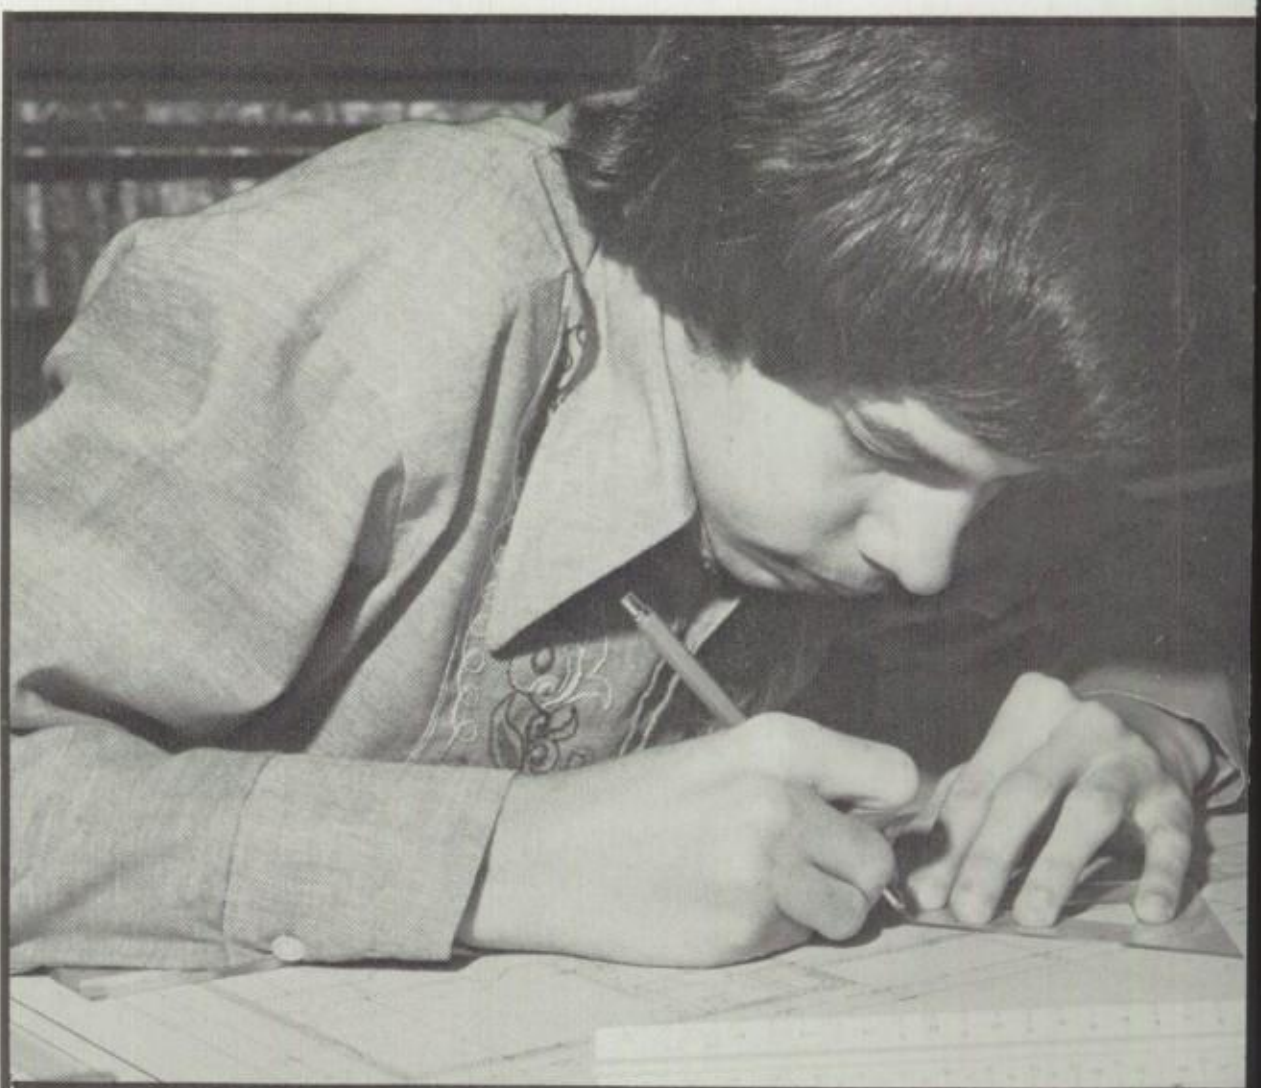

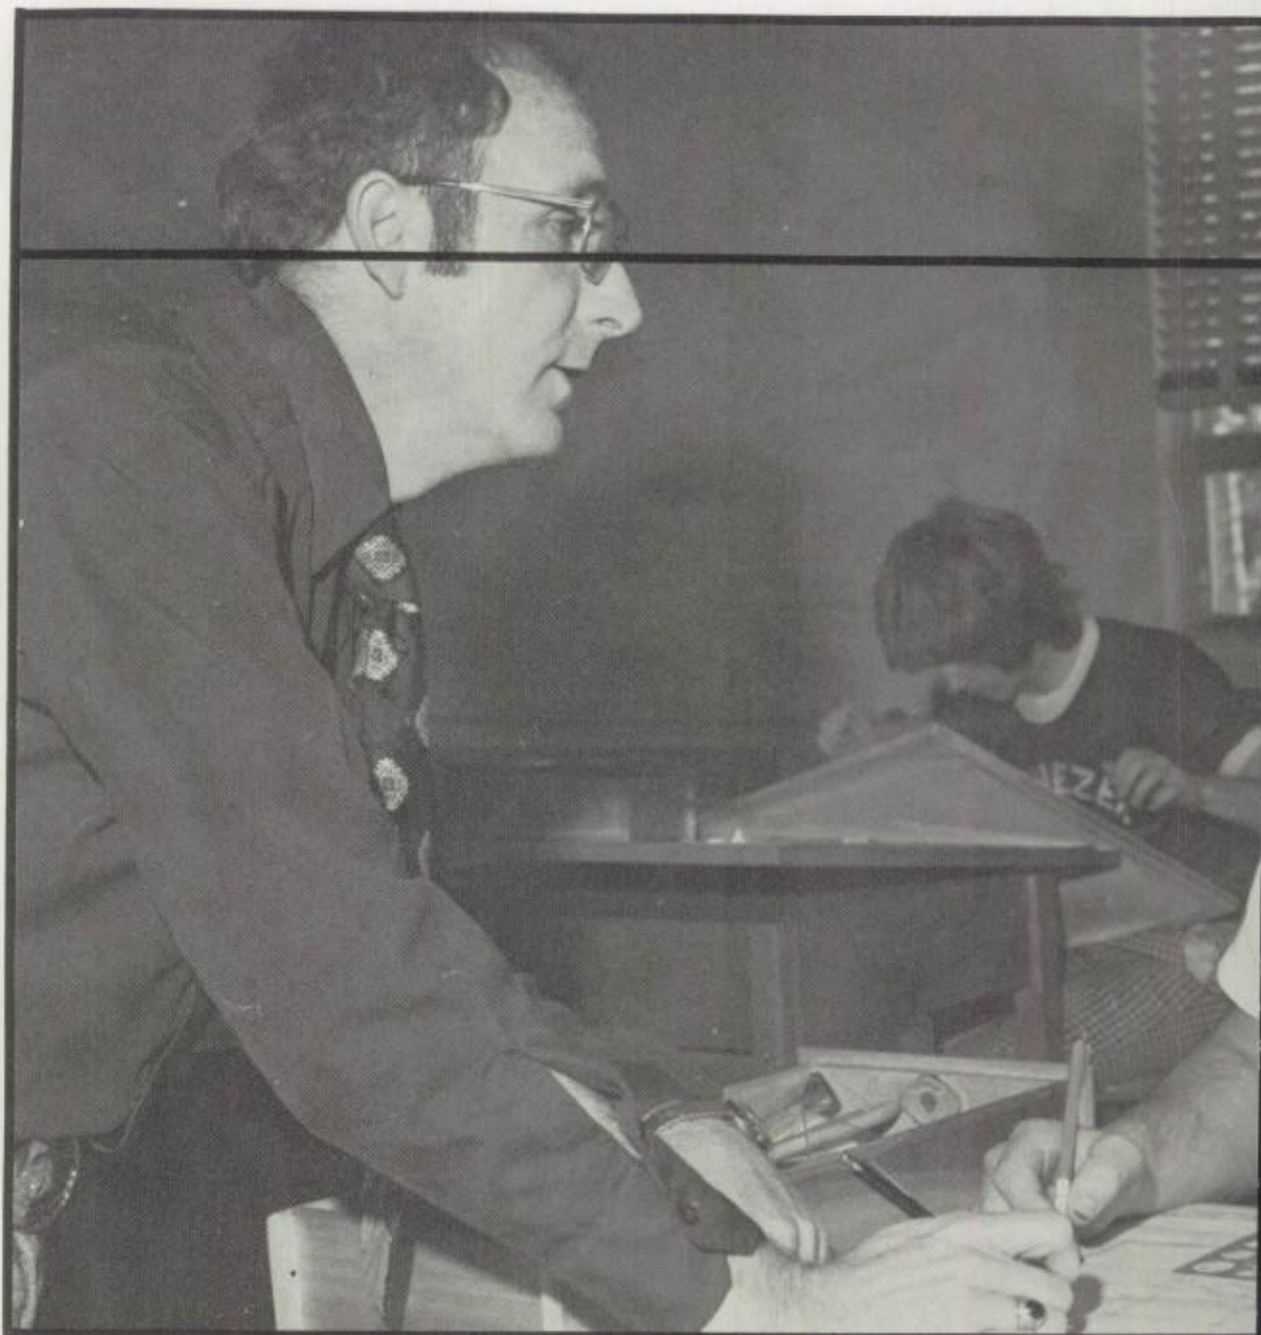

"I enjoy Mr. Mayo's class very much and I think he is a good teacher."-Allen Mullens

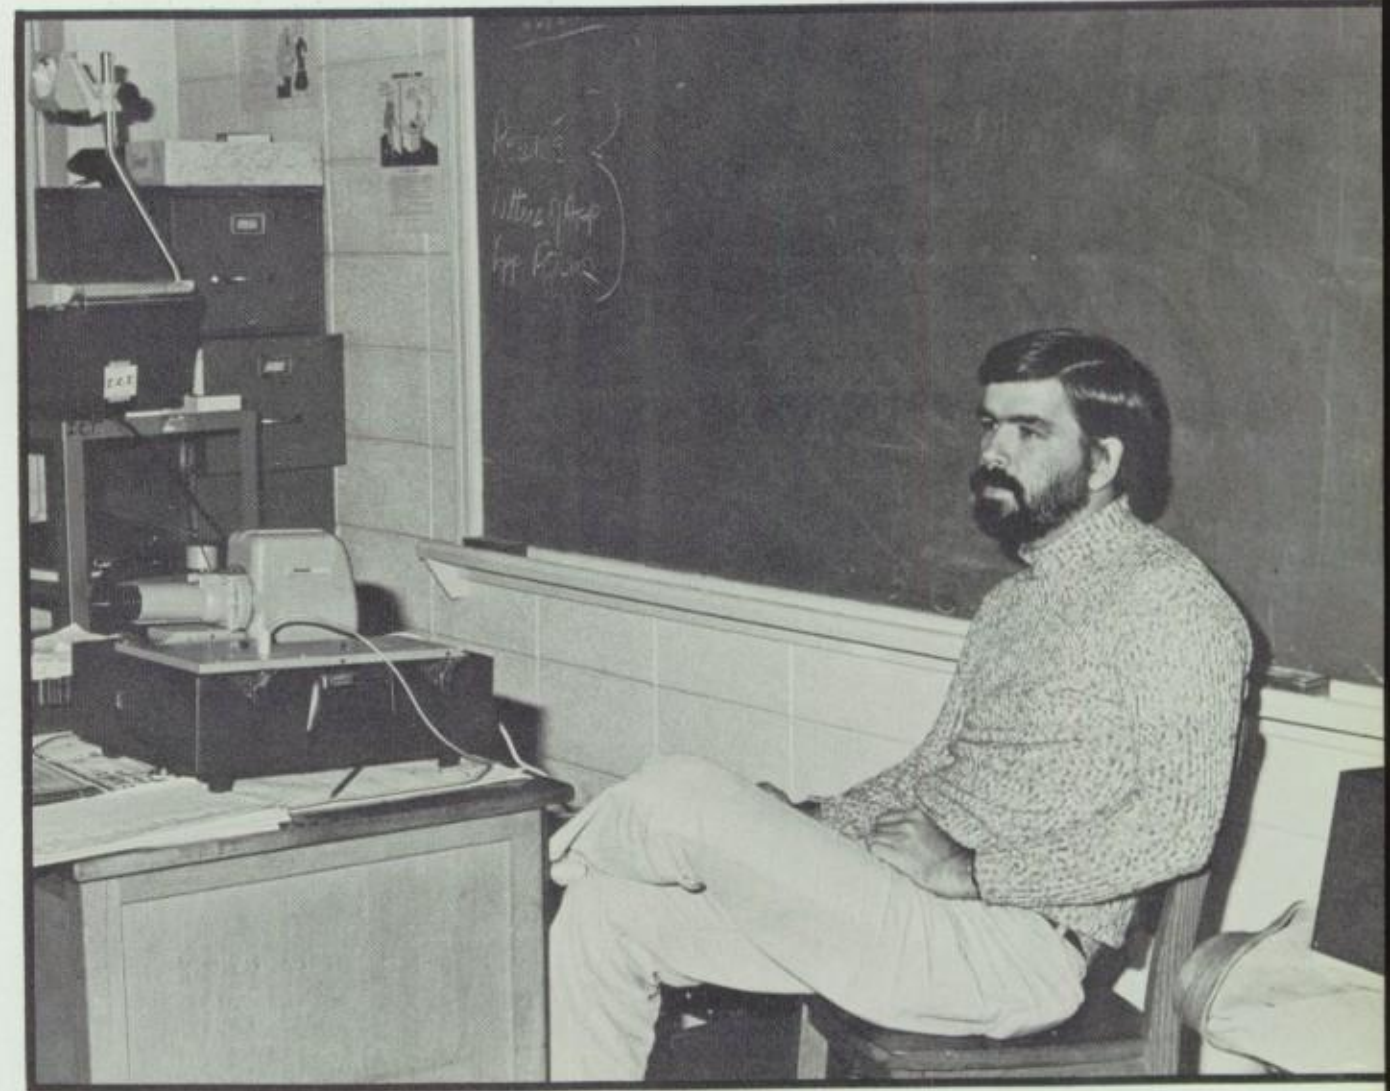

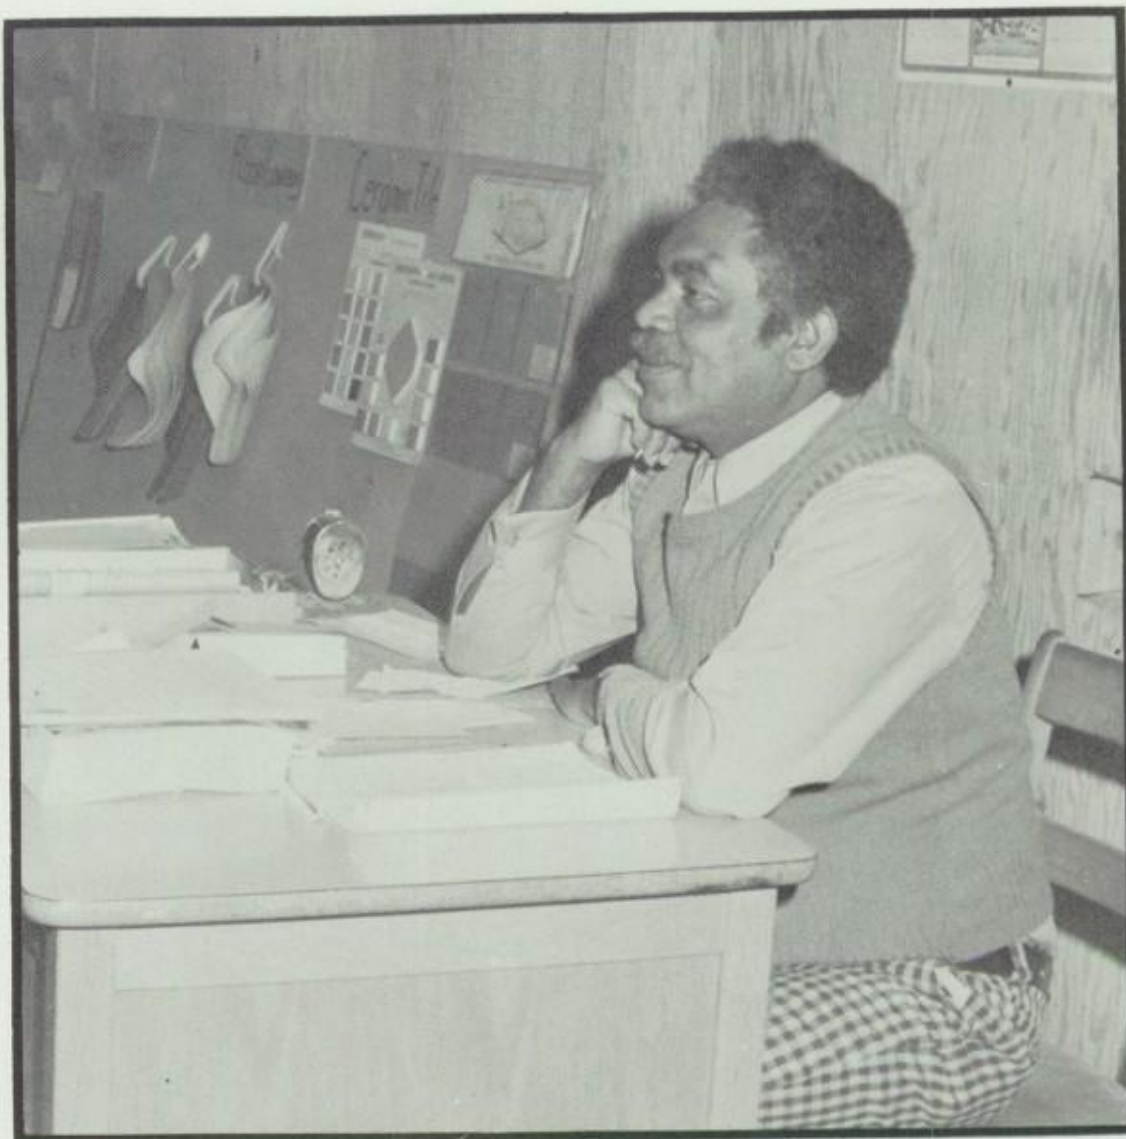

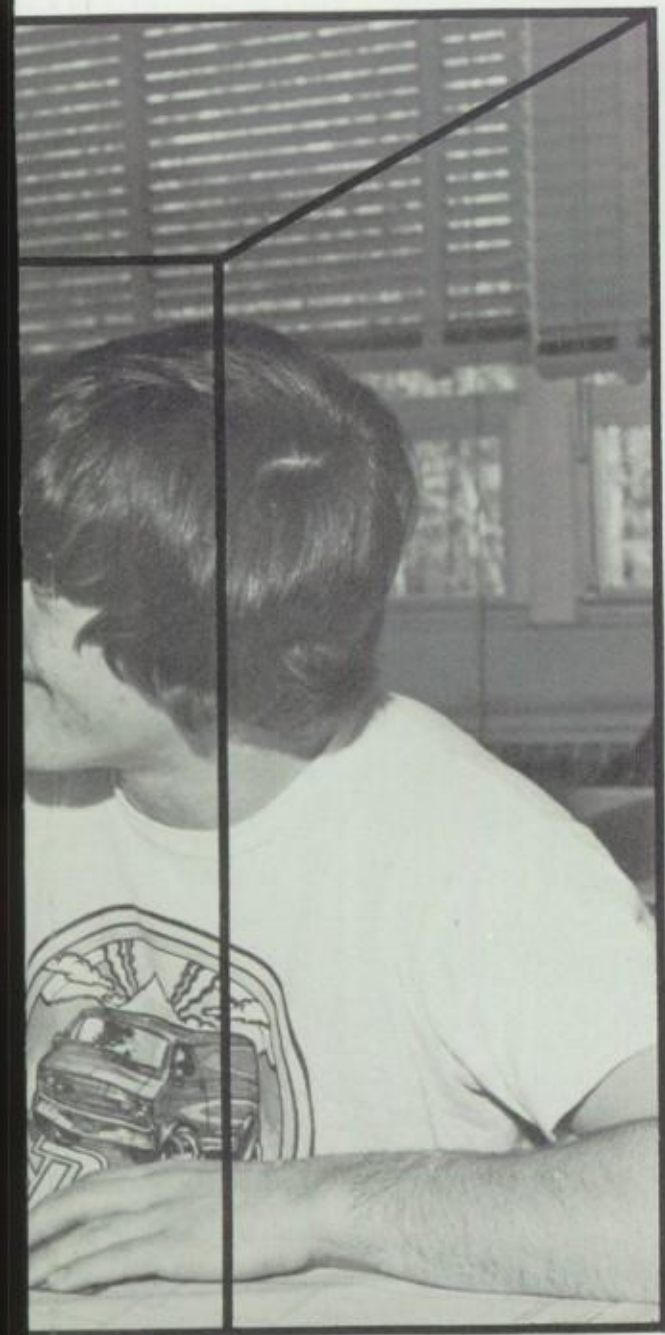

"Mr. Roberts knows the fine points of drafting, and projects his knowledge in a way that is easy to understand."-Ray Gravitte

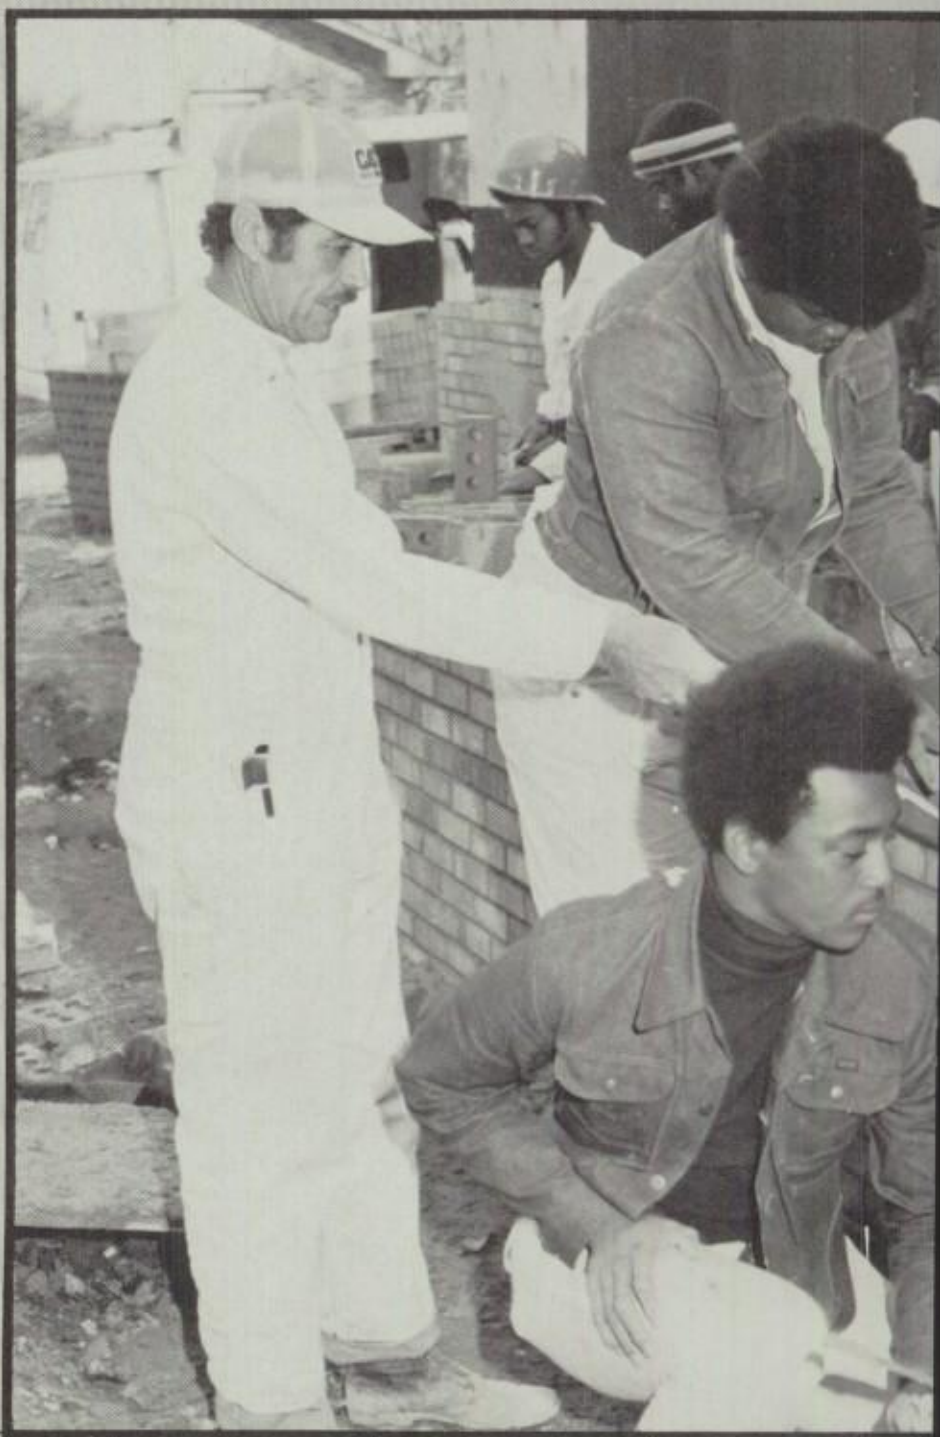

"Mr. Roberts is a very understanding and patient teacher. This is my first year of drafting and his help has made things easier and more interesting."-Linda Daniel

"Mr. Ward is a great teacher. School is dull until I get to his class, then the day lightens up."-David Harris

"Mr. Ward doesn't put you to sleep like some teachers. He has very good examples of what he is talking about."-Dwayne Abbott

"Mr. Mac is a very nice person to work with." -Richard Mebane

"I took this course because I have been working with construction for about three years, and I want to learn more about it. There's some good money in the field." -Bobby Jones

"I like my teacher a lot and the way he teaches the class. Some day it may help me in the long run; maybe it will help me to build my own house." -Alvin Pulliam

"I took the course to learn something that will offer promotion when I get on the job." -Torrence Poole

"I enjoy construction work, and I may get a job in construction after graduation. If by chance I do, I will be skilled." -Tyrone Clayton

"Drawing the curcuits for the project house was interesting, and wiring it should be a greater challenge." - Ray Gravitte

"Working on the project house is an experience that will probably help me through all my life. Just knowing how to handle all that electricity without getting a shock is something most people will never know." -Mike Allison

"Working on the plans was pretty easy, but when we went to the project house, it became a little harder. We were assigned rooms to wire. So, if the house burns down, we'll know who is responsible." -Jeffrey Mangum

Opposite Page Far Left: Mr. Gary Blalock, Tim Nicholson, Doug Dunnegan, Ronnie Gentry; Top Center, Project House; Below Center, Mr. William McPherson, Torrence Poole. This Page Top Left: Mr. S.J. Parker; Below Left: Mr. Blalock, Ronnie Gentry.

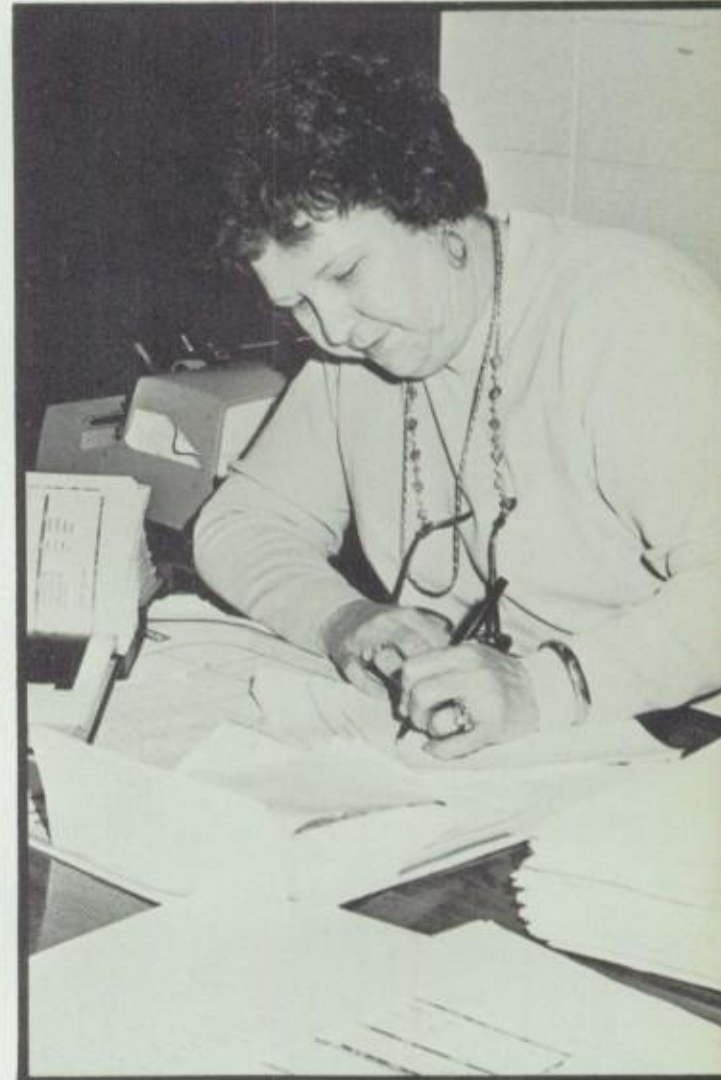

"The Media Center is a place to look and listen; to read and consider; to be quiet and meditate; to inquire, explore, and discover; to pursue your own interests; to develop responsibility for self-direction and self-motivation." Mrs. Ellen Pettit, Librarian

"School should be a place for the student to grow and develop, not only through instruction but through more personalized services. The Guidance staff attempts to fulfill this role." Mrs. Anyce McKee, Counselor

"Each day brings a new episode in organized chaos in a school office. I especially love the part of my job that lets me come in contact with our fantastic student body. Young people today have subjects and social problems their parents never hear of, and in my job, I see daily proof of their ability to cope. OHS students are the greatest!" Mrs. Peach Culbreth, Secretary

This page, Top: Mrs. Evelyn Toole, Librarian, Mrs. Juanita Cooke, aide. Below: Mrs. Anne Windley, Counselor, Tony Pettiford. Opposite Page, Top Left: Mrs. Ellen Pettit, Librarian. Office And Reading Aides

"As bookkeeper of OHS for the second year, I have not only worked with the faculty but also have worked closely with many students. Working with the students makes this job quite a challenge and very interesting.

As the years progress I hope that I can continue to be of helpful service to all concerned at OHS." -Mrs. Wilma Wade

"Mrs. Torain is a very nice teacher for Reading. You couldn't have a better one. She's not too hard on her students, and she helps you whenever she can. I wish she could teach me Math and English." -Kenneth McBroom

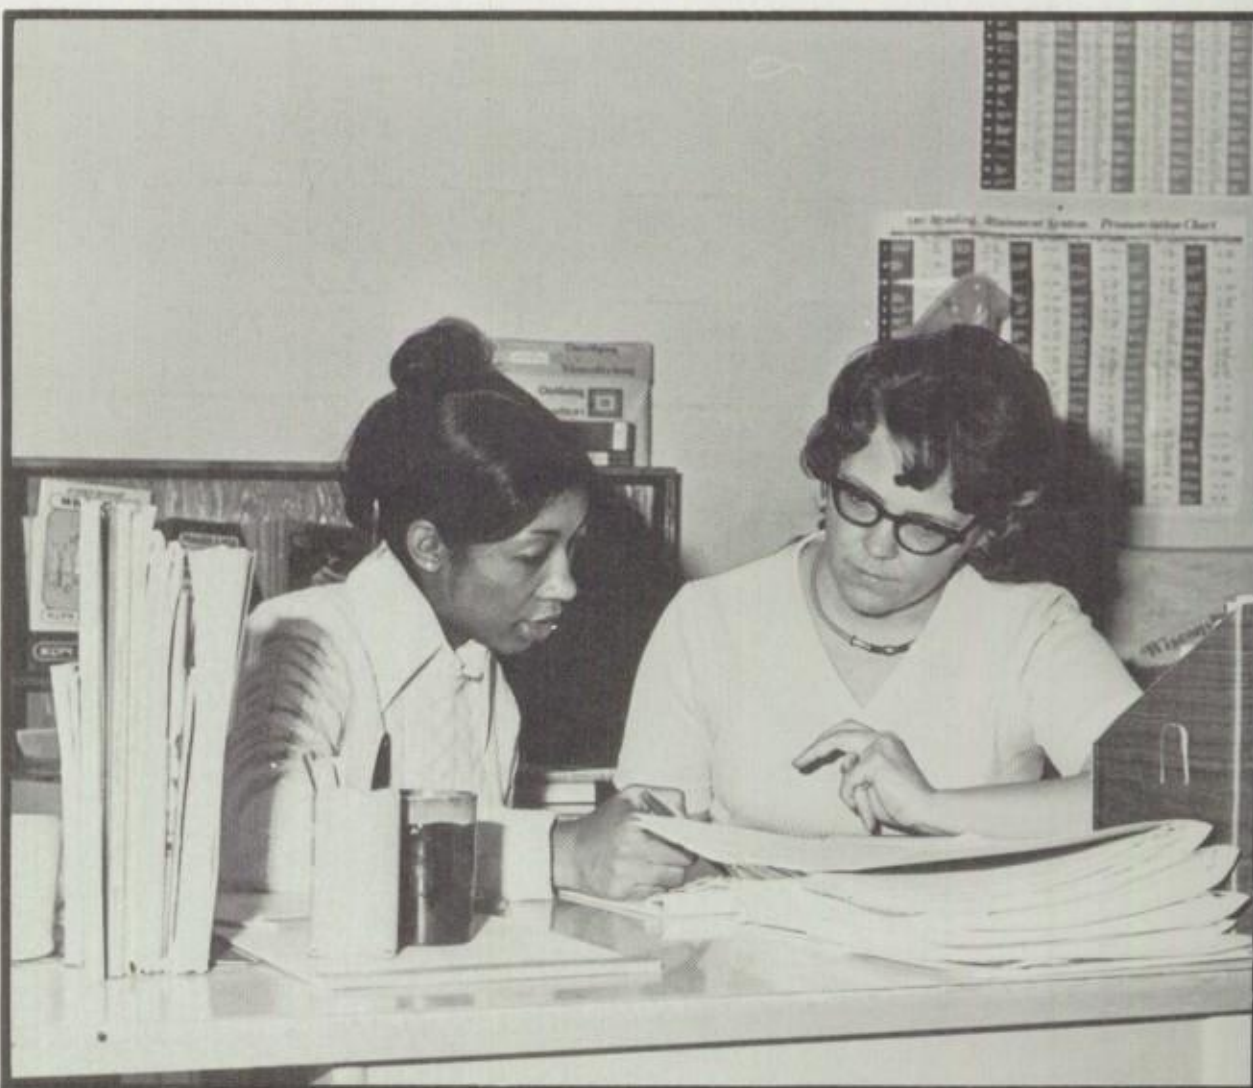

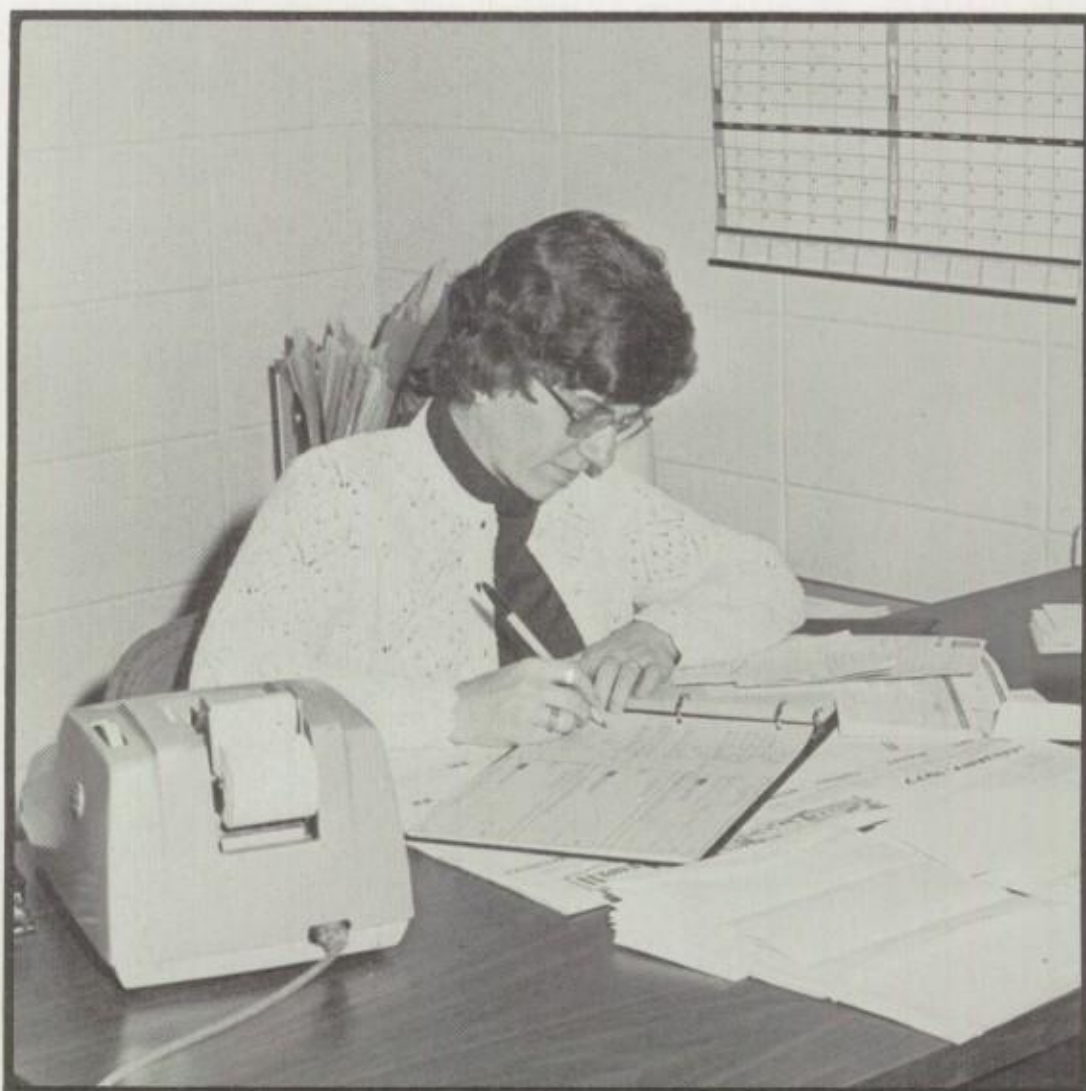

"Mrs. Torain is an all-together teacher. I enjoy working and talking with her. She knows her stuff . . ." -Charlene Bradshaw

"Mrs. Woods is one of the best teachers in Reading; she understands a lot of her student's problems, and she tries her very best to help you to develop more skill in Reading and help you with some of the hardest problems. She's got her self together." -Joyce Chavis

"Mrs. Woods is a very friendly teacher; she's always there to help you when you're down. She knows the problems and tries to help. She's really the kind of teacher we need most." -Kathy Hudson

This Page, Top: Mrs. Wilma Wade

Below: Mrs. Anna Torain, Mrs. Darlene Woods

Driver's Education And Special Education

"I like taking Driver's Education under Coach Scott. He really is nice and funny." - John Donald

"I like taking Driver's Education under Coach Scott, because he is a nice guy and a very fun man!" - Carlos McAdoo

"Mr. Melton's classes are always pleasant and low key. We work hard but if we fail to finish something important, he gives us extra time." - Arnetta Rudd

This Page, Top: Coach Don Scott
Below: Mr. Roy Melton

Health Occupations

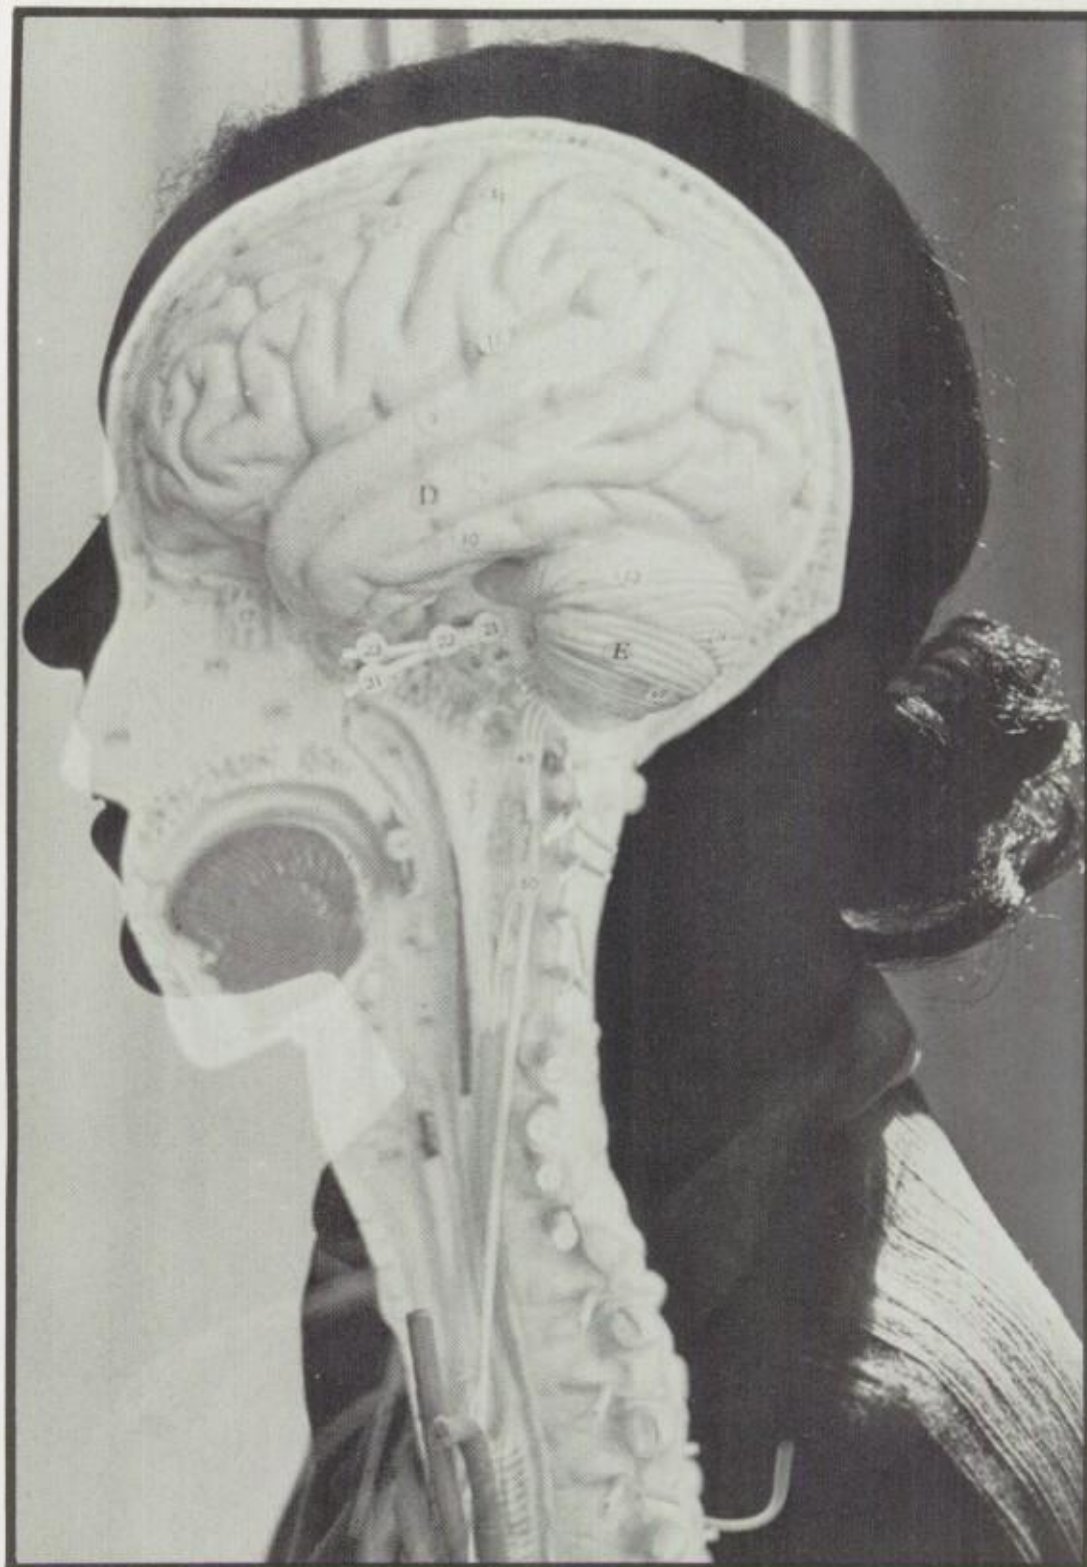

"I like Health Occupations because it helps me learn a lot about myself and others. You learn more than just how to cure illnesses. You learn how to have a nice personality, a better appearance, and how to make better judgements." - Gloria Corbett

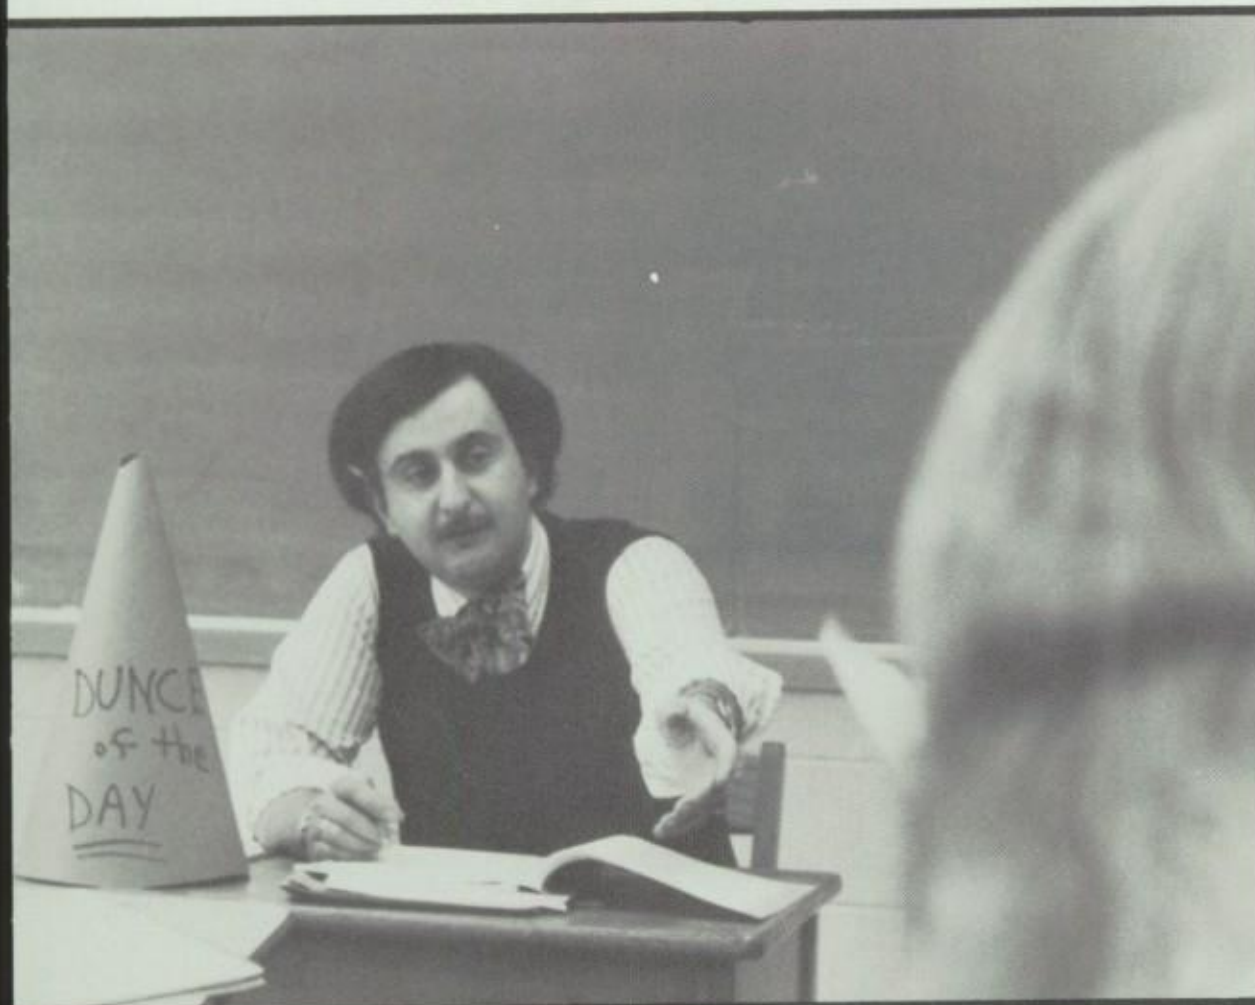

"I advise the students who are going into the health field to take Health Occupations. Take it from me; It's very difficult, but studying will pull you through. Mrs. Cathcart is a good teacher." -Deborah White

"I would recommend Health Occupations for anyone who is considering going into the health field. It is very interesting and a fun class to take. In Health Occupations you do not only learn about health careers, but you learn a great deal about yourself." - Vicky Webster

"Being able to participate in Health Occupations this past year has really been an extraordinary pleasure. I feel that it will be of great benefit to all students who plan to pursue a medical career. The class is never boring as long as Mrs. Cathcart is the teacher." -Stephanie Whitted

Below: Mrs. Lula Cathcart

History

"I think of Mr. Halkiotis more as a friend than a teacher. He really knows how to teach. He's great!" - Pat Icenhour

"The H' is a great person and teacher. He knows how to get the material across and still be a friend." -Brenda Tilley

"I always enjoyed being in Mr. Halkiotis' class. He always gets his point across, even if it is in an odd way." -Cindy Martin

"I like Mr. Halkiotis' classes because of his very unique method of teaching. And believe me, you will not forget them!" -Ronnie Edwards

"Mr. H. has a strange way of teaching. Everyone I know who has had him enjoyed his class. There was one thing you didn't do in his room: FALL ASLEEP, unless you wanted a can of beans thrown at you!" -Dawn Copeland

"Ms. Hayes keeps her classes very interesting. She always has an interesting topic for her class to study on. There is never a dull moment in her class. Ms. Hayes makes sure that all work that she assigns gets done because she really wants all of her students to learn something during the time they are in her class." -Pamela R. Corbett

"Mrs. Hayes is a very interesting teacher. During the time I had her, I learned a great deal about WWI and WWII. There should be more teachers like Mrs. Hayes. She has a great personality; I like her a lot." -Ramona Boykin

Center: Dr. Stephen Halkiotis
Below: Mrs. Doris Hayes

"Mr. Wolf is a very intelligent man and a fine teacher. He makes sure that you understand what he is teaching, and more than that, he really cares how well you do in class." - Ray Hudson

"Mrs. Ridenbaugh is a very well-educated teacher. I have never had a teacher who knew so much about her subject. She is a very kind and good-hearted person. I would like to have her again next year." -Keith Carmichael

"Ethics has taught us the art of thinking and the process to determine what is right." - April Brown

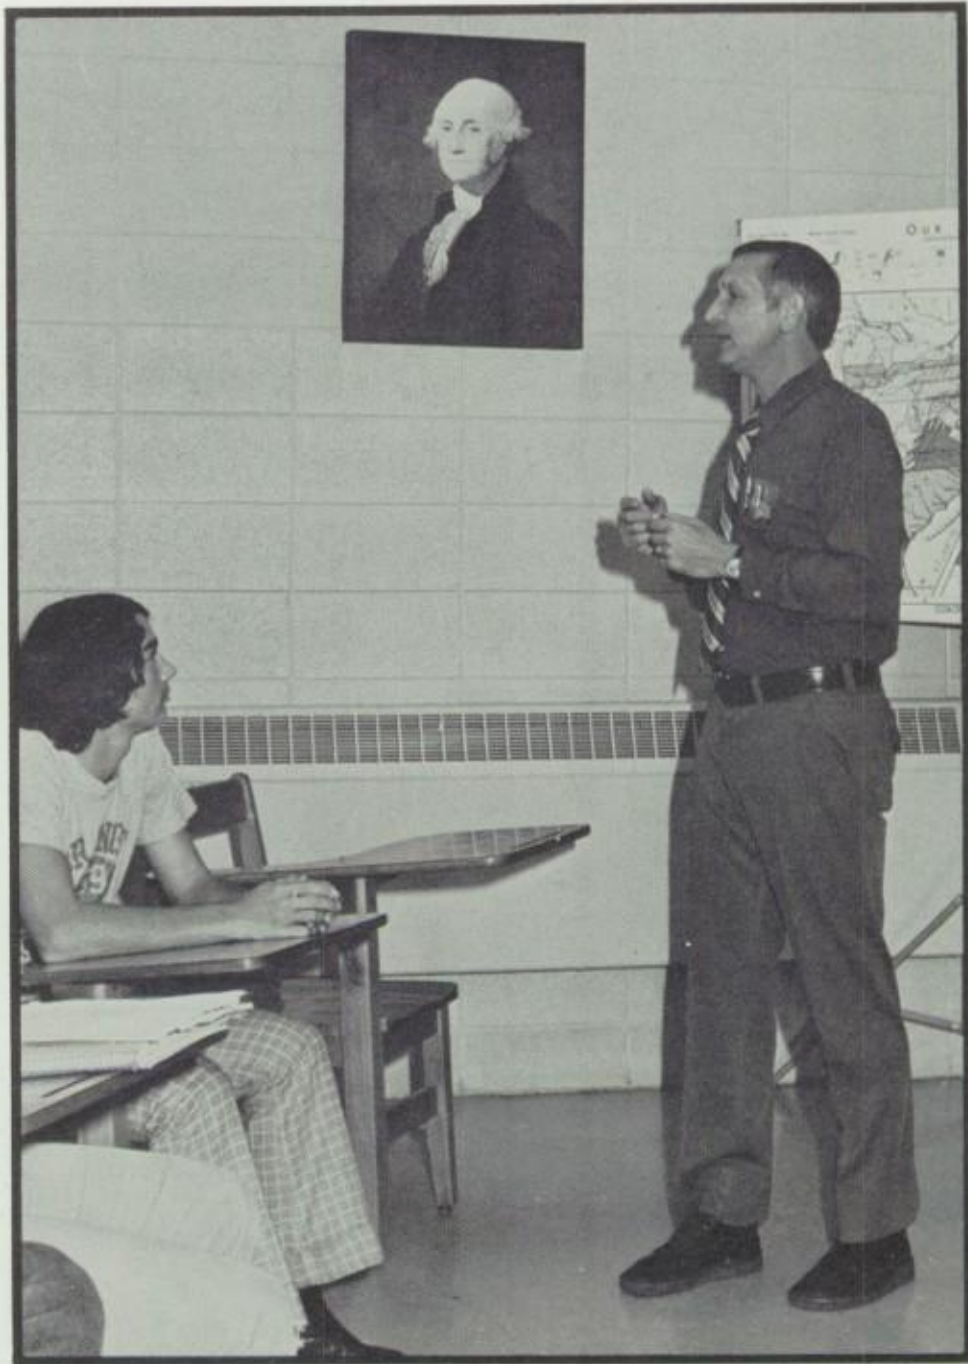

"If you are willing to work, you will find Mrs. Liner very easy to get along with." - La Rosa Pinnix

"I had Miss Barreau for Survey I. She is a great teacher and made the course really interesting. With a different teacher, the same course could have been very boring." -Ellie Reinhold

"I really like Mrs. Swanson's class it's very exciting and enjoyable; and I learn a lot. It's very seldom that you can find a history class which is educational and fun at the same time. I just love it!" - Tammy Shanklin

Agriculture

"When you have a teacher as nice as Mr. Leonard, anything is worth while."-Lynette Thompson

"If you like plants or bushes, you will like Mr. Leonard. If you do not like plants you will soon learn to like them."-Chris Hatch

"Horticulture I is really a fun class and if you like plants and enjoy nature, it's the class for you."-Cindy Watkins

"The Agriculture program at Orange is very educational."-Elizabeth Harris

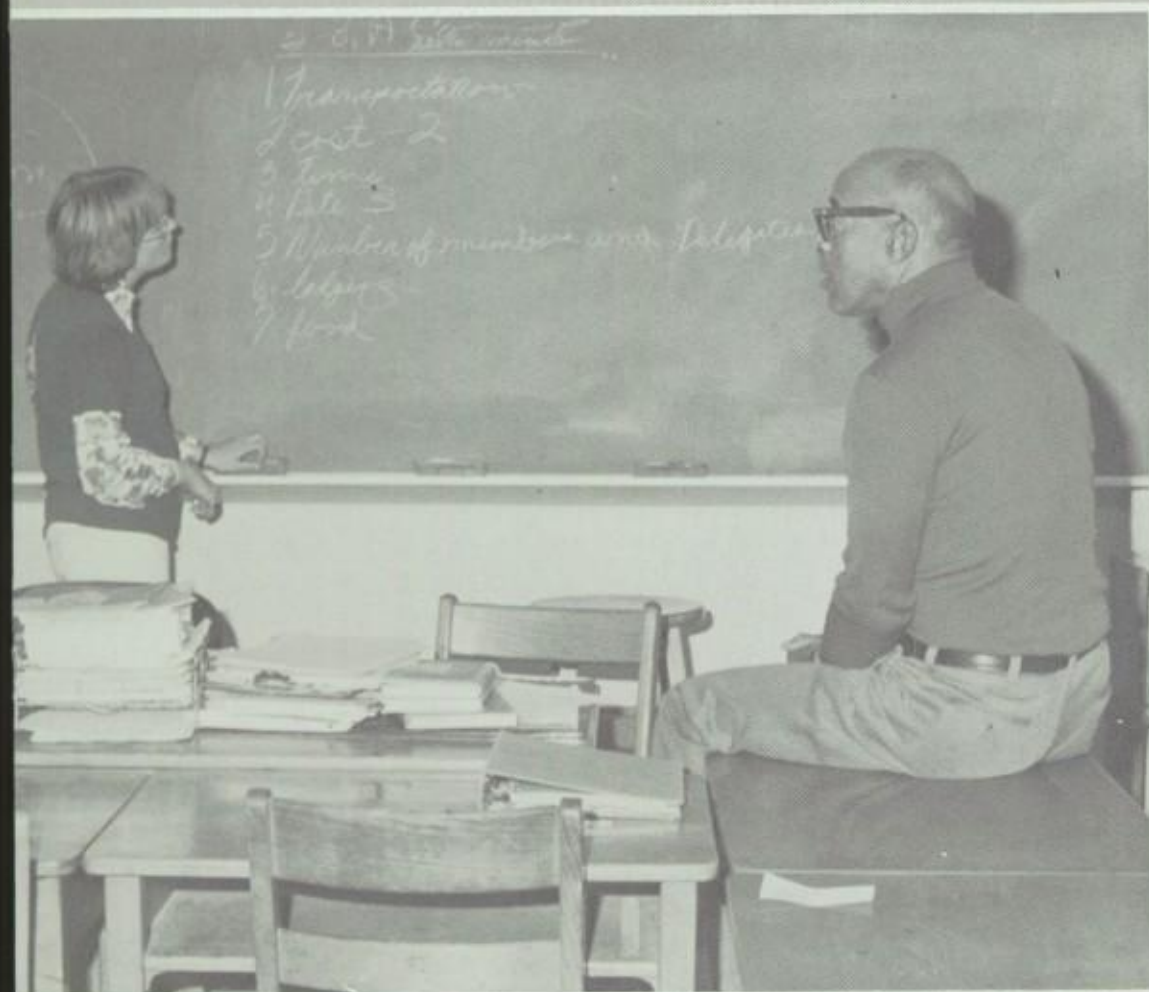

"... the Agriculture program ... is one of the best. We also have two very good instructors who are very dedicated to their work."-Kirk Vickers

"Ag. Mechanics is a class that you can explore an engine and then rebuilt it with the satisfaction of knowing what makes an engine tick."-Kathleen Van Stavern

"Agriculture is a welcome break. The thing I like most about it is that you can get a break from all the books ... so Ag. is my bag!"-Don Warren

Above: Mr. Tommy Leonard
Below: Paul Hill, Kirk Vickers, and Henry Oakley

Art

"Art is showing the people your views of your surroundings and a satisfaction of creating."-Gayle Bush

"For the past two years, I have taken art at OHS. I have enjoyed the work and challenges that the art course has given me over the years."-Sandra Wright

"I really have enjoyed working in the art class for the past years. I have learned so much and found that art is a very good form of self-expression as well as relieving much tension."-Amy Cates

This Page, Top: Cynthia Johnson, Bonnie Robinson, Mark Lynch, Tim Allen, Pat Wilson

Home Economics

"I personally feel that home economics is one of the best courses offered at OHS. It is just like it says, 'economical'. As far as Mrs. McAllister is concerned, she's a very devoted lady and loves her work." -Darrell Crabtree

"Mrs. F. Parker is an excellent teacher. She is kind and considerate and is always willing to help someone." -Debbie Huff

"Mrs. Frances Parker will do anything she can to help you. She knows how to control her class, and you learn a lot of new and different things in her class." -Kay Dickey

"Home Economics is not just sewing and cooking, but a challenge to help others not only at home or school, but in the community or anywhere. It's really a great experience." -Jackie Jones

"Home Economics is a great course for anyone to take. It deals with many ideas that will help enrich your mind for the future." -Cathy Clayton

This Page, Top: Debbie Caldwell, Mrs. Betty McAllister, Penny Terrell
Below: Carolyn Ray, Mrs. Frances Parker

Music

"The chorus group this year has a new teacher, Mrs. Daugherty, and she is doing a great job, considering she did not know any of the chorus members at the beginning of the year.

Mrs. Daugherty is using her talent and experience to teach the chorus how to read music and to enjoy singing a song. Chorus is lucky to have such a talented and skillful teacher as Mrs. Daugherty."

-Ricky Crabtree

"Band has been part of my everyday life since the sixth grade, and I wouldn't be in it if I didn't like it. I am in Symphonic band and am interested in Jazz band. The band program is on the go, and Orange should have one of the best programs in the state in a few years."

-Rusty Williams

This Page, Top: Mrs. Janice Daugherty
Bottom: Jazz Band

"Fourth period is usually the highlight of my academic day. In Jazz Band I am able to personify those profound inner feelings through music which otherwise wouldn't make any sense. Being under the influence of Bob Haas gives me a feeling of importance." -Dan Shull

"The OHS Band is a complex organization, consisting of the Marching Band, Symphonic Band, Concert Band, and the Jazz Band. The different types of bands offer the students of OHS a wide choice in the musical field. Each of the different instruments as well as people. The band is a great place to express one's self, as well as a place to build one's self-confidence. Band is a great learning experience and should be a part of anyone who likes fun." -Eric Worlax

"Mrs. Daugherty is a very good music teacher, for she teaches music theory as well as singing techniques. I don't regret taking Concert Choir, and I would recommend the course to anyone desiring an enjoyable singing experience." -Scott Blackwood

"Mrs. Daugherty not only teaches us how to sing and what to sing but also how to read music so we can learn parts on our own. She's doing a very good job." -Donna Johnson

This Page, Top: Marching Band
Below: Mixed Chorus I
Opposite Page, Top: Jazz Band
Below: Concert Choir

Science

"Biology is quite an interesting class." The teacher even makes it interesting. You learn things you may have never thought of learning. So if you really want to learn something go to the biology lab." -Leroy Lattie

"I think biology class is fun because you get to do things you've never done before, like cutting up a frog." -Marsha Brooks

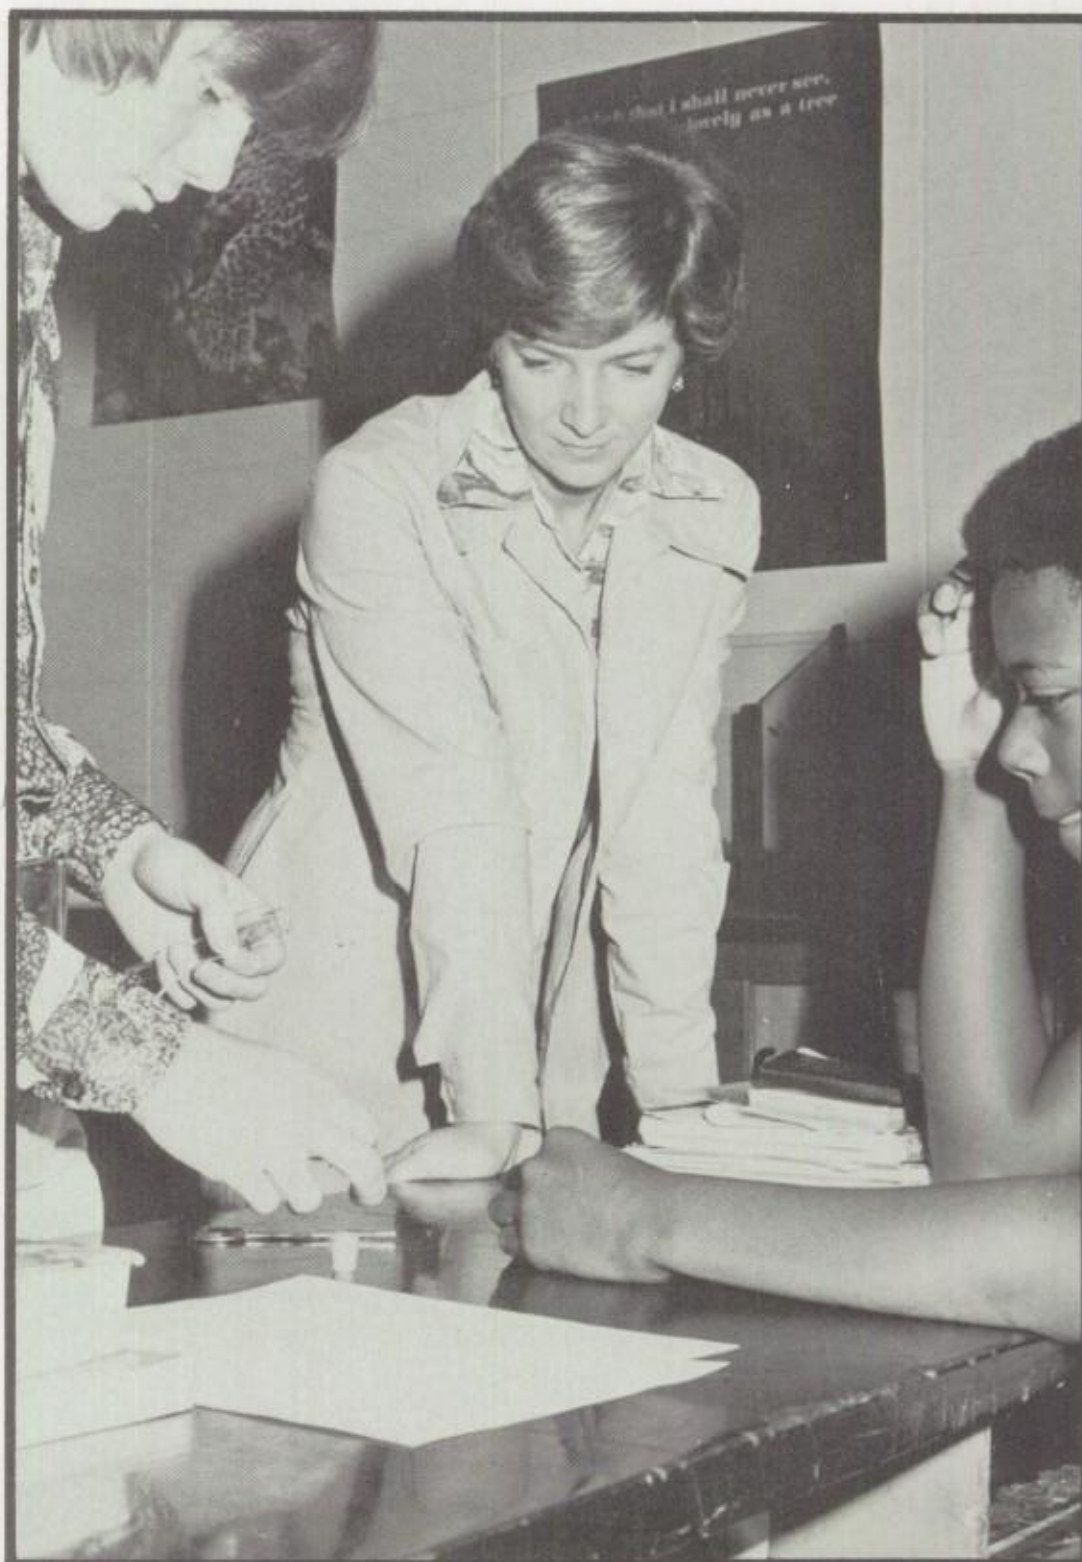

"Mrs. Swainey has really been inspiration to me. She has made learning interesting and lots of fun. She has showed me that there is more fun in biology than what you hear from all the gory stories." -Denise Ferrell

"Mrs. Bunce is the type of teacher I wish OHS had more of." - Patricia Merritt

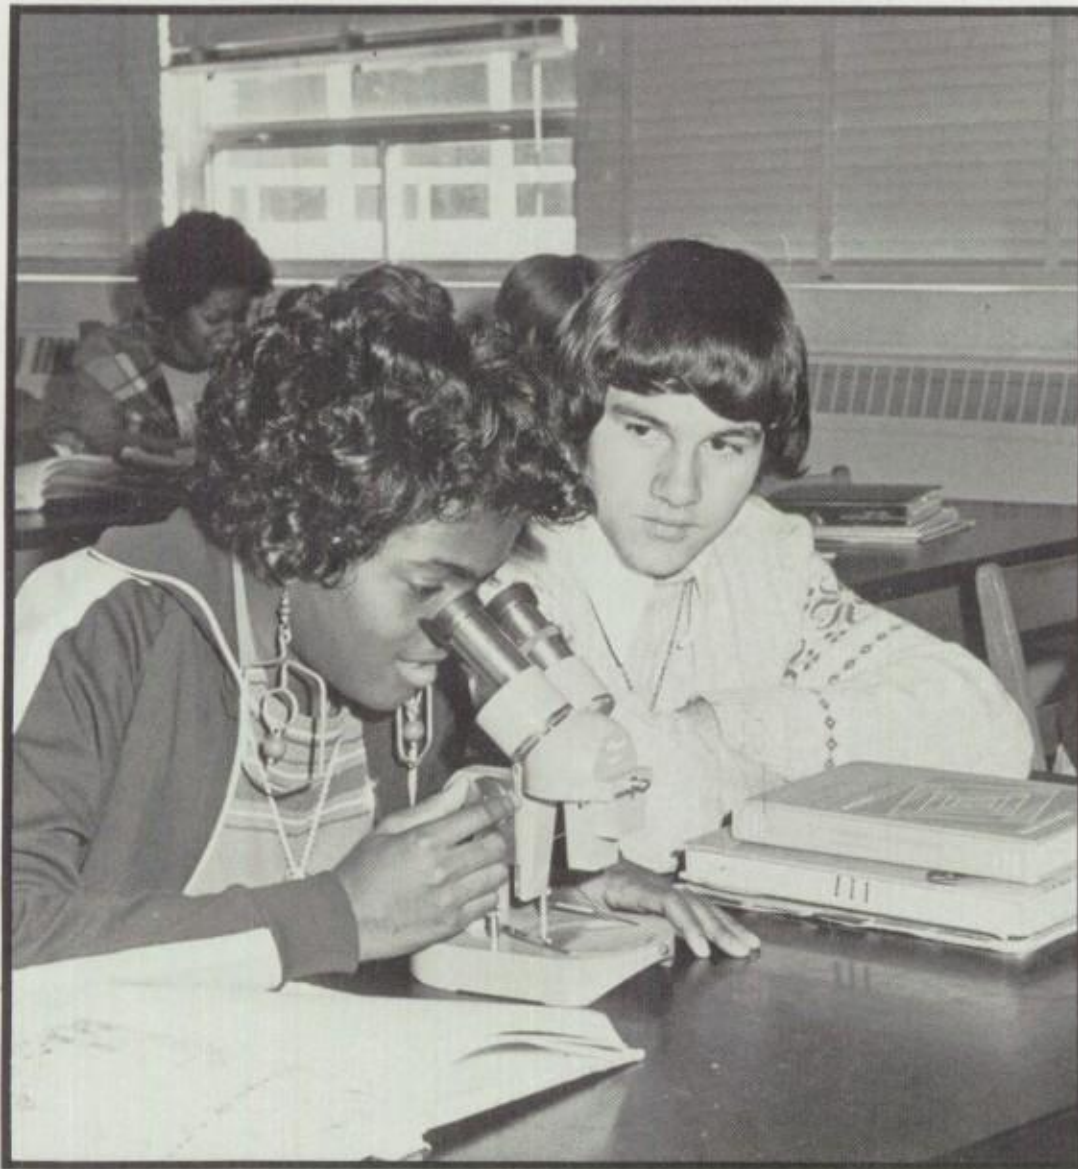

"I find Mrs. Bunce to be an outstanding teacher. She has ways of making the most complex things simple and the most boring things fun!" -Scott Blackwood

"Mrs. Bunce is one of the finest teachers in the school. She has a fantastic sense of humor which is greatly appreciated by the students." -Terry Hicks

This Page, Top Left: Darrell Walker, Mrs. Jean Swainey, and Barry Walston Below Left: Jimmy Hutchinson, Robert Compton, and Mike Matthews Opposite Page, Top Left: Mrs. Diane Bunce, and Stephanie Johnson Top Right: Jeff Heath, and Danny Brown. Below Right: Mrs. Diane Bunce, Ricky Cook, Kathy Fowler, and Mary Bradsher

"I will benefit by taking biology. It gives oneself further information about one's environment. One can understand functions of one's body more completely."-Cathy Shambley

"By taking biology, I will acquire the biology credit necessary for graduation from this school."-Nil Erickson

"Biology is a tough subject, but it teaches a person a great deal."-Eddie Darrell

"If you play a sport under Coach Dennis, you learn a lot about that sport. He tells you what you have to do to be good in that certain sport. It's just like in biology, if you want to go to college and be a good student, he'll tell you what you have to do to reach that goal. In other words, it doesn't make a difference whether it's sports or teaching. He'll help you but he won't do the work for you. To me, Mr. Dennis is a good teacher."-Vic McFarland

"Mrs. Fuller is a very nice teacher, and I like the way she teaches her 6th period class. She really gets things through to you. She's very nice."-Ava Villines

"Mrs. Fuller uses simple words and helps us with our work. I think she is a very good teacher."-Phillip McDonald

"We are getting into some pretty interesting studies now and I really enjoy the class. Mr. Ezzard is a good teacher and can be funny too."-Cheryl Canipe

"Mr. Ezzard is a qualified teacher in all sciences taught at OHS."-Ricky Crabtree

Physical Education

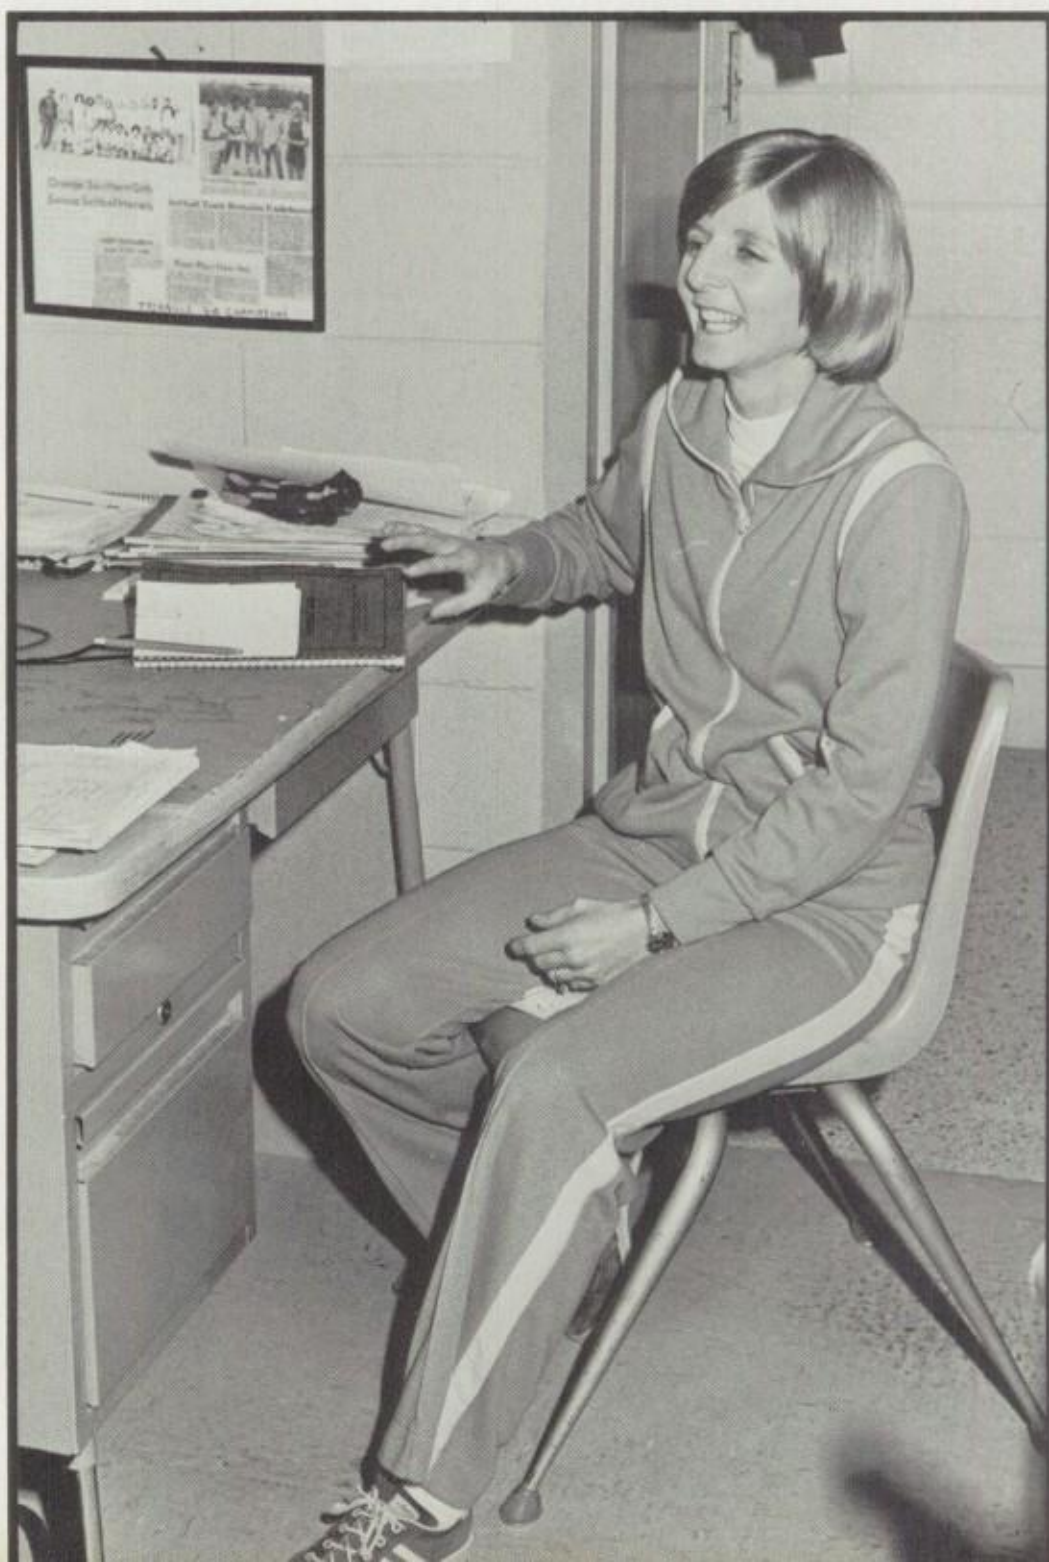

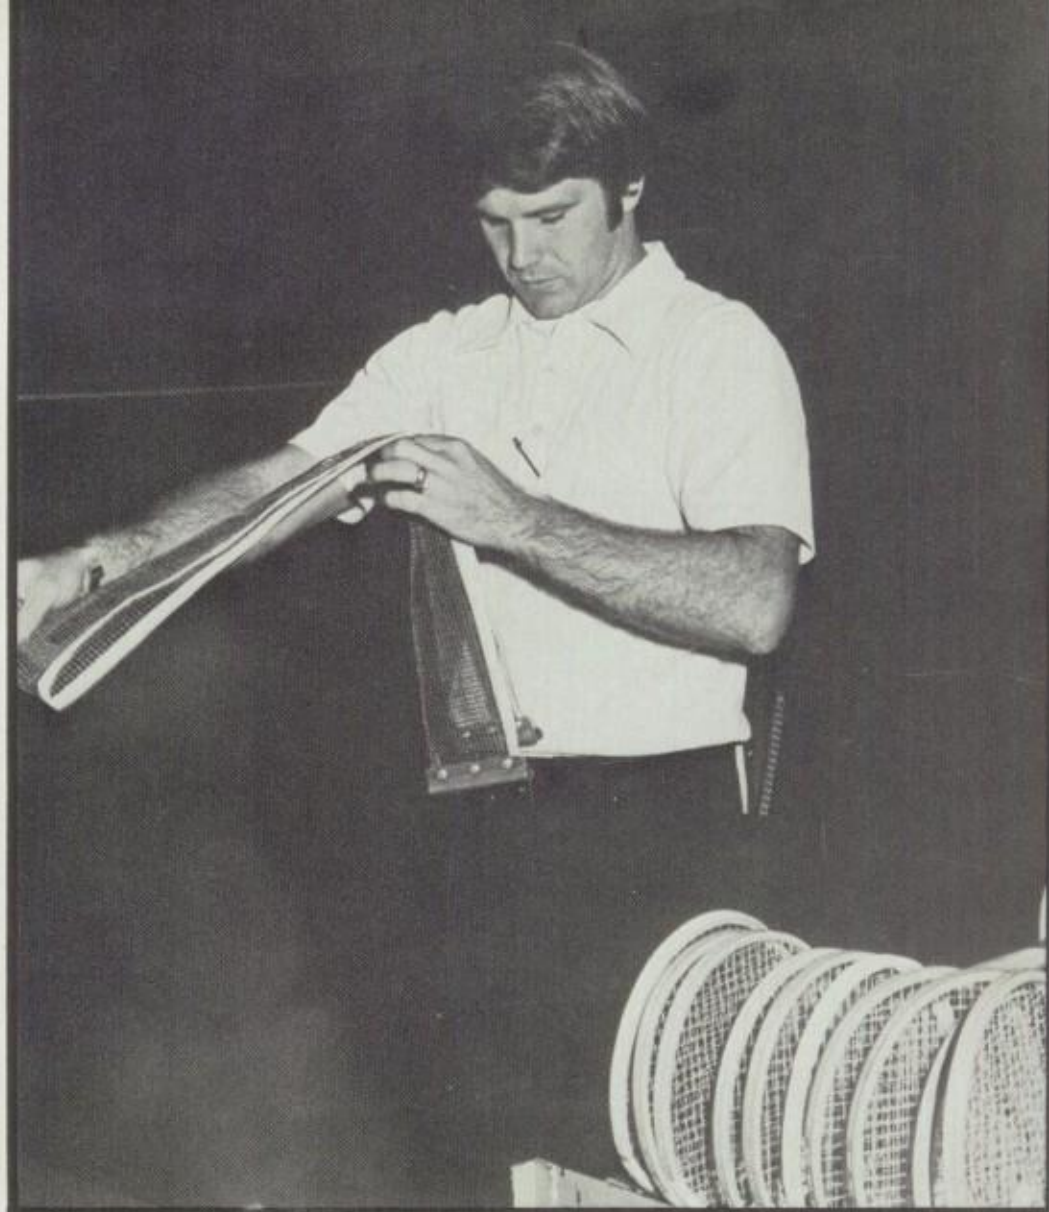

"Coach King is important to the school. He teaches gym, coaches the wrestling and golf teams, and serves as an assistant coach to the football team. He devotes a lot of time to OHS!" -Lu Ann Garrard

"Coach King is a great teacher. Everyone has fun, but at the same time learns. He is a great wrestling coach, not to mention all the other activities he participates in. To make it short, OHS couldn't get along without him." -David Link

"Mrs. James is a very nice person as well as teacher. I like being in her class, and I wish she could teach all of the subjects that I take." -Sandra McAdoo

"I really enjoy Mrs. James' class. She takes the time to help individuals who are having difficulties with a certain sport." -Sylvia Crisp

STUDENTS

**"Sophomores Win Spirit Week And Become Indispensable
To Life At Orange High School." - Ms. Sarah Ridenbaugh, Adviser**

Jimmy Hutcherson, president: "I would like to lead the Sophomore Class through several challenging projects, hoping to prove to the upperclassmen that Sophomores can make a worthwhile contribution to Orange High."

Dawn Kimrey, vice-president: "I would like to see more participation in activities, and for the class to accomplish the goals we have set."

Tracey Kale: secretary: "I would like for the

Sophomores to represent their class and our school well."

Maxcine Hester, treasurer: "I would like for everyone to be able to say, 'That Sophomore Council really worked hard to make our school better.'"

Donna Pope, publicity: "I would like to see the Sophomores working together to represent our class as well as we can. The Council should work hard so we can all be proud to say we're Sophomores."

**"The Classes And The School
Make Sophomores Feel Important."**

—Charlene Bradshaw

"The climax of the Bicentennial was the arrival at Orange High School of the Sophomore Class. These super Sophomores won the Spirit Week competition and by the end of the first nine weeks, they had made themselves indispensable to life at Orange High School. Destined to be one of the great ones, they are the Class of 1979!" Mrs. Sarah Ridenbaugh, Class Adviser

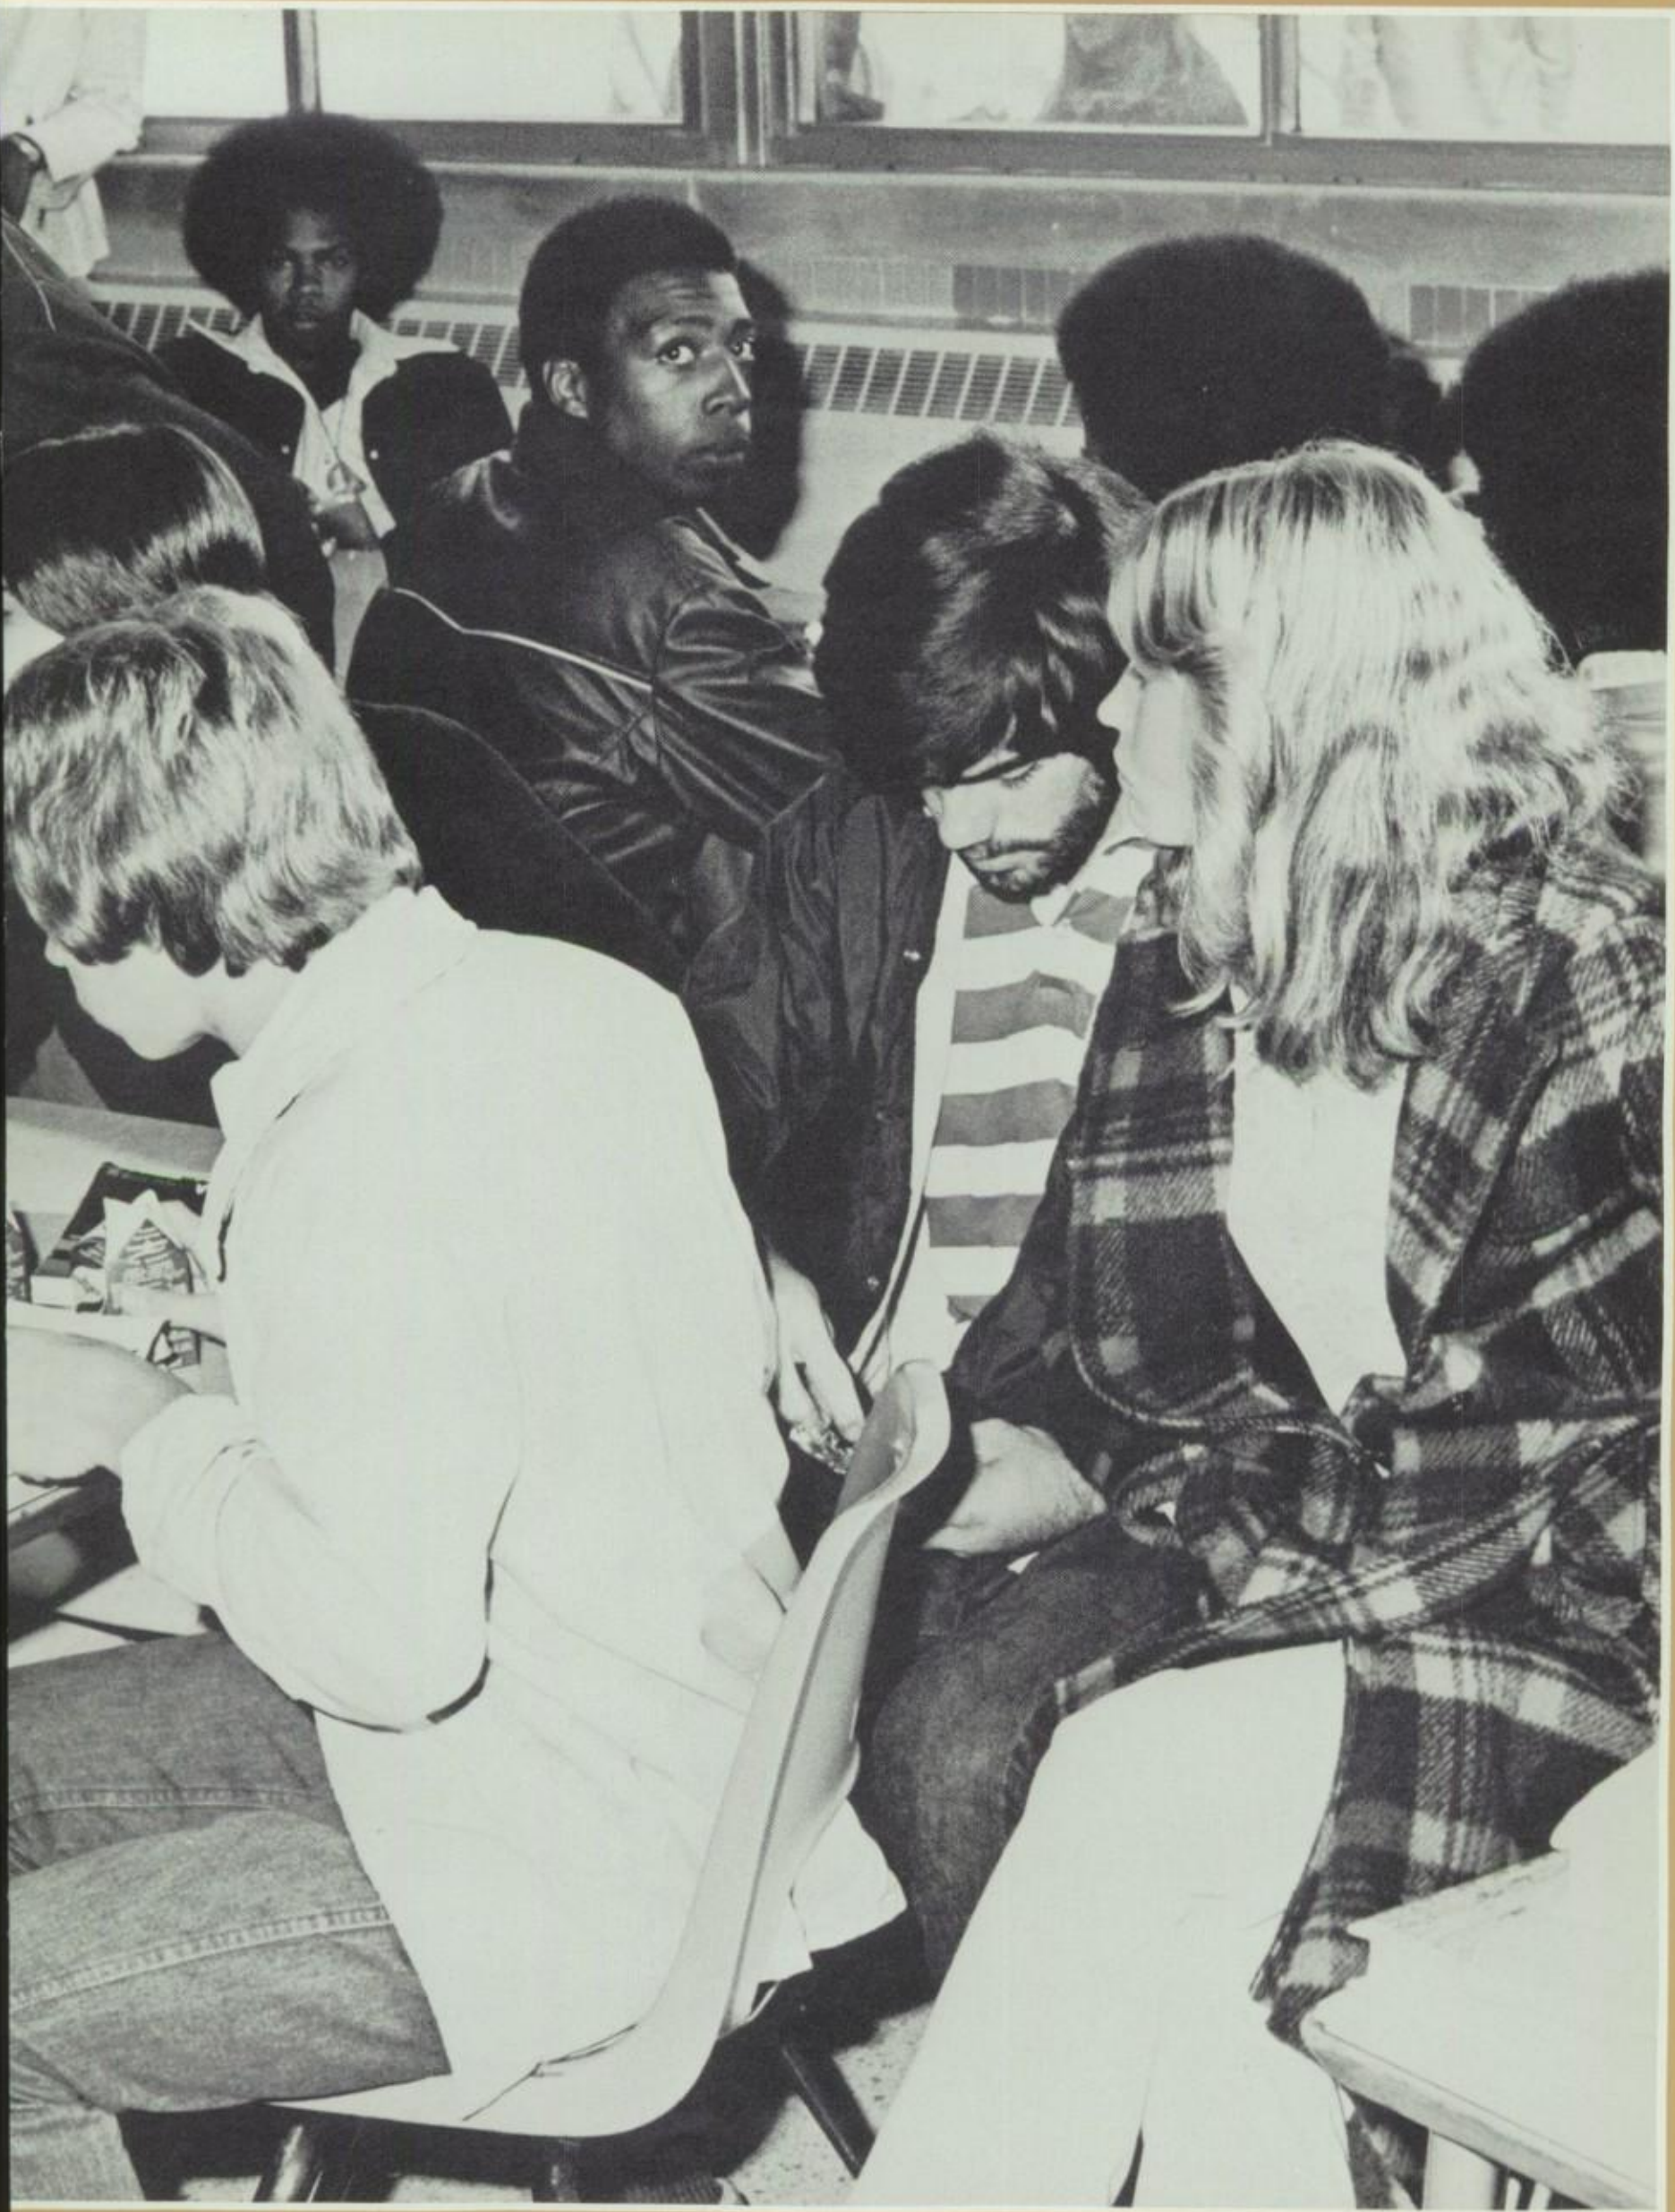

"Sophomores are beautiful people! The transition from Stanford Junior High to Orange High is a shock in itself and helping these young people adjust is a rewarding experience. Although the majority of Sophomores adapt quickly to the high school routine, some experience difficulty in making the adjustment. Those Sophomores who persist in their evil ways, such as unnecessary chit chat, are soon cured of this malady by those faculty members who teach them. All in all, pound for pound, Sophomores are a terrific group of students. Their sense of brotherhood and spirit is hard to beat." Dr. Steve Halkiotis, Assistant Principal

"The most brilliant, lighted expressions that thunder by me in the halls belong to the Sophomores. I hope those expressions glow even brighter in the next two years." Mr. Gary Maske, Class Adviser

"I am glad Sophomores won Spirit Week! It surely feels good to be the best at something!" - -Vanessa Mitchell

"The people at Orange are really nice." - -Tonya Price

"I like biology because we learn a lot of things about ourselves. The only thing I dislike is having to touch things that are dead." - -Norma Crawford

"We are all overloaded with homework. Teachers don't stop and think about all the homework we have, the projects we are working on, and the little time we have to sleep." - -Denise Wilson

"The work-load at Orange is much harder than at Stanford. There's so much to do in each subject, and the work just piles up. There is never enough time for everything." - -Margaret Gattis

"I like school because I like to see my friends. There's just one thing I dislike, and it's homework." - -Anthony Parker

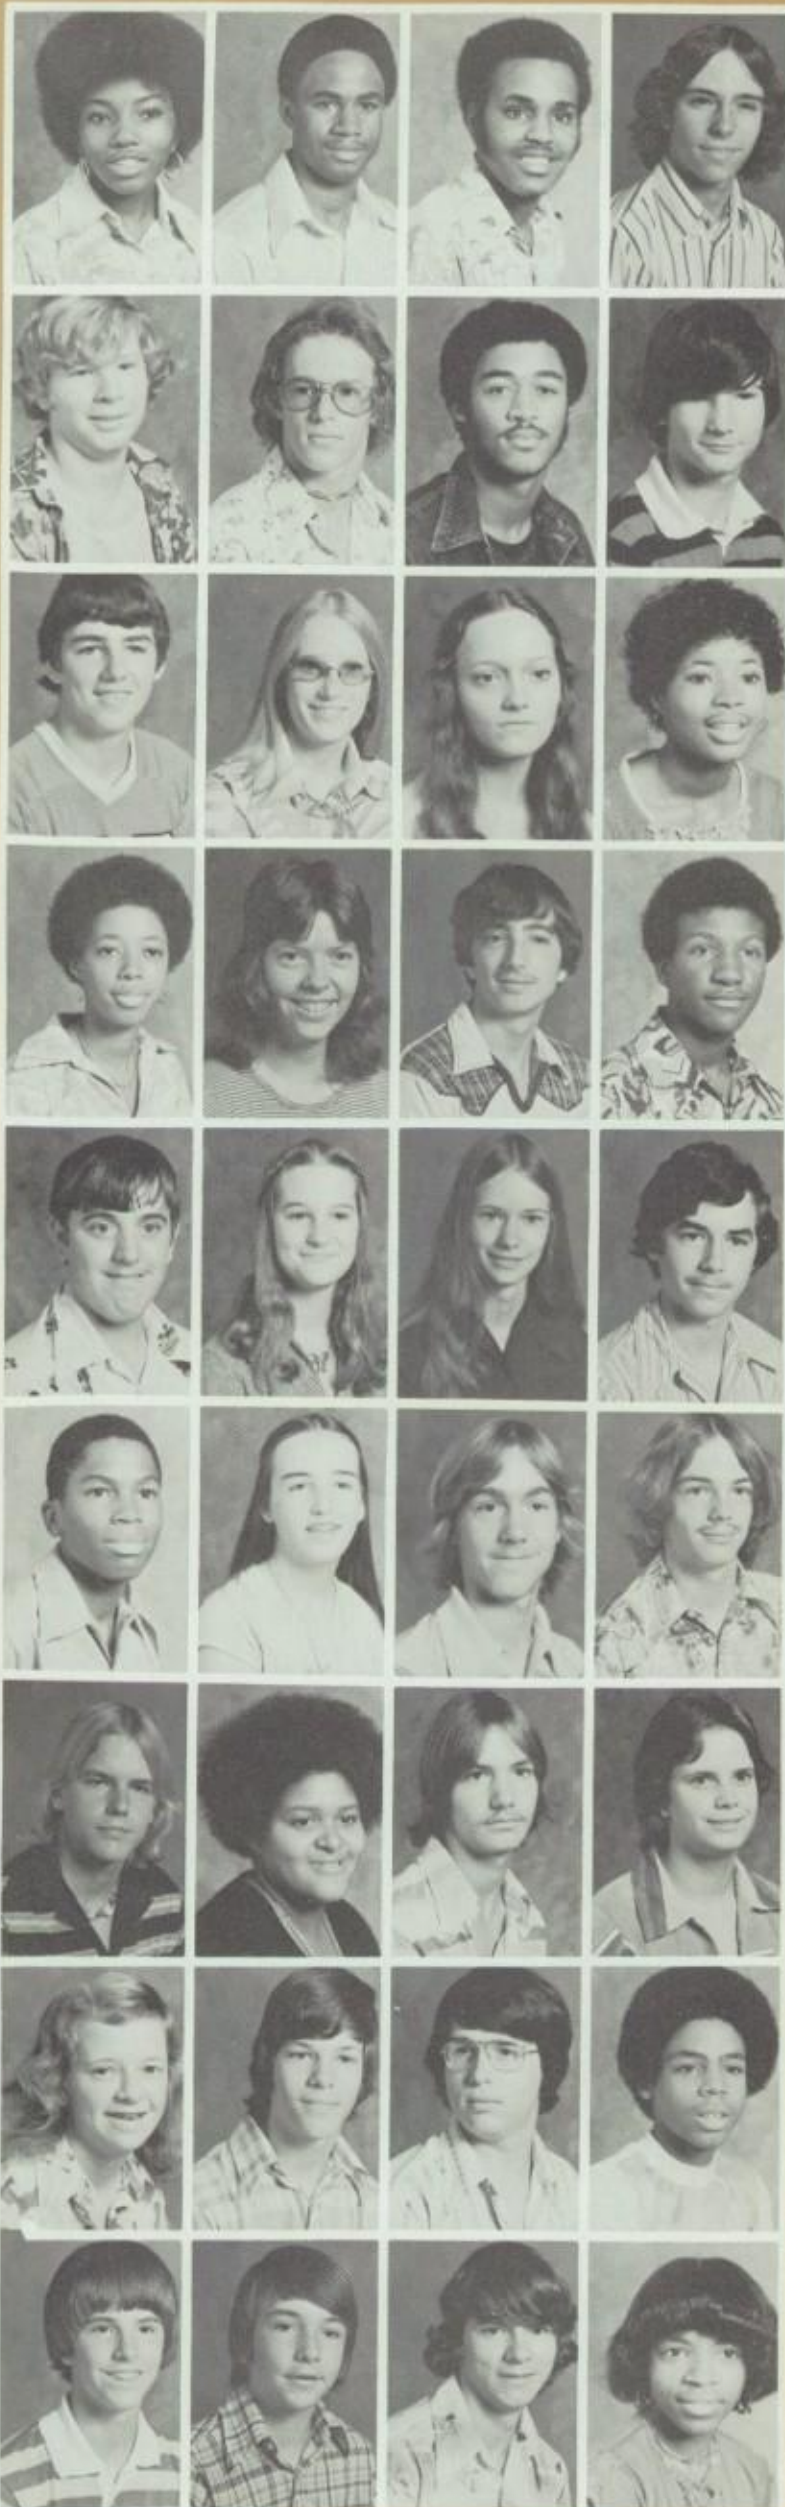

"At Orange High School, students acquire many responsibilities. Academic work, as well as the various clubs, helps students in activities which allows them to associate with other students." - -Alethea Williamson

"I am impressed with the activities at Orange although I don't have time to get too involved. I have to do my homework during lunch." - -Dennis Lloyd

"I like having a break. It gives me time to stop by the bathroom, go to my locker, and get to my next class on time." - -E.B. Rogers

"I have seen so many people go through high school and do nothing. When they get out, they still don't do anything. My mind is made up. I am going to do something with my life." - -Marvin Roberson

"I am glad a Sophomore gets to play a good portion of the game if he makes the Varsity Football team. It gives you a feeling of competition and accomplishment." -- Todd Johnson

"I think it is great having Sophomores on the REFLECTIONS staff. The yearbook is to represent all the students. I hope the Sophomores will work hard so REFLECTIONS will be as good as it was last year." -- Terri Tilley

"I have enjoyed playing football for Orange High School because they will always be the champs." -- Neal Fisher

"As trainer, I am disappointed at the attendance at the Junior Varsity games. It could help with the spirit, especially if the cheerleaders would come. The band is starting to come, and I think the cheerleaders should be there to cheer the team on." -- Lee Gordon

Sophomores "Sont Magnifiques!"

—Mrs. Catherine Stanback

"Sophomores are loud! They're also lively! Teaching sophomores is fun because they don't know what is going on and neither do I. We struggle together. Sophomores laugh with me and at me, and they try harder. They aren't sophisticated as seniors or as serious as juniors, but they're special in their own way. They make life hard at times with their constant complaining, but they make it easy with their smiles and greetings and continuous concern." --Debbie Barreau, Social Studies Dept.

"Sophomores in French I 'sont magnifiques!' They display much enthusiasm for learning to speak, read, and write the language.

"Cultural activities indicate interest in learning about the lives of the French speaking peoples.

"Sophomores give 'life' to the French classes. Vive les Sophomores!" --Mrs. Catherine Stanback, French Dept.

Class of 1978 Shows Involvement

"The major problem of our class is the tremendous amount of apathy that many of our class members have. So many things could be accomplished if all of us could unite as one class instead of 323 separate people." -Tim Daly

"Many juniors drive buses, and as far as I am concerned, driving is a great responsibility. I love the kids on my bus, and I enjoy them greatly." -Joyce Ham

"I think that the class of '78 has contributed much in the sense of school spirit. But most importantly, they have benefited the school in projects, ideas and enthusiasm." -Suzanne Wolf

"The teachers at Orange are very pleasant. Some teachers go a long way to help students; yet, some students take advantage of teachers who help them. If some of the teachers would have a conference with each individual in his class, maybe he could have a better understanding of what the students can do to improve his attitude." -Sylvia Crisp

"Students do not seem to be 'interested' in some of the activities at school. We are trying to get more juniors involved in the council's activities." -Norman Cannada

"I would like to see the class of '78 get more involved in clubs, student councils, and other extracurricular activities. Because the clubs do not arouse interest in some students, many do not take the time to join them." -Brenda Brockwell

"I think the biggest contribution the class of '78 has made to OHS is the loyalty the students show to the school, faculty, and other students." -Jim Bason

"A mural inside the building, as memories of the class of '78 seems like a good idea in my opinion." -Vicki Walters

"I believe that more Juniors are involved in sports at OHS than were. The Junior Class seems to have spirit, in that even if they're not participating in a sport they're usually backing it 100%." -Ricky Cook

"From fellow Juniors, I get the feeling that there are mixed emotions about graduation. Some people are looking forward to getting out on their own. Others are scared of the new responsibilities they will have." -Donna Johnson

"Most of the Juniors, that I see usually hang around the gym, sit in the lobby, or walk around the school talking to their friends during lunch." -Deborah Johnson

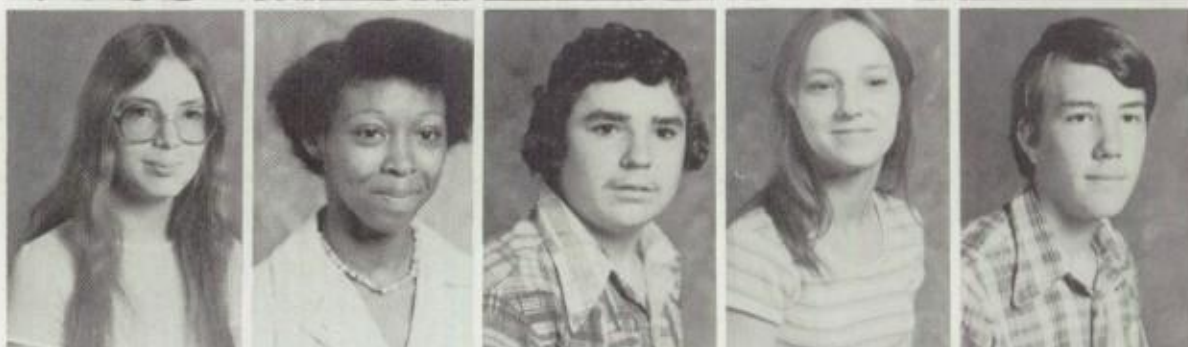

"Algebra II, seems to be my most difficult subject. It deals with so many different operations of Math, and you have to be in a learning mood to even attempt the stuff. It's a very hard and brain-draining subject . . . to me that is the most difficult subject." -Tony Haithcock

"The Juniors GAVE the seniors a Powder Bowl victory so that they could leave O.H.S happy! - Ray Hudson

"The Class of '78 has contributed greatly to O.H.S. We have been a part of a great wrestling team, a super basketball team, the O.H.S. Marching Panthers and many other events. Maybe this doesn't seem like much, but out of a class of 323, I don't think you will find many students who are not involved in some kind of extracurricular activity." - Carlton McKee

"The courses I am taking this year are harder and require more studying to maintain a high average." -Cindy Olive

"I think you should be allowed to graduate a year or two before the rest of the members in your class if you have enough credits. The person should decide if he wishes to graduate with his class or in advance." - Linda Daniel

"The students are the most important thing in the Junior class." -Mike Brockwell

"Last year when I was a Sophomore, I felt very low in the school. I wasn't involved in anything. I was just working toward making good grades in all my classes. This year I feel more relaxed, and I've been more involved. I hope to learn how to become a good leader and make a lot of friends. I hope to decide which college I would like to attend and plan my future." -Donna Snyder

"Most people would rather take mini courses because if you get a teacher you don't like, you're not stuck with him. Also, it gives you a chance to take what you want." -Deborah Pope

"The worst thing at Orange about changing classes is the noise and traffic jams that occur. Going up and down steps is virtually impossible." -Jim Bason

"The stairs and doorways are too crowded when changing classes." -Cindy Olive

"Disorganization in the halls is the worst thing about changing classes. People stop in the middle of the hall and carry on unnecessary conversations. They are causing people to be pushed around and occasionally late for class." -Linda Johnson

"My junior year has been just what I wanted it to be - GREAT! Everything has turned out just right, and it couldn't have been any better." -Nancy Smith

"Many juniors are interested in the band program. They like the music we play, and they support the marching band. I've heard many people say they wish they were in the band program" -Kelly Akins

"The most exciting day at Orange High School to me was the day 'Dr. H' became assistant principal." -David O'Quinn

"During lunch I talk to the GIRLS and watch the one-on-one basketball games." - Bruce Crisp

"The class of '78 has contributed spirit to OHS. Look around at any of the football or basketball games and see all the Juniors yelling for Orange." - Donna Whitfield

"I like the semester system for history courses. It gives a student a change of scenery." - Bill Powell

"I study for tests and finish uncompleted assignments during my study hall; otherwise, I try to communicate with others! I signed up for a history course for next semester." - Fred Copeland

"The class of 1978 should contribute a new form of student Government to OHS." - Janet Hall

"I think we should contribute something to OHS so that we will be remembered as we really were. We're the best class this school has ever had!" - Tommy Sanders

"Mini courses give students a variety of classes, and a student can pick what they want. A lot of boredom is reduced." - Margaret Lutz

"The most meaningful thing about my Junior year has been having all of my friends around and being able to see them everyday. It really helps to have some good friends in all of your classes because most of the classes are either boring or complicated, except for Concert Choir. It's fun! Seeing Mark everyday was the best thing, though!" - Lisa Blackwelder.

Seniors In '77 Say . . .

"The Senior Class buttons were a great idea, especially to me because I . . . designed the buttons and was able to see the finished product." -Sharkita Cates

"If they do their jobs properly, the Senior Class representatives would be the best and easiest way for all the Seniors to find out what is going on." -Bette Neighbors

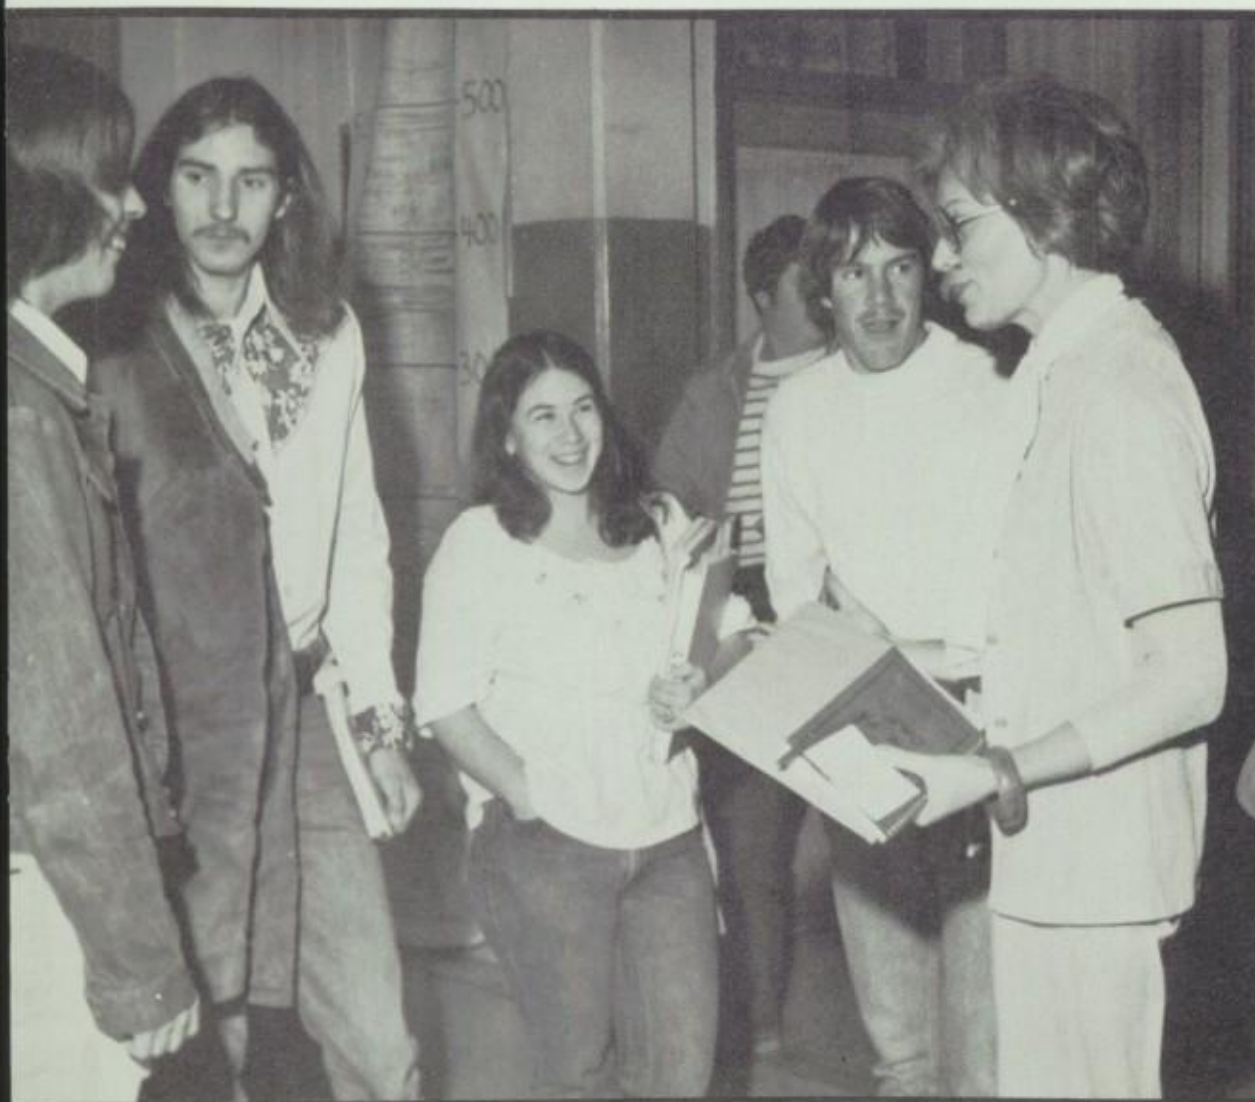

"I think the SAT should be required for a student before entering college. The system set up for the SAT is very good. Questions are taken from every part of the country. This means you have no geographical advantage. A college can then see how someone in North Carolina compares with someone from California." -Barry Hicks

"The Senior Class bulletin board tells what happens on certain days of the month. If a person forgets what is happening, he can check it out by looking at the bulletin board. It is neat, attractive, and very noticeable." -Carolyn Ray

"I like the economics class very much. You study and at the same time have a good time. It's not boring at all. I'm going to miss it." -Kelly James

"Graduation is the most important event of my Senior year. It is the reward for many long years of hard work." -Joe Rosemond

The Senior Class officers: Seletha Pheribo, president; Pam Corbett, Vice-president; Anne Latta, Secretary; Gail McKee, treasurer; Stephanie Whitted, publicity chairman.

TOWN

POPPA JOE'S

Lee Gordon: "POPPA JOE'S is a good place to eat. The food is excellent, and it is a great place to gather. It has a pleasant atmosphere."

Crystal Satterfield: "I like the food at POPPA JOE'S. The service is great, and the waitresses are nice."

David Haithcock: "The good thing about POPPA JOE'S is that now Hillsborough has its own pizza den. We needed a place for the young people to go."

Terri Tilley: "I really enjoy going to POPPA JOE'S. It's nice to have a place to eat that isn't in Durham or Chapel Hill. It's fun going down there after the ball games."

Mark Bateman: "The Cross Country team had the end-of-the season dinner at POPPA JOE'S. As always, the food was superb."

HILLSBOROUGH BAKERY

Mrs. Julia R. Harrelson, secretary: "The doughnuts are fantastic for coffee break. The window displays are appetizing and appealing. Everything in the HILLSBOROUGH BAKERY is tempting and fattening."

Robby Ray: "The HILLSBOROUGH BAKERY has fantastic food. A large variety of cakes and pies are available. They have big, fat, juicy jelly doughnuts that are covered with glaze that melts in your mouth."

Candi Stanford: "POPPA JOE'S with the mason jars for drinks, the buffalo head, and the nice waitresses make POPPA JOE'S a neat place for young people and their family."

Desiree Whitted: "I am glad Hillsborough has a neat place where we can eat good pizza and have a pleasant atmosphere."

CEDAR GROVE GOLF
COURSE, located off high-
way 86, is one of the most
beautiful 18-hole courses
in the area, offering a
challenge to both the novice
and professional golfer. The
contoured - bent grass
greens, the rolling fair-
ways, the five beautiful
lakes make CEDAR GROVE
GOLF COURSE the golfer's

delight. While at the
course, visit the well-
stocked pro shop for quality
clubs, bags, shoes, and
gloves.

KITTY'S BEAUTY SA-
LON located in the Walnut
Grove Church Community,
is owned and operated by
Mrs. Kitty Hawkins.
Whether you want a sham-
poo and set, a permanent,
or a blow-cut, Kitty offers
professional service and
quality products to her many
satisfied customers. Tele-
phone 732-3711 for an
appointment with Mrs. Kitty
Hawkins.

The high-school student
in need of a class ring or
other fine jewelry should see
Mr. Arthur Bradley of
BRADLEY-TRUITT JEW-
ELRY, Mebane. BRAD-
LEY-TRUITT offers the
finest silverware for the
June brides, treasured grad-
uation gifts, and the I-love-
you anniversary gifts. For
gifts with meaning, shop
BRADLEY-TRUITT JEW-
ELRY.

Tired of getting up at
sun rise and fixing break-
fast before going to work?
Or, are you expecting guests
for dinner and you don't feel
like laboring over the hot
stove in the kitchen? Well,
take a trip to the DANIEL
BOONE CAFETERIA, lo-
cated off Interstate 85 and
highway 86, where you will
find finger-licking-good
meals. The cafeteria opens
at 6 a.m. and serves until
8 p.m. The service is ef-
ficient and quick; the meal
is delicious!

LONG CHEVROLET

Highway 86 and Interstate 85
Hillsborough, North Carolina

Every high-school boy's dream is to own a sleek and powerful 1977 CHEVROLET CORVETTE. The CORVETTE is included in the wide selection of cars and trucks offered by LONG CHEVROLET. How about a sporty Monza Town Coupe or a small economical Vega? For the family, LONG CHEVROLET carries the stylish, gas-saving Impala and the newly-styled Chevrolet station wagons. For the larger jobs, stop by and test drive the powerful Chevy pickup trucks and the popular Chevrolet vans.

LONG CHEVROLET also carries a complete line of A-1 used cars to fit any personality at reasonable prices. LONG CHEVROLET is known around the state as offering expert salesmanship, quality service and trim, sporty automobiles at trim prices. Dallas M. Long, president, and his staff will greet you with a hearty welcome and warm smile as they strive to suit your automotive needs. LONG CHEVROLET is conveniently located on Hwy. 86 near the Daniel Boone Complex.

RAY MOTOR COMPANY

Highway 86 and Interstate 85, Hillsborough, N.C.

RAY MOTOR COMPANY has the largest selection of Fords in the area. The prices are competitively priced with other dealers, but no other company will offer the service after the deal which you find at RAY MOTOR COMPANY.

Mr. Calvin Ray and Mr. Paul Ray are proud of the automobiles they sell and service, for they realize a satisfied customer is the best advertisement a company can have. Customers keep coming back to RAY MOTOR COMPANY when they want to buy another car. The pleasant surrounding, the convenient location, and the guarantee are just as good as the beautiful cars in the showroom.

The 1977 THUNDERBIRD, smaller than in

former years but just as luxurious, has eye-appeal for prospective buyers who want style, economy, and comfort. For those desiring a larger automobile, the LTD with its plush comfort and roomy backseats makes an ideal family car. Or, if you want a snappy little number for the wife and kids, how about a PINTO, GRANADA, or MUSTANG? Every automobile in the line carries the same guarantee, beauty, and gas economy. But, for those rugged jobs, you should see one of the many FORD trucks and vans. Regardless of your choice, you'll understand why FORD HAS A BETTER IDEA when you drive one of the cars or trucks from RAY MOTOR COMPANY, Hillsborough.

Mr. Danny Morris, owner and operator of D.L. WHITFIELD AND COMPANY, will be glad to serve you. Located at Hurdle Mills across from the post office, D.L. WHITFIELD offers general merchandise and household furniture at unbelievable prices.

WALTER'S HAIR DESIGNERS, LTD., of Durham, specializes in radial cuts, blow cuts, and all phases of hairstyling. WALTER'S carries the Redkin products for men and women, and Mr. Walter Mayo stresses the importance of quality products as well as professional cuts. Call for an appointment today.

When you have guests coming in for graduation at one of the area's colleges or universities, make their reservations at the CONFEDERATE INN. This modern motel is convenient to Duke University and the University of North Carolina. Mr. Roger B. Stanley, owner, will make the visit an enjoyable one.

Many people look far and wide for someone who does body work at a fair price. THE BODY SHOP, owned and operated by Mr. Carl Merritt, takes pride in the body work he completes. Customer satisfaction is guaranteed. The car will be restored to its original beauty by matching paint perfectly and fixing those ugly dents.

CENTRAL PRODUCTION CREDIT ASSOCIATION specializes in farm loans at a low interest rate. Catering to the agricultural community of Hillsborough, CENTRAL PRODUCTION CREDIT will help the rural families with loans for new farm equipment, home repairs, or a replacement for a farm truck. CENTRAL PRODUCTION CREDIT provides the convenience of Federal Land Bank at the same location.

Cone makes fabrics people live in.

Cone fabrics have stood for freedom from the start . . . since 1895, when Americans started living in them.

One of our early offerings was Cone deeptone denim. And we soon became the leading manufacturer of this famous fabric.

Next came corduroy. Once the fabric of kings, it became just as popular among Americans of all ages.

But Cone didn't stop there. In fact, denim and corduroy are just two of the many fabrics that have won acclaim for Cone Mills in its 81 year history.

Today, with 22 modern plants, Cone creates a whole line of quality fabrics for casualwear, sportswear, sleepwear, uniforms and career apparel. Fabrics for home-decorating and home-sewing--even polyurethane foam--are now a part of the

Cone family of products.

The almost 14,500 employees of Cone Mills are proud of their part in creating the basic fabrics that are the backbone of American casual fashion . . . and proud of the freedom each fabric gives you.

Cone

Would you like to be a part of the Cone team? Contact us at any of our plant locations in the following communities: Cliffside, Forest City, Gibsonville, Greensboro, Haw River, Henrietta, High Point, Hillsborough, Pineville, Reidsville, Salisbury, North Carolina; Carlisle, Cheraw, Greenville, South Carolina; Tupelo, Mississippi.

White

of Mebane

MEBANE, NORTH CAROLINA 27302

When a home has no formal dining room, the living room has to serve a dual purpose. This one does it very well. The china cabinet looks quite handsome in a living room setting and the moderately scaled bombe chest can double as a buffet when dinner guests arrive. Each piece is beautifully detailed, displaying richly grained walnut veneers and solid cherry woods. In addition to the glowing Chantilly finish shown here, the pieces are also available in a choice of five painted finishes.

The HILLSBOROUGH HISTORICAL SOCIETY maintains and makes available to the public an enlarging body of information on the history of Hillsborough and its people. It encourages those who want to preserve the historic buildings, monuments, and records of the town and the surrounding area. It assists the Orange County Historical Museum at the Old Courthouse in gathering evidence of the county's rich heritage.

To everyone, near and far, who shares these interests, the Society offers a cordial invitation and a warm welcome to membership.

EPILOGUE

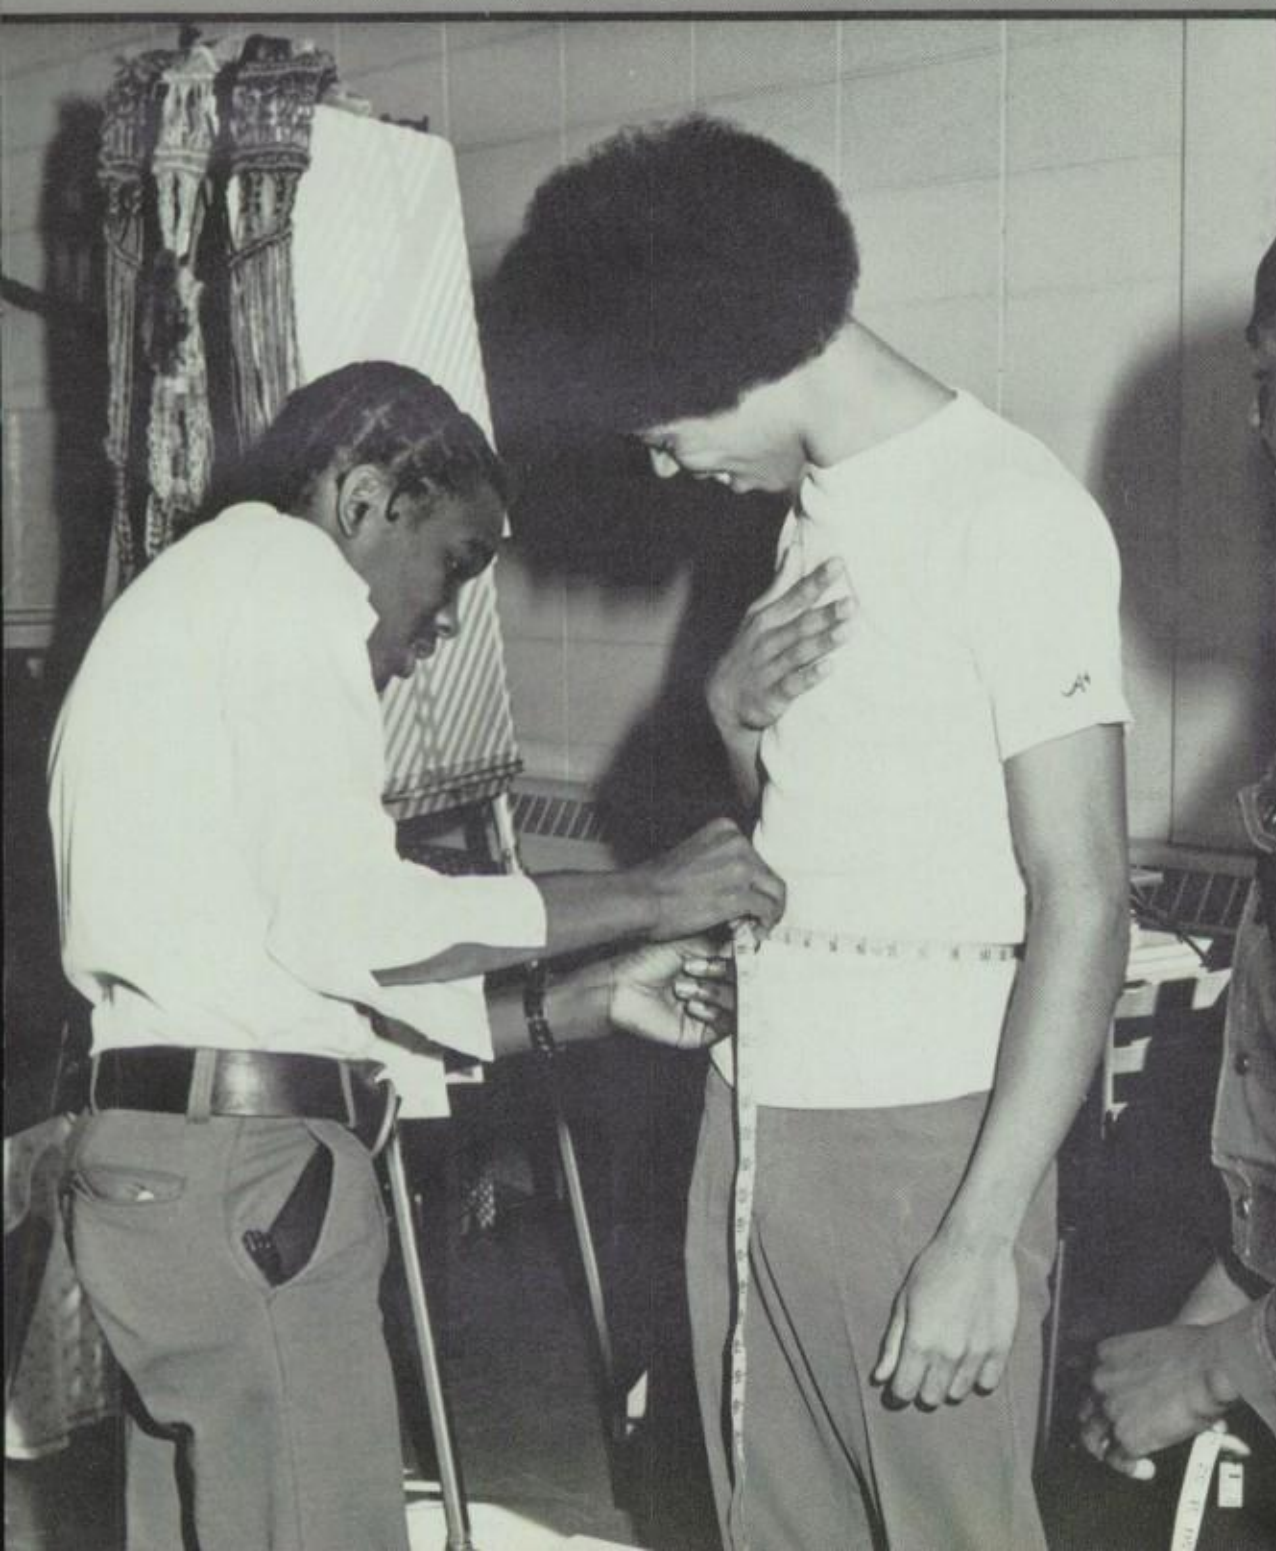

"My junior year has been O.K. so far. I've been doing pretty good in my classes. I wish they would change the lunch hour. The different grades should go at different times. My junior year has been more fun than my sophomore year. Last year I was just starting out and I guess I was scared. I'm looking forward to my senior year with its different opportunities. After I graduate I plan on going in the army."

-Wesley Carl Wells

"My junior year seems to have gone by fast. I have enjoyed being a junior and I'm really looking forward to being a senior next year."

-Sharon Frye

"I am looking forward to being a junior next year. I enjoyed being a sophomore this year. Orange High is as good a place as any to be a sophomore."

-Gloria Jeffries

"As a sophomore I enjoy having the freedom here at Orange High that I didn't have at Stanford. However, I dislike how crowded the lunchroom is. I'm looking forward to my junior year and hope it will be easier than my sophomore year was."

Tammy Webster

"The thing I liked about my sophomore year was the intramural sports, because at lunch there is nothing to do. So, I just go to the gym. The only thing I look forward to in my junior year is better looking girls."

-Anthony Corbett

"My most meaningful experience is being able to have classes with juniors and seniors. I am the only sophomore in one of my classes, and they make me feel welcome."

-Joy Wynn

"My impression of Orange are pretty good. High school takes getting used to but once you do you can cope."

-Ann Brinn

"Orange High is the most together school. There are no racial problems here like other high schools. Everybody is like a family."

-Tony Haithcock

"My sophomore year has been a year filled with excitement. It has been a pleasure to come to Orange."

-Wade Ritter

"During my junior year at Orange I have met a lot of friendly people. The best thing about Orange is that the students are one big friendly group of people and the Class of '78 is the best."

-Howard Poole

"My plans for the summer are to go to the beach right after graduation and stay about a week. When I get back, hopefully, I can get a job."

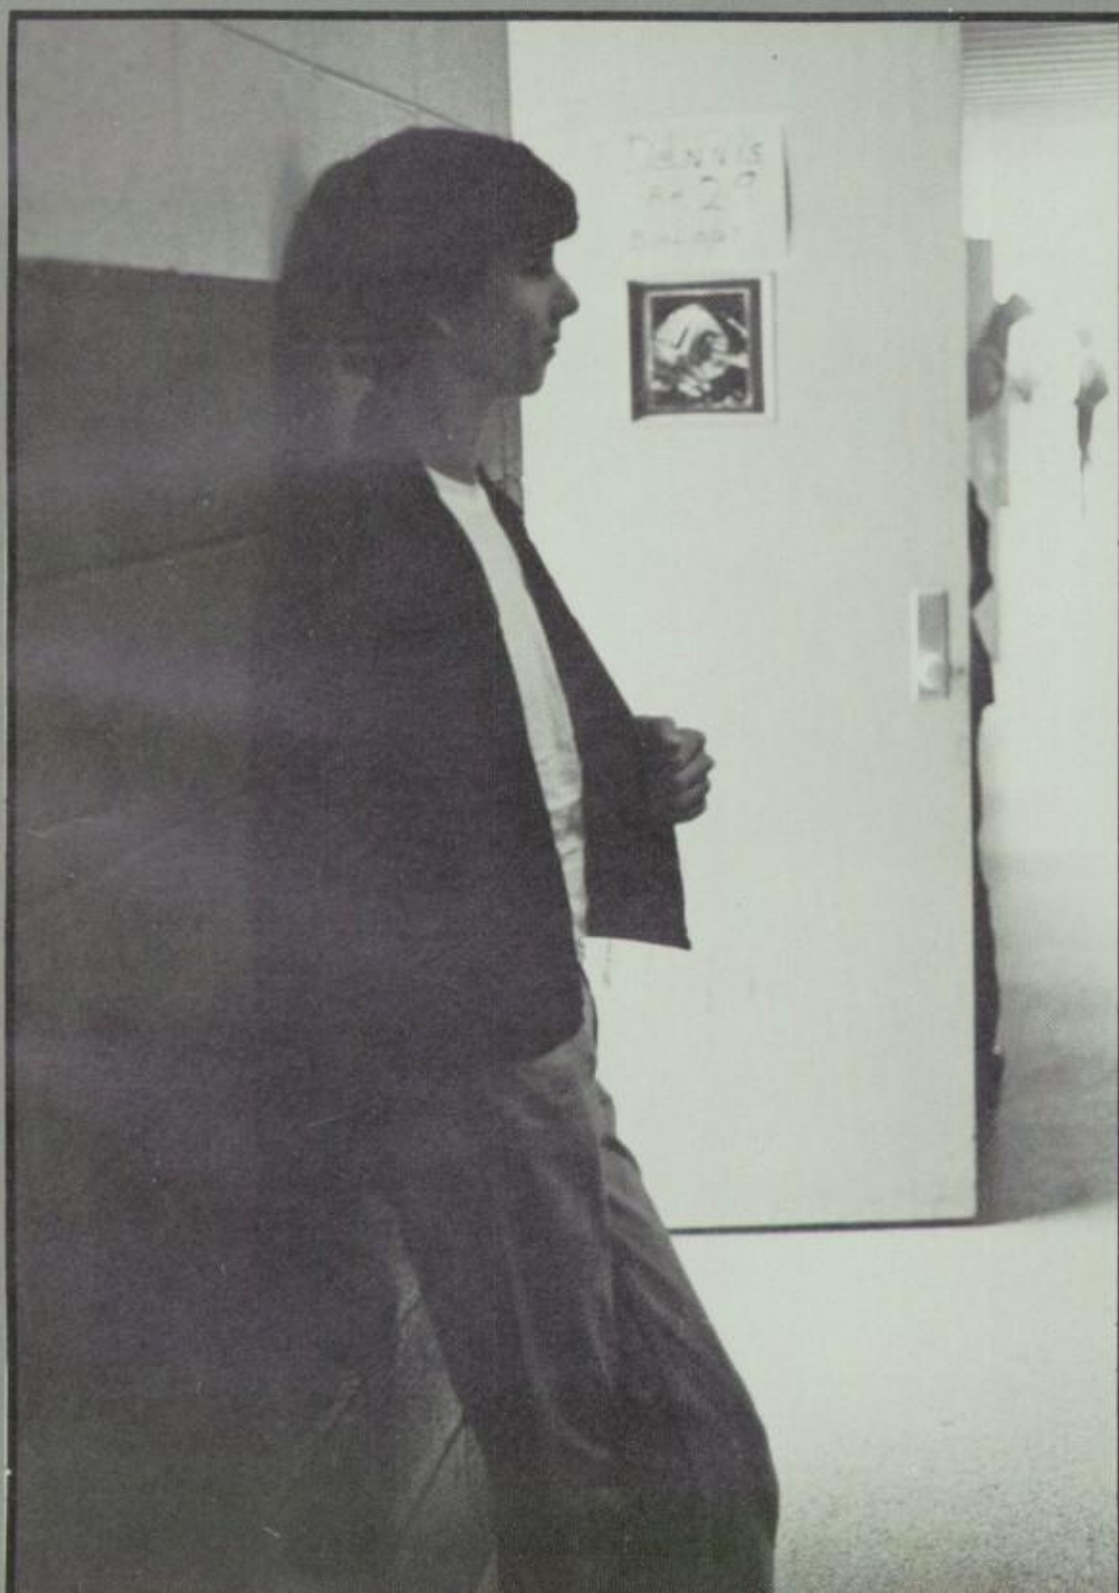

-Pam Oakley

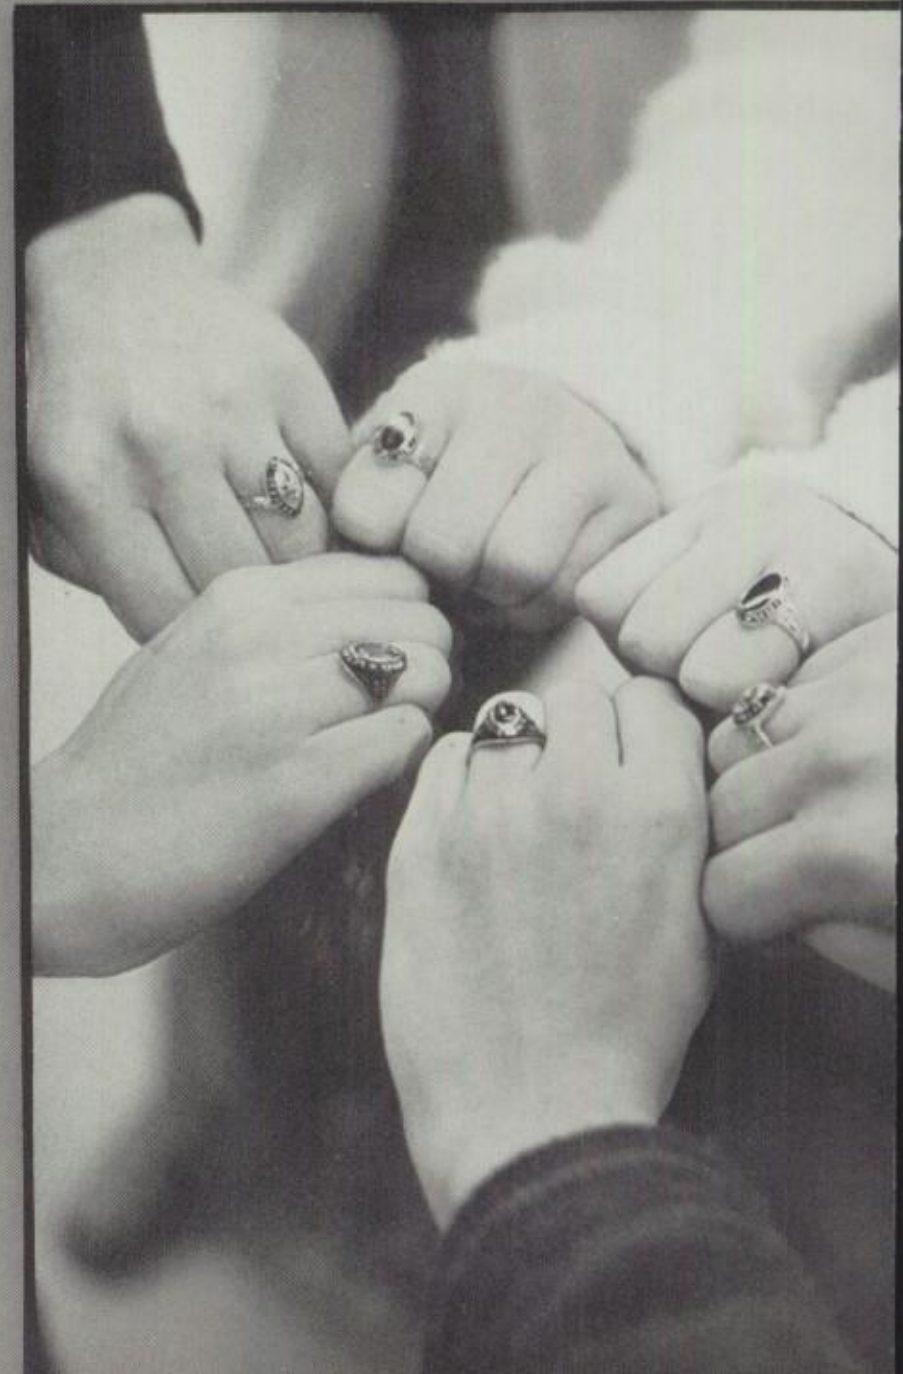

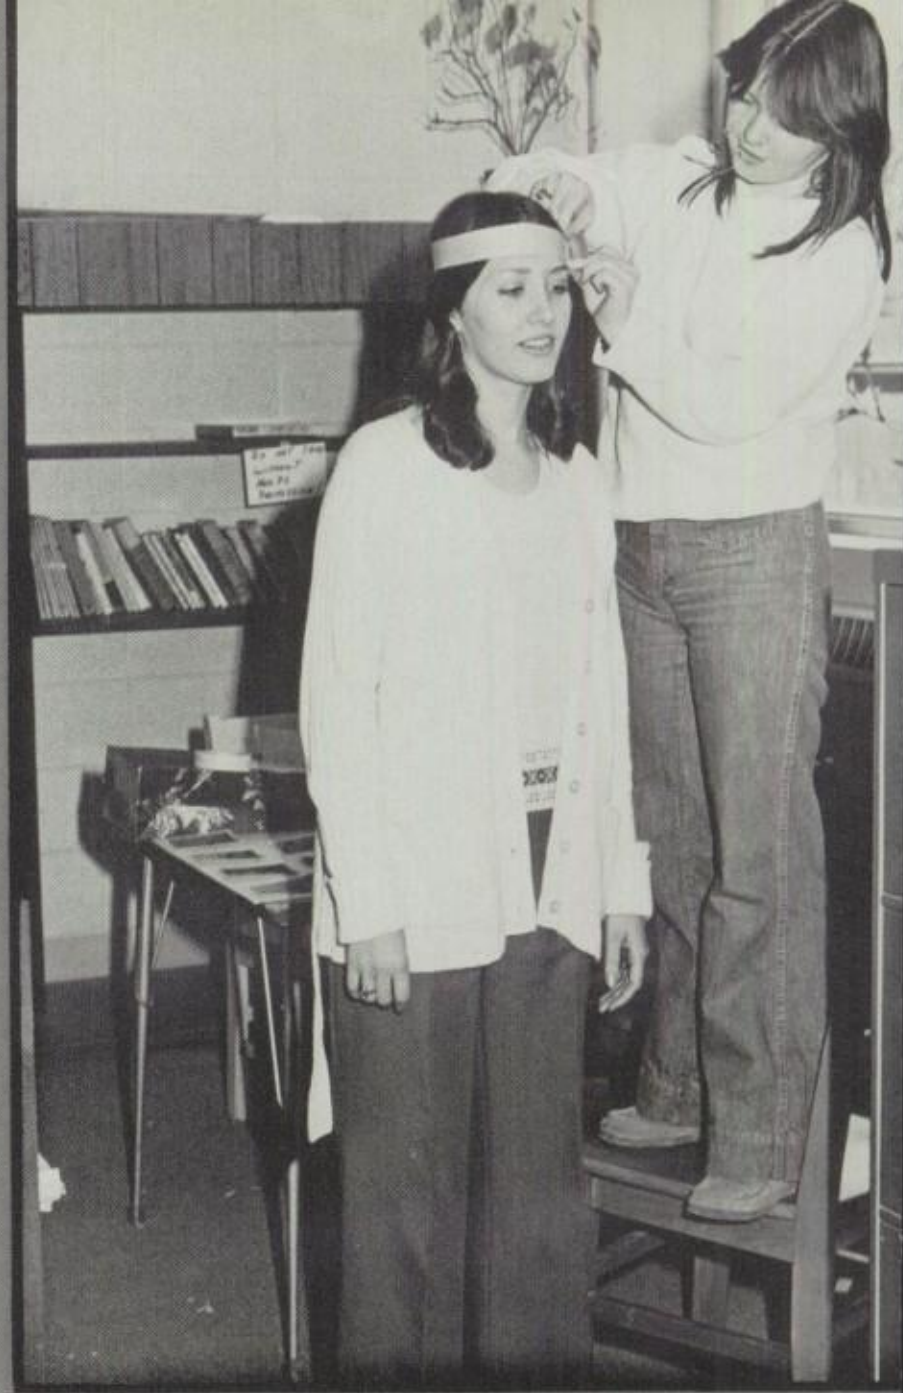

"I like lots of things about spring! The beautiful leaves on the trees make everything so lovely. They seem to make every tree come to life. Flowers bloom with every color to be seen. The colors make the sun seem bright."

-Della Tate

"The things I like best about spring are the sunshine and the blooming of new flowers. Around springtime I know that before long it will be summer and school will close. I really love the sunshine the best."

-Beth Haithcock

"Graduation . . . a time of joy and laughter among the tears. A time that every senior hopes for but dreads . . . making a very big step to the beginning of our future. I shall be leaving OHS physically but never mentally. The class of '77 has offered many memories."

-Stephanie Whitted

"This summer I'm planning on getting a job and maybe going on a vacation, if I have time. By getting a job, I can save up some money for college in the fall. The college I plan to attend is N.C. State. I'm also planning to go to the beach after graduation from OHS!"

-Eddie Perry

"I don't really know what I'll be thinking about on graduation night, but I'll probably be thinking about the good and bad times at OHS and how much I'll miss the school (though probably very little). Most likely I'll be thinking even harder about what's ahead for me now that I'm out. But I'll spend little time on the above statements because, for that night, I'm going to try my best to get on down."

-Gwen Johnson

"I am very glad I am graduating this year because I have many things to look forward to. I plan to go to college and study pre-medicine. I want very much to become a doctor. I do dread all the hard work, though."

-Cheryl Canipe

"When I was a sophomore and then a junior, I couldn't wait until I graduated. Now that I'm a senior I'm not so anxious. I guess it's because I don't know what I'll be doing when I finish. As graduation day nears, the feeling of doubt gets greater."

-Keith Hollis
